Announcement.

THE Colored Agricultural and Mechanical Association, of Lexington, Ky., will hold its Thirty-eighth Annual Exhibition September 10, 11, 12, 13 and 14, 1907, on the beautiful grounds of the K. T. H. and B. Association. Lexington and the Blue Grass country extends a cordial welcome to the citizens of Kentucky and adjoining states to this great exhibition of Live Stock, consisting of mules and jack stock, beef and dairy cattle, sheep, swine, poultry and products from garden and farm. Every department and class will represent the best in its line to be seen at the fairs this season.

Floral Hall will contain a most interesting exhibit of every sort of womans' work with an art display and other features. The speed program is complete with an extensive racing feature true to a Kentuckian's heart. Mr. Booker T. Washington has been invited to be the guest of the association and the indications are that we shall see the largest crowd ever assembled on our grounds during the meeting on that day. The Eighth Regimental Band of Chicago, will furnish music for the meeting. This organization is composed of about thirty first class artists and ranks as one of the best bands in America. There will be several big free attractions, which have never appeared in the State before, to delight the visitors. Wm. G. McKinney in the most sensational act ever attempted by man - Shooting and leaping the Double Death - Gap Flumes and Loop - will be seen twice daily. Other interesting free attractions, besides a large number of shows, merry-go-round and other amusements for young and old, will entertain those who attend. Boyton's Canine Circus of performing dogs is another free attraction which will delight the children. Every precaution will be taken to preserve the best of order and secure to all who attend the best time of their life. Come meet your friends at the Fair. Rates one fare plus 25c for round trip. The management desires to thank every one who has contributed in any way to the success of our meeting especially those who contributed so liberally to our premium list. Wishing all a good time, again you are welcome.

DOGS.

We have learned from past experience that it is quite a hardship upon parties who wish to show their dogs to have to bring them out in the morning and perhaps keep them on the grounds until, very often, late in the afternoon before their rings are called. To avoid that we will arrange to have the dog rings called at one o'clock. We hope the entries will be made before that hour.

CHILDREN'S DEPARTMENT

All articles entered in this department must be the work of children under 15 years old. Feeling satisfied that children of this age would stand a poor chance in competition with older and more experienced persons, we have established this department for their benefit. Parents and guardians should encourage the little folks in this department by assisting them in getting together articles suitable for their ages to exhibit. Premiums awarded in children's displays will not be given where it is shown that it is not their own work.
