SMITH AND CONROY ARE MOST POPULAR GIRLS

Both are Active in Student Affairs, Having Taken Part in Stroller Cast

Believing with the adage that "what ever is popular deserves attention", the students of the University of Kentucky on Tuesday cast their votes for the two girls whom they adjudged to be the most popular in the University.

Woman has gradually risen in the scale of humanity, until she now occupies a position loftier than which her proudest ambition need scarcely aspire, and in that evolution Kentucky womanhood has stood out as a beacon—that light shines from afar. Life and the endless chain of years has taught that there is no beauty on earth which exceeds the natural loveliness of woman for they, "Formed by Nature, and finished out with arts

Glide unfelt into our secret hearts."

The contest of Tuesday last, conclusively proved that the realm of beauty and popularity has at the University of Kentucky been ruthlessly invaded by belles of the Bluegrass. The field is fruitful and it was indeed a task to choose only two from those "too fair to worship, too divine to love."

In the four years that she has been at the university, Margaret Smith has received glory and honor in more than one form of student activity. Versatility has been her watchword and one pauses to gasp as one glances at the long list of her achievements, which includes such things as membership in Chi Omega, Sheta Sigma Phi, Honorary Journalism Fraternity Sister Su-Ky Circle, Strollers, Woman's Glee Club, Y. M. C. A., Council, Popularity Contest in freshman and junior years, vice-president of freshman and secretary of the sophomore class and sponsor for the University band.

Kitty Conroy, now entering upon her third year at the University and recently chosen to be Editor of the 1923 Kentuckian, has never failed to gain a host of admiring friends. Her tireless interest in all that tends toward the betterment of the University has manifested itself in all phases of student activities. Her record of achievements includes such as secretary of the sophomore class, sponsor for Company A, president of the Romance Language club, News Editor of

PLAYS TO BE GIVEN IN LITTLE THEATRE

Among the unusual and attractive features of the theatre season is the planning of the presentation of a three-act French play to be given by the Romance Language Club of the University. The play will be presented in the Little Theatre as a regular evening's performance and the French students of the University and of the city as well as others who are interested, will be invited to attend.

Another interesting announcement is the plan to present the novel "Pride and Prejudice" by Jane Austen. This novel has been dramatized by Mrs. Steel Mackaye, mother of Mr. Percy Mackaye, the well-known writer.

At present Professor W. H. Mikesell, Katherine Conroy and Margaret Smith are rehearsing the play "The Slave With Two Faces" which will be given at the Woman's Club November 12. This will be the second item on the program while the first part will be the presentation of the prize Stroller play.

ARMORY FLOOR GETS NEEDED ATTENTION

Repairs are being made to the floor in the Armory in the form of a new section which will include approximately two-thirds of the floor-space. Owing to the large doors in the south side of the building the top part of the floor is subjected to a great deal of moisture caused by tracking in producing an unevenness, and because of the way the building is constructed there is insufficient space beneath the floor for ventilation and that results in dry rot which caused a section to give way.

Mr. Whipple has had his carpenters on the job several days and it will require a week longer to complete the work. The present floor has been there for three years and was laid at the time all buildings were equipped with hardwood floors to replace the soft woods. With repairs made the Armory will again be in good condition for the first dance.

PROFESSOR MIKESSELL SPEAKS IN CHAPEL

Takes For His Subject "The Value of an Individual" McVey Speaks

At chapel Tuesday morning Dr. McVey conducted the Convocation, made the announcements regarding chapel attendance, and introduced the principal speaker for the morning, Professor W. H. Mikesell, of the Department of English. Dr. McVey announced that all sophomores will be required to attend chapel on the first and third Tuesday of every month all freshmen on the second and fourth Tuesday; and chapel for upperclassmen on fifth Tuesdays. These plans have to be made on account of the increasing size of the Freshman class each year.

Professor Mikesell took for his subject, "The Value of the Individual." At first he pointed out the contributions society as a whole, has made in world progress and then the contributions made by lone individuals. Attention was drawn to the value of our literature because it is the history of our records and achievements in every field of endeavor. Without it we would be as one without a past, so who can estimate the value of literature to society? Society has furnished men with inspiration, which one man does not have when isolated.

The greatest example of the value of an individual is the life of Christ, for which nothing the world has ever known can compensate. In the field of invention we find such individual contributors as Wyatt, Franklin, Edison and countless others. Certainly their contributions to society are invaluable. If traced back to the source we often find that that great deciding force, Public opinion, comes from an individual, from a lone, isolated voice. Behind the most terrific warfare there is always a lone officer and a solitary individual in that office who commands the whole machine. The great war through which we have just passed was the result of the philosophy of one man who believed that "Might Makes Right," in trouble and sadness one does not go to the crowd for sympathy, help, and comfort, but to the single individual. So not only do we bow before the values and contributions of society but we also equally realize the value of the individual. We must not be merely receivers but givers so we come to the all important question "What will you contribute?"

"OVER"

James Server, sturdy captain of the Wildcat eleven is here shown demonstrating how to boot the pigskin through the uprights. "Big Jim" will lead the Blue and White on the field of battle at Eclipse Park, Louisville, Saturday afternoon and can be counted upon to do his share in downing the mountaineers from Tennessee.

STROLLERS WILL STAGE PLAYS AMATEUR NIGHT

Three Best Skits From Number Submitted to be Presented

According to the old custom followed for many years in the University, Halloween night will be converted into a veritable evening of mirth and happiness for the students, catalogued as Amateur Night.

In reality, Amateur Night is "Stroller Night", when the dramatic club of the University, after having heard preliminary tryouts for admittance into the organization present the three best of the many plays submitted for entrance.

An unusually large number of dramatic aspirants have sought admittance into the Strollers this year and the plays presented have been exceptional. Tryouts have revealed a great amount of valuable new material among the Freshmen in the University many of whom have shown marked talent and ability.

The program for Amateur Night promises to be the very finest the Strollers have ever presented to the student body. It will consist of three short one act plays, selected as the best from the number submitted to the committee. The program will begin promptly at 8 p. m.

ATTENTION!

The staff of the Kernel is asked to meet in the Kernel office for a very important meeting at 3:30 o'clock Monday afternoon, October 31. Every student whose name appears on the flagstaff of the Kernel is urged to be present at this meeting.

SCIENTIFIC SOCIETY WILL HOLD MEETING

The University of Kentucky Association of Sigma Xi Members will hold its first meeting of the year in the Science Building on Friday evening, October 28. This is a local organization of members of the honorary scientific society. The program will consist of a talk by Prof. Funkhouser on his last summer's investigation in Kentucky caves, election of officers for the present year, and refreshments.

This year there are 21 members of the Association. Three of last year's members have left:—Professor M. C. James, Prof. C. A. Shull and Miss Kathryn Slingerland. New members gained this year are:—Miss Mary Brown, Professor J. A. Gunton, Dr. J. A. Herring, Prof. F. T. McFarland, Dr. J. S. McHargue, Professor J. B. Miner.

The Association has applied for a charter in the National Sigma Xi Society, and has high hopes that it will be granted at the Christmas meeting in Toronto.

KENTUCKY-SEWANE IS MENU AT LOUISVILLE

Wildcats Meet Team from South at Eclipse Field Saturday

Kentucky plays her first game on foreign territory Saturday when the strong Sewanee eleven tries conclusions with the Wildcats at Eclipse Park, Louisville. This promises to be one of the Blue and White's hardest games of the year. Both squads have stronger teams than last season and as the teams played a 6-6 tie last year, the question as to who will be returned the victor is one that cannot be answered offhand.

The Wildcats apparently rested last Friday after noon with Georgetown. The Cats should have run up a larger score on the Tigers, but they were saving themselves for this much harder contest with the Southerners. Coach Jeneau is working his men harder than earlier in the season. Four games, each one of which will force Kentucky to her utmost, come in succession and perfect condition is an absolute necessity.

The injured squad has narrowed to practically nobody. Boddy Lavin, whose wonderful playing in the Vanderbilt game was conspicuous and who had his ankle twisted, said that he would be in the game. With Bobby there, the local supporters are more optimistic as to the outcome of the game.

The Wildcats have been fairly fortunate this season by the lack of fumbles. The backs have shown time and time again that when the ball comes to them it comes to stick. This phase of football gives the players confidence. The use of nearly all of the 35 men in the Georgetown contest gives Coach Jeneau a line on substitutes for the Sewanee clash.

For the convenience of students and Lexington ardents, an automobile calvacade has been organized to carry several hundred fans to the Falls City. Information as to the trip can be obtained from Ryan Ringo, or Casey Jones at the Lexington Drug. A railroad rate of \$4.91 has been offered by all the railroads to Louisville and return. Trains leave Lexington Saturday morning and the return privilege is good until Sunday night. No identification is necessary to obtain the tickets. A large number of rooters have all ready signified their intention of going to the game. The University Cadet Band is going on the trip due to the open hearts of students, faculty and friends.

STUDENT COUNCIL PUBLISHES RULES

Ancient Privileges and Limitations will Be Observed By Students

From time immemorial certain traditions have been maintained upon the Campus of the University of Kentucky affecting both students and faculty, which it is the high privilege of the Student Council, by the generous cooperation of the student body, to promote. To that end it is taking the liberty to ask students of the University generally, to help it to enforce the following:

- I. PRIVILEGES OF SENIORS:
 1. Only Seniors have the privilege of wearing corduroy trousers, carrying canes, and growing mustaches.
 2. Only Seniors appear on the campus without coats and hats. This rule does not affect members of the battalion, while at drill.
- II. RULES FOR FRESHMEN:
 1. Freshmen do not sit at the head of a table in any boarding house, cafeteria, or other eating place in the presence of upper classmen.
 2. Freshmen attend all football games and wear the University colors.
 2. Freshmen and upper classmen as well, are expected to learn all yells and songs of the University.
 4. Freshmen assume a deferential attitude toward seniors at all times.
- III. GENERAL RULES FOR ALL STUDENTS:
 1. No student shall be permitted to wear a sweater bearing exposed, the insignia of any institution other than the University of Kentucky.
 2. No student shall paint numerals on or otherwise deface the walls or buildings of the University.
 3. Freshmen are required, sophomores expected and all others requested to attend all "pop" meetings.
 4. All Students shall keep to the walks or driveways at all times. Kentucky expects this of you.
 5. It is expected that students of the University of Kentucky conduct themselves with decorum on all occasions.

DEAN PAUL ANDERSON RECIEVES PUBLICITY

A sketch of Dean F. Paul Anderson, appears in the September Journal of the American Society of Heating and Ventilating Engineers and the declaration that "Success in procuring his services as Director of the Research Laboratory affords the finest assurance of impetus and progress in this work." Dean Anderson is on a leave of absence for one year from the University.

There is in the Journal a "Study of the infiltration of Air in Buildings" by Dean Anderson. Prominent among the committees of the A. S. H. & V. E. are Perry West '01 Thornton Lewis '06 F. Irvine Lyle '06 and J. E. Bolling '16.

Sunday Evening Teas At Patt Hall Popular

The latest innovation at Patterson Hall is the serving of tea from 5 to 6 on Sunday evenings in the recreation room, to take the place of the old-fashioned Sunday evening supper.

Miss Crane is in charge of these teas, the first of which was given last Sunday.

GEORGETOWN TIGERS MEET THEIR WATERLOO

Wildcats Smother Neighbors Under Avalanche of Touchdowns

The Wildcats took on Georgetown last Friday afternoon and emerged with the third victory of the season by a score of 33 to 0. The contest was slow, except for the first few minutes when Fuller and Ferguson paced up the field for several touchdowns.

Never was the Blue and White goal in immediate danger. Once in the third quarter Robinson copped off a long pass from Long and paced over forty five yards, but when Clear tried a drop kick Slug Fleahman blocked the attempt and Rice dropped on it. Brewer, Netherton and Neale then rushed the leather up the gridiron and Brewer lucked it over the line.

At the start Fuller, and Ferguson skirted the ends for long gains and Fuller broke over for the first counter a few moments after the whistle. Fuller made the second touchdown a minute or two later going thru tackle for five yards. Georgetown, after the next kickoff held the Wildcats for downs on the one foot line. Clear's punt, however, fell short and Fuller tucked it up under his arm, going thru a broken field for a final pointmaker.

"Man 'o War" intercepted a nice pass in the last quarter and Sanders took it over after a short series of off tackle lucks.

Brewer, played quarter in Lavins place. He gives promise and will do well with a bit more college football experience. The work of Netherton, and Neale, who were in for Fuller and Pribble showed up unusually well and before long these two youngsters will be making the rest work to keep them off the first string.

The line-up and summaries follow:
 Kentucky (33) Position Georgetown 0

MEMBERSHIP GROWS

Four hundred new members have been added to the Alumni Association since September 1. The largest number has come from the class of 1921, a total of 39, a percentage of twenty-six which is the average for the entire Association.

Honors last year went to the class of '90 with a hundred percent membership. This was due largely to the work of Charles R. Brock, of Denver, class

secretary. The class of '16 has the largest number of members from any class, fifty-five which is 37 percent. In percentage '16 led all the classes which have been graduated since 1900.

"Little" Lavin, (entering the civil and Physics building) "I didn't know that the Military Department was on the second floor of this building, did you?"

Senior "It isn't, why?"
 Margaret—Well, there's the Drafting Room."

The Louisville Club is the first of the clubs representing the city or town from which the student came from, to be re-organized on the campus. Pres. F. L. McVey is very much in favor of these clubs and is anxious that all towns from which there is a sufficient number of students to organize a club to do so at once.

Herbert Graham, Alumni Secretary has given his idea and reasons for the organization of such clubs:

JUNIORS WIN FROM TRANSYLVANIA

The junior class football team won a practice game from Transylvania Wednesday afternoon at Thomas Field by the score of 12 to 6. Transy's regular line assisted by George Tutt, all Kentucky tackle last year, opposed the juniors but the regular back field was not able to play owing to injuries received in the Centre game.

GEORGE WESTINGHOUSE
 the founder of the
 Westinghouse industries

The Vision of This Man Gave America Alternating Current

Thirty-odd years ago state legislatures were being importuned to prohibit the distribution of alternating current on the pretense that it was dangerous. Today, legislatures are asked only to compel its makers to distribute it more widely and sell it more cheaply.

Times have changed since Westinghouse bought the Gaulard and Gibbs Transformer patents, and brought Alternating Current to America. This was the necessary preliminary step to the tremendous developments that Alternating Current, once known as "Westinghouse Current," has made possible.

To eliminate all the alternating systems and apparatus that are in use everywhere today would set this country back thirty years; but there was a time when all the resources and courage that Westinghouse could command were required to withstand the

bitter opposition of those who fostered direct current instead. The whole Electrical Industry now recognizes that there is a proper field for each system, but it was all or nothing in the late '80's, when the question was first raised.

The original alternating current system was hardly practicable, even for lighting purposes. From it, however, have resulted all the modern applications of the alternating current system, the many methods and devices for transmitting current at high voltages and stepping it down to lower pressures by transformers located in connection with the consuming apparatus, whether in the home, in industry, or for the Public Service.

The foresight, the engineering genius, and the courage of Westinghouse fathered the evolution of Alternating Current, one of the greatest modern commodities.

LOAN FUND IS GROWING

Hundreds of alumni are expected in Lexington Thanksgiving Day, November 24, for the annual Home Coming and football game between the Wildcats and the Volunteers, of Tennessee.

A special Kentucky luncheon will be served informally at the Lafayette hotel for the visiting Kentuckians. The game has been called for 2 o'clock. The Home Coming Party will be held at the Phoenix hotel following the game, 5 to 7:30 o'clock. Supper will be served at 6 o'clock. A get-together and music will feature the party, with dancing between courses. The Wildcats will be guests of honor. Tickets for the affair will sell for \$1.25. The Midado, student opera, at the Woodland Auditorium will close the day.

One section on the Kentucky side of the football field will be reserved for alumni who can send in their orders to the Alumni Secretary. Orders must be in by noon November 21. The reserved seats, including general admission, will cost \$1.50. Box seats, a few of which will be held for the alumni, will cost \$2 each.

Wildcats are Praised

Letters from alumni in Kentucky to the Alumni Secretary, congratulating the Wildcats on their good showing in the first games indicate that large crowds will cheer on the Blue and White during the two games that will be played in Louisville. More than four hundred former students and graduates live in Jefferson county alone.

Candidates are Pledged

"See your candidate for the legislature" is the slogan of alumni in Kentucky who are impressing the solons with news of the growth of their Alma Mater and the need for a greater financial support. The student body, 1450 now in residence, shows an increase of 90 percent over last year. The popularity of University extension courses presage a demand for funds to extend considerably this new department of academic service. Reports from candidates for the Legislature indicate a growing appreciation of the importance of higher education in Kentucky and a sympathy with the expansion program formulated by President McVey.

McVey Approves Amendments
Endorsement of the two amendments to the Kentucky constitution to be voted on in November election is contained in a letter from President McVey addressed to alumni living in the State.

"The University can not develop faster than the public schools," says Dr. McVey in urging this educational reform, one to make the office of State Superintendent of Public Instruction appointive instead of elective and the other to arrange for an optional distribution of the school fund. The latter is intended to give additional aid to schools in poorer districts and to stimulate local aid in others as a condition to state aid.

Large contributions to the Alumni Student Loan Fund are being pledged by former students and graduates following the co-ordination of loan funds on the campus under a committee headed by Professor W. S. Webb '01. Alumni originated this plan of student aid and have been the principal contributors.

Under Professor Webb's administration the making of loans has been systematized to a high degree. Because of a single administrative source collection has been expedited. The campus committee is planning a revolving fund of \$15,000 to \$20,000.

GENERAL OR ALUMNI NEWS

An extensive campaign in Western Kentucky to aid the University in its expansion program has been undertaken by alumni in that section of the State, according to a letter from Carl H. Denker, attorney of Paducah and president of the McCracken County Alumni Club.

"The club here was very glad to get the news of the great fight that the Blue and White put up against Vanderbilt and it makes us feel more confident now

that Centre will have her hands full when the Wildcats go to Danville," writes Mr. Denker.

"We have a very extensive campaign on in Western Kentucky that will make the people down here stand up and take notice. We propose to help in making

'Old State' the greatest school in the South."

CENTRE—HARVARD

For the second time in her ambitious career our much advertised neighbor, Centre College, is sending her golden eagle team to the far East to tackle the lion in his den at the Harvard stadium. Whether the Colonels will win or not is impossible for us to say but judging from the past performance of the Danville eleven one thing is certain and that is it will give a good account of itself and will bring honor to the state of Kentucky.

Centre is our time honored rival and there has at times been much bitterness between the two institutions especially in athletics but this is one time when it can be truthfully said that Kentucky is for Centre. Way down in the heart of every student at the University is the hope that Centre will win and we do not begrudge any of the honor that has justly come to our sister institution on the gridiron. We want the Colonels to win in the East and then come back to their native state to meet the Wildcats the following Saturday. Then, however, we will hope and pray for her defeat at the hands of the Blue and White, the gamest, cleanest and finest team that ever grasped a pigskin.

CLUBS

As the school year growth older and reaches that adolescent stage where it begins to realize that it is no longer an infant of the genus horribilus and looks longingly at dress suits, chorus girls and Captain Billy's Whizz Bang, the youth of our noble institution of learning and yearning turn their attention away from co-eds, malted milks and Chesterfields long enough to devise in their cruel minds some new club with which to ensnare and torture the poor unsuspecting boobs who travel under the nomenclature of freshmen.

We, who have passed through the open

season for the past three years with hardly a scratch, tremble with fear and our hair stands on end with horror as we think of what lies beyond the dangerous curve in the road. For when the first of the Club Maniacs gives the snap signal then bedlam, or as the philosopher would say, "merry hell" will break loose and the signs that will plaster the bulletin boards enticing the unwary to sign away his life, liberty and pursuit of hot dogs and become a member so as to get his profile hidden in some obscure corner of the annual.

Verily, how well we remember this time last year when there were more clubs on the campus than there are losers at the race track. What has become of the Bald Head Club, the Wood Alcohol Club, the Club Flush, and the Slippery Ellum Club? Alas they have served their nefarious purpose and have sunk into their graves only to rise again under another convey of appellations as meaningless as the ones they burdened us with before.

Now don't get us wrong for we do not mean to say that clubs are of no intrinsic value, because nothing could be further removed from the truth, that is if you are lucky enough to hold five of them in the same hand. In that case the five clubs in the hand are worth ten in the deck.

The Kernel wishes to express its appreciation for the anonymous editorial which was turned in last week but which was too late to get in last week's issue. It was an excellent article and would have been a welcome addition to our editorial page. It would be appreciated if other students who have the interest of the school at heart would write their feelings and hand them in at the Kernel Office. This is your newspaper and we want you to feel that you have a right to express yourselves by this medium.

Society

The freshman girls of the College of Agriculture will be guests of honor at a party given at the Agriculture building Friday afternoon, by the honorary senior home economic fraternity.

Epsilon Omega chapter of Kappa Delta will have as its guest early this week, Miss Sarah Blue, of Birmingham, Ala.; national chapterian of that organization. While in Lexington, Miss Blue will be with Allene Fratman, at her apartment in Hampton Court.

As sister of a member of the Columbia chapter of Sigma Nu, Miss Alice Brady who is starring in "Forever After," was entertained at tea Saturday afternoon at 5 o'clock at the Sigma Nu chapter house on Winslow Street.

The house was charmingly decorated with autumn flowers and in the fraternity colors, black, white and gold. A buffet supper was served to about forty guests.

The active chapter and pledges were assisted in entertaining by Misses Marguerite McLaughlin, Frances DeLong, Mary Walton, Mamie Miller Woods, Lucy

Kavanaugh, Mary Marshall McMeekin, Miriam Seegar, Mary Peterson, Frances Kippy, Mary Colvin, Dorothy Blatz, Sarah Cardwell, Louise Connell, Anna Louise Connor, Mabel Nelson and Louise Duncan Brown; Mr. and Mrs. John Wesley Marr, Mr. and Mrs. Guy Huguélet, Mr. and Mrs. Norwood King, Mr. and Mrs. Joseph C. DeLong and Mrs. J. L. McCormick.

The members of the active chapter of Alpha Tau Omega were hosts to a well arranged dance at their house on South Limestone, Saturday evening from 8 until 11:30 o'clock, complimentary to the pledges.

The house was artistically decorated with wild flowers and autumn leaves, the fraternity shield electric lighted and in the fraternity colors was hung in the living room. A three piece orchestra furnished the music and a buffet supper was served to about fifty guests.

The pledges in whose honor the dance was given are: Messrs. Hugh Merriwether, Ford Ogden, Hyman Krog, Viley Bell, Joseph Roberts, Thomas Clore, Wallace Shropshire and Karl Rohs.

The list of chaperones included the following: Mr. and Mrs. Paul W. Blazer, Mrs. Henry Campbell and Mrs. Charles Wilward.

Xi chapter of Alpha Xi Delta will entertain with a Halloween dance at its chapter house Lindhurst Place, Friday evening October 28, from 8 until 10:30.

The active chapter of Delta Chi Fraternity entertained sixty guests at dinner at Shakerstown Inn Sunday evening, in honor of the men who have recently been pledged. The party left Lexington at 4 o'clock in motor cars, returning at 11.

The dining rooms and tables of the historic Inn were attractively decorated with autumn flowers, favors and place cards suggestive of Halloween. A delicious menu was faultlessly served. The dinner was interspersed with songs, jokes and games which created much merriment. J. Owen Reynolds, an alumnus, presided as toastmaster and in response Kitty Conroy gave a toast "To Our Hosts."

Miss Marguerite McLaughlin chaperoned the party.

The active members and pledges of Sigma Nu were hosts to a delightful skating party at the Nicholasville rink Saturday evening. The party left Lexington at 8 o'clock on an interurban chartered for the occasion. At 10 o'clock the townspeople were asked to leave thereby making the party a private affair. The return trip began at 10:30 and meanwhile sandwiches and iced drinks were served to about seventy-five guests. The giving of several prizes in burlesque for the best skater, handsomest man, etc. created much amusement.

The chaperones were: Miss McLaughlin, Professor and Mrs. C. A. Lampert.

Epsilon Chapter of Alpha Gamma Delta entertained with a tea at their home on South Limestone from 4:00 to 6:00 Wednesday afternoon. The guests of honor were the pledges and patronesses of Alpha Gamma Delta, the mothers of the girls, and the neighbors of the chapter house.

In the receiving line were: Mrs. Martin, Misses Lucy Whitworth, Margaret Short, Frances Halbert, Hallie Kay Fry, and Hawzie Knox.

Others assisting in entertaining were: Misses Alleen Lemons, Mabelle Nelson, Virginia Reeves, Estella Kelsall, Margaret Jameson, and Jessie Fry Moore.

Sandwiches and tea were served and the colors of the fraternity, red, buff, and green, were carried out in the mints.

Members of Scovell Chapter, Alpha Zeta, were hosts to members of the Freshman and Sophomore Classes College of Agriculture, last Friday evening at a party given in the Agriculture building.

As master of ceremonies "Jack" Atkinson made an address of welcome and called upon several faculty members to speak. Dean Cooper, "Tommy" Bryant, Professors Roberts, Jesness, and Good responded with talks that were full of inspiration, facts, suggestions and advice for the underclassmen. Herschel Weil was the only student on the program and he gave a talk illustrated with figures, taken from the records of the Registrar's office, to show just how many of last year's freshmen had received "D's" and "E's" for their year's

work, how many had fallen by the wayside and how many were left in the University.

After the program was finished refreshments consisting of doughnuts, ginger bread and cider were served.

The members of the active Chapter are: J. H. Atkinson, Oakley Brown, Bob Davis, Harold Enlow, Bill Finn, Paul Miller, E. M. Johnson, Berlie Winton, J. A. Hodges and Herschel J. Weil.

The glory of the autumnal countryside furnished no small part of the pleasantness of the Delta Chi dinner party at Shakerstown Saturday night. The guests left Lexington at 4 o'clock in the afternoon and motored to Shakerstown Inn, where dinner was served in honor of twelve University of Kentucky students recently pledged to the fraternity.

White carnations, the flower of Delta Chi fraternity, were used in the table decorations and miniature nut baskets in Halloween motif, and name cards appropriate to the season, marked the places of the guests who were seated at small tables.

Kitty Conroy gave a clever toast to Delta Chi, and Margaret Smith was presented with a Halloween trophy for writing an impromptu poem.

The guests were Elizabeth Ellis, Mary Elizabeth Crafton, Edith Tune, Shelby Northcut, Dorothy Blatz, Frances Ashbrook, Elizabeth Guthrie, Clay Elkin, Evelyn Kelly, Alleen Lemons, Kitty Conroy, Mary Peterson, Nan Chensault, Mittie Ebelen, Margaret Smith, Mary Louise Covington, Mabelle Nelson, Brookie Tompkins, Mamie Miller Woods, Lurline Bronaugh, Mariam Seegar, Frances Halbert, Helen Hawkins, Margaret Lavin, Martha Pate, Margaret McLaughlin, and Miss Pope.

The pledges in whose honor the party was given are: Robert Honaker, Pete Watheon, Tyler Munford, Al Finnie, Paul Rouse, P. K. Stuart, Jake O'Brien, G. Leach, Joseph Johnson, J. J. Miller, Eldred Crabtree, and Curtis Sanders.

Members of the active chapter who attended the dinner were: George Gallup, J. W. Cook, Ralph Wilson, Pat Dabbs, Louis Riedel, H. H. Chitsey, Sam Martin, J. U. Elliott, James Cammack, and William Worthington.

President McVey has received a copy of the announcement of the American Field Service Scholarship for the French Universities and a display notice of the award of fellowships to be made early in 1922 for the year 1922-23.

These scholarships are open for competition among graduates of American colleges and other suitably qualified candidates, not to exceed twenty-five, for the purpose of encouraging advanced study and research in French Universities during 1922-23. The fellowships of the annual value of \$200 and 10,000 francs, are granted for one year and are renewable for a second year. They may be awarded in all the various fields of study.

At a meeting of the Board of Trustees of the University, October 4, the following were declared nominated as alumni members of the Board of Trustees: William Raymond Allen of the class of '97, Howard Payne Ingles, '05, Philip Preston Johnson, '96, Virgil Y. Moore, '09, Earl Benton Webb, '10 and Rodman Wiley, '06.

The ballots, with a short biographical sketch of each nominee have been mailed to the alumni of the University, the three receiving the highest number of votes to be nominated, and in turn recommended to the governor who is to make an appointment in accordance with the law.

University students are glad to learn that Dr. F. T. McFarland has been awarded the honor of becoming a member of Gray Memorial Botany Chapter.

Dr. McFarland, accompanied by Professor Wolfe and Miss Homer Perry, recently located a new station for the climbing fern, one of the rarest ferns in the state. As this fern is ordinarily found on the Atlantic coast and rarely this far west, the discovery is regarded as very unusual. This is the third station located in this section, the first having been found by Michaux at Cumberland Gap in 1795, and the second by Professor Crandall at Cordin in 1875.

Professor McHenry Rhodes spoke of the two Constitutional Amendments at a school fair at Hartford, Ky, Saturday of last week.

President McVey will speak Friday, October 28 at a joint meeting of the Louisville alumni and Louisville Board of Trade at Louisville. He has been asked to explain the two Amendments and the University program for the coming year.

The Reverend O. V. Ward of the Centenary Methodist Church spoke last Sunday evening to one of the largest joint meetings of the Y. M. C. A. and Y. W. C. A. held this year. Reverend Ward took the following verse as a text and gave an inspiring talk.

"To think without confusion, clearly,
To love ones fellowmen sincerely,
To act from honest motives purely,
To trust in God and heaven securely."

Miss Anna Sergeant was the soloist of the evening. Her contribution was "My Task."

At the meeting of the Y. W. C. A. next Sunday evening Miss Alexander who has charge of the Industrial girls of the City Y. W. C. A. will be the speaker. Miss Alexander will have some very interesting things to tell and a large crowd is expected to be present. There will also be a duet by Margaret Smith and Carlisle Chenault.

Nancy Beatty, Sara Thorn, and Adaline Mann spent last week-end in Louisville as the guests of Luanna Duckwall.

Adelaide Longst returned to school last Monday. She was called to her home in Lewisport by the death of her aunt.

Mary Elizabeth Green, Covington, was the guest of Lillian Rasch for the week-end.

Mrs George Platts, Cincinnati, and Mrs. Parsons, Bellevue, were the guests of their daughters, Gladys Platts and Marion Parsons last week.

Lora Bonta spent last week-end at her home in Frankfort.

FRESHIES WIN TUG OF WAR; SOPHS. GET WET

The freshmen were victorious at the annual Tug of War held Friday afternoon at Clifton Pond.

At 3 o'clock, with the fring of the gun, the great steel cable lifted, became taut, then slowly began to move towards Rose Street, dragging the unfortunate sophs, who were pulling in vain, down the bank into the water.

The sophomores were prepared for the worst, having attired themselves in bathing suits and old clothes while they traversed the entire distance of the pond, the freshmen headed in a long column for Main Street, announcing to the public their great victory.

The sophomores were outnumbered by more than 100 first year men and it was always an assured fact that the Sophs would go thru the pond. Only once in several years have the second year men been triumphant. That was in 1918.

More than 2000 spectators gathered to watch the annual Tug of War. The Seniors were there with their corduroys, canes and mustaches to see that the affair was conducted in a proper manner.

SOPHMORE GRIDDERS DOWN EASTERN NORMAL

After holding the Sophomore grid- ders of the University of Kentucky to a scoreless tie for three periods, the pigskin warriors of Eastern Normal were unable to further repulse the onslaughts of the Sophs with the result that the University lads crossed the Richmond boys goal three times in the final quarter of play. The score of the Sophs first game at Richmond was 20 to 0.

Bob Strauss, Bayless and Underwood made the touchdowns for the Sophs. They lined us as follows: B. Strauss, le; Martin lt; Chidsey, lg; Johnson, c; Anderson, rg; Hart, rt; Gibson, re; Bayless, qb; Stith, lh; Spillman, rh; and Bedford, fb. Substitutions: Dewhurst for Strauss, B. Strauss for Stith, Underwood for Spillman, and J. Strauss for Anderson.

Y. M. C. A. MEMBERSHIP CAMPAIGN NOW ON

The membership campaign of the Y. M. C. A. started last Tuesday night at the cabinet meeting. The campaign lasts a week with about fifty men in the membership drive. There will be no dues and no assessments.

Every male student of the University should become a member of the Y. M. C. A. If a member of the committee does not approach you, come to the "Y" office in the Alumni (Gymnasium) building and Mr. Peak, the secretary will be glad to have you sign the card.

GREAT BARITONE TO GIVE CONCERT ON NOVEMBER 7

Tita Ruffo Will Be Third of The Artist Concert Series At Auditorium

Tita Ruffo, the world's greatest baritone, will give the third of the artist concert series at Woodland Auditorium Monday night, November 7. His love for the artistic is inherent as his family for generations has been noted for the painters it has produced. His sister is a poetess of distinction and his brother, a wellknown composer, has just finished an opera called "Malena," which will shortly be produced.

He inherits his remarkable vocal equipment from his mother, a contralto singer of marked standing. His voice is remarkable in every sense of the word. It is a true baritone of marvelously sweet quality and power, with a range that extends into the tenor and basso registers. In resonance it is unsurpassed. His mezzo voice effects being delivered with the clarity and softness of a soprano. His execution is phenomenal and he sings the astonishing cadenza in the brindisi of "Hamlet" with an authority, brilliance and facile accomplishment that literally arouses his auditors to enthusiasm.

His personal characteristics are many and admirable. His salient one is a dominant modesty, which shows best probably on the stage when he insists on all other artists in the cast sharing in the applause which is meant for himself. His big successes have been made in the operas "Hamlet," "Tonio," "Scarpia," as Athanel in "Thais," "Don Giovanni," as Nelusko in "L'Africana," "Cristoforo Colombo," "Figaro" and the title of Rubinstein's "Il Demonio."

The Ruffo concert is the third of the artist concert series and the season tickets may be used. Individual tickets are now on sale at Lexington College of Music and will go on sale in the booth in the Ben Ali Theater lobby Friday, November 4.

the Kernel, and member of Philosophian, of Theta Sigma Phi, Sister Suky Circle, and of the cast of "The Admirable Crichton." To campus friends the "Tweeny" of Stroller fame will always be known by a friendly smile and a "tenderness that completes the charm."

The popularity contest of another year is over and ere long we shall be reminiscently turning the pages of our year book to find there six happy faces, smiling up at us. 'Tis then that "we shall fold our tents like the Arabs" and resolving to take sanctuary in honest mediocrity, silently steal away"

In Selecting a University

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

**SQUIRREL
FOOD**

A good deal of water has run under Brooklyn Bridge since the great sour and long-face reformer tried to put a crimp in the gentle art of kissing.

The number of kiss microbes that have frisked about this locality in the past few years have increased, according to our statistical expert to approximately 134,987,786,752,087,574,287,921 although he may have lost one or two in the count. A microbe census is never exactly correct.

Be that as it may, there is no doubt, but there is the pith and point of this article.

Dr. Kotsoff, a scientist, in an address before a philosophical society, recommended kissing as a stimulant to health. He did not recommend one-half-of-one-per-cent kisses either, but regular old fashioned sockdolagers like Olga Nethersole used to pass out six nights a week and Wednesday and Saturday mats. "Kissing between lovers or sweethearts," said Dr. Kotsoff, "sends forth ethereal and hypnotic wave, traveling with great velocity and electrifying and rejuvenating every psychic, mental and physical cell structure of the body. It is a most potent agency for courage, good-cheer, optimism, hope, health and longevity."

There is no doubt. We'll say she do! It is even proposed that squads of kissable young women be sent out to make the rounds and restore young men to perfect health by kissing them. They would make us a nation of Dempseys and Lewises and the next nation to go to war with us would be sorry, that's all.

Much obliged, professor. In behalf of the park benches, the Patt Hallers, the Fifth Avenue bussers, and the great army of college oculators, we thank you, there is no doubt.

Now then, they will feel authorized to go on kissing. They would anyhow.

A lady friend of ours, supposedly demure and retiring, read the above article and said, "Of course, my earlier training will not let me agree with that, but there is some truth in it."

You ought to have seen Molloy packing Alice Bradys hound. A college education does tell??

**A Gateway—Electrical**

ONLY a forty-foot gateway bounded by two brick pilasters and ornamental lamps, but it is unlike any other gateway in the entire world.

For back of it is the General Electric Company's main office building, accommodating 2300 employees. And just next door is its main laboratory with the best equipment for testing, standardizing and research at the command of capable engineers. Then down the street a mile long—are other buildings where electrical products are made by the thousands of electrical workers who daily stream through.

Through this gate messages and representatives from a score of other factories and over fifty branch offices come and go every hour—an endless chain of coordinated activities carrying on and enlarging the scope of over a quarter century's work for the betterment of mankind.

What a story this gate would tell, if it could, of the leaders of the electrical industry and of ambassadors from other industries and institutions—and from foreign lands. The story would be the history of electric lighting, electric transportation, electrified industrials and electricity in the home.

SENATE OF UNIVERSITY PASSES RESOLUTIONS

Instructional staff Endorses The Two Constitutional Amendments

The Senate of the University of Kentucky at its regular meeting Monday October 17, passed the following resolutions:

"Resolved, That the Senate of the University of Kentucky, composed of the complete instructional staff of the various Colleges and the Experiment Station, endorse the two amendments to the Constitution of Kentucky to be voted on at the coming November election, to-wit:

"Amendment Number 1. That the words 'the Superintendent of Public Instruction' be omitted in Sections 91, 93 and 95.

"Amendment Number 2. That Section 186 of the Constitution be amended to read as follows:

"All funds accruing to the school fund shall be used for the maintenance of the public schools of the State, and for no other purpose and the General Assembly shall by law prescribe the manner of the distribution and use of the public school fund for public school purposes. Provided, however, that not more than ten per cent of said public school fund shall be distributed other than a per capita basis."

Under the Constitution the State Superintendent of Public Instruction must be elected at the same time and in the same way that the Governor is elected and he is ineligible for re-election. If the Constitutional amendment is passed the Legislature will prescribe the manner of his election and his tenure of office.

All the school funds coming from the State are now under the Constitution required to be distributed to each County per capita. If the second amendment is passed ten per cent of this fund may be used to equalize educational opportunities in the poorer counties, by stimulating local support through State aid.

Ag. and Home. Economics Society Meet.

The first regular business meeting of the Agriculture and Home Economics Society was held last Monday night in the Agriculture building and the following program was given:

Vocal Quartet.
Parliamentary Suggestions— H. B. Waller.
Color Harmony in Dress—Elizabeth King.

Pork Demands of the Present Day Market and Its Effect on American Agriculture.—William Finn.

Work of Dr. Cherman—Miriam Kincheloe.

Possibilities of Winesap Apple Orchards in Kentucky.—F. J. Wedekemper.

The program was arranged by the committee composed of Angie Hill, Miriam Kincheloe, and B. Winton. The regular meetings of the Society are held every two weeks.

Community Sing Features Joint Meeting of Y. M. and Y. W.

Community singing under the leadership of the Reverend Savage of the Rhodes Street Methodist Church was the feature of the joint Y. M. and Y. W. meeting held at Patterson Hall Sunday Evening.

The old familiar songs were sung, such as Auld Lang Syne, Annie Laurie and My Old Kentucky Home, and many popular parodies on the popular songs. A very interesting meeting was held altho three of the members of the musical program were unable to be present, due the yelling in which they participated at the game Saturday. Bart M. Peak was the leader for the evening.

"Pep" Meeting Aroused Much Enthusiasm

Faculty and Students Pledge Loyalty to the Team

Under the direction of Su-Ky Circle, one of the most enthusiastic "pep" meetings in many years was held on Stoll Field Friday night, by the light of a big Bon Fire. The majority of the Student body was there and the Faculty was well represented.

"Red" Huckle, cheer-leader, was master of ceremonies and introduced the speakers, who said a few words full of fervor and hope for a victory on the morrow. The speakers were Reverend Owens, Professors Grehan, Maxon and Boles. Also several students gave words of encouragement and urged everybody to encourage the team with all the pep and support possible.

Huckle, Ringo, and Osley lead the yells and songs. As the last embers of the refrain of "My Old Kentucky Home" floated into the air and everyone left the field determined to support the team with every ounce of strength.

EIGHT GIRLS ARE MADE MEMBERS OF SUKY CLUB

Initiates Sell Tags for Thursday Night Rally

The day of equal rights arrived at the University Wednesday when eight girls were admitted into the SuKy Circle at a meeting held in the Y. M. C. A. room. For some time past the girls have taken a lively interest in all school activities and have always been staunch and loyal supporters of the teams in athletic ventures. Until now no recognition has been made of their effort but by making them members of the SuKy Circle it is shown that their work has been appreciated. The work of this organization will now be more widespread and progressive than ever before.

These girls were chosen because of the active part they have taken in promoting the welfare of the school and the encouragement they have given the present members of SuKy. Those selected were, Margaret Smith, Katherine Conroy Mary Peterson, Irene McNamara, Louise Connell, Margaret Jameson, Dorothy Blatz, and Margaret Lavin. The first work of the newly elected members was to sell tags on the campus Thursday for the purpose of making the rally on Thursday night a huge success. The rally was the biggest in the history of the school and sends the team to Louisville confident of defeating Sewanee.

NEW MEN'S DORMITORY NEARS COMPLETION

Ex-service Men Will Have First Choice of Rooms

The new men's dormitory, which is being erected on Rose Street, is rapidly nearing completion and will be ready for occupancy at the beginning of the second semester.

The building is a handsome four story brick, and will afford accommodation for one hundred men, having forty-six double rooms and eight single rooms. At the south end of the first floor there is a large living room, which will be beautifully furnished in brown leather in the manner of lounging rooms of hotels. There will be no dining room in connection with the dormitory.

The method of assigning the rooms has not yet been decided upon. The ex-service men will be given first choice of rooms. There are already more than two hundred names on the waiting list.

Since the rooms of White and Neville Halls were converted into classrooms, four years ago, the men of the University have been without a dormitory.

The following men were initiated into the Kentucky Chapter of Triangle Fraternity, Saturday October 22: C. M. Kieffkin, R. A. Stroesser, J. E. True, J. L. Gray, J. A. Wilson, R. L. Boren, Albert Stone, and C. R. Gibbons.

Saturday night the members of the active chapter were hosts to their newly initiated brothers at a banquet given at the Lafayette Hotel. S. M. Spears presided as toastmaster, and interesting talks were given by several of the members, followed by a splendid address by Professor Terrel, head of the Civil Engineering Department.

Rafinesque Botany Club Holds Meeting

W. A. Anderson, Jr. was elected president of Rafinesque Botany Club at the last meeting, October 19, with the following other officers: S. S. Shouse, vice-president, Nell Hank, treasurer, Laura Parrish, secretary.

A film entitled "Life in a Wayside Puddle" will be shown at the next regular meeting of the club, Wednesday, November 2, 7:30 P. M. at the home of Professor F. T. McFarland at 655 S. Limestone. All interested in the subject are cordially invited to see this unusual and entertaining film.

What's This Mean?

"I want a good girl, and I want her bad."

SOCCER GAME POSTPONED UNTIL LATER

The soccer game between the Freshman and Sophomore girls which was to have been played Friday afternoon, has again been postponed. The teams are without a ball and it is impossible to secure another by Friday. Both teams are working hard and each side is confident of victory.

Olivia Smith was chosen captain of the sophomore team and other sophomores who are doing well in practise are, Frances Ripy, Bertha Kraft, and Mildred Morris. The Freshmen have not selected their captain at yet but those in line for the place and who are playing unusually well are: Lollie Hoekersmith, Rachelle Shacklett, Frances Coleman, Helen Wells, Helen McFarland, Frances Green, Frances Kenny, and Mary Thurman.

MEDICAL DEPARTMENT OFFICE HOURS CHANGED

Dr. Holmes Will Discuss Health Topics With Freshmen Saturday

While physical examinations are being held Dr. Ireland will have his office hours from 8:30 a. m. to 12:30 and from 2:00 p. m. to 3:30 p. m. except Saturday afternoon. On Monday Wednesday and Friday the whole afternoon will be devoted to physical examinations and on Tuesdays and Thursdays the Dispensary will take charge of the medical needs of the students from 2:00 p. m. to 3:30 p. m.

Every student should go to his mail box daily and he will not be excused from examination because he did not get his announcement. The card concerning physical examination is written in red ink, thus calling special attention to it.

Saturday at the fifth hour Dr. Holmes will meet the Freshman men at Matriculation Lecture where he will discuss a health topic with them. Dr. Ireland will not be in the Dispensary Friday or Saturday but will accompany the football team to Louisville.

LOST—A gold watch, on the Campus Tuesday. Finder please return to the Kernel office or see Sneed Yeager.

SIX NEW SPONSORS ARE CHOSEN IN BATTALION

Vacancies in Platoons Are Filled by Vote of Cadets

Six young women in the University were chosen Monday and Tuesday by the cadets in the various platoons in the battalion to act as sponsors in the place of the sponsors elected last year who did not return into the University this fall. The elections covered merely the platoons and therefore each sponsor elected will have the rank of lieutenant. The young women chosen in the election are:

A Company, First Platoon, Elizabeth Clare; Second Platoon, Margaret Lavin. B Company, First Platoon, Nan Chennault; Second Platoon, Clay Miller Elkin.

C Company First Platoon, Lillian Rasch; Second Platoon, Martha Pate.

This list of new members into the group of sponsors completes the number required. Elizabeth Kimbrough, formerly a lieutenant in A Company was elected by advanced course to the rank of major Katherine Conroy holds the rank of Captain of A Company, Mamie Miller Woods, B Company and Mary Peterson, C Company.

TAU BETA PI HOLDS PLEDGING IN CHAPEL

Tau Beta Pi, honorary Engineering fraternity of the University, held its annual pledging in chapel, Friday at the fifty hour. John Crenshaw, honor man of last year, presided and introduced Dean Freeman, acting dean of the College of Engineering, who outlined the ideals and standards of Tau Beta Pi and gave the requirements for eligibility for election to the fraternity. He congratulated those who were to be pledged and urged them to maintain the present high standards of the society. After his address the following men were pledged, John Burk, Cave City, honor man; David Thornton, Versailles; Raymond Craig, Lexington; Charles Bourland, Madisonville; and George Nicholson, Walton.

Will now sing a little ballad entitled, "Mother hung up the ice to dry."
