

GEORGE BOHON,
FINE VEHICLES
AND
HARNESS.

Replying to yours.....

HARRODSBURG, KY. Jany, 1st., 1903.

E. F. Spears & Sons,
Paris, Ky.

Dear Sirs:-

Replying to your favor of Dec., 31st.

I have only a fraction over 19 bu., of cultivated hemp on hand. There are none to be had in this county as the Kentucky river has washed away all the seed, they being planted in the bottoms along the river, where they are mostly raised in this county.

I am not posted as to the price of seed. One thing is sure if any hemp is sown in this county, they will have to leave here to get the seed, as there is not 200 bu., of seed in this county to be had.

If you wish the 19 bu. I have, name me your very best figures F. O. B. Cars here, and I might ship them to you, as I cannot get any more, and do not care to bother with so small amount of them.

Yours truly,

George Bohon

B.D .
