HERE SHALL THE KERNEL ALL STUDENT RIGHTS MAINTAIN

LAWRENCE A. HERRON, Editor-in-Chief. ELIZABETH HANDEL, Sports Editor. JOHNNE CRADDOCK, Art Editor. OLBERT KINGSBURY, News Editor.

THE POT VS. THE MORTAR

The Mortar and the Gown were never pretty objects. The gown dark and flowing, in itself a vivid if gloomy reminder of the garb effected by the habitants of some ghoul-haunted den...

The freshman cap is even less beautiful to look upon. But around that lowly pot there are twined the simple tendrils of tradition and sentiment far stronger and more alive than that ivy growing on its clings with fierce possession to the walls of Kentucky's dearest buildings.

The Cap and the Gown are impeccable. But the Kernel believes that the freshman cap also has its defenders.

Who is this man? The Kernel heartily congratulates the College of Engineering upon its ambitious attempt to solve its problem of traffic congestion.

OUR ADVERTISERS

The Kentucky Kernel, owned and operated by the students of the University of Kentucky...

POSTED; KEEP OFF

Every one in a while we meet with a minor annoyance which ennobled infrequently...

Jest Among Us

Just to prove that all freshmen are dumb, we'll wager that it will take them all of one semester to find out that the average sophomore is a human being...

One of the tests for potential sorority pledges should be to make each of the young ladies define antipseudoparallelepipedicationelementment.

What a world of trouble this starts. "Come on upstairs a moment."

The Jester is offering a prize for the mugg who can ask, "Did you have a big summer?" with just a modicum of style.

Then there was the freshman who got tangled up in the registration line, and was told to follow the girl in front of him.

It should seem hardly necessary for university authorities to explain to and sternly suppress all infringement of the bulletin boards with notices of "Post No Bills."

At the present moment one bulletin board, in the Administration building, flaunting 60 odd strips of fluttering paper is so over-crowded that the overflow, boasting at least one official university notice, has been balanced adroitly between floor and wall.

QUIS VADIT? CRADDOCK.

In case you'd like to know: The Kappa, who because of search of out-of-town ladies had to petition to retain their house, have a house, have exactly five girls living in it...

THANK YOU

Returning to the campus last week, we were somewhat dumfounded to find that the driveway in the rear of McVey hall had been transformed in the meantime into a veritable graveyard of post, ill-proportioned archways, and unhelpfully worded placards...

LOOKING BACK

Twenty Years Ago Today The Y. M. C. A. had its first full-time secretary when Mr. Edward L. Ford, Wayne, Ind., assumed the position.

Dr. M. A. Scovel, dean of the College of Agriculture, died at his home on the Experimentation farm.

Dr. F. L. McVey, coming from the University of North Dakota, assumed his position as president.

Numerous men and women enlisted on the Allied sides, and reports of their deeds were recorded.

Five Years Ago This Week Student mass meeting wres the varsity on to battle against Maryville in the first game of the season.

One Year Ago This Week Enrollment figures below normal. Late registration expected to help.

180 Graduates Granted Degrees At Summer School Commencement

The university annual Summer School commencement was held at 4 o'clock Friday afternoon, August 19 in Memorial Hall with Dr. William Lowe Bryan, president of the University of Indiana as the principal speaker.

Approximately 180 received degrees and the Rev. R. H. Daugherty, pastor of the First Methodist church, Lexington, pronounced the invocation and benediction.

Conventions Are Rife as Juniors Make Journeys

The air is filled with conventions. Yes they are always in the atmosphere—some are just over and plans are being made for others.

RESULT OF NO FROSH CAPS!

The best joke heard between five fifty-five and six o'clock Sunday afternoon in Pat hall.

Round after round of the hall Mr. Walker met the "gals" and pleasantly passed the time of the day.

After an exchange of pleasantries the youngsters asked simply, "Don't you just adore being a freshman, Mr. Walker?"

Fortunately the young lady does not have a class with the crouched professor.

CID the CYNIC

Abed and watching Father Time Rehearse his tick and tock — It's then I'm always wishing that My face would stop a clock.

Dear the Chesterfield Radio Program. Mondays, Wednesdays, Fridays, 10 p. m., Tuesdays, Thursdays, Saturdays—9 p. m., E.D.T. Columbia Network.

And the time has arrived for the sorority tea. First they tea off and then they te-te-a-te.

And the Jester spent fifteen minutes Saturday consoling the Frosh who was found at 11:50 with four pledges buttoned in his pocket.

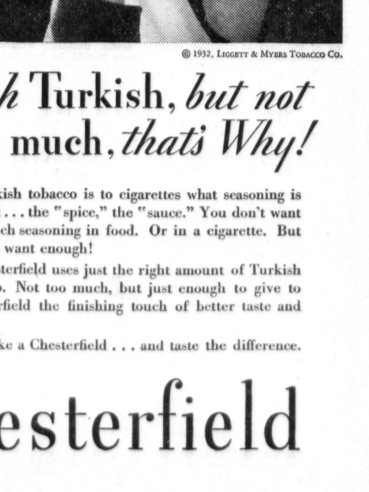

And bought him a sack of Murds

If all the football fans in the world were laid end to end, they'd still think an end run was the dash for the door when the bell rang.

Turkish tobacco is to cigarettes what seasoning is to food. . . the "spice," the "sauce." You don't want too much seasoning in food. Or in a cigarette. But you do want enough!

Chesterfield uses just the right amount of Turkish tobacco. Not too much, but just enough to give to Chesterfield the finishing touch of better taste and aroma.

Smoke a Chesterfield . . . and taste the difference.

Gable-Thompson

A beautiful fall wedding and one of considerable interest to a host of friends throughout the state was solemnized at 11 o'clock Saturday morning when Miss Katherine Elizabeth Gable, Burnside, and Mr. Clifton Lewis Thompson, Jr., Lexington, were united in marriage.

The service was read before an improved altar of flowers and candles, the approach to which was a white aisle cloth leading from the stairs.

Proceeding the ceremony a rendition of Cushman's "Love Song" was given by Mrs. J. W. Manning, violinist, Lexington, accompanied at the piano by Miss Ruth Sitton Somers.

The bride, in a wedding gown of white crepe satin fashioned on princess lines with a train, was escorted to the altar by her father, who gave her in marriage.

The maid of honor was Miss Margaret Louise Gable, the bride's sister. Her frock was of blue velvet with a white turban and shoes of matching shade.

Following the wedding service a breakfast was served to the bridal party and the guests at the home of the bride's parents.

The bride is a graduate of East Belmont College, Nashville, Tenn., and Ohio Wesleyan University, Delaware, Ohio. She is a member of Pi Beta Phi society.

Mr. Thompson is the son of Mr. and Mrs. Clifton Thompson, 141 South Hanover avenue, who was graduated from the University of Kentucky where he was a member of the Sigma Alpha Epsilon fraternity.

The Minerva Club of Sigma Alpha Epsilon and the Bluegrass Alumni club of the fraternity entertained Friday with a swimming party and "steak supper" at Camp Summer Den, Clifton, Kentucky river, for new boys at the university.

The active chapter members are: Messrs. Bentley Sampson, William Humber, William Bryant, Artie Martin, Raymond Arthur, Boyd Banks, Henry McCool, Ray Taylor, Ben Martin, Bob Woods, George Campbell, Tom Clower, Joe Grimes, Woodson Knight, Ben Bishop, Ed Featherston, George Tye, Paul Mansfield, Frank Longley, Jimmie Boddie, Harry Black, Hugh Steeley, Garnett Steeley, Steve Souper, Horace Helm, Jack Strother, Joe Rupert, Teddy Ayres, Hugh Van Antwerp, Rousey Bishop, Fred Dallas, Charles Russell, Jack Kirk, Billy Williams, George Yates, Dick Richards, Tom Phillips.

Members of the Minerva Club who assisted were Misses Anna Mae Lewis, Willy Belle King, Mrs. Charles Russell, Mrs. Ballantyne, Mr. and Mrs. Steve Featherston, Mr. and Mrs. Homer Baker, Lieutenant and Mrs. James Reese. About 25 guests were present.

Miss Helen Carr, Zeta Tau Alpha, who attended the University of Tennessee last year, has returned to the university.

CORRECTION:

The Kentucky Kernel wishes to correct a misleading statement which occurred in the last edition, September 16, concerning the Blue and White orchestra. According to Elmer G. King, director of the university studios of WHAS, the broadcasting officials had nothing to do with putting the orchestra off the air. It is due to a ruling of the Lexington local American Federation of Musicians that the university orchestra is unable to broadcast.

SUPERVISION PREPARES WOMEN FOR POST-GRADUATE CAREERS

Dean of Women Appoints Advisors of Life's Work

Co-eds at the university are assisted in the selection of suitable life by members of the faculty and staff of the university, who are specialists in their respective fields, and who have been appointed to this duty by the dean of women.

The office of the dean of women is a busy place. Here the direct supervision of women students is accomplished, and it is here that co-eds report and receive permission to participate in extra-curricular activities.

Living arrangements at the university for women students are also supervised by the dean of women and three comfortable residence halls, each presided over by a house mother, furnished comfortable living quarters for all freshmen women and those upper classmen who desire to live in the halls.

Approximately 37 1/2 percent of the women in attendance at the university during the 1931-32 school year earned either all or part of their living expenses through jobs administered by the office of the dean.

Besides their regular college work, co-eds at the university have various opportunities to develop their initiative and individuality through a series of campus activities which include work in the campus Y.W.C.A., the Woman's Student Government, the Women's Athletic Association, the Women's Athletic Association, Woman's Administrative Council and various honorary and professional organizations in the fields of journalism, commerce, law, political science, English, music, art, home economics, and numerous other classifications.

Anderson Assists Hay Fever Victims

The College of Engineering has carried on extensive experimenting this summer in the field of air conditioning with the view of extending and modifying the comfort zone. The results of observations and recommendations in reference to this matter concern zones in its relation to the effective temperature chart will be announced later.

KAMPUS KERNELS

(Continued from Page One) am, in Dean Blanding's office to discuss routine business incident to the opening of school.

The first meeting of Lances, national honorary junior scholastic fraternity, will be held at Tea Cup Inn at 6:30 Thursday evening. All members are urged to be on time at this as several important items are to be discussed.

Pershing Rifles, honorary basic military organization, will hold the first meeting of the year Tuesday night at 7:30 o'clock in Lieut. P. E. LeStouren's room in the Armory. All members are urged to be on time. (Signed) J. H. MILLS, Capt. of Pershing Rifles.

Men's Student Council of the university will meet at 4 p. m. today in room 4 of the Administration building. (Signed) JOHN EWING, President.

A wrist watch was found in the Armory building and it is thought it may have been lost during the physical examinations. The watch will be returned to the loser upon proper identification at the Dean of Men's office.

1000 BOOKS, 5c. Magazine Subscriptions, lowest price in city. EX LIBRIS BOOK STORE, 133 N. 2d-23 Lime. ROOM AND BOARD \$21 and \$25; Meals per week, \$3 and \$4. Mrs. John Craddock, 409 Linden Walk.

"Nature in the Raw is seldom MILD"

—and raw tobaccos have no place in cigarettes

Advertisement for Lucky Strike cigarettes. It features the text: "They are not present in Luckies... the mildest cigarette you ever smoked. WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that 'Nature in the Raw is Seldom Mild'—so 'It's toasted' That package of mild Luckies". At the bottom, it says: "If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, the best will be in the woods, the world will make a beaten path to his door." -RALPH WALDO EMERSON. Does not this explain the world-wide acceptance and approval of Lucky Strike?
