STROLLERS IN FORM FOR STELLAR PERFORMANCE

Ann Molloy Springs Dance On Surprised Cast

SEAT SALE IS GOOD

Friday is "Stroller Day." The Strollers of the University will present "Mice and Men" at the Lexington Opera House Friday night, April 5. For two weeks the rehearsals have been held nightly, and the cast is in top form for a record performance. Tickets were on sale in the Stroller room in the Main Building Tuesday and in town Wednesday morning. Before 10 o'clock Tuesday morning eight rows had been sold and the room was full of students asking for the best seats. If this may be taken as an indication, there will be a S. R. O. crowd when the curtain rises.

At the last hour, as it were, an added attraction was put into the performance in the form of a dance by Peggy the Orphan, who is slipping away from her guardian to attend the ball. The dance is a difficult one and for a while the stage manager despaired of producing it. Miss Molloy, however, had different notions and prepared the dance and presented it at the rehearsal Monday night. She took the cast by storm and they all declare it will be one of the most successful scenes of the play.

The Strollers have always presented plays that were difficult for amateurs, and this year their ambition was to equal any of their former productions. In the selection of "Mice and Men" they were guided by this ambition, as the play is worthy of the best professional effort. Forbes Robertson first presented the play with an all-star cast. It was an immediate success. It has lost none of its charm in the Strollers' hands and will fully repay any playgoer.

Local people in the cast will make the play especially interesting to Lexington people. Five of the cast are from Lexington, the three leading actors and two others. Gus Gay, Anne Molloy and Milton Revill have leading parts, while Charles Planck and Fred Augsburg have minor parts. The ability of Gay needs no repetition after the success of his performance last year. Anne Molloy, too in her first performance, shows talent either as an orphan in training, or as the belle of the ball.

Friday morning in chapel the Strollers will present a small entertainment to give students a glimpse of their ability. Some members of the cast will appear.

Numerous requests for reserved seats in the University box have been received, and the business manager has asked peanut merchants to have a good surplus on hand to provide food for the animals.

400 DRAFTED MEN MAY BE TRAINED AT UNIV.

Lexington One of Southern Cities For Auxiliary Camps

ROYDEN TO COMMAND

The University of Kentucky has again enlisted itself as a ready ally to its government, in doing its "bit" and best to help win the war, by offering its grounds, laboratories, shops and buildings as an auxiliary training camp for drafted men, whom the government will select for a short course of special technical training, preparatory for immediate service in France. Captain Royden, commandant of the University, has spent several days accompanying K. V. Carman, a special representative of the War Department's Commission of Education and Special Training, inspecting the University grounds and holding conferences with several prominent business men of Lexington to ascertain the suitability of the University for quartering the 400 drafted men by May 1. Captain Royden, after his conference with Mr. Carman, was able to say that Lexington would stand as one of the four cities of the Central South, where the training camps were almost sure of being located.

University Responsible
The facilities offered by the University combined with the fact that the school has a regular army officer at the head of its military establishment in the person of Captain Royden, has been largely responsible for Lexington's selection. Altho the latter will probably be in general command, and members of the faculty at the University will be used for the training, a number of additional military men will in all probability be brought here to assist in the training.

The student officers will be educated to fill the parts for which is the most crying need among the expeditionary force in France at the present time, and it is understood that they will be rushed overseas as soon as

(Continued on Page Five)

MELCHER TO RESPOND TO WELCOME ADDRESS

At the Wednesday session of the Kentucky Educational Association, which will be held at Camp Zachary Taylor, April 24, Dean C. R. Melcher, on behalf of the teachers of the State, will respond to the address of welcome given by General H. C. Hale. The principle address at this meeting will be given by Hon. Herbert Quick, of the Federal Farm and Loan Board, Washington, D. C.

MASONIC CLUB THURSDAY NIGHT

The Masonic Club will meet Thursday night at 8 o'clock in the Law Department. Masons of any degree are invited.

CO-EDS "PUT IN" BIG GARDEN AT THE HALL

Maids from the Blue Grass, the mountains, the "Pennyrite," and the Purchase, city girl and country lass, have united forces to defeat old H. C. of L. along with Kaiser Bill, and have "put in" a ten acre garden in the rear of Patterson Hall.

Able directed by Miss Adelaide Crane, and Miss Ruth Duckwall, the fair co-eds hoed, raked, "dropped and covered" potatoes, planted radishes and lettuce and put in "onion sets," the whole of Saturday.

Since the recent showers, hourly visits are made to "our" garden to see if anything has sprouted. Deadly war has been declared against the first weed which shows itself, and volunteers are plenty for the first hoeing.

COMMENCEMENT WILL BE ON WEDNESDAY JUNE 5

Ceremonies Cut Short On Account of War Conditions

PROMINENT SPEAKER

Commencement week for the class of 1918 will begin Sunday, June 2, and terminate with the graduating exercises, which will take place Wednesday, June 5, instead of Thursday, June 6, as announced in the 1917-18 catalog. The President and the Senate deem it advisable that, due to the war conditions, the exercises should be condensed to a four-day program instead of prolonging it for five days.

The committee in charge of obtaining a speaker for the occasion is in communication with men of national reputation. Secretary McAdoo was asked to give the commencement address, but on account of pressing war business was forced to decline the invitation.

Definite plans concerning the speakers have not yet been worked out, but the President expresses the desire that the entire staff of the University and the Senior class will participate in all the commencement exercises, making the commencement as much of a ceremony as possible under the trying conditions.

Some additional features of commencement week are being planned and definite arrangements will be announced later.

The Senate committee has voted to hold the commencement exercises of the class of 1919 on the second Wednesday of June, since school will begin one week later in September, 1918.

WEBB IN CIVIL SERVICE

E. B. Webb, A. B. 1910, has been transferred from the Deputy Collectors of Income Tax to the Deputy Collectors of Internal Revenue and placed under Civil Service Rule.

"DEMOCRACY" IS THEME OF "BETWEEN US" TALK

President Urges Fitness in The Selection For College Officers

CO-OPERATION URGED

The third observance of "Between-Us Day," inaugurated by President McVey on coming to the University, marked the chapel exercises Tuesday. After a reading from Isaiah, Doctor McVey gave a short talk on the fellowship of Democracy, putting special stress on the co-operative spirit which has developed in the Allied armies.

"The fundamental basis of religion," he said, "is being at your best. This means your best physically, mentally (which depends on the former), and spiritually. That is the new religion developed in the great conflict. It is especially essential that college men and women be at their best to answer the constant calls of the government and other agencies.

"The remarkable thing about the experiences of the men in the trenches is that those we have always known as light hearted and careless have turned to religion and a broader life.

"We have learned many lessons in the great war—that there is an actual fellowship of men, and a man counts for what he is; the great value of the co-operative spirit that exists in the armies in keeping up the morale; and that only merit and fitness should control standing. The only successful basis for anything is democracy. Let us apply the new religion here and everywhere."

Doctor McVey spoke of the great factor for good that groups, such as fraternities, sororities, societies could be in a college community, but deplored the clannish spirit that often characterized these groups. He earnestly advocated the selection of the best and most efficient men for positions on athletic teams, debating teams, and other honors, with no regard for anything save their merit and fitness. Any other policy, he said, would fall of the desired result.

SIGMA NU WINNER OF FRAT BASKETBALL CUP

The Sigma Nu's defeated the A. T. O.'s in the last of the Interfraternity basket ball games Friday night, with a score of 13 to 10. The game was as lively as the rest, which is going some, and it really looked more like a basketball contest than a wrestling match. There were a few individual encounters to lend spice to the occasion, however, and pep was not lacking on either side. The teams were well matched, and it was necessary to play off a tie to decide the champions.

WILDCATS HUNGRY FOR TIGER BLOOD SATURDAY

McClelland And Dempsey Will Probably Start the Game

FIGHT FOR POSITIONS

Gradually working the kinks out of their arms, occasioned by the cold days of last week, and fast training their eyes never to lose sight of any pellet that descends on them from the pitcher's box, the Wildcats are reaching for a stride that will overstep the Georgetown Tigers in their first game Saturday afternoon.

Practice games have been in made during the past few days. Park usually picks a first team and lines it up against a bunch of scrubs. Of course things are not as interesting as they would be if two teams of equally balanced ability were contestants, but working out the best players on the same team will produce teamwork.

Wildcat stock for the game Saturday took wings and flew Monday when the Herald came out with a story that big Jim Moss had enlisted as a chemist in the army and broke up the Tiger battery. Moss has been catching Doodle Sullivan, captain of the Tiger team, for quite a while and knew his delivery from A to Z.

Wildcat Slab Artists Arriving on Time

Just as is "Big Six" Mathewson, manager of the Cincinnati Reds, a better trainer of boxmen than anything else because he himself was once the star, so is James Park getting the best out of University aspirants to the hurling positions. Else McClelland, captain of the crew, and the best pitcher that has performed on Stoll Field since Park pitched, has control, a fast ball that hops like a frog, a drop that breaks like the flight of a kingfisher, and a dazzling change of pace, all in his good right arm.

Doc Lasley, southpaw, is being used in the practice games against the first team, because he starts his windup from the port side as does the redoubtable Doodle of Georgetown fame. Lasley is rapidly getting control of the ball. Next on the list comes genial Dad Downing, whose fast one would make Walter Johnson's look like a knuckle ball.

Dempsey will probably don the mask and protector Saturday. He holds up his battery partner well and is a stick artist, always picking out a bat that hasn't got a hole in it. Thomas, who says he is a better man on the diamond than the hardwood, and Dewey Downing, former battery mate of his brother Dad, are also aspirants for guardianship of home plate.

First Baseman Hard to Pick

Bastin and Gregg are splitting hairs in nifty plays at the initial sawdust sack. Both the boys are classy fielders, and fast attaining form with the stick. Bastin, however, seems a slight

STRAND

Open from 10:00 A. M. to 11:00 P. M.
Prices—5 Cents and 10 Cents.
Afternoon and Evening.

Home of Paramount Artcraft Goldwyn Pictures.
High-class—that's why they cost more.

bit more experienced and will probably be first man out for the game Saturday.

At the keystone sack Joe Cambron, last year "K" man and second sacker, will start dust clouds. Cambron hit well last year and is expected to do even better this season. George Zerfoss will probably cover the shortfield, in which territory he was at home with the Wildcats two years ago. Propps, a new man, has been playing on the hot corner of the diamond, where two base sluggers are sometimes burnt when they try to stretch a double into a triple.

Riddle or Hall, Muth and Pullen or Kohn, will most like garden for the Wildcats in the Tiger game. Riddle and Pullen are fast getting into the splendid physical shape they encased in moleskins last fall. Muth is showing up to good advantage, in the center plot of the diamond.

Infielders' Reserve Corps.

Dick Hagan, Alex Hall and Wallace are enlisted men in the infielders' reserve corps. Guthrie and Knight have been playing second fiddle in the green grass.

The game will start at 3:30 o'clock and will be umpired by Pat Devereaux.

The nine men who will start the game will be chosen from the following:

Pitcher, McClelland, Lasley and C. Downing; catcher, Dempsey, Thomas, D. Downing; first base, Bastin, Mirrack, Gregg; second base, Cambron, Hall; short stop, Zerfoss, Wallace; third base, Propps, Miller; left field, Riddle, Kahn; center field, Muth, Pullen; right field, Guthrie, Hall.

The next game will be played with Hanover College on Stoll Field Friday afternoon, April 12.

REUBEN HUTCHCRAFT PROBABLY IN BATTLE

That a former professor in the University, Reuben Hutchcraft, Jr. is now on the Western front helping to stem the advance of the Germans, is the inference in a letter received Tuesday from him by Judge W. T. Lafferty, dean of the College of Law.

Lieutenant Hutchcraft states he is working hard. "Of course," he says, "I can't tell you exactly what we are doing, but you must have a general idea of the business of a line officer in an infantry regiment. Perhaps the newspapers give you some news as to what this Rainbow division is now engaged in."

The Rainbow division mentioned in the letter was one of the first branches of the American army to engage in actual fighting.

Dean Lafferty also received a card Tuesday from William Perry Drake, of Bowling Green, who was graduated from the law college three years ago and is now with the American expeditionary forces in France.

"I am writing you," Drake says, "to let you know that your old boys are doing their bit. Am making good, but it's nothing like going to school." He states there are many former students of the University who are now in France.

PROHIBITION CLUB TODAY

The Prohibition Club will meet in the Y. M. C. A. rooms this afternoon at 3:30 o'clock.

SPECIAL FEATURE FOR UNIV. SUMMER SESSION

Entire Plant of University Available For Six Weeks Session

COMMUNITY SINGING

The University in its annual summer school bulletin announces the beginning of the summer term June 17, to close July 28. The bulletin just issued, contains the courses of study, schedule and information necessary for the matriculates and calendar for the year 1918-1919.

Six Weeks' Session.

The summer school of the University will be in session June 17 to July 28, a period of six weeks. The work of the summer session is designed for teachers, students and persons seeking information and training. Besides the usual courses a number of special features will be given during the six weeks of the session. From the program of studies it will be possible to make up plans of work suitable for teachers and workers in many fields. The entire plant of the University will be available for use, including laboratories, libraries and buildings.

The bulletin, which has been sent to all schools of the State says:

"The University of Kentucky has entered upon a new era under the leadership of President Frank L. McVey. It is his ambition to place this institution in the front rank of state universities.

"His record of achievements as President of the University of North Dakota and the work which he has already accomplished here warrant the belief that Kentucky will not long lag behind her sister states in the work of her State University.

"The University cannot accomplish its purpose without the co-operation of an efficient public school system. The public schools cannot do their most efficient work without professionally trained teachers. The multiplication and standardization of the high schools, together with the conditions resulting from the war, has produced an unprecedented demand for professionally trained teachers.

"In addition to the regular work for teachers in the courses outlined in this bulletin, a number of popular and scientific lectures will be given free of charge during the summer session. President Frank L. McVey will deliver lectures of special interest to teachers. Members of the faculty will give popular lectures in their special fields. Professor Peter C. Dykema of the University of Wisconsin will conduct Community Singing and lecture on Music and the Dramatic Instinct. Judge E. M. Rucker of the University of South Carolina will lecture on Domestic Relations. The Redpath Chautauqua will be held during the summer session and the entertainments so arranged that the teachers can take advantage of the lectures at reduced rates. The city library as well as the University library will be open and free to students.

Admission

"No entrance examination is required for admission to any of the courses, but instructors must be consulted concerning prerequisite prepara-

tion in some courses.

Credit in the Summer Session

"Students who have full entrance credits to the University will be given credit toward degrees for college work in the summer school.

"Four semester credits will be given for one double course consisting of two hours a day for the session. Two semester credits will be given for a single course (one hour a day for the session.)

"No student will be allowed to make more than six semester credits in the summer school.

Agricultural and Vocational Education

"Exceptional advantages will be offered in the summer school to students who are qualifying to teach Agricultural and Vocational Education under the provisions of the Smith-Hughes Bill. Professor McNeal C. James will offer courses in Agricultural Education and in Educational Psychology which will especially fit students for the organization and presentation of vocational work in the high schools of the State.

Graduate Work

"Graduate work will be offered by special arrangements with the heads of departments and the Chairman of the Graduate Committee.

Dormitories and Boarding.

"Patterson Hall will open for women. The rates are \$5.00 a week. Rooms may be had in the men's dormitories at a small fee. There are several good boarding houses convenient to the University where board may be had at from \$4.00 to \$5.00 a week.

The work in the summer school is given in double and single courses. A double course means that the subject is taken two hours a day throughout the session. A single course is taken one hour a day for the full session. The fees for a single course are \$5.00, for a double course \$7.00, for three single courses \$10.00, and for one double and one single course \$10.00.

Features of the Session

The summer school of 1918 is especially noteworthy in that it offers to the students many features heretofore unattempted by the University. There will be special features each week—features that are as good as found in the large Eastern universities. The first week will be music week. The seven days will be devoted to community singing and lectures on music, conducted by Professor Peter W. Dykema and M. L. Michigan, professors of music, University of Wisconsin.

President McVey will deliver four lectures on the World War, beginning Monday afternoon, June 24, at 4 p. m. These alone will be of great value, as President McVey is an eminent authority on the war, having been in touch with national figures in Washington for several months.

The feature of the third week will be a series of lectures given by E. Marion Rucker, United States assistant attorney, Washington, D. C., on the "Law of Domestic Relations."

Round table discussions on educational subjects will be held during the fourth week, beginning Monday afternoon, July 8, for the purpose of a better understanding of the Kentucky problems in secondary education, with the hope that a solution may be found thru the experience and counsel of workers in the field. Professor McHenry Rhoads, State High School In-

spector and Supervisor of Secondary Education, will be with the faculty for the entire week and will conduct the round table. Other members of the faculty will be present and take part in the discussion.

The Elsie Herndon Kearns Players in a series of Shakespeare and Moliere plays will feature the last week.

Monday evening, July 15, at 8:15, Romeo and Juliet will be given. Tuesday matinee at 3 p. m. the Learned Ladies will be presented and the Tempest will be given that evening at 8:15 o'clock.

"This great dramatic company is headed by Elsie Herndon Kearns, who played several years with the Ben Greet Players and has an international reputation as a Shakespearean actress. George Sommes, who takes the leading male roles, is well known thru-

out this country for his fine interpretations of Shakespearean characters. The teachers and students of the summer school, as well as the citizens of Lexington and the surrounding Blue Grass country, will have the rare opportunity of seeing this fine company of Shakespearean actors. Admittance will be reasonable."

UNIV. MAP IS MADE

A map of the University buildings and grounds, with a "key" to each of the places on the campus represented, has just been completed and a copy of it will be put in the University catalog which will soon go to press. The original map has been hung in the office of the President. The map shows the improvements about the campus that are being contemplated.

FIFTY COUNTY AGENTS HERE ON SPECIAL WORK

Experts Talk on All Lines Of Home Demonstration Work

McVEY SPEAKS TODAY

Fifty home demonstration agents of the State met Monday for a week's convention under the auspices of the Extension Division of the College of Agriculture, to receive special technical instruction to be carried back to the counties wherein they are employed. These women are all trained in this work and are well qualified to disseminate this knowledge among the different clubs thruout the State.

Among the speakers for the week are members of the staff at the Experiment Station and experts sent here from the Department of Agricultural at Washington. All parts of the program afford an opportunity for open discussion and the expression of personal experience and individual views. This is a closed meeting to the public, but the demonstration agents will, in the end, give to the public the valuable points of instruction which they receive.

From Washington comes Miss Mary E. Cresswell, assistant in charge of the girls club work; Miss Madge Reese, specialist in cottage cheese and the making of butter; Miss Ola Powell, specialist in fancy preserves; O. B. Martin, assistant in charge of the home demonstration work and Dr. Franz Lund, specialist in canning of poultry meats, fish and in drying. Dr. Mutchler, head of the Extension Division of the Experiment Station; Mrs. Helen B. Wolcott, State Agent Home Demonstration Work; Dean Thomas Coper, Director of the Experiment Station; and Pres. Frank L. McVey will also be on the program.

Each day of the meeting is devoted to a special subject or phase of the work that can be accomplished during the ensuing year. Monday was devoted to organization, both state and county and reports brought in by the different agents from the state. The many processes of gardening, canning and drying were discussed. Wednesday's program was a continuation of the program begun on Tuesday, and in addition some very valuable instruction in regard to poultry, its breeding, care and the prevention of poultry diseases was given.

Today the discussions will be devoted to the care of the dairy, and the making of butter and cheese. This afternoon President McVey will deliver an address. The discussion of honey, sorghum and other sugar substitutes will make up the instruction and program of Friday. Saturday morning will be devoted to the formulating of plans for county and school fairs, and the meeting will close in the afternoon, after a Round Table discussion.

HART IN THE SERVICE

Derrill W. Hart, principal of Harrison School, a graduate of the University, has been given indefinite leave of absence to enter the service. Miss Isabel Smith is his successor.

Miss L. E. Edmonds, also a graduate of the University, has been elected to take Miss Smith's place in the high school.

MORE INFORMATION CONCERNING PIPER

Captain Royden has just received a letter from Frank E. Harris, Adjutant General, concerning the status of Walter C. Piper, a student of the University enrolled in the Signal Service Corps of the Military Department of the University, and who was drafted by the local board of Fayette county. Piper was granted the privilege to continue his training at the University until the prescribed course was finished, and the following concerns his commutation:

"Pursuant to the authority from the War Department dated March 16, verbal authority directing Private Walter C. Piper, Signal Corps, to report for duty to Captain H. N. Royden, U. S. A. retired, at the University of Kentucky, Lexington, Kentucky, is confirmed. Commutation of quarters at the rate of \$15 per month will be paid this soldier and as it being impracticable to assign him to any organization for rations, the Quartermaster Corps will commute his rations at the prescribed rate of \$1 per day from date of reporting."

TWENTY-FIVE JUNIORS ON INSPECTING TRIP

Twenty-five juniors of the College of Engineering spent five days of last week inspecting shops and machine tool works in and around Cincinnati. The juniors are of the opinion that they benefitted greatly in practical experience by the trip.

The party consisted of F. Paul Anderson, R. S. Arnold, J. H. Balley, C. N. Batsel, W. S. Baugh, T. M. Bell, W. R. David, C. F. DeMey, D. R. Dudley, J. M. Eyl, G. Frankel, A. D. Hall, A. L. Kohn, J. J. Leman, E. A. Lillard, J. H. Marking, H. M. Milton, J. E. McClellan, R. S. Park, H. G. Proctor, N. T. Puckett, J. F. Shouse, C. L. Tempin, C. A. Timmer, J. S. Wallingford.

STUDENT IN FRANCE LIKES U. K. LETTER

President McVey received this week a letter of appreciation for the University Christmas letter from a former student now in active service in France. The letter follows:

"Somewhere in France,"
"March 8, 1918.

"President McVey,

Dear Sir:—

"Please let me express my hearty appreciation of the Christmas greetings which reached me only a few days ago, from the University to 'her sons in the service.'

"I was in Kentucky only in 1914-15, and went back to the University of Tennee where I finished in 1917.

"But your greetings were like 'a letter from home,' indeed. It shows that the school is also doing its best to help whip the Kaiser.

"Yours appreciatively,
"ED. L. LITTLETON."

PROFESSOR REID IN CHAPEL

Prof. O. L. Reid, superintendent of the Louisville public schools, will speak in chapel, Tuesday, November 9. This is of special interest to the students, as so many have been associated with Professor Reid in school work.

DOCTOR BOYD AT Y. M. C. A.

Dean P. P. Boyd addressed the Y. M. C. A. Sunday night on the subject, "Food Will Win the War." Dean Cooper will speak next Sunday at the regular meeting at 6:45 p. m.

SENIOR ENGINEERS ON ANNUAL CHICAGO TRIP

McVey Will Be Honor Guest At Alumni Banquet Saturday

24 MAKING THE TRIP

The seniors in the three engineering colleges of the University left Sunday night on their annual inspection trip to Chicago and vicinity. Twenty-four are making the trip, returning to Lexington next Sunday.

The party is in charge of Dean F. Paul Anderson, Dean D. V. Terrell and Prof. W. E. Freeman. Manufacturing and power plants in Chicago are being inspected by the embryo engineers and other places of interest visited.

The itinerary includes visits to the following places: Indiana Steel Company, Fourteenth Street Pumping Station, Lake View Pumping Station, Northwest Station of the Commonwealth Edison Company, Division Street Works of the People's Gas, Light and Coke Company, Union Stock Yards, Armour & Company, Pullman Palace Car Works, Sears, Roebuck & Company, Municipal Pier and other places of interest.

Saturday night the Alumni Club of the University of Kentucky, will entertain the students at the Great Northern hotel with a banquet, at which President McVey will be the guest of honor.

Those who are making the trip are: P. M. Andres, W. K. Adkins, J. A. Brittain, E. B. Cavallo, H. B. Clarke, J. W. Cooper, R. M. Davis, E. R. Dearborn, D. R. Ellis, E. B. Fleming, J. J. Flocken, K. W. Goozman, J. M. Hedges, Jr., Hall M. Henry, S. Hudson, G. L. Jackson, H. J. Kolbe, C. E. McCormick, W. D. McDougle, J. D. Maddox, H. L. Milward, C. Nicholoff, H. Parks and B. B. Russell.

AMERICAN ARTISTS GET CREDIT ABROAD

A very entertaining and interesting lecture was given Thursday evening in the Education Building by Dr. J. J. Tigert, on the subject of Art. Pictures from the French, German, Italian, Scottish and American schools were hung about the room and as Doctor Tigert spoke these were used in illustration.

The American artists were of especial interest. The fact was emphasized that foreign schools give these men more credit than they are given even in their native country. Most of the Americans studied abroad, but something distinctly American in its freshness and color remains to make the men of this country differ from their masters.

Dr. Tigert predicted a great future for art in America and a right of way for the coming painters of the land, whether it be in landscape or portrait work.

LOOMIS NOW CAPTAIN

John Frederick Loomis, instructor in the Department of Physics, 1916-17, now in regular service in the American army in France, has recently been promoted to the rank of captain. Loomis went over Dec. 12, as First Lieutenant, Coast Artillery Corps, and now as captain, has charge of a battery of heavy artillery on the western front.

MUSIC FEATURES TWO "Y" EASTER SERVICES

An Easter musical service was held Sunday night at the Y. W. C. A., and the new appointed choir sang several beautiful selections. Miss Margaret Yarbrow, the chairman of the choir led the meeting. Miss Mary Beall, chairman of the Social Service Committee, will have charge of the meeting next Sunday, the program will be "The Eight Week Club."

The girls who had charge of clubs last summer will describe their work in the attempt to interest others along that line of endeavor. Classes will be started next week for the training of the prospective leaders, and it is hoped that every girl who can have a club this year will attend the classes.

Early Sunday morning following its usual Easter custom the Y. W. C. A. held a song service. Miss Eliza Piggett led this service.

EASTER PARTY AT THE HALL

Fifty children of Lexington made merry Saturday afternoon, at the annual Easter party given for them by the girls of Patterson Hall under the auspices of the Social Service Committee of the Y. W. C. A.

The usual custom is to have an Easter egg hunt, but for patriotic reasons this was converted into a peanut hunt. The party was a decided success, despite the absence of the usual Easter tokens.

INCONGRUVALITIES

Before the curtain is raised on the stage of the Opera House Friday night for "Mice and Men," the 1917-18 Stroller play, the Kernel, in behalf of the dramatic organization and the entire student body, again urges each faculty member to attend the show. The enterprising business managers of the Strollers have mailed tickets to the professors. Is it asking too much to urge that our own instructors attend our own play and thus not only help to swell the receipts but also encourage its players?

In the last few years Stroller plays have incidentally meant occasions when all the vigor, vim and enthusiasm stored up during the hibernating period, has found outlet. This year will supply no exception to the rule. Tickets have been selling fast. A University night, a big University night, with joy unrestrained, is forecast for "Mice and Men."

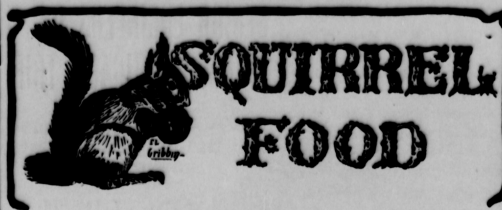

Fountains, fountains everywhere and not a drop of water. Hot weather and dusty days are just apace. The class of 1918 won the Golden Jubilee parade prize of \$100 last fall a year ago, and with the money, erected a fountain at the northern end of the Administration Building. It is, of course, understood that the Kernel considers their gift to the University beneficent, but like a prominent member of the class, the fountain is as useless without water as that man is miserable without speech. It is the desire of the Kernel, therefore to see that both wants are speedily supplied. Pipe the fountain for water and let the senior make a speech.

It is here and here it is—spring fever. It produces a sluggish, tired feeling that is at once ambitionless, inspirationless, and a check to good work. When it becomes prevalent upon the campus there is a let-up in all things but one, and that thing is loafing.

None ever become hardened enough to be entirely free from infection. It is, as the logician would say, casually connected with green grass, with the smell of the earth as its surface dries after a gentle rain.

These few lines are in the nature of a warning. Classwork is at a critical stage. No one should loosen his grip.

The new inspector of buildings and grounds will arrive April 8, and take up his work at the University of Kentucky. No institution ever needed intelligent attention in this field more than this institution. Buildings are in bad repair; grounds are allowed in many instances to become unsightly. Class rooms need reappointment and refurbishings and the entire campus needs general overhauling. With the new era of activity into which the University is entering, the work of no man in the clerical forces is more imperative than that of the Buildings and Grounds Inspector.

Economics Prof.—"Define the ultimate consumer."

Bright Light—"The man that gets the hash."

She's mad with Hubby,
No joking,
The light of her life
Is smoking.

The Woes of Women.

First Girl—"What's the matter?"
Second Girl (Sobbing)—"My eyebrows have gone out of style."

More Camouflage.

This camouflage is awful
'Twould aggravate a saint
Why girls even spread the powder on
To cover up the paint.

Don't waste your time reading this stuff if you want to laugh. Come to "Mice and Men" and see Fred Augsberg try to play the gallant.
P. S.—Sure, we get paid for this.

"Look pleasant please," said Spangler to the more or less fair senior.
Click.

"It is all over ma'am. You can now resume your natural expression."

Foiled

Did you ever fall for a stage beauty?
Did you really quite lose your head?
Did you forget all your marital duty,
And wish that to her you were wed?
Did you think that no one else mattered?
For all others you'd ne'er give a fig!
And then—were your hopes all shattered
When the impersonator pulled off his wig?

Speaking of tragedies—what about the man who forgot to set his watch up Saturday night.

There are metres iambic and metres trochaics,
There are metres of musical tone,
But the metre that's sweeter, completer and neater,

Is to meet her in the moonlight—alone.

The little girl had attended her first Easter service in the Episcopal church. When they reached home her mother asked her if she understood everything.

"Yes," she replied, "but I would like to know more about the Pompous Pirate they were all talking about."

ROOKIES SHOULD HAVE EXPERT MAKES PLANS COURSE IN HOME EC FOR IMPROVED CAMPUS

One week's confinement to the barracks for failure to make up his bunk in the latest approved style is the sentence that was meted out to a member of Base Hospital Unit No. 40 and said member is this week serving the sentence.

The man referred to graduated from the University in 1916, was a fellow in English at the institution the next year, and up to the time the unit was called into service he was engaged in newspaper work in Lexington. A member of the unit who was in Lexington this week, said the Maysville lad is confident he will know all about housekeeping before the war is over.

COP ENJOYS COMEDY BY STROLLER STARS

"Almost Jugged," or "All for the Strollers," was the name of the little drama staged by Lee McClain, stage manager, Milton Revill, Grover Creech and Gus Gay. The place was the corner of Main and Broadway, the time was 12:03 a. m., Tuesday, and the critic was a Lexington cop.

It was the consensus of opinion among the amateurs that their act deserved praise rather than censure, but the cop had evidently had much theatrical experience and also knew something of college boys. At any rate, he forbade the nailing of posters on telephone posts.

The denouement was developed in the conversation that occurred on the way to the "cooler." Complications in the play were completely resolved when the Strollers agreed to buy the guardian of the laws a nice round drink of "Bock on Tap," at 12:03 a. m. Wednesday.

President McVey at the last meeting of the Executive Committee, was authorized to communicate with some landscape gardening concern with the idea of beautifying the campus. The firm of Olmsted Brothers, Brookline, Mass., among the foremost landscape gardeners in the country, sent a representative to the University last week, to get data from which plans will be made for campus improvement. These will be submitted to the Executive Committee for approval before any active steps are taken.

Olmsted Brothers laid out the World's Fair grounds at the San Francisco Exposition. This firm also made the plans for Woodland Park in this city.

NEW RUSSIA SUBJECT AT LITERARY SOCIETY

The Horace Mann Literary Society discussed the new Russia Thursday evening, March 21, at its regular meeting, in the Education Building. Miss Frances Graham gave a short talk on the life of Kerensky, and Miss Marie Collins told about the "Battalion of Death," Russia's legion of heroic women.

After the program Professor James made a few remarks on what the society could mean, and Professor Baker gave a short talk on the importance of affairs of the day to college students.

PROF. DONAVAN IN WAR WORK.

Prof. H. L. Donovan, who is connected with the Louisville public schools, a graduate of the College of Arts and Science in 1914, has enlisted in the United States army, and has been sent to Fort Oglethorpe, Ga., for two months' training as a psychological examiner.

AG. GRADUATE TAKES UP NAVAL TRAINING

A letter has been received by Prof. J. J. Hooper, head of the department of animal husbandry, from E. H. Ramsey, State Director of Dairying for Tennessee, who is a graduate of the College of Agriculture here, stating that he had resigned his position to enlist in the marine corps, and will leave this week for Paris Island, N. C., to enter training.

After his graduation at the University, Mr. Ramsey entered cow-testing work in Tennessee and after the creation of the post of dairy director was created by the Tennessee Legislature, he was appointed to the office by the governor of the state.

His letter follows:
"March 23, 1918.

"Prof. J. J. Hooper,
"Lexington, Kentucky,
"My Dear Prof. Hooper:

"I have been intending writing you for some time, but pressing duties have not permitted my doing so sooner.

"I have felt it the call of duty to resign my position as Dairy Commissioner of this state in order to serve with the colors, with the other descendants of a liberty loving, patriotic ancestry, for a cause which is no less than the liberty, of not only those we love, but humanity.

"I feel well pleased with the results we have been able to accomplish in the short time we have been in this state, and I fully appreciate the fact that the credit for these results is due yourself and the other members of the Agricultural faculty at Kentucky, in a large measure.

"I have enlisted in the Marine Corps and will leave Nashville next week for Paris Island.

"Assuring you that I appreciate very greatly past favors and hoping that I may be able to meet you after the cause of Humanity is won, I am with fond regards,

"Very sincerely,
"E. H. RAMSEY,
State Dairy Commissioner of Tenn."

IN ORDNANCE DEPARTMENT

Miss Esther Rider, graduated from the College of Arts and Science in 1916, has accepted a position as Filing and Index Clerk in the office of the Chief of Ordnance. Miss Rider was formerly a teacher in Cynthiana High School.

INSPECTOR SELECTED

A. O. Whipple, Grand Fork, N. D., selected as Inspector of Buildings and Grounds for the University by the Executive Committee, will arrive April 8, to take up his duties here. Mr. Whipple was formerly superintendent of buildings and grounds at the University of North Dakota.

INTER-MURAL GAMES BEGIN

Inter-mural baseball practice will be held every Monday and Thursday afternoons beginning next week. All students are eligible and Daddy Boles wants a team from every college. The bats and balls will be furnished by the athletic committee and the accoutrement of a catcher will also be provided.

WILSON HERE ON FURLOUGH

Eugene Wilson, former business manager of the Kernel and the 1918 Kentuckian, a member of Good Samaritan Base Hospital Unit No. 40, left last night for Camp Zachary Taylor after a short furlough spent with friends here.

AG. COLLEGE PLANS FOR BOYS' RESERVE

The College of Agriculture of the University, thru its extension division, has worked out a plan for placing with farmers during the coming crop season as many boys between the ages of 16 and 21 years as can be gotten together thru the efforts of the Boys' Working Reserve in the State of Kentucky.

The State, district and county agents, with a leader located at Lexington, are being organized under a specific plan which is expected to get positions for these boys in the Boys' Working Reserve with the farmers of the State, and it is hoped that thru this organization the best possible adjustment between the laborer and the employer may be brought about.

If the farmers will avail themselves of the opportunity here given, some additional labor can be utilized in agriculture this year, and valuable training and experience may be gained by members of the Boys' Working Reserve.

400 DRAFTED MEN

(Continued from Page One)

the eight-weeks' course, of eight hours a day, can be completed.

They will be trained for motor truck drivers, which are badly needed in France now; for electricians, buzzer and radio operators, carpenters, and other special technical work.

The equipment for the training, Mr. Carman said last night, would include one motor truck for each group of twenty students, or a total of ten trucks, since the need for truck drivers is so acute that it is the hope of the War Department to have at least half of the students, 200, take that training. These will probably be sent overland by the War Department.

There will be an instructor assigned to every twenty students.

Men To Be Trained

Mr. Carman said that he did not know where the men who would be trained here would be sent from, or whether or not they would be Kentucky men. Similar training centers have been set up in other parts of the country already, many of which were scheduled to start April 1. In most of these the men were sent from other states than that in which the camp was located, and for that reason he believed they would be sent from a state other than Kentucky.

Altho the camp is primarily for men in the draft, Mr. Carman said, it is probable that men under 21 and over 31 would also be accepted if they desired to take the training and see immediate service in France. Entrance would be thru the regular enlistment channels, as the men being trained will be just as truly in the army as those in the camps in this country, and in the trenches of France. They would be housed together, rationed along military lines, and will be at all times under strict military discipline.

PEAK GIVEN DEGREE

At a meeting of the University council Friday afternoon it was decided to grant a degree to T. Ellis Peak, a senior in the College of Mechanical and Electrical Engineering, who was called to report at Fort Monroe, Va., Monday for service in the coast artillery. Mr. Peak was enlisted in the University engineering reserve corps, and is the first member of that corps to be called into military service.

McVEY WILL ADDRESS K. E. A. IN LOUISVILLE

Education Majors May Attend With Permission

PATRIOTIC PROGRAM

President McVey will be one of the principle speakers at the forty-seventh annual session of the Kentucky Educational Association, which will be held in Louisville, April 24 to 27. Students especially interested in education will be permitted to attend this meeting with the permission of the deans of their departments.

Headquarters will be at the Seelbach, and teachers or members who go without making reservations for rooms are requested to present themselves at the office of the secretary at the Seelbach. All general sessions except the one of Wednesday afternoon will be held in the auditorium of the Louisville Boys' High School. An Entertainment Committee has been appointed and will be on hand to look after those persons who may desire apartments in private residences.

Wednesday afternoon the visitors will be guests at Camp Zachary Taylor. Major General Harry C. Hale has offered a squad of soldiers, who will act as guides to the teachers and their friends and show them over the camp grounds. A band concert will be given at the camp on this afternoon by the soldiers. Visitors are requested to be at the camp not later than 2 o'clock on this afternoon.

On the same evening at 8 o'clock a special patriotic program has been arranged for the Liberty Theater at Camp Zachary Taylor. Major General Hale will welcome the teachers and their friends to the camp. Hon. Herbert Quick, of the Federal Farm Loan Board, Washington, D. C., will speak on "Education and the Way." At this entertainment soldiers will have charge of the music.

Some of the speakers and the subjects they will discuss on the general program are as follows:

Education and the Way—Hon. Herbert Quick, Federal Farm Loan Board, Washington, D. C.

The Public School the True Melting Pot of the Nation—Superintendent M. A. Cassidy, Lexington.

Woman's Work Under Present War Conditions—Mrs. Henrietta Calvin, Washington, D. C.

The Duty of the Commonwealth—President H. H. Cherry, Western State Normal School, Bowling Green, Kentucky.

The Place of the State University in the Development of the Commonwealth—President Frank McVey, University of Kentucky, Lexington.

Doubling School Efficiency by Home Co-operation—Mrs. Frederick Schoff, President Mothers' Congress, Philadelphia, Pa.

A Practical Program of the Patriotic Instruction—Dr. W. Owen, president Chicago Normal School, Chicago, Ill.

Education For Democracy—President W. A. Ganfield, Centre College, Danville.

The French Schools as Seen by an American—Dr. John H. Finley, Commissioner of Education, New York.

The French Children at School in War Times—Mlle. M. Clement, Norman School, Nancy, France.

7,000 BOOKS RECEIVED FOR MEN IN SERVICE

More than 7,000 books have been received for the soldiers and sailors in the book campaign waged last week. It is gratifying to know that "Little old Lexington" is doing its bit in keeping pace with Louisville in the drive, the number of books received there last week being just about the same as here.

The students and faculties of all the schools of the city have done their part in this important phase of war work. The University has given many volumes of all kinds, ranging from the latest fiction to treatises on physics and astronomy and University students have cheerfully spent hours of service at the book headquarters in preparing the books for camp library use. These books are to go to the camps nearest here.

If every city has done as well as Lexington, the libraries for the soldier boys will be well stocked, which means that the boys will spend more time in real entertainment and will feel less the lonesomeness of the busy cities around them.

Students who have not already done their part, can do it now, for the workers expect books to be brought in this week also. Contributions should be taken at the University library whence they will go with the grand total for the campaign from Lexington.

PROBE COMMITTEE AGAIN HEARD FROM

President McVey has received a letter from Thomas F. Kane, President of Olivet College, Olivet, Michigan, in which Doctor Kane congratulates the President and the University in the successful passage of the Appropriation Bill granting the University the needed increase in income.

Doctor Kane, a member of the Advisory Board, which last summer made the recommendations for improvements which have so greatly benefited the University, says:

"It is a good State and they have the right kind of people down there. The best people in Lexington and throughout the State, so far as we could learn, are genuinely interested in having the University what it ought to be. I believe you have as interesting a problem and as promising a future now as any university in the country."

DEBATE AT LAW SOCIETY

At the regular meeting of the Henry Clay Law Society Wednesday, important matters pertaining to the promotion of better law and better lawyers in Kentucky were discussed. A debate between four promising young lawyers in the University followed, on the subject, "Resolved: That Church Property Should be Taxed." The affirmative was upheld by H. H. Green and J. P. Barnes; the negative by Bryon and Denker.

PROF. C. C. FREEMAN TO SPEAK

Professor C. C. Freeman, of Transylvania, will give the second of the series of lectures which the English Department is conducting this afternoon in the Y. M. C. A. rooms. Professor Freeman will speak on Charles Lamb. All the students and friends of the University are invited, and it is hoped a large attendance will greet the visiting lecturer.

CO-ED CORNER

PATT HALL PERSONALS

Those who returned to their homes for Easter were: Misses Adele Slade and Ada Hardesty, Cincinnati; Misses Gertrude Wallingford, Thelma Wright, Louise Smiser and Minnie Jameson, Cynthiana; Misses Mildred and Marie Collins, North Middletown; Misses Mayme Storms Dunn, Florence Johnson and Edna Berkele, Lawrenceburg; Misses Margaret Downing and Bess Parry, Maysville; Miss Birdie Peak, La Grange; Miss Katie Henry, Carlisle; Miss Austin Lilly, Richmond; Miss Frances Hart, Berry; Miss Amelia Volers, Butler; Miss Nancy Buckner, Shelbyville; Miss Elsie Potter, Somerset; Miss Eliza Clay Mason, Paris; Miss Norma Rachal, Union; Miss Isabelle Dickey, Walton; Miss Lena Clem, Bedford.

Miss Katherine Megibben has been at her home in Cynthiana for some time. She is now boarding on Maxwell street.

Misses Mary Heron, Sarah Harbison and Eliza Piggott spent Sunday the guests of Mrs. Shelby Harbison.

Mrs. G. W. Oglesby spent the week-end the guest of her daughter, Miss Kathleen Oglesby.

Miss Elsie Speck, Paducah, is attending the Food Administration Convention this week.

Mrs. Owen Ratliffe was the guest of her daughter, Miss Fan Ratliffe, Friday.

Miss Bernice Young was the guest of Mrs. Mary E. Alexander, Ellsmere Park, Monday.

Misses Mildred Graham, Kathleen Brand, and Zerelda Noland were guests of Miss Ruth Mathews, Sunday.

Mrs. Wm. J. Figg was the guest of her daughter, Miss Logan Figg, last week-end.

Miss Sue Thornton, Oxford College, visited her sister, Miss Roberta Thornton, last week-end.

Miss Elizabeth Card was the guest of Miss Myrtle Bailey on Maxwell street, Saturday.

Miss Jackie Hall, Cynthiana, was the guest of Miss Elizabeth Pickett last week-end.

Miss Roberta Blackburn was the guest of Miss Elizabeth Murphey last week-end.

Miss Sal Henri Coleman spent last week-end visiting her sister, Mrs. E. B. Taylor, in Cincinnati.

Mr. T. B. Pannell, Frankfort, was the guest of his daughter, Miss Evelyn Pannell last week-end.

Mr. Stephens, Williamsburg, was the guest of his daughter, Miss May Stephens Monday.

Miss Doris Jennings spent the first part of the week in Louisville visiting.

Miss Irene Smith and Mrs. S. Owens, Cynthiana, were guests of Misses Thelma Wright and Gertrude Wallingford Saturday.

Miss Virginia Shanklin spent the week-end in Richmond the guest of Miss Kathleen Sullivan.

Miss Anna Katherine Told spent last week-end in Nicholasville, the guest of Miss Mary Stuart Berryman.

WEDDINGS

HOTTES—GILBERT

Mr and Mrs. Charles Hottes announce the marriage of their daughter, Mary Magdalen Hottes, to Professor A. H. Gilbert, at 5:30 this afternoon at the Second Presbyterian Church.

Professor Gilbert has been at the head of the Department of Botany of the University for several years. He is on leave of absence this year to do government work as a member of the Horticultural Board of the Department of Agriculture at Washington. Miss Hottes is a member of the corps of Extension Division workers at the Experiment Station. They will leave immediately after the wedding for the East, where they will spend their honeymoon. Later they will go to housekeeping in Washington, D. C.

Professor J. J. Hooper, head of the Department of Animal Husbandry, will be best man at the wedding this afternoon.

GINN—JOHNSON

Miss Eloise Ginn, a former student in the University, was married in Los Angeles, Cal., recently, to Mr. Sheldon Kalg Johnson, of Los Angeles.

"K" DANCE SATURDAY

The "K" dance given last Saturday night in the Armory was a decided success. The Armory was decorated with plants, flags, and the University colors. An orchestra furnished the music and the hours from eight to twelve were enjoyed by several hundred guests. Receiving were the staff of the Kentuckian and Dr. and Mrs. McVey, Dean Hamilton and a number of members of the faculty.

MORTON HIGH DANCE SATURDAY

The Morton High School Club will entertain with its annual dance in the Armory Saturday afternoon.

ORPHAN COSTUMES TO GO TO THE BELGIANS

The costumes that will be used by the ten orphans in "Mice and Men," will be sent to the Belgian orphans as soon as the show is over. The profits from the show will be invested in Liberty Bonds, as was done last year. Each member of the cast is owner of a Baby Bond or a Thrift Stamp.

Miss Madeline Feigel is confined to the annex with mumps.

Miss Florence Brown spent the week-end the guest of Miss Florence Johnson at her home in Lawrenceburg.

Miss Mary Helen Whitworth spent the week-end in Cynthiana, the guest of Miss Minnie Jameson.

Miss Emma Feigel, Rockport, Indiana, was the guest of her niece, Miss Madeline Feigel last week-end.

Miss Elizabeth Murphey went to Winchester, Wednesday, to visit her uncle, the Rev. John R. Peoples, who is very ill.

Miss Lois Powell spent the week-end at Lawrenceburg the guest of Miss Edna Berkele.

APRIL FOOL PARTY IS GIVEN AT PATT HALL

Second "Manless" Dance of Season is Huge Success

FOR UNIV. RED CROSS

The second "manless" dance of the season was enjoyed by the girls of Patterson Hall, Monday night. This dance was in the nature of an April Fool party, planned for the benefit of the University Red Cross Unit, by Misses Mildred Collins, Fan Ratliff and Cella Gregor.

Admittance to the party was twenty cents, and each guest was asked to wear a dunce cap. Prizes were announced for the "tackiest" costume and the person "acting the biggest fool." The noble efforts to win these prizes created much amusement, especially when it was learned that the prizes were an April Fool joke, and did not exist.

Refreshments were served thruout the evening. The delightful punch consisted of one lemon, one orange, several "whiskey killers," and three gallons of water. The confections had a delicious outside coating of chocolate with onion, red pepper, or cotton middles. Real chocolate ice cream cones which were served at intermission were suspected of having some hidden fault, but further research proved their excellence.

The party Monday night filled two needs—it gave the girls of Patterson Hall another "memory," and added another "bit" to the treasury of the University Red Cross.

JUNIORS ENTERTAIN'D BY STAFF AND CROWN

The active chapter of the Staff and Crown, the senior girls' honor fraternity, entertained Friday evening at Patterson Hall with a delightful party in honor of the girls of the junior class eligible for membership.

The hostesses were: Misses Frieda Lemon, Lella Galt, Alleen Kavanaugh and Cella Gregory. The guests of honor were Misses Mildred Graham, Austin Lilly, Eliza Clay Mason, Marion Sprague, Virginia Graham, Mary Beall, Elizabeth McGowan, Julia Burbank, Marie Collins, Eliza Piggott, Ruth Duckwall, Dorothy Walker, Louise Stevenson, Ila See, Frances McConnell.

The party was given in the recreation hall which was decorated in yellow and white with jonquills and hyacinths. A game of five hundred was enjoyed and the prize for highest score, a bunch of red roses, fell to the lot of Miss Marion Sprague. The prize for lowest score, an Easter favor, was presented Miss Julia Burbank. Supper was served at the close of the evening.

The other guests were Miss Crane, Miss Pickett, Miss Linda Purnell and Miss Mable Pollitt.

BIDS FOR THE PROM MONDAY

D. R. Dudley, treasurer of the Junior class, will be in Dean Melcher's room in the Main Building every day next week at noon, beginning April 8, to issue bids for the Junior Prom. Dues may be paid to him then.
