48. Florida State	-.20	97. Oklahoma State	-1.87
49. Washington State	-.31	98. Rice	-1.91

DEADLINES FOR 1979/80

Travel reimbursements for the FY 79/80 must be in to Administrative Services July 3 so that we can meet the University's closing schedule. Travel received after that deadline will be charged to FY 80/81 funds.

TRAVEL REGULATIONS

If you are claiming a registration fee of over \$75, you must have a preprinted brochure. If the agency did not issue a brochure, you must supply the name, address and phone number of the person to contact who can verify the registration fee. This is in addition to your registration receipt.

ABOUT THESE ANONYMOUS NEWS NOTES TO THE GREEN BEAN

PLEASE sign any stories that you wish to appear in the Green Bean. While the editor might make an educated guess as to the author's identity, it is a nuisance not to be able to go directly to the responsible source if a question has to be asked about the story. If you wish to remain anonymous, add that request to the item and it will be adhered to strictly!

CHEMISTRY-PHYSICS LIBRARY CLOSING

The Chemistry-Physics Library will be closed Thursday June 12 through Wednesday June 18. All items reposing on the carpet have to be removed in preparation for laying new carpet on Monday, June 16 and then replaced when that job is completed. We know that this is a bad time at the beginning of summer school but the people in the carpet laying department were forced to schedule it this way.

Ellen P. Baxter

THE ACADEMIC LIBRARY CONSULTANT TRAINING PROGRAM 1980/81

The purpose of this program is to provide the opportunity for outstanding librarians to develop skills in identifying and diagnosing library problems, study theory and concepts of library training and consultation, gain experience in the consultation process, gain an operational understanding of Office of Management Studies (OMS) self-study procedures and their applications, and to increase skills in facilitating groups engaged in problem solving.

All training is conducted on a complimentary basis, and consultants will be reimbursed for travel and maintenance costs during the 6-12 month training period. Deadline for application is July 31, 1980.

Application forms are available from Office of Management Studies, Association of Research Libraries, 1527 New Hampshire Avenue, N.W., Washington, D.C. 20036.

A QUOTE FROM RUDOLPH KOCH (PRINTER)

There can be no other way and no other aim but that we should all carry out our simple daily tasks with all the seriousness and quiet faithfulness of which men are capable.

FROM SOLINET NEWS RELEASE

The annual SOLINET meeting was held in Atlanta May 8-9. Its official theme was "The Role Of A Regional Network."

To implement SOLINET's intention to develop a regional support system, four steps have been taken:

1. The network has negotiated a contract with OCLC, Inc. that allows for network development and provides for a communications processor to be installed at network headquarters by September 1, 1980.

2. SOLINET has negotiated a contract with the Washington State Library Commission to use the Washington Library Network (WLN) system as the basis for the new regional system. The WLN software will be adapted to handle a larger workload and meet the specific requirements of the SOLINET membership.

3. SOLINET has acquired larger quarters that will house the growing data center and staff needed to develop and operate the Regional Support System.

4. The network has arranged a contract with Burroughs Corporation that will provide hardware and software conversion for the project, yet limit SOLINET's risk and financial liability.

It was at this meeting that Paul Willis was elected to the SOLINET Board of Directors.

Formed to serve libraries in the ten southeastern states, SOLINET is a non-profit cooperative that provides library automation services and products to over 225 members.
