

Wildcats Stage Comeback Conquering WL Generals By Top-Heavy 39-7 Score

Coleman, Hodge, Simpson and Davis Brothers Star in Backfield; Game Played in Mud

OLD SCORE SETTLED BY BIG BLUE WIN Generals Unable To Check Passing Attack of Invaders

Lexington, Va., Oct. 17.—Pushing over touchdowns almost at will, Kentucky's Wildcats, displaying for the first time a roughness over the Generals of Washington and Lee, to win 39-7 at Wilson field this afternoon.

Never in danger of defeat and constantly threatening to score, the Wildcats played football for the most part, to give the slim crowd of 3500 customers plenty of thrills.

Kentucky's backfield enjoyed a field day with Bob and Dameron Davis getting two markers apiece and Tommy Coleman and Elmer Simpson each registering one.

Besides these scores, the Wildcats chalked up three more, only to have them called back for violation of the rules.

The "Cats started their touchdown parade midway in the opening when Bob Davis took a pass from Tommy Coleman and galloped 46 yards to the goal.

The play was called back and Kentucky penalized 15 yards. The Blue club came right back and minding passes with off-line thrusts and end runs, lugged the leather back to the 10-yard strip.

Bob Davis again carried it back, this time on a fake reverse. There was no more scoring in that period.

After Bob Davis had carried the ball to the General's 25-yard line, Coleman passed to Hodge, who squirmed his way across the stripe but the play was again called back. Two penalties and five tries at the line by Bob Davis gave him his second marker.

HERE SHALL THE KERNEL ALL STUDENT RIGHTS MAINTAIN

IS THE UNIVERSITY READY FOR OPTIONAL CLASS ATTENDANCE FOR SENIORS?

For a long time THE KERNEL has weighed the possibilities of the chance for success or failure of the optional class attendance plan for seniors.

The definite conclusion which has been reached is that such a plan is highly feasible and that this campus is fully prepared to receive it.

First of all, this newspaper wishes to assure its readers that the idea is neither original, radical, nor of the harum-scarum variety.

It has been successfully tried in other noted institutions and has been shown to be highly satisfactory, both in its practical workability and in other and important intangible phases.

The idea is an outgrowth of general educational practices and theories in the West and Mid-West, where most of the best ideas which tend to set education upon a higher level, are being originated.

In every university which has tried the optional attendance plan, it has worked, surprisingly and gratifyingly well.

There can certainly be no argument that seniors are able to handle the individual problems involved in such a plan.

Class room discipline is a valuable and necessary element in the making of educated people.

It is far more useful and appropriate to the needs of students than is, say, military discipline, but surely it is an easily seen fact that seniors should not need to be placed under such jurisdiction.

If such is the case, the University should hesitate in granting degrees to seniors and sending them on out into the world, where they will be one short year from now.

On the campus, the more theoretical results would be three-fold. Firstly, it would set up a new responsibility for seniors, giving them needed and, we believe, rightful preparation for the days after graduation.

Secondly, class room technique of teachers would have to be improved to attract seniors to class.

This improvement would spread itself into the lower division and alleviate one of the more serious problems of the campus; and thirdly, and of equal importance, the scholarly aspect of the campus, not any too great at present, would be stimulated more by a movement of this nature than by any other method.

Actually, there would be little transition from the present system to the non-compulsory idea. Seniors usually are aware of the number of cuts which are good for them.

They also know that classes they can cut and they know when to cut without losing any of the more vital aspects of a course.

There is no doubt that the optional class attendance plan is the vanguard of a movement to liberate the fetters of an out-grown educa-

tional system. We ask only the thoughtful consideration of the proper authorities in weighing the merits and faults of this plan.

The higher education interests in this state should and do look to the University for efficient and progressive leadership in educational methods.

If the University made such a move at the present time, it would without doubt stamp it as being the far-seeing and progressive institution we hope and believe it is.

CUTTIN' UP THE CAMPUS with "Scoop"

CAMPUSNICKERS: "I tried to call you all last week, to ask you to the dance, but the line was always busy."

"How about you and me having a date tonight? We'd have a swell time—and, uh—maybe we could sort of go over that chemistry together."

"But I thought that this was the class South!" (The favorite gripe of northerners when it rains for five minutes in Kentucky.)

"Sure he went to the dance with her. The only thing is that he asked three other girls first."

"Oh, he's just grand! He telephones me every day, walks to class with me, and now he's taking me to dinner at the house on Sunday."

"Why, Officer Kelly? Imagine meeting you here!" (Tsk!)

DON'T LOOK NOW, BUT—you're wearing your own clothes today, roommate! Hasn't there been some mistake?

I OFFER CAMPUSALUTES:

1. To out-of-towners who don't say, "New York is a swell place to visit—but it must be terrible to live in!"

2. To sophomores who don't say, "Watch your step there, freshman!"

3. To pros who don't say, "Well, I think it would be nice if we had a little quiz today, hal ha!"

4. To co-eds who don't say, "Why, I'd just love to help you, but I'm so dreadfully busy this year!"

5. To students who don't say, "When's Sour Mash coming out?"

DON'T YOU FEEL FUNNY WHEN—

You're ambling to 8 o'clock class, and open your eyes to find you're walking in a puddle?

You decide not to cut a class, and full of pride walk into your classroom only to discover that it's dismissed for convocation, anyway?

Your prof tells you to draw a diagram on the board, and you haven't even bought the book yet?

You noisily and with much giggling sit down in the shop, and find the head of your department sitting next to you?

"If I in any way contributed to the success of your Morgan celebration, I am very much pleased indeed. One is never quite sure how the public will accept one's remarks. I do wish, however, to compliment the students and the audience which were present at the morning convocation. I think I have not been present at any student gathering in which a finer attitude and attention were shown."

This Campus and That World

When several years ago I took a course introductory to physics and Professor Webb stated that the majority was always wrong and then proceeded to prove his statement.

Not only as a mass will they err in judgment, but as individuals they insist on being wrong.

No one really knows more than he reads in the papers. Will Rogers knew that so well and his famous, "All I know is what I read in the papers" was not far from being the truth.

The desire of persons to make a good story better gives progress to a tall story in a geometrical proportion.

On Monday following the Georgia Tech game I rode the elevator to the Commons it was first told to me.

Nothing under the sun could change that woman's mind about it. She knows it now for a fact.

It is likely that today Atlanta people are pointing that finger at swarms around her, I can't understand.

From the bacteriology department come reports from the young Army. They are some of the most truly on microbes, but the grip crop in Shenandoah is improving.

And there's the sad story of Jimmy Sales. "Most in love boy on the campus" was the title given to him.

With good reason, the Phisig pledges turned on their Captain Bligh. Ray Lathrum, last week and froze him with a dose of applause-winning cruelty.

Alphabegs Marie Marcum and Janet Descher dreamed all week of swinging at the W and L dance marathon.

I received a swell letter from the Hoopy Pollui of the 35-36 campaign, Bob Hess. Bob is working with a life insurance company in South Bend, Indiana.

The statement was made while Hutchins was in Washington and was asked by reporters there if it was true that he would be the next Hutchins of Yale, his Alma Mater.

To make such a statement without qualifications is rather unfair to the newspapers. What he had to say is true insofar as it went.

Students at work putting out newspapers are on their way. They must make errors for it is by the error of their way that they shall learn.

Student newspapers are more than eager to be right all of the time. However, their sources are not always open and proof is difficult to obtain.

so far to one side that one simply cannot understand how it will ever right its keel, and then it rolls heavily to the other side and tries its best to dip the rull on a deck. It always comes back though, or at this writing always has. I haven't been seasick—yet.

The other Rhodes Scholars—eleven on board—are some of the swiftest boys I've ever known. There are 25 of us in all from all parts of the U. S. A. My roommate is from Washington State; there is another Sigma Chi in my corridor and there are boys from Maine, California, Texas, Idaho and points in between.

It's not at all the least valuable part of this experience to get to know so well a great many of them. They're generally just regular guys; intelligent without being high-browish, sophisticated enough, but unaffected. The southern boys are particularly likable. # SEEING SPORT STUFF

By JOE QUINN  
KERNEL SPORTS EDITOR

Although the Wildcats crossed the Washington and Lee goal line nine different times, the final score was only 39 to 7. But it was the kind of a game in which Kentucky could afford to forget the recalled markers and still not cause the "Cat" rooters to bite their nails. Yet it is a bad habit to get into and the team has been guilty of the same thing on other occasions.

In a tight ball game, where one touchdown is the difference between a victory and defeat a marker lost because of a rules violation would prove disastrous. And from the looks of things, we're due for some close finishes before the season wanes.

Rebounding from the defeat of a week before, the Wildcats showed that they are still to be reckoned with in the conference. The team displayed a great spirit in trouncing the Virginia Generals and in doing so, brought to light a new backfield combination which clicked to perfection.

Coach Wynne started Elmore Simpson and Bob Davis along with Tommy Coleman and Walter "Whirly" Hodge, in the ball-toting roles. This foursome seemed to have everything needed in a backfield, except a great kicker. And they got along without that.

Bob Davis, of course, has demonstrated his ability to make yardage in wholesale measure and he is a clever pass receiver. Elmore Simpson has done a neat job of directing plays and blocking, after being converted from a fullback post. He is also a dependable placement kicker.

Tommy Coleman has turned in two excellent exhibitions in the last two contests. His cool and accurate passing, as well as his ability to slither through a line, make him an invaluable member of the quartet. Only a sophomore, Coleman seems certain to be one of Kentucky's outstanding backs.

In "Whirly" Hodge, Coach Wynne seems to have the answer to his fullback problem. The sophomore from Paris made his first start with the "Cat" varsity last Saturday and his debut was an auspicious one. While he is not as heavy as most fullbacks are expected to be, yet he can hit a line hard and, once in stride, is a deceptive runner.

All four members of this backfield can kick, although none is outstanding in the booting department. Hodge may prove the best after a little experience. But with three dependable ball carriers, an excellent passer and a good blocking quarterback, the quartet is well fortified.

There are several replacements for the backfield who can step right into their positions with very little loss of efficiency. Chief among these is Dameron Davis, still another sophomore, who has been making rapid strides since the start of the campaign. He began the year as an average back but has speedily developed into one of the best of the "Cat" carriers.

Much has been written about the failure of the line to do its share of the work and some of it is undoubtedly true. In the Washington and Lee game, however, we thought the front wall

through tackle from the 10-yard line after a series of first downs had placed the ball in position.

The only W. and L. score came in the final period when Kentucky substitutes were in the game. The Generals, with two long passes, carried to the 16-yard mark. Two tries at the line gained them nothing and then Sample ran wild around right end to score standing up.

Kentucky's backfield was in fine form with the Davis brothers, Coleman, Hodge and Simpson outstanding. The line play was better than against Georgia Tech and improved during the second half, with Gene Myers again shining high in the reinforcement position.

The line-ups:

|               |                   |
|---------------|-------------------|
| Kentucky (20) | ps. W. and L. (7) |
| Sample        | W                 |
| Myers         | L                 |
| Hodgeson      | R                 |
| Myers         | C                 |
| Potts         | QB                |
| Tracy         | RB                |
| Diagan        | RB                |
| Simpson       | QB                |
| Clark         | QB                |
| Davis, Bob    | RB                |
| Hodge         | RB                |
| Sample        | QB                |

Score by periods:

|           |   |    |    |    |
|-----------|---|----|----|----|
| Kentucky  | 7 | 13 | 12 | 39 |
| W. and L. | 0 | 0  | 7  | 7  |

Scoring summary: Touchdown—W. and L. Sample, Kentucky; Bob Davis, Dameron Davis, Simpson, Coleman. Four-point touchdowns—W. and L. (placement); Kentucky, Simpson, 3 placements.

Substitutions: W. and L., Sposard, Anderson, Lindsay, O'Connell, Bob Wynne, Dickinson, Stuart Allen, Lykes, Harper, Kentucky; Brown, Dameron Davis, Boone, Garland, Nicholas, Robinson, Boston, Fleming, Hall, Lewis, Beckard, Washington, Korschick, Scholtz, Pritchard.

until November 2. Mary Jane Roby and Tom Humble stroll the campus very contentedly.

Frances Woods and The VanMeter, active in the Tridelt stable (where the best fillies in Kentucky are on exhibition) raced through Friday night to get to the game and enjoy all that went with it. If you want to see your girl friend look the top in style at the Florida and Alabama clashes, you'll have to decorate her with flowers that will be on sale in the grandstand and downtown. That's first hand advice from Mortar Board and they should know. Tailor agent in the Sigma Nu house Chollic Made was out at the races Saturday shouting at the muddy midwesters the saddles, "Send it to Laval!"

Kappa plebe Ruth Peak wants to meet the muscular scholars on the football team. Men, she's beautiful, and when you start the stamped with out for the furniture.

The Sigma Nus are happy cause there's a high-powered pair of unicolors on sale downtown for \$1.40. The rumored marriage of Bob Davis and Billie Clark is definitely a rumor. Hold county and both parties to a profound Nay.

Sigma Chi's Roosevelt, Dick Butler, will pin Tridelt Emily Seattle by Thanksgiving. A romantic's selection.

As a result of the Kennel race meet the town bookies will feel an increase of collegiate patronage. Andy Anderson will change his style of music, try again for swing renown, and if unsuccessful, he will go to Boston the first of the year to "accept a position."

THE GREATEST THRILL IN FOOTBALL IS A PERFECT SCORING PLAY. MINNESOTA PULLED A BEAUTY LAST YEAR IN THE MINNESOTA-NEBRASKA GAME

GOALS TO GO! 1 YDS TO GO 1 BALL MINNESOTA

A LINE PLUNGE OFF CENTER IS STOPPED BY NEBRASKA. THIS PLAY IS NOT INTENDED TO SCORE. MINNESOTA IS DOING WHAT EVERY CLEVER TENNIS STAR, FENCER, OR BASSBALL BATTER DOES—RUNNING PLAYS TO GET THEIR OPPONENTS OUT OF POSITION & OFF TIMING

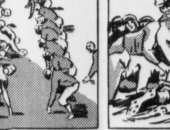

DOWN 2 YDS TO GO 2 BALL MINNESOTA

GIVE 'EM PLAY

AND COMES OUT WITH THE SWEETEST SCORING PLAY YET EVER SEEN. LET ME DRAW YOU A TABLE'S DIAGRAM OF IT ON THE COACH'S CLOTH...

DOWN 3 YDS TO GO 3 BALL MINNESOTA

AGAIN MINNESOTA THRUSTS AT THE LINE. NEBRASKA STOPS THEM DEAD. THEY'RE FIGHTING WITH EVERY OUNCE OF VIGOR TO PREVENT MINNESOTA FROM SCORING

DOWN 4 YDS TO GO 4 BALL MINNESOTA

MINNESOTA IS IN SINGLE WING-BACK FORMATION WITH AN UNBALANCED LINE. THE QUARTER BACK TAKES THE PRESS FROM CENTER. @ DOES A HALF SPINNER. @ AND TOSSES AN UNDERARM LATERAL TO THE RIGHT HALF-BACK #2 BACK @, WHO FEINTS AT THE LINE. @ THEN THROWS A SECOND LATERAL TO THE LEFT HALF-BACK, THE TAIL-BACK, WHO HAS BEEN COMING OVER. THE TAIL-BACK PIVOTS QUICKLY AND CUTS OFF TACKLE... FOR A TOUCHDOWN!

**MINNESOTA UNDEFEATED, MINNESOTA FACES TOUGHEST TEST**

MINNESOTA HAD ADVANCED DOWN THE FIELD FOR A FIRST DOWN ON NEBRASKA'S 9-YARD LINE. NOW HERES WHERE FOOTBALL BRAINS COME IN. HERES WHAT TO WATCH FOR AT THE NEXT GAME—

DOWN 5 YDS TO GO 5 BALL MINNESOTA

THE BIG MOMENT—WILL THEY SCORE?

9 TEAMS OUT OF 10 WOULD UNLOCK THEIR SCORING PLAYS NOW. BUT NEBRASKA EXPECTS THIS. MINNESOTA HAS TO USE DECEPTION. FOR THE THIRD TIME THEY CRASH THE LINE. THE BALL IS ON THE 3/4 YARD LINE. MINNESOTA GOES INTO A HULLU—

MEANTIME EVERY MAN ON THE NEBRASKA TEAM WHO CAN STOP THE PLAY IS TAKEN OUT. THANKS TO THE THREE PLAYS JUST PRECEDING, THEY ARE OFF-BALANCE AND OUT OF POSITION. THIS MAKES IT EASIER TO STRETCH THEM DOWN FLAT AND OUT OF THE RUNNING. THE ACTION PICTURE SHOWS THE PERFECT MINNESOTA BLOCKING.
