Tompkinsville, Kentucky  
July 3rd, 1927.

Mr. R. G. Railey  
Forkton, Ky.,

My Dear Mr. Railey:-- Just a few lines for your information.

regarding the Mr. Carpenter who claims to be representing an Oil Co. in Oklahoma:-- I have learned that he is only employed by Mr. Chas. Coe and is working that bluff just to get some acreage for Mr. Coe. I don't think they can get any thing I want unless it is Mr. Woods lease and I doubt if they can get it.

I had a letter from Mr. Samson telling me that he was too busy to do any thing with the East Fork proposition any time sooner than August. Am very sorry to learn that as I fear he is trying to get away from it. I answered it and told him it would fit in with my affairs very nicely on account of the contract I have and that I thought it would work out just right. If he should conclude to not help us out I'll be in good shape by then to go ahead and drill it myself. Truly I think it a better and less expensive proposition to drill on the Lane and Adams leases and about as sure shot for oil as East Fork.

I have sure had a hot time of it this week. I have been over to Scottsville loading two drilling outfits out. Got along just fine but the heat was terrific.

Here is best wishes for you and your people and I hope to hear from you in the near future.

Yours Very Sincerely

Hon. R. G. Railey,  
Forkton, Ky.

Dear Senator Railey:

Your good warm letter of Feby, 17th, just received. I am deeply grateful to you for your ever abounding interest in my welfare.

I am engaged in the practice of law now, have all the work that I can hold in my outstretched arms. And while there is nothing more fascinating to me than the game of politics, I do not think that I will be a candidate this year. Kentucky is in great need of the very best brain she can get in office, in every branch of the State Government, Legislative, The Judicial and the Executive departments need men of ability, of character and nerve, And I hope we may have a ticket of this kind of men to vote for this fall.

Any time that I can serve you in any way, notify me. Thanking you very much for your many favors, wishing you success and happiness, I remain

Your good friend,
