D. Injuries: -- Taylor, Griffin, Henderson, Hess.

He advised that Mr. Taylor had in 1952 injured his spine and had from time to time been under the care of a physician. Upon the advice of various doctors, including Dr. Ralph J. Angelucci, Mr. Taylor received surgery to relieve pressure on a nerve in his back. The invoice was rendered by Dr. Ralph J. Angelucci for examination, x-ray-lumbosacral spine, operation and post-operative care, in the amount of \$272.00. St. Joseph Hospital rendered invoice for room, board and general care in the amount of \$224.20. Dr. Charles Moller rendered an invoice for anesthesia in the amount of \$35.00. Mr. Peterson recommended that the claims be paid with the expressed understanding that the University does not admit negligence nor liability.

Members being advised, on motion duly made, seconded and carried, the claims listed were authorized paid, with the expressed understanding that the University does not admit negligence nor liability.

Mr. Peterson reported an accident on February 16, 1957, in the kitchen of Boyd Hall to Mr. Ethelbert Griffin, an employee of the Women's Residence Halls. Mr. Griffin struck his head on the door of a metal fuse box, cutting a deep gash that required immediate attention. He reported to the Emergency Room of the Good Samaritan Hospital for treatment. Dr. D. M. Royalty performed the necessary medical services and submitted an invoice for \$10.00. The Hospital submitted bill for \$6.75 for the use of the Emergency Room. Mr. Peterson recommended that the account be paid, with the expressed understanding that the University does not admit negligence nor liability.

Upon motion duly made, seconded and carried, the two invoices were authorized paid with the expressed understanding that the University does not admit negligence nor liability in paying these bills.

Mr. Peterson reported an accident to Mr. John A. Henderson, a janitor in the Division of Maintenance and Operations. The accident occurred on January 7, 1957, in the basement of the Coliseum-Swimming Pool. He was putting Celite Powder in the swimming pool equipment. A type of explosion resulted. Powder was blown into his eyes, causing an irritation of both eyes. The University Health Service washed out his eyes and called Dr. Claude W. Trapp, who rendered the necessary medical service. Dr. Trapp submitted an invoice for \$10.00. Mr. Peterson recommended that the account be paid with the expressed understanding that the University does not admit negligence nor liability.

Upon motion duly made, seconded and carried, the invoice of Dr. Trapp was authorized paid, with the expressed understanding that the University does not admit negligence nor liability in the payment of this account.

Mr. Peterson reported an accident to Mr. E. Walter Hess, an employee of the Division of Maintenance and Operations. The accident occurred on March 20, 1957, under the Social Sciences building. Mr. Hess was spraying for termites when the hose on the container he was using broke and insecticide was blown into his right eye. The University Health Service washed out his eye and sent him to see Dr. Claude W. Trapp who rendered medical service. Dr. Trapp submitted invoice for \$5.00 for medical services rendered. Mr. Peterson recommended that the account be paid, with the expressed understanding that the University does not admit negligence nor liability in paying the bill.

On motion duly made, seconded and carried, the Executive Committee concurred in the recommendation, with the understanding that the University does not admit negligence nor liability in connection with this account or by paying this claim.

#### E. Increase of Fees for Nursery School.

Mr. Peterson submitted a recommendation concerning the University Nursery School, operated by the School of Home Economics. He stated the school is set up to take care of 13 children per semester and is staffed by one assistant professor, one instructor, a maid or cook and some student help. The current fee is \$50.00 per semester per child and \$10.00 per summer session per child. With the approval of Associate Dean Wall of the College of Agriculture and Home Economics and the concurrence of the Director of the School of Home Economics, Doctor Marlatt, Mr. Peterson recommended that the fees be increased to \$60.00 per semester and \$15.00 per summer session, effective for the summer session, 1957.

Members of the Committee discussed the recommendation. Upon motion duly made, seconded and carried, they approved the fee of \$60.00 per semester and \$15.00 per summer session, effective June, 1957.

#### F. Assignment of Copyright, South from Hell-Fer-Sartin.

Mr. Peterson reported that Mr. Bruce F. Denbo, Director of the University of Kentucky Press, had recommended sale of about 500 copies of the book, South from Hell-Fer-Sartin by Leonard Roberts, including assignment of copyright, to the Council of the Southern Mountains, Inc., of Berea, Ky. The price is \$800.00. Mr. Peterson stated that the book is now selling at the rate of about 60 copies per year and it would be eight or ten years before we could sell the remainder of these copies, even if the current rate should continue. By disposing of these copies, we would gain space now used by the books and would have \$800.00 immediately to invest in other scholarly studies. The \$800.00 will reimburse the University for all capital outlay in connection with publication of the book and we shall have made a contribution to the literary field. President Dickey concurred in the recommendation.

Upon motion duly made, seconded and carried, the Vice President was authorized to sell to the Council of the Southern Mountains, Inc., of Berea, Ky., the remaining copies of South from Hell-Fer-Sartin for \$800.00 and to assign the copyright on the book.

#### G. Purchase of Various Properties.

Mr. Peterson recommended purchase of house and lot at 426 Columbia Avenue from Mr. and Mrs. Manville M. Duncan for the sum of \$8,000.00. The lot is 36 feet wide and 185½ feet deep. The house consists of six rooms and bath. It fronts on Columbia Avenue and extends to the alley in the rear. The house is constructed of wood, the roof is good, and the house is in fair state of repair.

Mr. Peterson recommended purchase of a lot and four houses located on the east side of Sellers Street in Pralltown for the sum of \$800.00 from Esther Greenfield, through Virginia C. Wolking, Agent. He stated that the four small residences, not in a good state of repair, were situated on a lot having 118½ feet on the north side, 88½ feet on the south side, 51.7 feet at one end and 96.6 feet at the other end.

Mr. Peterson recommended the purchase of house and lot at 166 Virginia Avenue from Mrs. Minnie L. Moore, for the sum of \$19,000.00. This lot has a seven-room weatherboarded house and two utility houses. These are situated on a lot having a front footage of 108½ feet on the north side, 117 feet on the south side, 463½ feet on the east side and 466 feet on the west side. This is a very fine piece of property. It joins the building owned by the Kentucky Seed Stocks Association. It is within about 400 feet of the Experiment Station property.

Mr. Peterson recommended purchase of house and lot at 508 Rose Street from Mr. and Mrs. J. B. Campbell for \$8,800.00. The property is between Columbia and Clifton Avenues and has a front footage of 30 feet and a depth of 140 feet. There is a six-room house with bath.

Mr. Peterson recommended purchase of a house and lot at 414 Rose Street on the corner of Rose Street and Rose Lane from Mr. John R. Dale, for the sum of \$20,000.00. This property has a one and one-half story frame residence with garage, a front footage of 50 feet and a depth of 150 feet. This is a strategic piece of property and can be traded to the Westminster Foundation Board for property in the 500 block on Rose Street. Members of the Committee, President Dickey and Mr. Peterson discussed the above recommendations and the desirability of the University acquiring the property.

Upon motion duly made, seconded and carried, the Treasurer was authorized to purchase the property at 508 Rose Street for \$8,800.00; 426 Columbia Avenue for \$8,000.00; 166 Virginia Avenue for \$19,000.00; 414 Rose Street for \$20,000; and the houses on Sellers Street in Pralltown for \$800.00; and pay for same with Haggin Fund money.

H. Purchase of Property at 510 and 514 Rose Street as an Exchange for University Property at 412 and 414 Rose Street.

Mr. Peterson stated that the Westminster Foundation Board (Presbyterian) owned two adjoining lots on Rose Street, Nos. 510 and 514. These lots have a weatherboarded house on each, a front footage of 40 feet and a depth of 185 feet, which cost the Foundation approximately \$29,000. He stated that the University had requested the officers of the Westminster Foundation Board not to construct a student center house on this property since the University desired to acquire the property in this area for academic purposes, the lots having a depth of 150 feet and a front footage of 50 feet each.

President Dickey, members of the Committee and Mr. Peterson discussed the advisability of acquiring property in the 500 block and the obligation that the Westminster Foundation Board felt might exist by reason of their deferring construction. They discussed the value of the property and, being duly advised, upon motion duly made, seconded and carried, the exchange, at even trade, of University property at 412 and 414 Rose Street for the property owned by the Westminster Foundation Board at 510 and 514 Rose Street was approved and authorized.

I. Approval of Degrees of Graduates at May Commencement, 1957.

President Dickey submitted the list of candidates for degrees at the May Commencement, 1957, and recommended that they be authorized granted with the concurrence of the Faculty. He submitted the list.
