

HARRIMAN, TENN.

Is 255 miles south of Cincinnati, 80 miles north of Chattanooga, 50 miles west of Knoxville. Connected with each by rail.

Situated right at Emory Gap, the natural gateway through the Cumberland Mountains for Railroads. The Queen and Crescent System meets the East Tennessee, Virginia & Georgia R. R. from Knoxville, here.

Five other Railroads projected. A most strategic Railroad center.

Immense deposits of Coal and Iron begin within 80 rods and reach for miles.

Raw material for Manufacturing of all kinds close at hand.

A navigable river, tributary of the Tennessee, supplies the purest and best water for manufacturing and domestic purposes in the country.

High ground, rolling, well drained and healthful.

The Coming City of the New South.

Opening sale of lots Wednesday, February 26, 1890.
