THE KENTUCKY COMMITTEE FOR
MOTHERS AND BABIES, INC.

Its motto:

“He shall gather the lambs with his arm
and carry them in his bosom, and shall
gently lead those that are with young.”

Its purpose:

To safeguard the lives and health of mothers and young children by providing trained nurse-midwives for rural areas where there are no resident physicians—these nurse-midwives to work under supervision; in compliance with the Regulations for Midwives of the State Board of Health, and the law governing the Registration of Nurses in Kentucky; and in co-operation with the nearest medical service.

The First Year

At the end of May, the Kentucky Committee for Mothers and Babies, Inc., held its first birthday. We now offer our members and many friends reports covering our work, and financial transactions, carried through April 30, 1926. This marks the close of our first fiscal year.

Among the donations which have come in since that date is a special gift of \$6,000 from Mrs. Nathaniel Ayer of Boston, for the building and equipping of a nursing center to be located near where Beech and Middle Fork come together, as a memorial to her mother, Jessie Preston Draper.

Another recent thing of special interest has been the drive put over by the Hyden District Nursing Committee, through Joseph E. Hart, George N. Morgan and Oma Lewis, for contributions towards our permanent quarters to be built at Hyden this summer and fall. It has netted \$731.50 to date. Some of these gifts are in money and others in timber, stone, lumber, locust fence posts, and the use of teams. One man has given himself for ten full days. Together with the \$413.38 already on deposit with the county treasurer, they exceed the quota of one thousand dollars which was the goal of the Hyden district. The balance of the twenty thousand dollars needed to complete this center is being solicited from many sources. The Hyden center needs must be larger than the others, not only because it serves the biggest population, at the county seat, but because it includes cottage hospital facilities, and is headquarters for county supervision.

A third matter of note to us has been the visit of Miss Elizabeth Perkins, President of the Film Mutual Benefit Bureau, of New York, and Miss Sophie Smith, who have taken wonderful MOTION PICTURES of the people and beautiful scenery of Leslie county. We will be glad to arrange to send them, with a speaker, to any community or group making application.

America's Own

To make all the following figures alive to our friends, we offer, with them, pictures of some of the babies brought into the world by our nurse-midwives, and cared for by our service during the months following their birth.

We challenge any section to show finer babies than these wee Leslians of ours—and here and now we pay a tribute of respect to the intelligent and eager cooperation of their mothers. This is the old stock, with modern care and teaching—America's own.

Hasn't the year been worth while?

Dear Sir:—

Pursuant to engagement I have made a cash audit of the accounts of your Treasurer from the records available, tracing into the bank the receipts from donors and other sources, and verifying the disbursements by means of vouchers and cancelled checks.

I hereby certify that, in my opinion, all funds have been properly accounted for, and that the attached exhibit and schedules reflect the nature of your operations for the period designated.

Respectfully submitted
