

Farmers' College College Hill Jan, 28, 1850

Dear Sir

I have just received your letter and in answer for your guarantee in writing me how to answer I answer the last without delay, notwithstanding I have many and pressing duties to perform this week. We: I have to write two compositions one for class the other for Junett Hall, and read the life of some one great man in the U.S. and make an oral recitation of the same on Wednesday morning. Besides having four recitations on each day. You see I am in for it - and more than that I intend to perform all the duties mentioned. As this is Monday night, I was ~~also~~ much inclined to delay writing your letter, but I cannot do it for I will not have a minute's leisure time before Saturday, and then on that day at 8 A.M. I am off for the city till 10 P.M. Monday. The letter you sent me was from John, who expects to be in Marquette soon this month. Being when he wrote on the point of resigning on account of his health - he wishes to know what has become of you whether dead or no - what - doing &c. I am getting along as well as could be expected and am pretty confident that I am not wholly throwing away my time - There is some

encouragement for a young fellow at this institution
two or three old Seniors don't out the day - I don't
make any allusions to Manila - not at all -
I have been to see Mary Ann but once since
her return - she was then in good health and
spirits - Mel Dary has had a slight taste of
the Varioloid - so Mary Ann writes - I suppose that
he was scared about $\frac{1}{2}$ to death - I was almost
afraid to go round to see the royal family - fearful
of getting into a difficulty - for there wears very
loose wrappers - they have been so friendly as
friendly can be - and to tell the truth about the
matter it really does me good to see them now
and then, and enjoy the old Gentlemen's society
very much - I run up to his tricks, always when
he endeavors to make sport of me I generally
continue to turn the joke as much as possible,
and this in fact is the only way of keeping up
with him - George is going to the Academy
but boarding with a pretty hard set of fellows
and as a natural consequence don't study too much
I am afraid that he will never get out of the
Academy - he don't seem to have a spark of
ambition - I don't think that I can find a
young lady here to suit your fancy - for there
are none that I admire, although some are
good looking - I hope you will come down
some time and look for your self - There
will be a public examination at the "Old

Journal College Hill in two weeks from to morrow
Farmers College will attend of course - I have
not been to G. Hanna's for six weeks - the last time
I was there it was to see Old lady Ellison and eat
Christmas dinner - But the "Summum-bonum" of
the whole was that I made my call at a very
short time after a very particular time and conse-
quently did not tarry a great while - Who is going east
in the Spring father told me last spring that I
might employ "one" of the next crowd - have you
any stuff up there that will make good looking
punks - if you have send them along - for it is
confounded expensive business purchasing them in
the city - My expenses are now beginning to
assume rather a formidable appearance -
I think I will get the value of my money in
full - The Ohio River is visible from my window
My Daily says that there is every prospect of a
general flood - Jan March Knight B.V. Sumner and
Mr. & Mrs. Cutler's Kaying Rock among yesterday
arrivals - My Session will be out about the last
Thursday in March - When I hope to visit "my
childhood's home" in a moment - You must endeavor
to be at home and prevent my being shot with
a whole lot of shot guns - Revolvers &c. if possible -
Give my love to my today's girl - Mr. Wilson returns
his respects with ten fold warmth - Write to me
soon but for God sake don't direct to Carey's Academy
from your brother Means

Dear Brother

I have come to the conclusion that I owe you a letter, as I've not received any from you for so long. I have not been at Uncle Sinton's to stay all night for several weeks, but was there a few minutes Saturday. Uncle had had the varieloid, but very slightly. Will will be in Saturday morning & then I shall go with him to Uncle Sinton's & stay all till Monday. I received a letter from Mary Anne Ellison this evening, she said Bell would go home in two weeks. It has been delightful weather for the last two or three days. Miss Cove has recovered her former health, but Mr Bachus is still in her room & the girls think he is rather tyrannical. A new term will commence in February, when the school will be considerably changed from it has been, several girls are going to leave ~~the school~~

and two teachers, a music, & drawing teacher I shall
then take music lessons from a gentleman &
learn to sing. You spoke to me about reading when
I had leisure time. but I do not have any except
on Sundays. It is true I have an hour every ev-
ening, but that is the hour we dance or make
tableaux & charades. I have not heard from
home since I left, but I hope you will not
be like them, but write often & you may
be sure your letters are always welcome.

Dora Parkham begs me to give her best love
to you, Mary Caswell also sends her best love to
you & returns the kiss. Kate says to tell you
that she is the sister of Doc & if you know any
thing about him you do about her only in
face which she considers herself more hand-
some & not much walter, she sends her love to
you. I am very well with the exception of a sore
finger, but it does not pain any. Write soon

Your affectionate Sister
Mary A Means

ODE,
WRITTEN ON THE OCCASION OF THE
THANKSGIVING FESTIVAL,
AT SACRAMENTO CITY, NOV. 30th, 1850.

Air—"Auld Lang Syne."

New England Hills, New England Homes,
We breathe our song to you;—
The peaceful roofs—the sunny domes—
The friends whose hearts are true.
New England Hills, New England
Homes,
We summon you to view;
However far the truant roams,
Thought lingers back to you.

We hear the sweet New England Bells
Ring forth their Sabbath peals;
From hill to hill the music swells,
And o'er remembrance steals.
New England Hills, New England
Homes,
We summon you to view;
However far the truant roams,
Thought lingers back to you.

We see our homes in quiet lie
Among New England's hills;—
And memory of the days gone by
Our song with sadness fills.
New England Hills, New England
Homes,
We summon you to view;
However far the truant roams,
Thought lingers back to you.

I mentioned to you in my last letter that I
had been furnished with a ticket to the grand
New England dinner to come off here on Thursday evening
Evening. I attended it, & we had a great time -
About 100 New Englanders sat down to a splendid sup-
per, & after the cloth was removed & the wines but as we
had toast in abundance - humorous & entertaining -
In course of the evening the song as this sheet was sung
It was written by the Editor of the Transcript here & prin-
-ted at that office - The bill of fare was printed as
pattern & I will try to get one to send you -

Direct my letters in future to care of Doct.
