ARMY SERVICE FORCES  
NEW YORK PORT OF EMBARKATION  
BROOKLYN, NEW YORK

Date

Dear

I have just arrived back in the United States.

The New York Port of Embarkation is doing its best to get me home in the shortest possible time, and I shall not be here long enough for you to get in touch with me.

You will hear from me just as soon as I clear the port.

Vol No 191

5 September 1945

## ARMY DEMOBILIZATION PLANS:

The army gave guarantees last night to an estimated 665,000 older soldiers and men with high discharge points that they won't go overseas.

And another 1,100,000 eligible for immediate discharge won't go over, or can come home if they already are abroad.

From now on, the army ordered, no one will be sent abroad who:

1. Had 45 or more points as of May 12.
2. Is 37 years old.
3. Is 34 to 36 years old, inclusive, and has a year's military service. In these categories, war department officials said, are about 665,000 men now in the United States.

No WACs will be sent overseas, either.

The army said that the critical scores for discharge-80 for men and 41 for WACs-"will be lowered progressively and whenever necessary to keep the flow of discharges at the highest possible level."

## OCCUPATION NEWS:

In his General Order No. 2, General MacArthur set forth at length requirements which would facilitate prompt and orderly establishment of U.S. occupation forces in the main islands of Japan, in the Ryukyus and Korea south of the 38th parallel.

The order directed the commanding general of the First Japanese General Army to report in person to Lt General Robert L. Eichelberger, commanding the U. S. Eighth Army in the Tokyo area, at a time and place designated by Eichelberger, for instructions covering the entry of American troops into the Eighth Army's zone of responsibility.

Eichelberger immediately summoned Field Marshal Sugiyama, former chief of the Japanese general army staff and military adviser to Emperor Hirohito, to Eighth Army headquarters to hear American terms for entering Tokyo.

## CONGRESS RECONVENES TODAY:

Congress goes back on the job today to lend a hand with shifting America over from war to peace.

President Truman has listed some of the things on which he wants assistance from Congress. Enumerated they are: Jobs, More cash for the unemployed, continued selective service, remodeling the executive structure of the government, getting rid of left-over war goods, ending wartime controls and laws and figuring out what ought to be done about atomic bombs.

Presidential Secretary Charles G. Ross called it, "quite a comprehensive message." When it will be presented to Congress and whether it will be delivered in person will be decided today when the chief executive confers with Senate and House Leaders.

## OTHER NEWS AT HOME:

The government today was shooting at an employment goal of 14,000,000 people in factory jobs in the next few months. The war manpower commission has proposed the figure as a "first goal" to be attained even while millions are losing jobs as reconversion takes place.

Classification 2-B is canceled. Special war work listing no longer used.

## BASEBALL SCORES:

A.L.: Detroit 10, New York 0.

N.L.: St Louis 8, Pittsburg 8 (game called in 12th inning.)

## WEATHER FORECAST:

Partly cloudy with gentle northeast winds.
