Lest We Forget!

REPORT ON UNIVERSITY OF KENTUCKY MEN IN SERVICE

Former Men Students in Service	6,778
Former Women Students in Service	359
Total Students	7,137
Staff Members in Service.....	202
	7,339
Duplicates (Staff members—students).....	108
	7,231

CASUALTIES—262 28 since report made July 28, 1945*

(Cornelius L. Reagan, reported as dead, is alive and well.)

Blevins, George Hunt	Ashland	Killed in action, Luzon, 4-13-45
Cureton, Nat. C., Jr.	Louisville	Killed in action, China, 6-20-45
Moffett, Albert William	Lexington	Lost at sea—prisoner, Pacific, 12-31-44
Jett, Shelby Nelson	Cox's Creek	Plane crash, England, 7-8-45
Dallas, Raymond Donald	Paducah	Killed in action, France, 8-2-44
Lamason, Orville Ben., Jr.	New Jersey	Plane crash, Germany, 8-10-45
McCrosky, William Newton	Harrodsburg	Killed in action, Germany, 12-1-44
Garland, Lawrence J.	Lexington	Killed in action, Iwo Jima, 7-31-45
Spickard, Thomas Wesley	Princeton	Died, Jap Prison Camp, 2-20-45
Cornelison, John Edgar	Louisville	Killed in action, Germany 9-44
Rue, Arch Ball	Harrodsburg	Died, Jap Prison Camp, 1-31-45
Johnson, Walter Marion, Jr.	Mt. Sterling	Killed in action (Ship), 7-30-45
Morgan, Morris Carlisle	Georgetown	Killed in action, Okinawa, 8-28-45
Holbrook, Gilbert Stuart	Owensboro	Killed, Italy 2-12-45
Hendrickson, Winston S.	Four Mile	(Died following operation, Atterbury) 9-23-45
Gill, Ray Lewis	Owensboro	Declared dead—missing since 10-3-44)
McNamara, David Joseph	Frankfort	Heart attack, Germany, 4-23-45
Montgomery, James Robert	Frankfort	Killed in action, France, 7-12-44
Hargan, Wm. Sterling	Vine Grove	
Robertson, Oliver	Livermore	Killed in action, Adriatic Sea, 1-20-45

The Kentucky Alumnus

A QUARTERLY MAGAZINE DEVOTED TO THE INTERESTS OF THE ALUMNI AND STUDENTS OF THE UNIVERSITY OF KENTUCKY

President Donovan Writes Open Letter To Alumni Itemizes Budget Request To Legislature: Appeals For Support And Encouragement.

is still way below its neighbor states in legislative appropriations as demonstrated by the fact that in the two years past Kentucky stood seventh in the list of eight surrounding states of Missouri, Illinois, Indiana, Ohio, West Virginia, Tennessee and Virginia, Tennessee being the only one to receive a smaller state appropriation than Kentucky.

I am sure that many times in the past your president has appealed to you for legislative as well as moral support as your administrative officers stood before the state legislative body with the budget request. It seems to me that this year, more than ever before, that appeal should be backed by alumni action, and being one of you, I know that the University can count on you to give it your unqualified approval and support.

The time has come when the University of Kentucky must have an adequate appropriation if it is to maintain its standing among the great state universities of the country, and therefore I want to place before you, in detail, its immediate needs and purposes to which we will so aptly put the appropriation if the Legislature sees fit to grant our request.

To begin with, let's picture the situation at the University in regard to student enrollment now, and prospects for the future.

Before the war, the record Uni-

Dear Alumni:

When officials go before the Kentucky legislature in January to make the University of Kentucky's budget request for the biennium, we will ask for \$2,874,-

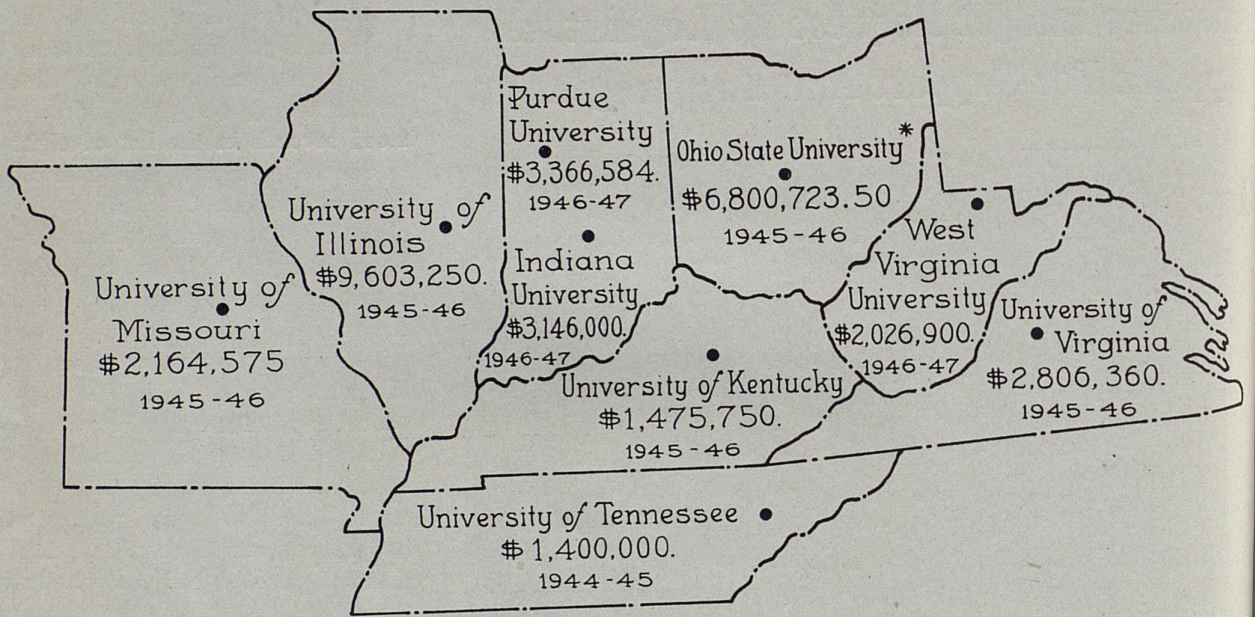

280 for the year 1946-'47, and \$2,955,010 for the year 1947-'48.

These amounts are considerably more than were received in the biennium just closing, but, comparatively speaking, the University

THE UNIVERSITY OF KENTUCKY AND HER NEIGHBORS

The Figures on the Map are State Appropriations

RANK OF STATE

University of Illinois	\$9,603,350.00
Ohio State University	6,800,723.50
Indiana (State)	6,512,584.00
[Purdue \$3,366,584 - Indiana Univ \$3,146,000.]	
University of Virginia	2,806,360.00
University of Missouri	2,164,575.00
West Virginia University	2,026,900.00
University of Kentucky	1,475,750.00
University of Tennessee	1,400,000.00

* In addition to Ohio State University, Ohio supports four other Universities: Bowling Green, Kent, Miami, and Ohio University. Likewise Virginia supports Virginia Military Institute, Virginia Polytechnic Institute and the College of William and Mary; West Virginia supports Marshall College; and Tennessee supports Tennessee Polytechnic Institute.

TWO REASONS for Increasing the Appropriation to THE DIVISION OF COLLEGES

I - Salary Increases of University Instructional Staff Lag Far Behind Increased Cost of Living and Increases in Taxes

Index of Purchasing Power of Average Salary after Income Taxes. Base - 1940

0 20 40 60 80 100 120 140

Index of Money Salary of Average Professor, with Proportion Assigned to Income Tax. Base 1940

Index of Cost of Living. Base 1940

Note: In spite of a 13 percent increase in salaries since 1940, the higher cost of living and the income tax leaves the average staff member with a purchasing power in 1945 only 80 percent of that in 1940

II - Additions to the Staff and to Teaching Facilities will be Required to Care for Increased Enrollment.

Student Enrollment for Fall Quarter

0 1000 2000 3000 4000 5000

Two State Universities

The states of Minnesota and Kentucky are comparable in certain important respects. The populations are almost identical, though the area of Minnesota is about twice as large as that of Kentucky. Both states are primarily agricultural. Minnesota is rich in iron ore deposits, while Kentucky has one of the best coal fields in the world. The University of Minnesota and the University of Kentucky were both founded in 1865. Both states have had approximately eighty years in which to build a great institution of higher learning, and both states have accomplished much; but Minnesota more than Kentucky. One of the reasons may be found in the following comparison of the incomes of the two universities for the year ended June 30, 1944.

Source of income	University Of Minnesota	University Of Kentucky
From the State		
The Legislative Maintenance Appropriation.....	\$ 3,890,000.00	\$ 1,099,450.29
The 23/100 Mill Tax.....	275,166.96	
The State's share of the cost of indigent patients at the University of Minnesota Hospital.....	245,000.00	
The Special Projects administered and carried on by the University for the general benefit of the people of the State (Experiment Station and Extension Serv- ices, etc.)	424,822.97	275,936.30
Sub-Total	\$ 4,834,989.93	\$ 1,375,386.59
From the Federal Government		
Instruction, Research, and Extension.....	\$ 775,010.02	\$ 987,028.30
From the Permanent University Fund.....	474,568.89	8,644.50
From the Swamp Land Fund.....	58,272.28	
From Fees and Receipts.....	3,125,754.56	687,292.42
From Self-Supporting Service Enterprises and Revolving Funds.....	5,388,982.67	252,331.72
From Trust Funds.....	2,341,882.24	123,446.85
From Intercollegiate Athletics.....	258,335.05	43,219.03
Total Receipts	\$17,257,795.64	\$ 3,477,349.41

The foregoing statement of income was prepared from the published reports of each institution. The income from war emergency contracts of each institution is not included as it does not constitute normal income.

The State of Minnesota has appropriated \$5,325,000.00 for the University of Minnesota for the year 1946-47. The appropriation requested by the University of Kentucky for the same year amounts to \$2,874,280.00.

University enrollment was between 3,700 and 3,800 students. It is a recognized fact that by 1947, at the present rate of increase, the University may expect to care for as many as 5,000 to 5,500 men and women.

Even now, with 1,624 women students enrolled, an all-time record, housing conditions are so congested that we have placed as many as four girls in room accommodations at the three residence halls, have leased several auxiliary housing units, and have

had to turn away women students this quarter for lack of supervised housing facilities. By 1947-'48 there will probably be from 1,800 to 2,000 women enrolled at the University of Kentucky, for whom we will have to provide adequate campus homes.

The University has already let contracts for plans for a new residence hall for men, one for women (which will include a central dining unit to service all of the women's halls), and for the War Memorial Fieldhouse. The resi-

dence; will be financed through the sale of bonds, and the Fieldhouse has been provided for by the past two Legislatures. It is significant to note, in regard to the residence halls, that only one resident unit, Patterson Hall, has ever been provided through state appropriation. The others have been built through sale of bonds, saving on University income and with the help of PWA grants.

In the budget request for the coming biennium we are asking for \$455,000 for capital outlay each

An Example of THE UNIVERSITY'S CONTRIBUTION to The Welfare of the State

It is estimated that the use of root rot resistant Burley tobacco varieties developed by the Kentucky Experiment Station will increase the income of Kentucky farmers this year over \$20,800,000. If these varieties were used exclusively, the income could be increased an additional \$14,000,000.

Research projects of a variety of kinds are always in progress in the University's six colleges — Arts and Sciences, Agriculture and Home Economics, Engineering, Law, Education and Commerce.

year, which sums will be used for new buildings and for equipment for the Fieldhouse and for the residence halls.

This year we have included in the budget a sum of \$50,000 per year for the establishment of an Engineering Experiment Station, similar to the Agricultural Experiment Station, which will correlate the work of the aeronautical research laboratory, highway materials testing laboratory, coal research and other engineering laboratories, in order to give to the

people of the commonwealth the kind of service in engineering problems which it receives from the agricultural experiment stations.

We are also requesting approximately half a million more for the division of colleges than we have received in either of the past two years, and we are frank to tell you that from this sum, if we receive the appropriation, we plan to raise the salaries of our faculty so that we may, in part, guard against the sabotage which has

taken place in the past few years when other institutions, as well as industry, have come to the University and offered some of our best men such salary increases that they have not been in a position to refuse such offers. We cannot expect to keep our best men, no matter how much they have come to love the University of Kentucky, when the salary limitations are such that they see no possible opportunity for financial advancement.

From this particular appropriation

tion to the division of colleges will also have to come sufficient funds with which to employ many new faculty members, if the almost sure prediction of a great enrollment jump takes place. We have estimated that if the registration increases to 5,000 or 5,500 in 1947, the University will have to employ approximately 100 new faculty men and women to take care of this greatly increased enrollment.

The war has emphasized the importance of education, and veterans, particularly, but other students as well, will expect more from institutions of higher learning than those institutions were offering before the war. More and better housing will be required, and in most other respects an institution's services to its students will have to be improved and expanded. The war and its accompanying changes have demonstrated the need for new courses of study. These in turn call for increases in instructional and research staffs and for improved and enlarged laboratory and library facilities.

The challenge to the people of a state and to their state univer-

Colleagues Honor Dr. Vandebosch

Dr. Amry Vandebosch, head of the Political Science Department of the University of Kentucky, has been named the "Distinguished Professor" of the University's College of Arts and Sciences for the year 1945. The award carries with it a leave of absence for one quarter for research in the honored teacher's chosen field. Dr. Vandebosch is a native of Michigan and took his preliminary scholastic training in his native state. He was grad-

uated from Calvin College in 1917, received his Ph.B. degree from the University of Chicago in 1920 and a Ph.D. from that institution in 1926. He has devoted his life to teaching, writing and research for national and international requirements.

Dr. Vandebosch came to the University of Kentucky in 1926 and in 1927 published his work on "Neutrality of the Netherlands During the World War." "The Dutch East Indies, Its Government, Problems, and Politics," was published in 1933 and he collaborated with the author in the translation of "Van Vollenhoven's

scope and Capital Content of International Law." He became head of the Department of Political Science at the University of Kentucky in 1934. He has been granted two extended leaves from the University for research on the Netherlands Colonial Possessions and during World War II served, on leave of absence, with the Office of Strategic Services as deputy chief of the Western European Section, Division of Research and Analysis, and in other government offices. He was a member of the International Secretariat at the San Francisco United Nations Conference. Dr. Vandebosch will prepare a paper and present it to the faculty and guests of the University in an open meeting at a named date during the Spring quarter. He is an able speaker, and by virtue of his superior knowledge of his subject and related subjects, as well as for his unstinted interests in the academic accomplishments of his students. He is in every way an outstandingly worthy recipient of the honor of "Distinguished Professor."

H. L. Donovan

H. L. Donovan, President
University of Kentucky.

EDITOR'S NOTE:

The preceding pages are taken from the University's printed budget request which has been sent to the 1946 General Assembly. They give comparative figures on University of Kentucky appropriations, as compared to our seven neighbor states, and reasons why the University is requesting larger appropriations for the coming biennium.

A Gift And An Honor

With the approach of the Christmas season there come many opportunities for kindly disposed persons to make sacrifices. Such excellent causes as the scholarship fund for Kentucky girls, known as the Frances Jewell McVey Fund, for the education of worthy Kentucky girls who desire to attend the University of Kentucky and cannot not afford to do so unless financial aid is obtainable, certainly will appeal.

The members of Woman's Pan-Hellenic organization, desiring to make a substantial gift to the fund, have determined to present the pledges at an afternoon tea instead of at the annual banquet. The money, at least \$500, which would have been expended for the dinner will be paid to the fund. Other organ-

izations on the campus as well as those throughout the state have indicated their intention to contribute to the fund at a very early date. Individual gifts have been received since the announcement of the plan in the late summer. Any gifts from Alumni may be sent to the Alumni office, Room 124, Student Union, University of Kentucky.

University Alumnae Elected State Representative

Mary Elizabeth Fisher Burnett (Mrs. J. C.), a graduate of the University of Kentucky in 1932 was elected representative from the 50th District to the Kentucky Legislature on November 6. This is the second time in the history of Kentucky that a woman has served in the legislature.

Mrs. Burnett is a native of Lexington and received her early education as well as her advanced education in her hometown. After graduating from the University, she attended the University of Chicago doing Graduate School work in the department of Social Service Administration. She was active in social service work from 1933-1944 in Lexington and Fayette County.

She was at first associated with the Family Welfare Society of Lexington and later with the Fayette County Welfare Society. After the birth of her baby, Betty, now four years old, Mrs. Burnett took her work again with the county organization. Her husband, J. C. Burnett, also a former student of the University, has just completed his services in the Navy. Mrs. Burnett's academic preparation, extra theoretic and practical research has fitted her for a career which she will take up officially when the Kentucky Legislature assembles in Frankfort in 1946.

Lexington Major Conducts Classes In France

With the 101st Airborne Division in France—Major Ralph H. Hughett, 311 Sycamore Road, Lexington, Kentucky, training officer of the 101st Airborne Division, recently conducted a school in Vittel, France, in the use and operation of the new recoilless 57mm and 75mm weapons.

Classes, consisting of 36 officers and 54 enlisted men began on September 3 and continued to the 14th. Every division on the continent sent representatives who upon returning to their units will conduct similar classes.

Maj. Hughett participated in all of the 101st Airborne Division's campaigns including the D-Day invasion of Normandy, the airborne invasion of Holland, the Battle of Bastogne, and the final fighting in Alsace and Southern Germany. He wears the Bronze Star, awarded for meritorious service, and the European Theatre of Operations ribbon with four battle stars and invasion arrowhead.

He was graduated from the University of Kentucky in 1936.

Psychologist Writes Practical And Worth-While Book

Beaumont, Henry. *The Psychology of Personnel*. Longmans, Green and Company.

This readable book, without illustrations or tables, should well serve the student or business man interested in the field of employee-employer relationships. The desirability of more interest in this field is increasingly evident from the number of strikes, threats of strikes, lockouts, and acts of violence reported in the daily papers. The emphasis, throughout this book, is placed upon the worker as an individual: an individual, who by virtue of different abilities and experiences, is unique, and must be treated as such by his fellow employee and his employer.

Given the unique individual, it is necessary first to understand how he differs from others, the degree of importance of these differences, and how the employer can use these differences in better placement of the individual on the job. While each individual is unique, all have certain common wants, and it is essential that the employer does not forget for an instant these fundamental wants of man.

The book then considers "job analysis" primarily with the view of securing for various jobs individuals who by working in these particular places may satisfy their unique individuality. This discussion naturally leads into a rather detailed analysis of techniques of selecting men, training the employees, and finally a review

DR. HENRI BEAUMONT
DEACON PHOTO.

of working conditions as they influence the efficiency of the employee.

The book is by no means limited to a theoretical discussion of the problem of personnel. It takes up in a critical fashion the practices of at least seventy-five nationally known companies with reference to employee selection, training, supervision, up-grading, and incentives.

Although the book did not come off the press until September 15, nine universities and colleges have already adopted it as a text in courses of industrial Personnel. Dr. Beaumont has made a contribution of real value not only to personnel management but to any intelligent person who wishes to understand the nature of the conflicts between labor and management.

Will Take Course At Marine Staff School

Major Champ Ligon, United States Marine Corps, left Lexington Oct. 14 for Quantico, Va., where he will take a three-month advance course of instruction at the Marine Command and Staff school.

Major Ligon, a son of Prof. and Mrs. M. E. Ligon, recently returned from 26 months of overseas duty in the Pacific where he was in command of a Marine Signal Company and a Service and Supply Battalion. He previously has completed courses in the Marine Corps schools, the Army Infantry School at Fort Benning, Ga., and the Army Air Forces School of Applied Tactics at Orlando, Fla.

In the Pacific, he took part in the Bougainville campaign. Major Ligon, who plans to remain in the Marine Corps, enlisted in the service in 1937, was commissioned a second lieutenant two years later and received his majority in June, 1943.

Dr. Phillips Given Federal Citations

In recognition of his work on transportation problems during the war, Dr. C. D. Phillips of the University of Kentucky College of Agriculture and Home Economics, has received a distinguished service citation from the Office of Defense Transportation in Washington.

Dr. Phillips was asked to make a survey of dairy collection routes and to assist in developing plans for the Dairy Industry Transportation Committee of Kentucky. The citation, made at the request of President Truman, came from Col. J. M. Johnson, Washington, head of the ODT.

Colonel Scudder Welcomed At Dinner

By J. A. McCAULEY,
Lexington Herald

"It is wonderful to be back," Col. Irvine C. Scudder, 230 Desha road, a war prisoner of the Japanese from May 17, 1942, until he was liberated at the end of the war, told 125 friends who attended a dinner in his honor October 18 at the Ashland Golf Club.

"During my captivity, the thing that worried me most was whether or not I would be able to survive long enough to return," he added.

Giving a chronological account of his three years' experience from the time he was captured on Cebu island in the Philippine archipelago until American paratroopers landed at the camp where he was last held at Mukden, Manchuria, Colonel Scudder told how Americans and other Allied captives, subjected to starvation, beaten and cajoled incessantly by their Japanese captors, refused stout-heartedly to be broken by their tormentors.

Assistant professor of military science and tactics at the University of Kentucky from 1934 until 1940, Colonel Scudder left the United States Nov. 1, 1941, and was assigned by Gen. Douglas MacArthur as commanding officer of American and Philippine troops on the island of Cebu.

The Army officer prefaced his talk with an explanation of the important part played in the war by American forces in the Philippines at the beginning of the war. He explained that despite eventual capture, the forces delayed the Japanese offensive into the South Pacific long enough to prevent the invasion of Australia.

"If the enemy had ever captured

Australia, the war probably would have been much tougher and would have lasted a good deal longer," he said.

When instructed in May of 1942 to surrender by Gen. Jonathan Wainwright, who was forced to issue the order by the Japanese, the force of several thousand men on Cebu "didn't rush into surrender," the speaker related.

"We let all the men know what the situation was," he said, "and on May 17 I was glad to report to the Japs that we had only 96 officers and less than 100 enlisted men left."

After his capture, the Japanese took all of Colonel Scudder's clothing away from him, except his underwear and a pair of socks. The American officer and captives were starved, questioned and humiliated by the Japs at Cebu for several weeks. Their diet for a while consisted only of pancakes, which they called "gaskets," made by the prisoners from scant supplies of water, salt and flour.

"I began to weaken," Colonel Scudder said, "and I passed out on the fourth day of this diet."

From Cebu, the captives were transferred in crowded boats to Manila, where they were subjected to the horrors of the famous old prison of Bili Bilid, which was crowded with maimed and dreadfully sick soldiers.

Transferred from the Manila prison to a camp on Formosa at Karenko, the prisoners were subjected to starvation and other forms of abuse by the Japanese seeking to force them to labor.

"I saw General Wainwright slapped twice in one day," Colonel Scudder said, "and you can imagine what happened to the rest of us."

When the captives refused to

work, the Japanese quit feeding them, he said. "We went through a period of starvation in November and December of 1942 and January, 1943," he said, "and then we agreed to work at raising food which was to belong to us, but we were moved away before we ever got a leaf from our crops."

At Karenko, they did obtain some potatoes and a few American Red Cross packages. "It was wonderful," Colonel Scudder declared.

In June, 1943, Colonel Scudder and his group were taken to Shirakawa, a malaria-infested summer camp found unsuitable for use by Japanese troops on Formosa. The captives cleared several acres of growth and grew potatoes, corn, peanuts and cabbage.

"We never received one peanut from our crops," he said. "The food was given to Japanese troops and pigs and one of our men was arrested for stealing pig feed."

Having played the Japanese game twice and lost, the prisoners turned down all other inducements to grow crops in 1944, despite efforts of Jap officers sent from Tokyo, he said.

Boarded on the Oroyoky Maru, a prison ship later sunk by an American submarine, causing the loss of 750 lives of another group of Allied captives, the group of which Colonel Scudder was a member was moved to Manchuria.

American planes bombed the harbor just before the ship left, but the vessel was not hit, Colonel Scudder said. However, some Japanese troops, who abandoned the ship while the captives were being forced to remain on board, were killed by a bomb explosion on the docks.

"That attack meant much to us," he said. "The Americans were coming! We knew things were

breaking in our favor and the Japanese were terrified."

"In Manchuria, the old question of work came up again," he continued, "but we didn't have many in our group able to work by now."

After fruitless persuasion, the Japanese transferred the group to Camp Hoten at Mukden, adjacent to a munitions factory which was subjected to American bombs several times. The bombs hit the prison camp, too, killing and injuring many of the prisoners.

"We didn't have to work at Mukden, but we were treated pretty bad," the speaker pointed out. "We knew there were five Russian armies converging on Mukden and we didn't know what would happen when the fighting reached our area."

On Aug. 16, the men saw paratroopers jump from planes which turned out to be American. The paratroopers were arrested by the Japanese and brought to the camp.

"As we sat down to supper," Colonel Scudder said, "a private came through the barracks, shouting, 'The war is over, you are free!'"

An official announcement was made the next morning.

The dinner in honor of Colonel Scudder was arranged by a committee composed of Fred B. Wachs, A. B. Guthrie, Jr., and Dr. Thomas D. Clark. Frank B. Jones was toastmaster and Dr. Frank L. McVey welcomed Colonel Scudder back to Lexington. The invocation and benediction were given by the Rev. David Clark, rector of the Episcopal Church of the Good Shepherd.

A scroll of appreciation, signed by all present at the dinner, was presented to Colonel Scudder by Dr. T. D. Clark, who was one of a

committee that arranged the dinner.

At the speakers' table were Colonel and Mrs. Scudder and their two children, Millicent and Billy; Dr. Clark, Mr. and Mrs. Jones, Dr. McVey, Gen. and Mrs. George B. Duncan and the Rev. and Mrs. David W. Clark. Dr. Clark pronounced the invocation and benediction.

The dinner opened with the singing of the national anthem and the presentation of the colors. In advance of the speaking program, Mr. Jones recognized a number of officers, active and retired. Former colleagues of Colonel Scudder at Fort Thomas presented him with a gift.

Prof. Webb Predicts A Short Working Day

A world in which subatomic energy will do so many things that man will have to work only two hours a day to maintain his standard of living has been predicted by Professor William S. Webb, head of the Department of Physics of the University. Professor Webb also stated that a man in the area of an atomic bomb explosion would not burn to death but would evaporate within 1/10,000th of a second and that an explosion of the new weapon, by its very nature, is bound to leave the affected area dangerously radioactive.

Professor Webb was one of a small group of leading physicists called to Washington to select the best qualified physicists in the United States for the "Manhattan Engineering Project" as the ultra-secret research operation was designated for security reasons. He remained at the national capital four months and assisted in choosing 3,000 of the "best minds" in the field. The group selected included some of Professor Webb's

Millersburg Woman Serving In Australia

Miss Elizabeth M. Jones

Miss Elizabeth M. Jones, daughter of Mr. and Mrs. Charles Robert Jones, Millersburg, has arrived in Australia, to take up her duties as an assistant field director of the American Red Cross.

Miss Jones, who is a graduate of the Bourbon county high school and attended the University of Kentucky, has seen service with the Red Cross as a general field representative in the Eastern area. Previously Miss Jones served as executive secretary of the Hancock county chapter of the Red Cross at Findley, Ohio, and in the same capacity with the Millersburg chapter. Miss Jones was a social worker for the WPA at Corbin before being identified with the Red Cross.

own students and graduate students of the University.

Professor Webb predicts that subatomic energy will be available for many peacetime uses in the next 20 to 25 years. He thinks that keeping the atomic bomb a secret is impossible and that the Congress should devote itself to finding a way in which men can live together in harmony.

PREFABRICATED HOUSES FOR VETERANS

By "BUDDY" PARKER

"My Old Kentucky Home" will take a modern trend this fall for 200 University couples when they move into the pre-fabricated houses, obtained from the Government, and erected by the University of Kentucky off Rose Street and Clifton avenue on the Experiment Station farm. The new housing unit, it is hoped, will help the housing shortage for married ex-service students returning to the campus, and should be completed in time for the winter quarter. The houses are being obtained from Charlestown, Ind.

One site, off Rose street, and adjoining the campus of the University Experiment Farm's northern boundary will accommodate 72 houses; and the other, at the north entrance to Clifton avenue will take care of the remaining 128 houses.

Announcement was made from the Registrar's office that the rental cost to students for the houses has not yet been decided upon, but the total cost of transporting the houses to Lexington, their erection, cost of sewage, water and electric facilities, and

the work of clearing the grounds will be prorated in rentals. Rents will not be prohibitive however it was announced.

The new homes will be modern, some with two bedrooms, some with one and furnished, except for bedding, linen, china, silver, glassware, bath and kitchen equipment. The living room and dining room and kitchen will be in one large room and will contain a table, chair, day bed, ice box, sink, hot plate, book rack, coal stove and built in cabinets. The bed rooms will be furnished with bed, mattress, dresser, chairs, built in closets. The bath will contain commode, shower and electric hot water tank and heater.

Work has already been begun on the prospective driveways and side paths. The lay out discloses that the closest house will be less than one-tenth of a mile from the main campus and the farthest not more than four-tenths of a mile.

Outside conveniences will include four community laundries, parking spaces, and coal bins.

The new streamlined homes will be for married veterans only and reservations should be made

through the office of the Dean of Men.

Another Kentuckian 'First'

Eighth Army Headquarters, Yokohama, Japan — Among the first American soldiers to enter Japan was Maj. Leslie H. Ellis of Murray, Ky., who landed at Atsugi airdrome near Tokyo two days before the surrender was signed. Maj. Ellis, an assistant Quartermaster Officer on the staff of Lt. Gen. Robert L. Eichelberger, flew to Japan from Leyte, P. I., via Okinawa.

Maj. Ellis is a 1935 graduate of the University of Kentucky, where he is a member of Alpha Gamma Rho, Omicron chapter.

From 1935 to 1940 Maj. Ellis was assistant County Agricultural Agent for McCracken County, living in Paducah, and from then until he entered the army in 1942 he was County Agent for McLean, residing in Calhoun. During part of this period he was president of the Calhoun Lions Club.

Major Ellis came overseas in August, 1944, and has served in New Guinea and the Philippines, where he participated in the D-Day landing on Palawan Island.

FILIPINO HOME, MACAWAYAN, LUZON—This delicately conceived pen and ink drawing is the work of Corporal Charles G. Boggs. Typical of many homes in the Philippines, it is constructed of nipa with bamboo supports and bamboo floors. Homes are usually raised on stilts to ward off the dampness resulting from the heavy seasonal rains which the Philippines experiences.

Corporal Charles G. Boggs, son of Mr. and Mrs. R. D. Boggs, Bulan, Kentucky, got his first, and last, training in Art as a student at the University of Kentucky. During that time, 1941-1943, he was sweating out entry into the Army like thousands of other college students. Entry came in April, 1943, when Uncle Sam called all the Enlisted Reserves into khaki. Boggs soon found himself in Fort Knox, Kentucky, taking basic training in the Armored Force. It was there that he dropped his sketchbook and picked up a copy of the Infantry Drill Regulations, a little book that became his standby during months of duty as an instructor in the Armored Replacement Training Center.

"I didn't think that there was

any place for art work in the Army," he says. In October of 1943, however, he got a job as reporter and artist with the staff of The Armored News, a tabloid printed to spread the news of "Armoraiders," the Yanks in the tanks.

And he picked up a brush again, making spot drawings, cartoons and training sketches for the News; writing stories about Armored troops in training. His MOS was changed from Squad Leader to Public Relations personnel.

Somehow, in the memorable days following the surrender of Germany, the military decided that it was time to send Boggs overseas. He soon found himself clambering out of a landing craft in Manilla Bay in early July, 1945, still wondering how it all happened.

He was assigned to the Press Section of GHQ, Public Relations Office, AFPAC, where he handles photo releases for hometown newspapers. He still sketches, but during his off-duty hours.

His post-Army-duty plans include study at a good art school where he wants to specialize in layout and design for newspaper, magazine and poster work.

Received Award

Lt. Col. Howell J. Davis, son of W. E. Davis, 420 West Sixth street, the Bronze Star medal for meritorious service to the government from May 13, 1945, to August 13, 1945, at Guam. He received a bachelor of arts degree at the University of Kentucky in 1929 and a doctor of medicine degree from the University of Pennsylvania in 1933.

MAJOR THOMAS M. HAHN

Major Hahn Honored

Shrivenham, Eng.—A former University of Kentucky physics professor, Major Thomas M. Hahn has been presented the Bronze Star medal for using his “superior technical skill and experience” in keeping radio communications untangled during the European war in 1944 and 1945.

Major Hahn, now a physics instructor at Shrivenham American University in England, was a staff officer in radio and radar with

Supreme Allied Headquarters. When the allied assault broke upon the continent radio communications had to be straight—without one transmitting agency piling its messages on another unit’s frequencies.

The Lexington, Ky., professor in uniform “contributed materially to the vitally important and extreme complex problem” in planning these frequencies, his citation said. The medal was presented Major Hahn by Brigadier General

Claude M. Thiele, school commandant at SAU, on October 5th at a special ceremony in the general’s office.

Major Hahn, who lived at 139 Hamilton Park, Lexington, was associate professor of physics at the University of Kentucky from 1925 until he entered the army in 1941. His wife, Mrs. Elizabeth B. Hahn, one son, David B., and a daughter, Betty B., now live in Lexington. Another son, Thomas M. Jr., is a seaman first class at the Great Lakes Naval Training station.

**Advanced Degree
For William H. Jesse**

Providence, R. I., Oct. 22—William H. Jesse, who is now librarian at the University of Tennessee, was one of twelve students awarded advanced degrees at Brown University’s combined baccalaureate and graduation exercises held October 21 in the historic First Baptist Meeting House.

Jesse received the degree of Master of Arts in the field of bibliography. He is a graduate of Nicholasville High School (Kentucky) and was awarded his A.B. degree from the University of Kentucky in 1933 and his B.S. degree from Columbia University in 1938.

Eighty-four baccalaureate degrees were conferred by President Henry M. Wriston upon Brown and Pembroke College seniors and twenty graduating men were commissioned Ensigns in the Naval Reserve, culminating their Naval training here. This was the fourth Commencement to be held in the Fall under Brown’s accelerated program.

The traditional Baccalaureate Sermon was delivered by the Rev. Norris L. Tibbetts of the Riverside Church, New York.

LT. COL. BERL BOYD

Allied Force Headquarters, Italy — Lieutenant Colonel Berl Boyd, recently was awarded the Legion of Merit for outstanding services in North Africa and Italy as assistant staff liaison officer between AFHQ and Services of Supply North African Theater of Operations.

The citation accompanying the Medal presented by Major General Carter B. Magruder, assistant chief of staff, G-4 AFHQ, said that Col. Boyd, during the preparation for and the actual invasions of Sicily and Italy was "completely responsible for the timely flow of operational and logistical directives and plans to the Services of Supply Headquarters. His untiring devotion, energy and exceptional judgment contributed greatly to the successful logistical support given these operations by that Headquarters. As Executive, Plans Branch, G-4, Section, Allied Force Headquarters, his thorough knowledge of logistics, untiring zeal, judgment and leadership con-

stituted a major contribution to the successful preparation of plans for the supply of Fifth Army in Italy during the Rome, Arno, North Apennine and Po Valley Campaigns, post-hostilities plans for the occupations of Austria and North Italy, the concentration of prisoners of war and surrendered enemy personnel, and the supply of United States forces in Venezia Giulia."

Overseas 31 months, he wears the American Defense Ribbon, the Mediterranean Theater Ribbon with one Battle Participation Star, the 1917-1918 Victory Ribbon, and World War I Army of Occupation of Germany Ribbon.

Col. Boyd, son of Mrs. Virginia E. Boyd, Mayfield, Kentucky, is a graduate of University of Kentucky, class of 1922, and before entering his present service with the Army he was credit manager for Belknap Hardware and Manufacturing Company of Louisville, Kentucky.

Costa Rican Educator Studies U. K. Experiment

Dr. Hernan Zamora Elizando, minister of education from Costa Rica visited the University of Kentucky recently to observe the work of the institution's College of Education and the Sloan Experiment in applied economics which is being directed by the college.

Dr. Elizando was the first of a group of south and central American educators who will visit the University this year.

Howard W. Baker Honored With Award

Kunming, China — Major Howard W. Baker, Philadelphia, Pa., has been decorated with the Bronze Star medal for meritorious service as commanding officer of the 21st Field Hospital in China.

The award was announced by Major General H. S. Aurand, commanding general, Services of Supply, China Theater.

The citation specified the period June 4, 1944, to August 25, 1944, during which time the hospital distinguished itself in action in the Salween River campaign. For superior performance of duty, personnel of the unit were awarded the Meritorious Service Unit Plaque several months ago.

Major Baker is the son of Mrs. Ben L. Baker, Long Branch, N. J., 431 Broadway, Long Branch, and his wife is living at 3110 North 15th street, Philadelphia. Before going on active duty with the Army in July, 1941, he was resident in internal medicine at the Temple University Hospital. He is a graduate of the University of Kentucky, class of 1933, and the Temple University, School of Medicine.

Col. John Bredwell Released

Fort Bragg, N. C.—Colonel John Harold Bredwell, 6738 Fieldhouse Way, Mariemont, Cincinnati, Ohio, has been released from the staff of General Courtney H. Hodges' First United States Army Headquarters, and will soon return to civilian life under the Army's point discharge system.

As Assistant Quartermaster, Col. Bredwell served with First Army Headquarters from the invasion beaches of Normandy until the final surrender of Germany. He was responsible for the supply of clothing to thousands of troops, and supervised the maintenance of a vast system for procuring and distributing food to First Army's embattled divisions.

Wearing the European Theatre Ribbon with five battle stars for the campaigns of Normandy, Northern France, Ardennes, Rhineland and Central Germany, Col. Bredwell was also awarded the French Croix de Guerre with star. He was presented the Bronze Star Medal by General Hodges for meritorious service in a ceremony at Weimar, Germany. After nineteen months overseas he returned to the United States with First Army Headquarters in June, 1945.

Col. Bredwell came into active duty from the Officer Reserve Corps in March, 1941. A graduate of Tennessee Military Institute in 1929, he was given a reserve commission in 1932. Since coming to active duty he has attended the Command and General Staff School, Fort Leavenworth, Kansas, and the Advanced Quartermaster Course, Camp Lee, Va.

He is a graduate of the University of Kentucky, class of 1933.

Moretti On Luzon

Technician, Fourth Grade Garni Moretti, Lexington, Kentucky, a member of the Medical Detachment of the 65th Engineers of the 25th Infantry (Tropic Lightning) Division on Luzon Island in the Philippines, is shown being con-

gratulated by the Division commander, Major General Charles L. Mullins, Jr., of Broken Bow, Nebraska, after having been awarded the Bronze Star Medal for meritorious achievement in connection with military operations against the Japanese forces on Luzon.

and the American Institute of Baking, 1940.

Prior to entering the service Col. Bredwell was an executive of the Lockwood Mfg. Co., Cincin-

nati, makers of Bakery equipment.

Col. Bredwell's wife, Mrs. Virginia B. Bredwell, and children, Martha and Julia, reside at 6738 Fieldhouse Way, Mariemont.

Complete Thunderbolt Plane Given To Engineering School

A new P-47 Thunderbolt, just off the assembly line, has been presented the University of Kentucky Aeronautical Research Laboratory by the United States War Department for use in the College of Engineering's course in aeronautical engineering.

The University also has received a Cyclone 14 engine of the type that powered North American B-25 Mitchell bombers in the first raid on Tokyo. It was a gift of the Wright Aeronautical Corporation of Paterson, N. J., a division of the Curtiss-Wright Corporation. This power plant

Pictured above is the engine of a new P-47 Thunderbolt airplane presented the University of Kentucky Aeronautical Research Laboratory for instructional purpose. Studying the machine is J. B. Thompson, a member of the Laboratory's engineering staff. At the left is a close-up study of a Cyclone-14 engine given the University by the Wright Aeronautical Corporation for use by Engineering students in studying commercial aviation.

was one of a small group of engines which Wright used in wartime as "guinea pigs" for the testing of accessories and parts.

The Cyclone 14, which powers

the Curtis SB2C Helldiver, the Douglas A-20 Havoc, the Martin Mariner and the Grumman Avenger, is standard equipment for such peace-time aircraft as the Pan 314 Clipper and several types of planes of foreign air lines.

Worth approximately \$100,000, the Thunderbolt plane minus rudder, wings and elevating tail, has been set up in a temporary shed adjoining the laboratory off Rose street. The other parts, which are also stored in the same shed, will be attached if the University can build a hangar to house the complete plane.

It is fully equipped with instruments and has a two-way radio set. During the war these fighter planes were equipped with a ton-load of bombs and eight machine guns.

According to Prof. A. J. Meyer, director of the laboratory, "this was the type of plane that helped to defeat the Germans, who did not expect this country to be able to develop a long-range fighter plane which could accompany our bombers into the heart of Germany."

Professor Meyer said that the plane would not be flown, but would be taken down in classes so that advanced students in aeronautical engineering would be able to familiarize themselves with the parts and operations.

The University's course in aeronautical engineering was established in September, 1944. Since the work is for junior and senior students only, there are no students yet in the advanced courses but the University expects a large enrollment in the field of aeronautical engineering.

By Frederick Jackson—1944
Lexington Leader.

"Colonel" Rupp Would Not Pose

Adolph Rupp, Kentucky's basketball wizard, returned from Europe October 20 and started his basketball team practicing the following Monday.

In the late spring or early summer the G. I's in Europe voted to invite Adolph Rupp to take part in the organization of a program of athletics for the American Army of Operation. He was assigned to the duty with the rank of Colonel and donned the uniform when he flew from New York. He discarded the famous attire on his return and no picture of him could be had in his distinguished garb. That's just Coach Rupp with emphasis and the interviewer could not persuade him to pose.

Mr. Rupp spent several months in war-torn Europe and helped to organize a sports program. While abroad he saw many former Kentucky Wildcats and other former students. He left Berlin and flew directly to the U. S. and came into Lexington by train. He said that the trip was made in good weather and without incident and that he was surprised by the speed and comforts of his travel. His travels took him to France, Belgium, Russia, Luxembourg and many places that had been hit hard by ruin and devastation.

Coach Rupp was pleased with the co-operation given to the task assigned to the coaches and said that the work is important and that there was much to be done to help in the direction of the men in the service in the foreign countries.

"It was a wonderful experience and we were shown every courtesy," was his comment.

"It's a long story; we saw the whole shebang," he added.

The coach said he always hated

to terminate "a trip like that," but that he was glad to be back. He attributed part of his amazement concerning the smooth trip home to its contrast with the confusion in Europe.

"I knew something about the European situation before I went over there," he acknowledged, "but I don't know anything about it now. Everything there is confused."

"We set up a nice program and I hope it turns out as well as we think," he continued, stating that the group worked "like trojans" and added, incidentally, that he lost 22 pounds.

Dr. Thomas D. Clark, head of the department of history at the University of Kentucky has been named president of the Society for Discussion of the Kentucky Constitution.

The main objective of the group will be to promote the pros and cons of holding a constitutional convention in Kentucky. The 1934 General Assembly passed a resolution calling for a constitutional convention and if the 1946 assembly adopts the resolution the question will be put before the voters of the state in 1947.

Croft Commands Reception Center

Lieutenant Colonel Lysle W. Croft of Lexington is now located at Camp Atterbury where he has assumed the command of the Reception Center.

Lieutenant Colonel Croft, who was graduated from the University in 1926 has had many interesting positions since he left his position of assistant to the Dean of Men on the Campus in June, 1941. He was at first assigned to duty in Fort Knox and later in the year was returned to the University. In March, 1942, he was made Army Psychologist at Fort Knox and in September, 1942, went to the Adjutant General School, Washington, D. C. In 1943 he was assigned to the Headquarters Replacement School Command at Birmingham and from there he became classification officer of the Special Training Program.

Mrs. Croft, formerly Miss Daisy Taylor of Lexington, a graduate of the University in 1925, is a member of the University Library Staff.

Received Award

Maj. Harry S Traynor, 321 Sycamore road, the Legion of Merit medal at Oak Ridge, Tenn. The citation accompanying the medal stated that he "performed outstanding service in connection with the development of the greatest military weapon of all time, the atomic bomb, from January, 1943, to August, 1945." Major Traynor served as construction and production chief of a major division of the program of the Manhattan Engineer District and as a special representative of the War Department on a mission of the highest importance abroad.

LT. COL. J. B. FAULCONER

With the Sixth Army in Japan— Lieutenant Colonel James B. Faulconer, husband of Mrs. Anna R. Faulconer, 214 Sycamore Rd., Lexington, received a Silver Star from Major General P. W. Clarkson, commanding general of the fighting 33rd Division, for gallantry in action against the Jap-

anese on Northern Luzon while participating in the Philippine Liberation Campaign. Col. Faulconer is a battalion commander in the 130th Infantry, senior regiment in the "Golden Cross" Division, which is now a member of the American occupation forces in Japan.

Colonel Shropshire Home From Service

Lt. Col. Laurence K. Shropshire has returned to his home at 224 Catalpa road on terminal leave after 53 months of active duty with the Army and will return to inactive status in the Reserve Corps Jan. 17.

Colonel Shropshire was called to active service in May, 1941, and served 30 months with an infantry unit in the South Pacific. After returning to the States a year ago, he received training for military government in Japan and was on the west coast awaiting assignment in that field when Japan capitulated. Release of high-point officers in the military government group

was directed after the occupation of Japan progressed satisfactorily.

After a brief vacation, Colonel Shropshire will return to The Lexington Leader, where he was a member of the news staff for 10 years. He was sports editor when called to active duty with the Army.

Colonel Shropshire was graduated from the University in 1930 and his wife, formerly Kathleen Fitch of Lexington, was graduated in the same class.

Piper Heads Midway School

Lewis A. Piper was elected president of the Kentucky Female Orphan school at Midway, Ky., at a meeting of the school's board

of trustees. He assumed the duties November 1.

Mr. Piper has been acting as executive dean of the school since August, 1944, and chief officer since January, 1945. A native of Fayette county, he received his degrees, A. B. in 1927 and M. A. in 1928, from the University of Kentucky. Previously he served as superintendent of Midway public school, Bergin public school and principal of Danville high school.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of Kentucky Alumnus, published quarterly, at Lexington, Ky., for Nov. 15th, 1945, State of Kentucky, County of Fayette.

Before me, a Notary Public in and for the State and County aforesaid, personally appeared Marguerite McLaughlin, who, having been duly sworn according to law, deposes and says that she is the business manager of the Kentucky Alumnus and that the following is, to the best of her knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, to wit:

1. That the name and addresses of the publisher, editor, managing editor and business manager are:

Publisher, Alumni Association, U. K., Lexington, Ky.; Editor, Marguerite McLaughlin; Managing Editor, G. Lee McClain; Business Manager, Marguerite McLaughlin, Lexington, Ky.; (Associate Editor, Helen King, Lexington, Ky.)

2. That the owner is Alumni Association, University of Kentucky, Lexington (non-stock corporation). Officers are H. C. Robinson, President; Bernie Shively, Vice-president; Marguerite McLaughlin, Secretary; Helen King, Treasurer.

3. That the known bondholders, mortgagees and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: None.

MARGUERITE McLAUGHLIN,
Business Manager.

Sworn to and subscribed before me this 15th day of November, 1945.

JANE NICHOLS,

My Commission expires July 24, 1947.

COLONEL IRVIN L. ALLEN

Caserta, Italy—Colonel Irvin L. Allen, husband of Mrs. Elizabeth W. Allen, 555 Ninth Avenue Northeast, Saint Petersburg, Florida, has been decorated with the Legion of Merit for outstanding services as Chief of the Supply Branch, G-4 Section, Mediterranean Theater of Operations, U. S. Army.

The medal was pinned on Col. Allen by Major General Carter B. Magruder, Assistant Chief of Staff, G-4, MTO, for his part in the preparation, planning and follow-up of instructions for the supply of French forces participating in two major operations.

In addition, the official award citation states in part: "Col. Allen's wide acquaintance with both the personnel and staff procedures of the highly integrated Allied Force Headquarters and its attached governmental agencies, made it possible for him to coordinate and expedite staff action in a superior manner. He was instrumental in the publication of the theater supply directives which formalized basic policy for the sup-

ply support of the major commands of the theater. He continued to personally establish and supervise procedures in the Lend-Lease supply of the French, British, Brazilian and Italian forces serving in the Italian campaigns against the Germans, and he was also responsible for coordinating the supply support of the United States State Department agencies and special missions. Colonel Allen's complete understanding of the details of his responsibilities, his direct and efficient manner of accomplishment and his cheerful, tireless devotion to difficult supply tasks was a source of inspiration to his associates and a distinct credit to the service."

The grandson of Mrs. T. J. Roberts, Cadiz, Kentucky, Col. Allen is a graduate of the University of Kentucky, class of 1929, and was employed by the Liberty Mutual Insurance Company, Boston, Massachusetts, prior to entering military service.

Overseas 27 months, he also wears the American Defense Ribbon, the American Theater Cam-

paign Ribbon, the Mediterranean Theater Ribbon with one Battle Participation Star, and the Medal of War presented to him by the Brazilian Government.

A and P Firm To Equip Chapel At University

The Atlantic and Pacific Tea Company's Kentucky stores on August 21 presented a check for \$650 to the Inter-Faith Council for the equipping of a small chapel in the Student Union building at the University of Kentucky.

Bart N. Peak, general secretary of the University Y. M. C. A., accepted the check from J. B. DeJarnatt, vice president of the A and P Company and in charge of the firm's Louisville unit.

The chapel, requested by the students, will be established in the Y.M.C.A. and Y.W.C.A. quarters and it will be equipped for use by Jewish, Catholic and Protestant groups, Mr. Peak said.

The altar, to be constructed by the woodwork department at the University, is a gift from James Frankel, a graduate of the University in 1933 and the son of Leon K. Frankel, graduate of 1900, and Mrs. Frankel.

Atomic Bomb Researcher To Teach At Univ. Of Ky.

Dr. James I. Watters, for the past two and one-half years a member of the research staff of the University of Chicago, where he worked on problems connected with atomic energy, has taken up his new duties as assistant professor of chemistry at the University of Kentucky. Prior to going to Chicago he was a member of the Cornell University and the University of Minnesota faculty. He received his Ph.D. degree from the latter institution.

Kentucky Basketball For 1945-'46

By JACK PARKINSON

The University of Kentucky Basketball team, "The Pride of Dixie" will open a twenty-three game schedule on December 1st with Fort Knox in Lexington. The schedule this year is the longest ever played by a Wildcat team and is highlighted by home games with the University of Arkansas, Southwestern Conference Champions, on December 18th, and on December 21, with Oklahoma, Champions of the Big Six Conference. The Wildcats also play St. John's, Metropolitan Champions on December 29th in Madison Square Garden, and Temple in Philadelphia on January 1st. The only game this year to be played in Louisville will be played on January 26th against Notre Dame.

The Wildcats were late in getting started this year due to the absence of Coach Adolph Rupp, who had been in Europe to help set up a program of athletics for the Army of Occupation. He returned on October 20th and immediately called for practice on the following Monday.

He was greeted by six members of his Southeastern Conference Championship team of last year. These lettermen were led by Jack Tingle, Captain of last year's ball-team, who hails from Bedford, Kentucky, and Jack Parkinson from Yorktown, Indiana. Both of these boys have been named on the All Southeastern Conference Team the past two years, and are juniors this year. The other lettermen reporting were Wilbur Schu, senior forward from Versailles, and All-Conference in 1944, Buddy Parker, junior forward from Lexington, Ed Allin, junior guard from Lex-

WINFRED A. GRADY

In far-off Teheran, Iran, Brig. Gen. Donald P. Booth, commanding the Persian Gulf Command, pins the Legion of Merit on Lt. Col. Winfred A. Crady, of Louisville, Ky., in special ceremonies at PGC Headquarters. Col. Crady, a vet-

eran of more than three years' service in the once-vital supply line to Soviet Russia, was awarded the medal for "exceptionally meritorious conduct in the performance of outstanding service." (Photo by OTI, PGC U. S. Army)

ington, Bill Sturgill, junior guard from Prestonsburg, Kentucky.

Dutch Campbell, who was selected for All-Southeastern Conference Center in his first year, is

out with the football team and will report after their season is over. Deward Compton, who was with the Wildcats last year is also back.

Heading the list of newcomers

THE KENTUCKY ALUMNUS

on the Wildcats squad this year is Wallace (Wah Wah) Jones, the boy from Harlan, Kentucky, who scored 2,398 in four years of high school ball to break the National Scoring Record. Ralph Beard, All-State Guard from Male High School in Louisville, Darrell Lorance, All-State Forward from St. Louis, Sam Zeman, Forward from Pittsburgh, Barkley Sturgill from Prestonsburg, David Hines, from New Albany, Indiana, Bob Hale, Forward from Sulphur, Malcolm McMullen, Center from Hamilton, Ohio, Joe Holland, Center from Benton, Kentucky, Johnny Crockett, Guard from Maysville, and Zeb Blankenship, Forward from Elkhorn City. James Weber 6' 8" Center, who played with the Wildcats three years ago and who has been in the Armed Forces since then, reported for another chance at the center position.

Rudy Yessin, who was a reserve guard on the Wildcat team in 1944 before joining the Air Corps, has been discharged and will report for practice December 1st. And,

Advanced Training To Be Resumed

Advanced classes in infantry and Signal Corps ROTC work will be offered at the University of Kentucky beginning with the winter quarter which opens Jan. 2, Col. G. T. MacKenzie, University commandant, announced recently.

Authority for re-establishment of the advanced course in military science and tactics has been requested of the War Department, Colonel MacKenzie said, under provisions of a recent War Department circular containing notification of re-activation of the work.

Only electrical engineering ma-

as a cheering note for the future, Rupp said he believes it very probable that former stars such as Groza, Bob Brannum, Muff Davis, Jim Howe and numerous others will be discharged from the services fairly regularly. It all adds up to another great year for the Wildcats and their Coach Adolph Rupp.

The following is the schedule for the Wildcats 1945-'46 season:

Dec. 1. Fort Knox	Here
7 & 8. Western Ontario	Here
15. Cincinnati	Here
18. Arkansas	Here
21. Oklahoma	Here
29. St. John	New York, N. Y.
Jan. 1. Temple.....	Philadelphia, Penn.
5. Ohio University	Here
7. Xavier	Cincinnati, Ohio
12. Michigan State	East Lansing, Mich.
14. Cincinnati ..	Cincinnati, Ohio
19. Tennessee ..	Knoxville, Tenn.
21. Georgia Tech ..	Atlanta, Ga.
26. Notre Dame.....	Louisville, Ky.
28. Georgia Tech	Here
Feb. 2. Michigan State	Here
4. Vanderbilt.....	Nashville, Tenn.
9. Mississippi	Paducah
16. Tennessee	Here
19. Ohio University, Athens,	Ohio
23. Xavier	Here

jors will be eligible for enrollment in the Signal Corps advanced course. Enrollment in the advanced military ROTC course is open to all students who meet general qualifications.

Credit toward advanced course entrance will be allowed veterans who have been honorably discharged or transferred to the Enlisted Reserve Corps and relieved from active duty.

Those enrolled will draw a monetary allowance equivalent to the current garrison ration, uniform allowance and ROTC textbooks. These will be in addition to whatever benefits the student is receiving under the G. I. Bill of Rights.

Lee Miles Survives Bombed Prison Ship, Liberated In Korea

Capt. Lee Gardner Miles, a 1935 graduate of the University of Kentucky, who was one of less than 300 survivors among 1,619 U. S. prisoners aboard a Japanese ship that was bombed Dec. 15-16 in Subic bay, the Philippines, was liberated from a Japanese prison camp in Korea and is now at his home in Eminence, Ky.

Captain Miles received a second lieutenant's commission upon his graduation from the University. He was called to active duty in 1940, was promoted first lieutenant and sent to the Philippines in June, 1941, soon thereafter being promoted captain. He was captured on Bataan and was one of those forced to make the infamous "death march."

Taul Is Decorated

Marine Lt. Col. James Taul, husband of Mrs. Virginia Batterton Taul, 212 Ridgeway road, has been awarded the Silver Star Medal. He is serving in the Pacific theatre.

The award was made for Colonel Taul's inspirational leadership of an Infantry battalion from Feb. 21 to March 17 during the Iwo Jima campaign. Still in command of the battalion, he was credited with having reorganized the unit after taking command on Feb. 21, when the commanding officer, executive officer and operations officer of an adjacent battalion were casualties.

He has participated in the landing at Casablanca, Roi-Namur, Saipan, Tinian and Iwo Jima and holds the Legion of Merit and the Presidential Unit Citation. He is a graduate of the University of Kentucky, class of 1939, and was commissioned in 1939.

**Capt. James D. Gilmore
Assigned Duties In Panama**

Headquarters Panama Canal Department—Captain James D. Gilmore, a veteran of over fifty combat missions in the ETO, has been assigned to the Rio Hato Base Squadron as Operations Officer, it is announced by Sixth Air Force Headquarters at Albrook Field. Gilmore arrived in Panama last month.

Prior to entering the Army in February, 1941, he was a student at the University of Tulsa. He also attended the University of Kentucky in Lexington. Capt. Gilmore received his wings at Stockton, California, September 26, 1941. A year later, he arrived in England and following two months of duty there, was transferred to North Africa, where he took part in the epic campaigns of North Africa, Malta, Sicily and Italy.

Captain Gilmore flew fifty-three combat missions in an A-20, the Air Forces' twin-engine attack bomber which was used in the early part of the war with Germany. He was awarded the Silver Star in February, 1943, at Kasserine Pass for "outstanding gallantry in action, bombing and strafing column of enemy tanks and vehicles, causing great destruction, and destroying enemy command post" after his A-20 had been badly shot up. He also received the Distin-

guished Unit Citation when the 47th Bomb Group stopped the German offensive which had broken through at Kasserine Pass. The citation reads that the operations of this group on February 22 "profoundly influenced the course of the war in the North African Theater." He also wears the Air Medal with silver oak leaf cluster and has five battle stars on his ETO ribbon.

Captain Gilmore is married and his wife, Geraldine, lives at 1056 Short Drive, Fort Wayne, Indiana.

U. K. Course Trains Student In Government Financing

Knowledge and understanding of government finance administration will be offered, in principle, in a course by that title recently approved by the University of Kentucky faculty to be offered in the College of Commerce.

Government budget, accounting, debt, purchasing, treasury, revenue and auditing administration will be examined, and illustrations will be drawn from federal, state and local experiences. The course is not open to undergraduates other than commerce, economics and political science seniors.

U. K. Enrollment Reaches Highest Mark Since 1942

The largest University of Kentucky student body since 1942 has enrolled for the fall quarter. A total of 2,608 students enrolled at the close of the registration period Oct. 10. For the same term in 1942, enrollment was 2,736.

The figure includes the largest group of women students in the school's history, 1,624. Also, with between 250 and 300 war veterans returning to classes, the largest enrollment of men students in recent years was recorded. The total was 977.

John A. Whitaker

John A. Whitaker of Russellville, Ky., former University of Kentucky student and a member of the executive committee of the Alumni Association, is governor of the 161st district of Rotary International comprising all of western Kentucky.

Mr. Whitaker is county attorney of Logan county and is a member of the Kentucky Bar Association.

U. K. Prof. Identifies Fresh Water Jellyfish In Ky. River

Kentuckians, as a breed, are inclined to think that almost anything which can be found in other parts of the world may be found also, in Kentucky, and it begins to look as though they are right.

A species of fresh water jellyfish, large enough to be seen, has been identified by Dr. W. R. Allen of the University of Kentucky department of zoology from specimens brought to the campus from the nearby Kentucky river. The fish are usually quite small, and have appeared only this year on the surface of the river in size large enough to be noticed.

Dr. Allen is an authority on various kinds of fish.

Secret War Plant Makes Radio-Sonde

"Brailsford & Company Inc." is a Kentucky organization doing business in Rye, N. Y. Harrison Brailsford, the president, was graduated from the University in 1923 and K. R. (Paddy) Smith of the class of 1924 is vice-president. Mr. Brailsford is a resident of Harrison, N. Y. and Mr. Smith of Larchmont, N. Y. Mr. Smith collaborated with Mr. Brailsford in the development of a device, a type of Radio sonde, and in helping to organize the company.

The following story was taken from the Harrison Observer of Harrison, N. Y.

A radical departure in determining atmospheric conditions — a device which records conditions 12 miles above ground level, then transmits the information to a radio receiving station below in Morse Code, is the invention of a Harrison man who is manufacturing his product in Rye under a government contract.

The device, a type of radio-sonde, as invented by H. D. Brailsford, a consulting engineer, of Fenimore Drive, Harrison, and is now being manufactured in a small plant at 670 Milton Road employing 29 persons.

The details of the instrument are still rather secret and Mr. Brailsford has not obtained clearance from the Signal Corps on revealing them. He was able to reveal however that the instrument ascends in a balloon which bursts at a certain height. After the atmospheric messages have been recorded the entire apparatus is "expendable," Mr. Brailsford explains.

The instrument developed by Mr. Brailsford was found to be

successful last October, 1944, and Brailsford and Company, Inc., opened at Milton Road in Dec. 1944.

Only One In Nation

The plant is the only one in the country making this device and has contracts for the Signal Corps which will last well into 1946. "The demand is almost undiminished," according to Mr. Brailsford.

Attempts to perfect this instrument had been made by others for eight or ten years, Mr. Brailsford reveals, "But we were the lucky ones in getting it." Other devices required a complicated receiving apparatus and did not include the Morse Code element.

Mr. Brailsford is a graduate of the University of Kentucky. The new radio-sonde is his first experiment in the meteorological instrument field, his other work having been in the fields of applied physics, sound and vibrations and phonographic development. He is hopeful of obtaining official clearance on the details of the new instrument so that he can present them in papers for scientific publications in the near future.

Kuhn Will Return To U. K. In 1946

Lt. Charley Kuhn, outstanding back at the University of Kentucky until 1942 when he entered the Army, has been discharged and expects to return to U. K. next semester. Kuhn worked out briefly with the Wildcats recently and said that he would be in football togs here next year. He has one more year of college eligibility.

Kuhn, a pilot in the Army Air Forces, received practically every decoration awarded to American war heroes.

U. K. Sociologist To Head WHAS Roundtable Programs

Dr. Arnold Anderson, acting head of the department of sociology at the University of Kentucky, has been selected to head that institution's weekly roundtable program, heard over WHAS, Louisville, each Sunday, 11:45 to 12:15 p. m.

A graduate of the University of Minnesota and a native of that same state, Dr. Anderson came to the University of Kentucky from the national headquarters of the Selective Service System, where he was chief of the classification and population section. Previous to that, he was a visiting professor at Harvard University and on the staff of Iowa State College.

In his direction of the University roundtable broadcasts, Dr. Anderson will maintain a balance of subjects which will include timely topics of international, national and state-wide interest.

Bertrand P. Ramsey Given Civilian Award

Dr. Bertrand P. Ramsey, associate professor of physics on leave from the University of Kentucky, last week received the Meritorious Civilian Service Award for scientific accomplishments at the Naval Ordnance Laboratory, Washington, D. C.

In a special ceremony at the Washington Navy Yard, Dr. Ramsey was cited by Rear Admiral F. L. Reichmuth, commandant, "for outstanding and notable contributions in the field of magnetic tests and measurements." Dr. Ramsey began his special Navy assignment in April, 1943, and supervised work on magnetic mines for the Navy at the Department of Terrestrial Magnetism, Carnegie Institution of Washington.

Letter To "Trainer" Mann

September 26, 1945

Dear Frank—

I am with the 3rd Infantry Regiment and so is Phil Cutchins and Dick Webb. We are all playing football again this year. Cutchins and Webb should go great when they get back to school. We are only a regimental team but we are playing in a Divisional league and have a pretty fair club. All our boys are ex-college boys or pros.

Since I have been here I have seen Charlie Walker, Ticco and Durbin. Mullins was around and so was Eblen but I did not get to see them. I hear that Tommie Ewing is playing for the 82nd Air Bornes, so we should see him when we play them in Berlin.

I didn't see Coach Rupp when he was around, but some of the boys did. Some of the fellows are still talking about "that coach from Kentucky."

Sure wish I could see some of the games this year, Skip, but it looks like it will have to be next year. But I'll tell you this—if we are ETO Champions we will be in the States by Xmas to play an exhibition game.

Give my regards to Shive and all the rest. Good luck to you all,

Yours

Harry.

P. S.—How are the fish biting?

(The above letter was written by Sergeant Harry Taylor to Mr. Frank Mann).

U. K. Symphony, War Casualty, To Be Heard Again This Year

The University of Kentucky philharmonic symphony orchestra, a war casualty during the past year, will be reorganized on the

campus of the state institution this fall, and will again be listed on the Sunday afternoon musical series.

This organization, under the direction of Dr. Alexander Capurso, head of the University's department of music, is not only a popular campus activity but takes its place beside the Guignol (campus little theatre) as a community project.

Announcement has also been made from the music department that the men's glee club, defunct for several years because of the war, will be reorganized and will also appear on the Sunday afternoon musicale series.

Capt. Basil J. Gilbert Freed From Jap Prison

Capt. Basil J. Gilbert, son of Mrs. Nancy Gilbert, of St. Petersburg, Fla., formerly of Lexington, was released from a Japanese prison camp last September. He arrived in San Francisco, Calif., Oct. 12 from Manila and called his mother long distance. He told her he was in good health and would see her soon.

An officer in the Air Forces, Captain Gilbert was taken prisoner on Bataan in April, 1942. He is a graduate of the University of Kentucky and was employed at the First National Bank before entering the service.

Conducts Class In France

Maj. Ralph H. Hughett of 311 Sycamore road, training officer of the 101st Airborne Division in the European theatre, recently conducted a school in Vittel, France, in the use and operation of the new recoilless 57mm and 75mm weapons.

Major Hughett participated in all of the 101st division's campaigns including the D-Day inva-

sion of Normandy, the airborne invasion of Holland, the Battle of Bastogne and the final fighting in Alsace and Southern Germany. He wears the Bronze Star, awarded for meritorious service, and the European Theatre of Operations ribbon with four battle stars and the Invasion Arrowhead. He is a graduate of the University of Kentucky.

Lt. Norman Wides Freed From Prison

First Lt. Norman Wides, 27, a veteran of the Philippine campaign, has been released from a Japanese prison and returned to military control, his brother, Edward Wides, was informed in a message from the War Department. The message said he was returned to military control Sept. 8, 1945. His present whereabouts was not given in the message.

Lieutenant Wides, was in the Philippines as an Army Reserve officer in 1941, prior to the attack on Pearl Harbor. He was taken prisoner by the Japanese in the fall of Bataan. A letter dated April, 1945, had been received from him by his family some months ago. Lieutenant Wides is a graduate of the College of Engineering at the University of Kentucky.

Shelley Enters Cornell

Thomas H. Shelley, Jr., son of Mr. and Mrs. T. H. Shelley, has entered Cornell University to begin work on his doctor's degree in chemistry. He received his B. S. in 1941 and M. S. degree in 1942 from the University of Kentucky and for the last two years was in the research department of the Goodrich Rubber Company at Akron, Ohio. His wife, the former Miss Charlene Lisanby, is accompanying him to Ithaca, N. Y.

Mackenzie Takes Command At U. K.

Col. Gabriel T. Mackenzie, United States Army Infantry, assumed command of the 1548th Service Command Unit at the University of Kentucky, September 16.

Colonel Mackenzie, who was transferred from the Fifth Service Command at Fort Hayes, Ohio, succeeds Col. W. G. Johnston, who will revert to an inactive status.

Colonel Mackenzie is a graduate of St. John's College and did graduate work at the University of Maryland. He served with the Army in the Mediterranean theater, having participated in the campaigns of Africa and Italy, and landed with the 15th Army at Normandy. He holds the Legion of Merit, the Silver Star Medal and the Purple Heart.

Prior to his assignment to the Fifth Service Command, Colonel Mackenzie was stationed with the Military Training, A. S. F., Washington, D. C., and at one time directed military training at the Virginia Military Institute at Lexington, Va.

Captain Kranz, U.S.M.C.

Marine Capt. William Caden Kranz, 24, already the holder of a Presidential Unit Citation awarded his entire unit for heroic action in the invasion of the Marshalls, the veteran of 23 months' combat duty in the Pacific, now has received an individual citation from Maj. Gen. C. B. Gates, commanding the famous Fourth Marine Division for his "courage and conduct" in the Iwo Jima operation.

Captain Kranz, who is a regular

and not a reserve officer, joined the Marine Corps in August, 1940, when he was a student at the University of Kentucky, and thus has been in the service more than five years. Upon his return to civilian life, he intends to resume his U. K. studies. Although he has been in six of the bloodiest Marine campaigns in the Pacific and, according to his citations, always has been in the thick of the fighting, he has escaped without a scratch.

The text of his latest citation follows: "For excellent service as message-center platoon commander of a division signal company during operations against the enemy from 10 September, 1944, to 16 March, 1945. In preparation for the assault upon Iwo Jima, Volcano Islands, Captain Kranz trained his platoon to an unusually high degree of proficiency, devised new and improved message-center techniques, and developed much new equipment to facilitate message-center operations. In the assault on the enemy-held island, 19 February to 16 March, 1945, his meticulous supervision of message-center operation and his sound judgment under stress were major factors in the successful operation of the division message-center and contributed materially to the success of our forces. His courage and conduct throughout were in keeping with the highest traditions of the United States Naval Service."

Tobacco Low In Nicotine Shown

Tobacco so low in nicotine that it doesn't irritate delicate throats and so aromatic that it can't be told from expensive Turkish leaf were among varieties seen by farmers and farm women at the annual field day of the Fayette county tobacco committee at the Uni-

versity of Kentucky Agricultural Experiment Station August 2.

The visitors saw hundreds of test plots used by Experiment Station scientists to grow tobacco not only more delicate in taste and flavor but resistant to diseases and storms. Thirty per cent of the land in central Kentucky is infected with diseases that cost leaf growers millions of dollars a year, Dr. W. D. Valleau, plant pathologist, explained.

Several varieties resistant to black root rot were shown the farmers. Further effort is being made to determine what may be done to check brown root rot. Other plots seen included burley crossed with South American varieties in an effort to control mosaic disease. Thousands of acres of valuable tobacco blow down every year, it was said, and efforts are being made to develop stalks and leaves that resist heavy gales and pounding rains.

Fertilizer test plots seen by the farmers including one growing its 29th successive tobacco crop. Treated with 20 tons of manure to the acre, it produced 2,500 pounds for 45 cents a pound last year.

Prof. P. E. Karraker explained that brown root rot often develops in tobacco grown on sod land, whereas it seldom appears where tobacco follows tobacco.

Plots where weeds were scraped off at the surface of the ground, and no deep cultivation done, attracted the attention of the visitors. It was explained that deep cultivation sometimes injures tobacco.

A field was inspected where terraces were said to have produced better tobacco by holding both water and fertilizer.

S. Headley Shouse, chairman of the Fayette tobacco committee, was in charge of the meeting.

U. K. Will Get Lab Equipment

University of Kentucky was advised on Nov. 2 that the school was in line to receive much of the laboratory equipment of the Ohio River Ordnance Works at Henderson.

Capt. A. G. Holstein, commanding officer of the installation, announced at Henderson that a substantial portion of the technical and physical equipment at the \$20,000,000 plant would be transferred to the University under present plans for use in research work.

School officials had not been notified that they were in line to get the equipment, but both Dr. H. L. Donovan, University president, and Dr. William S. Webb, head of the physics department, said they would welcome any they could get.

Dr. Donovan said he was taken completely by surprise by the news that the University might receive the equipment.

"It is brand-new to me," he stated. "We have had a committee on the road for the past four or five days inspecting equipment in different ordnance plants, and that is all I know."

He said he was not aware of it if such equipment actually had been offered to the school, referring further questions to Comptroller Frank D. Peterson, who was not available.

Dr. Webb, member of a university committee chosen to tour several war plants in the interest of obtaining surplus equipment, said it had not been determined how much or what kind of equipment the school would get.

However, he said the type of laboratory equipment used at the ordnance plant would fit well in

the University physics, engineering and chemistry departments.

He added that while these departments were equipped modernly at present, the school has been unable to buy equipment for about four years and that many more people will be studying science and engineering than ever before.

Captain Holstein's announcement followed a conference with Dr. Webb, Dr. L. R. Dawson, head of the University's chemistry department and Fred Mangelsen and J. R. Boyd, also of the University staff.

U. K. Scholarship Fund Set Up In Zembrod Will

A \$4,000 scholarship fund in the name of Prof. Alfred Charles Zembrod was left to the Romance Language department of the University of Kentucky under terms of the will of Professor Zembrod's widow, Mrs. Sarah Frances Farra Zembrod, probated in Fayette County Court.

Professor Zembrod, who taught at the University for about 35 years, was head of the Romance Language department and professor of German and French.

Mrs. Zembrod also left her husband's library and a portrait of Professor Zembrod executed by Sudduth Goff, Lexington artist, to the University.

Mrs. Zembrod died at the Good Samaritan Hospital in Lexington after a short illness, August 19, and her burial took place in the Lexington Cemetery.

Mrs. Zembrod was born in Jessamine County, Ky., and attended Hamilton College. As the wife of the head of the Department of Romance Languages she was identified with University circles in club work and was greatly appreciated for her hospitality to faculty and students.

Dr. William Nicholls Wins \$5000 In Contest

The American Economic Association announced on September 14 that Dr. William H. Nicholls, native Lexingtonian and now a member of the faculty of the University of Chicago, has been awarded the first prize of \$5000 in a contest sponsored by that Association for a paper submitted on the topic, "A Farm Price Policy for Agriculture, Consistent with Economic Progress, Which Will Promote Adequate and More Stable Income from Farming." The prize was presented at a dinner at Washington on Wednesday evening of this week which was attended by Secretary of Agriculture Clinton Anderson, and other high-ranking officers of the Agricultural Department, the members of the agricultural committees of the U. S. Senate and House of Representatives, and many of the leading economists and political scientists of the United States. Several score of economists of the leading universities of the United States participated in the competition.

The purpose of the contest was to develop a practical basis for a price and income policy for agriculture in the United States. Since 1933 support prices for farm products have been based on "parity" prices. Consideration is now being given by Congress to a modification of these policies. The purpose of the "parity" formula was to provide a yardstick for measuring the adequacy of prices received by farmers. This yardstick for most farm products is based upon the period 1910-14. Many changes in costs of production have since occurred, and "parity" prices do not now ade-

quately reflect the changes in the costs of producing farm products. Thus the "parity" price for a particular product such as cotton, corn or tobacco may not reflect the current situation either on the cost or market side.

It was stipulated for the proposals for agricultural price policy reform submitted in the contest that they should: (1) be designed so that consumers as well as producers would share in the benefits in the increased production, (2) be sufficiently flexible to reflect changes in costs and demand conditions for any farm commodity, and (3) be easy to understand and simple to administer.

Dr. Nicholls is a graduate of the University of Kentucky (Class of 1934) where he was a member of Phi Beta Kappa. He later received a Doctor's Degree in Economics from Harvard University. For 6 years he served as agricultural economist at Iowa State College and since last January has been on the staff of the Department of Economics of the University of Chicago. He is the author of two books: "Imperfect Competition in Agricultural Industries" and "Wartime Government in Operation" besides many bulletins and scientific papers dealing with economic problems, particularly those pertaining to the nation's agriculture. He is a son of Professor W. D. Nicholls of the faculty of the College of Agriculture of the University of Kentucky, and a graduate of the U. of K. in 1907 who received his Master's degree in 1915.

Wins Silver Star

Capt. George W. Terrell, son of Mrs. Robert C. Terrell, 430 Transylvania park, has been awarded the Silver Star medal in connection with military operations

against the enemy in Germany March 24, 1945. While under heavy enemy fire, "without regard to his personal safety, Captain Terrell entered a burning building that contained mortal ammunition which was already exploding to evacuate personnel still in the basement. His courage and high regard for the safety of his men reflect great credit on the military service of the United States," the citation read. Captain Terrell was graduated in engineering from the University of Kentucky in 1942. Overseas for two years, he is now home on 30-day leave. He was aboard a transport en route to the Pacific when the ship turned back after the defeat of Japan.

Alex Bower Returns From Foreign Service

Cpl. Alex Bower, sports editor of The Lexington Leader from 1941 until his entry into military service in June, 1944, has been released from the Army, and returned home Thursday, Oct. 25. Corporal Bower went overseas last December and served in the European theater of operations until his recent release.

The ex-soldier announced when visiting The Leader newsroom recently that he had accepted a position with The Blood Horse, one of the nation's foremost thoroughbred magazines, published in Lexington under the editorship of J. A. Estes. He will assume his work with the magazine Nov. 5.

While in Europe, Bower kept in close touch with the thoroughbred industry abroad, and wrote a number of articles for The Leader and The Blood Horse. He had been interested in thoroughbreds for a number of years and while serving as Leader sports editor became recognized as an authority in that field.

Davis Principal Of Lafayette High

Dr. H. L. Davis of Lexington has been elected principal of Lafayette High School to succeed Dr. A. B. Crawford who resigned to accept a position with the Veterans Administration.

Dr. Davis has been supervisor of occupational information and guidance in the State Department of Education. Before accepting that position he had served as dean of men and supervisor of secondary education in the Lexington city schools, and had been assistant principal at Fort Smith, Ark. He secured the A.B. degree from State Teachers College at Conway, Ark., and was granted the M.A. and Ph. D. degrees from the University of Kentucky.

Mrs. Davis, formerly Miss Lucile Cook of Lexington, was graduated from the University in 1927.

Dr. Crawford received his B.S. from the University in 1917 and his Doctorate in 1933.

Dr. Woods To Assume Murray Duties Nov. 1

Dr. Ralph Woods, state vocational education director and head of the Kentucky "Food Production For War" training program took over his new duties as Murray College President on November 1.

Dr. Woods, successor of Dr. James H. Richmond, who died July 24, accepted the presidency at a college board meeting October 9.

A Virginian, Dr. Woods holds degrees from Berea College, the University of Kentucky and Cornell University. A former University of Kentucky agricultural education instructor, the new Murray head has been state director of vocational education since 1936.

H. E. Stevens Retires From USDA

Harold E. Stevens, senior pathologist with the Bureau of Plant Industry, U. S. Dept. of Agriculture, retired Aug. 1 from active duty after many years of service to the citrus and subtropical fruits industry of the state.

Born in Pruitt, Ky., in 1880, Mr. Stevens attended Kentucky State university, graduating in 1906. He obtained the degree of Master of Science at the University of Illinois in 1910.

In his early career, prior to coming to Florida in 1912, Mr. Stevens obtained wide experience in scientific and practical agriculture, having held positions at the University of Illinois, later in the Philippine Islands as agricultural inspector, and as assistant plant pathologist at the Arkansas State Experiment Station. From 1912 to 1920 he was Plant Pathologist at the Florida Experiment Station at Gainesville.

During the next seven years Mr. Stevens was agricultural adviser in Lee Company adviser to the Stripes Citrus Packing Co., and research pathologist at Fort Myers. In 1928 he accepted the position of senior pathologist in the Bureau of Plant Industry at its Subtropical Fruit station in Orlando.

In his long career Mr. Stevens has published many bulletins and papers of a scientific and practical nature dealing primarily with diseases and disease control in citrus and other subtropical fruits. Although retired, he expects to continue his interest in his life's work and to continue his residence in Orlando.

Mr. Stevens is a member of the American Asso. for the Advancement of Science, the Society of Phylopathologists, and the Florida

State Horticultural Asso. He is a member of the First Baptist Church and a Rotarian.

Orlando Reporter Star,
Orlando, Florida.

Jean And Harold Denny Fellowship Inaugurated

The memory of a former Lexingtonian and her husband is being perpetuated by the Institute of Fine Arts, New York University, which has announced the Jean and Harold Denny traveling fellowship for research in Europe.

Before her marriage, Mrs. Denny was Miss Jean Bullitt Lowry of the staff of the University of Kentucky art department. Mr. Denny, New York Times war correspondent, was the author of the book, "Behind the Lines."

Both Mr. and Mrs. Denny died after the outbreak of the war and funeral services were conducted in Lexington.

John Crosby Transferred

Captain John P. Crosby, former Lexington lawyer, has recently been transferred from his duties as Staff Judge Advocate of the North Burma Air Task Force to India and has been made legal officer for all units of the air base where he is now stationed.

The North Burma Air Task Force was formed to transport troops from Burma to China, to protect the planes hauling supplies and troops from enemy attack, to attack the enemy in Burma, and was the last tactical organization of the AAF to leave Burma.

The Commanding General of the North Burma Air Task Force in a letter to the Commanding General of AAF in India commended Captain Crosby for his outstanding legal work while with the Task Force from May to September.

Immediately prior to going over-

seas Captain Crosby was stationed at Robins Field, Georgia, from January to October, 1944, where a very large number of civilians were employed in technical work on aircraft. Captain Crosby realized the difficulties involved in income tax matters for the civilians as well as the military personnel and their dependents. He organized and trained the personnel to handle tax matters for the entire base, and supervised the preparation of over 1000 returns which resulted in tax refunds to military personnel alone of \$150,000 for which work he was commended by the Commanding Officer of Robins Field.

Captain Crosby graduated from the University of Kentucky in 1930, and practiced law here until 1942 when he volunteered and went on active duty in December 1942.

Lexington CID Agent Featured In Army News

Joseph C. Lewis of Lexington, who received his Arts degree in 1941 and a Law degree in 1943, was featured by the Stars and Stripes during the mid-summer for having figured in the capture of two convicted enlisted men who had escaped from a military prison in Italy, and had help up a jeep and had taken a safe containing \$133,000 and important secret Army papers.

Mr. Lewis left for overseas duties more than two years ago with an Infantry outfit but was transferred to duty with the CID. He is now in Salzburg, Austria. He was one of five agents of the Criminal Investigation Division of the United States Army. The two criminals were Sylvio T. Mathison and Rodney S. Travanion. Travanion was arrested in a ward in a hospital where he was being treated for a broken leg, suffered shortly

after he had held up the jeep driver. Mathieu was captured in a bar in a small town near Florence, Italy. The two men escaped from the Pisa stockade on June 15 and three days later held up a jeep driver who had picked them up as hitch-hikers. Near Siena, the two men poked guns in the driver's ribs and drove off with the jeep which was loaded with a safe, crammed with gold coins, American blue seal currency, Italian lire, Swiss francs and German reichmarks.

The safe was found by the CID agents in a haystack near the scene of the crime 11 days after the incident.

Mrs. Lewis, formerly Eleanor C. Edwards, who was graduated from the University in 1940, is supervisor of school lunches in Spartansburg, S. C.

Army And Navy Honor Kellar

Dr. W. H. Kellar, former University of Kentucky professor, shared honors with other Iowa State College employees of Chemistry Annex 1 and 2 when Maj. Gen. Leslie Groves, commanding officer of the Manhattan district and War Department director of the atomic bomb project, presented the Army-Navy "E" flag Oct. 12 at Ames, Iowa.

In the summer of 1942, Dr. Frank H. Spedding, project and research director; Dr. Harley A. Wilhelm, associate project director in charge of metallurgy division; Dr. C. F. Gray, chemist in charge of the section on metal casting, and Dr. W. H. Kellar, chemist in charge of the section on chemical metallurgy, invented the process used in the production of the metallic uranium for which the Army and Navy are making the award.

Dr. Kellar received his B.S. degree from Georgetown College, his

M.S. degree from the University of Kentucky and his Ph.D. degree from Cornell University. He taught chemistry at the University of Kentucky from 1928 to 1938 and at Morehead State Teachers College from 1938 to 1942. He began work on the atomic bomb project at Iowa State College when it was started in 1942. He is a member of the American Chemical Society and the Association for the Advancement of Science.

Baptist Minister Graduate Of U. K.

The Rev. John J. Curtis, a senior at the Southern Baptist Theological Seminary at Louisville and son of Mr. and Mrs. John J. Curtis, 344 Transylvania park, Lexington, was ordained into the Baptist ministry in services at 7:45 o'clock Sunday night, September 16 at the Calvary Baptist Church. The Rev. H. Cornell Goerner, a member of the faculty of the Louisville seminary, preached the ordination sermon.

Mr. Curtis, a graduate of the University of Kentucky, now 24 years old, is pastor of the Providence Baptist Church in Clark county.

Weldon Shouse Named Assistant To Dummit

Weldon Shouse, former Lexington attorney, has been appointed as assistant attorney general and assigned as legal counsel for the State Alcoholic Beverage Control Board.

Shouse, named by Atty. Gen. Eldon S. Dummit, recently was discharged as a captain after three and a half years of service with the Army in the Pacific. A graduate of the University of Kentucky law college, he was admitted to the bar in Fayette county in February, 1940.

Dr. Bradshaw Named Health Director

Dr. Wilbur Vinton Bradshaw was named health director of Anderson county at the October meeting of the county health board. According to the State Board Dr. Bradshaw will devote part of his time to the Shelby county health unit.

Dr. Bradshaw entered military service in January, 1941, and was released in September, 1945.

A native of Suffolk, Va., he attended William and Mary College after completing his high school education. He received his professional training at the Medical College of Virginia where he was given his M.D. degree. He did post-graduate work and served his internship at Huntington, W. Va., Memorial hospital.

Dr. Bradshaw received his public health training at the University of Kentucky and John Hopkins University School of Hygiene and Public Health. He has served as county health officer in Knox, Lincoln and Casey counties.

New Vocational Director

Watson Armstrong, since 1932 attached to the University of Kentucky College of Education and former vocational agricultural teacher at old Picadome high school, became director of vocational education November 1 to succeed Dr. Ralph Woods, newly chosen president of Murray State Teachers' College. The announcement was made at Frankfort by State Superintendent of Public Instruction John Fred Williams.

Mr. Armstrong is a native of Flemingsburg, a graduate of the University of Kentucky and resides at 217 North Broadway with his wife, the former Katherine Wilson, and two children, Anne and Watson, Jr.

Lafayette Studios,

DR. SHELBY McCLOY

Dr. McCloy Assumes Post At University

Dr. Shelby T. McCloy, visiting professor of history at the University of Kentucky last year, has been named professor of history at the institution and has assumed his teaching duties.

Dr. McCloy holds two degrees from Oxford University, having attended as a Rhodes Scholar. He also has the A.B. and M.A. degrees from Davidson College and the Ph.D. degree from Columbia University.

Dr. McCloy is a native of Monticello, Ark., and for one year, 1924-25 served as Y.M.C.A. secretary and instructor in Bible at Robert College in Constantinople. He served as instructor and assistant professor of history at Duke University from 1927 to 1945.

The new University history professor is a member of Phi Beta Kappa; held the Jacob H. Schiff fellowship at Columbia University in 1929-30; and is the author of a book, "Gibbon's Antagonism to Christianity," published in 1933. He also is a member of the American Historical Association; the Société d'histoire de la Revolution Francaise, and the American Association of University Professors.

Weinman Returns To Pre-War Post

Lt. Col. Glen F. Weinman, who left Lexington May 21, 1941, as a reserve officer reporting for active duty with the United States Army, returned to his post as secretary-manager of the Blue Grass Automobile Club, Len B. Shouse, president of the organization during three of the four years of wartime service, today announced.

Colonel Weinman became secretary-manager of the club March 2, 1932, and served continuously until called into the service. During that nine-year period, the club developed membership in 32 counties of central and eastern Kentucky.

Colonel Weinman graduated at the University of Kentucky in 1932, retained his status as a reserve officer and entered the active service as a captain. He saw action as an infantry battalion commander at Guadalcanal and at Iwo Jima, and was returned on leave after 39 months in the Pacific theater just prior to the Japanese surrender. He was decorated for "heroic achievement at Guadalcanal and received a citation for meritorious work at Iwo.

Col. A. C. Welling Receives Award

New Delhi, India—Colonel Alvin C. Welling, of 18 Highland Avenue, Fort Mitchell, Kentucky, has been awarded the oak leaf cluster to the Legion of Merit.

Welling was honored for his services as theater engineer and commanding officer of construction service, and for the entire period from November, 1943, to September of this year. The citation reads in part:

"Colonel Welling was largely responsible for the supervision,

planning, and coordination of all engineering projects, including the construction of roads, pipelines, air fields, railroads and warehouses. He discharged his responsibilities in an outstanding manner, his achievements having contributed materially to the successful accomplishment of the mission of the Theater."

Welling attended the University of Kentucky in 1928 and 1929, then was enrolled at the United States Military Academy. He was graduated from West Point in 1933 with a bachelor of science degree."

O. B. Dabney Elected Registrar's President

At the annual meeting of the Kentucky Association of Registrars Oct. 25 on the University of Kentucky campus, Dr. O. B. Dabney, dean of the Ashland Junior College, was elected president, succeeding James H. Hewlett, dean of Centre College, Danville.

Other officers chosen were Mrs. R. L. Williams, registrar of Paducah Junior College, vice president, and Miss Jessie Wilson, of the University registrars' staff, re-elected secretary-treasurer. Dr. Dabney formerly was superintendent of the Midway city schools.

Ellis Johnson Back

Ellie Johnson who has been in the Navy three years, returned to his duties as coach and director of athletics at Morehead State Teacher's college, Tuesday, December 11. Johnson, who was graduated from the University, was a former Ashland high school and University athlete, played football and helped coach Great Lakes Naval Training station teams during his years in service.

Land Grants Group Elects Dean Cooper

Dr. Thomas P. Cooper, dean of the University of Kentucky College of Agriculture and Home Economics and director of the Experiment Station and of the Agricultural Extension division, was elected president of the Association of Land Grant Colleges and Universities by representatives of the association in annual meeting Oct. 25 in Chicago.

Dean Cooper has been secretary-treasurer of the association since 1932 and prior to that he served for some time as assistant treasurer.

The University dean and director is a graduate of the University of Minnesota College of Agriculture, and holds the honorary D.Sc. degree from Clemson College in South Carolina. He was appointed dean of the College of Agriculture and director of the Experiment Station at the University of Kentucky in 1918.

He is a member of many scientific and educational organizations, including the American Association for the Advancement of Science, the Academy of Political and Social Science, the Society for the Promotion of Agricultural Science, the American Farm Management Association, the Kentucky Academy of Science and the Kentucky Livestock Sanitary Board.

Colonel Honhorst in China

Headquarters, China Air Service Command, Shanghai—Lt. Col. William J. Honhorst, 33, of Dayton, Ohio, was among the first group of U. S. Army personnel to arrive in newly-liberated Shanghai following V-J Day. Colonel Honhorst is with the maintenance and repair division of the China Air Service Command headquarters.

A licensed professional engineer,

he was employed by the National Carbon Co. before he returned to active duty with the Army June 6, 1941. He departed for overseas April 29, 1945 and has been in China since May 8, 1945. He is a graduate of the University of Kentucky with a B.S. in mechanical engineering.

Col. Elbert DeCoursey On Important Assignment

Colonel Elbert DeCoursey, Medical Corps, U. S. Army, recently returned to his command, a medical general laboratory in the Mid-Pacific area, after a month's trip to forward areas in the western Pacific.

As laboratory consultant to the Mid-Pacific Theater, Colonel DeCoursey flew to Okinawa, Iwo Jima, Saipan, Tinian and Guam, where he visited the laboratories in all hospitals and conferred about new developments in laboratory medicine. "These laboratories," he said, "are the outposts of military medicine. They are the first to discover new diseases, and methods of diagnosis, prevention and control."

On Okinawa, Colonel DeCoursey was particularly struck by native methods of soil conservation. "The land shows the effect of centuries of tilling," he said, "and every bit of space is utilized. Even the mountainsides are beautifully terraced."

As commanding officer of the theater medical general laboratory, Colonel DeCoursey organized the team of scientists that directed the spraying of Saipan with DDT. This was the first instance of airplane spraying of an entire island and of mass control of insects. He was also responsible for setting up a virus disease laboratory within his unit, and for establishing a theater laboratory service which

made laboratory consultation available to any medical officer from the fighting front to rear area hospitals.

Both Colonel and Mrs. DeCoursey graduated from the University of Kentucky in 1924. The Colonel went to Johns Hopkins Medical School, where he received his M.D. in 1928. He was commissioned in the Army Medical Corps in 1929, and received his latest promotion in July, 1944.

Dr. S. W. Grise Heads Union College

Dr. S. W. Grise, who received his Ph.D. degree from the University of Kentucky in 1943, his A.B. degree from Western Kentucky Teachers College in 1927, and his M.A. degree from George Peabody College in 1931, was recently appointed head of the department of education and director of extension at Union College, Barbourville, Kentucky. Prior to his appointment at Union, Dr. Grise served as teacher and administrator in elementary schools in Kentucky and Arkansas. Immediately before coming to Union, he was principal of the College of William and Mary Demonstration School, called the Matthew Whaley School, Williamsburg, Virginia.

Eleanor Hyde Commissioned

Miss Eleanor J. Hyde of Westfield, N. Y., formerly a student at the University, was commissioned a lieutenant on November 17 at Fort Des Moines, Iowa. She enlisted in the Women's Army corps in February, 1943, and following basic training was assigned to the New Orleans Port of Embarkation Station hospital where she is in charge of special diets.

Lieutenant Hyde received her commission with 88 Wac officers and the ceremony brought to an end another phase of the Women's Army corps training program.

DR. W. H. STEPHENSON

Stephenson Heads U. K. Publication

Dr. Wendell H. Stephenson, University of Kentucky professor of history, who came to the University at the opening of the fall quarter this year from Louisiana State University, was named editor of the University of Kentucky Press at a meeting Oct. 19 of the executive committee of the board of trustees.

Dr. Stephenson was a member of the University of Kentucky staff from 1924 to 1926 when he served as instructor and then assistant professor of history and political science. From here he went to Louisiana State as associate professor of American history, later becoming a full professor in the department. He has taught in summer sessions at Indiana University and at Duke University since leaving the University of Kentucky.

Dr. Stephenson is a graduate of Indiana University from which school he also holds the A. M. degree. He earned his Ph.D. degree at the University of Michigan.

Dr. Stephenson is the first editor of the University of Kentucky Press, the work formerly having

been handled by a committee of faculty members.

Present for the meeting were Judge Richard C. Stoll, vice chairman of the board and chairman of its executive committee; H. S. Cleveland, Franklinton; R. P. Hobson, Louisville; President Donovan and Frank D. Peterson University comptroller.

Cpl. Myer B. Godhelff

Cpl. Myer B. Godhelff, son of Mr. and Mrs. Sam Godhelff, of South Upper street, has returned to Lexington after receiving his discharge at Camp Atterbury under the point system. As a member of the 83rd Airdrome squadron, he saw service in England, France, Belgium, Luxembourg and Germany where his unit was a part of the tactical air command in support of the Third Army of General Patton.

Corporal Godhelff wears the Meritorious Service Unit plaque wreath, the European Theatre Ribbon, four battle stars for the Normandy campaign, Northern France, the Rhineland and Central Europe. A graduate of the University of Kentucky, the corporal was editor of his unit's newspaper, the Kangaroo Gazette. He was in the service 43 months, 22 in overseas duty.

Discharged

Lt. Col. Richard Elliott, son of Dr. and Mrs. E. Cronley Elliott, 8 Mentelle park, has been discharged. In service four years and 10 months, Colonel Elliott served as chief of the medical division at Camp Crowder, Mo.

Capt. Morris Levin, 35, son of Barnett Levin of 435 Hollywood drive, from the Army Air Forces through Memphis, Tenn. Captain

Levin entered the service April, 1942, and served as an administrative officer at Lowry Field, Denver, Colo.; Mitchell Field, N. Y.; Teanack, N. J.; Newark Army Air Field, N. J.; La Guardia Field, N. Y.; Edgewood Arsenal, Maryland; Air Transport Command Headquarters, Washington, D. C., and the Fourth Ferrying Group, Ferrying Division, Air Transport Command, Memphis, Tenn. He is a graduate of the University of Kentucky and has been on military leave from the U. S. Postal Service.

First Lt. Donald Hillenmeyer, husband of Mrs. Margaret Julia Wharton Hillenmeyer, 235 Queensway drive, was given an honorable discharge at Camp Atterbury, Ind. In service since July, 1942, Lieutenant Hillenmeyer served 14 months in the China-Burma-India theater. He was awarded the Distinguished Flying Cross and the Air Medal.

Lt. Col. Philip P. Ardery, son of Judge and Mrs. William B. Ardery of Paris, honorably discharged from the Army at Camp Atterbury, Ind. He reverted to inactive status Nov. 1. He served as a pilot in North Africa, the Middle East Theater and the European theater and holds the Silver Star, the Distinguished Flying Cross and the Air Medal with several Oak Leaf clusters. He will practice law in Frankfort after returning to civilian life.

Lt. Paul B. Sturgill, son of Mr. and Mrs. C. L. Sturgill of the Liberty pike, is home after receiving an honorable discharge from the service. He wears the E. T. O. ribbon with three battle stars, the Citation, Air Medal with Oak Leaf Cluster and Distinguished

ALUMNI OBITUARIES

Mrs. Harold Tweedy

Mrs. Cynthia Hammond Smith Tweedy, wife of Major Harold Tweedy of Washington, D. C., died August 19 at Walter Reed hospital after a protracted illness and burial took place in Arlington Cemetery.

Mrs. Tweedy was a daughter of Mr. Charles Judson Smith and Mrs. Smith of Lexington and was a graduate of the University of Kentucky in 1929. She received her master's degree from the American University, Washington, after studying at the University of London and in Geneva, Switzerland. Mrs. Tweedy was secretary for the New England district of the National Society for the Prevention of War and more recently held positions with the Federal Housing Administration and other Federal agencies in Washington.

Besides her husband, who is attached to the General Staff Corps, and her parents, Mrs. Tweedy is survived by two sons, Douglas Lathrop and Stuart King Tweedy; a brother, Gilbert King Smith, Arlington, Va., and three sisters, Mrs. Hammond Dugan, Lexington, Mrs. John Rothenstein, Garsington, England, and Mrs. Rufus Lisle, Lexington and Miami, Fla.

Walter Payne Coleman

Walter Payne Coleman, 44, Fayette County farmer died, August 21, at his home, Bon Air Farm, three miles from Lexington

on the Newtown road. Mr. Coleman had been ill several weeks and death was caused by a heart attack. Burial took place in the Lexington Cemetery. A native of Lexington he was educated in private schools and the University of Kentucky. Formerly proprietor of the Coleman Hatcheries, Versailles Pike, Mr. Coleman for the past 12 years had devoted all of his time to farming.

He is survived by his wife, Mrs. Virginia May Coleman; two sons, Walter Payne Coleman Jr., and John Howard Coleman, Fayette county; a brother, J. Winston Coleman Jr., Fayette county; an uncle, Walter S. Payne, Fayette county, and an aunt, Mrs. Peter C. Brashear, Castleton, N. Y.

Miss Elise Luten

Miss Elise Luten, a graduate of the University in 1933, died at her home in Butler, Ky., March 23, 1945.

Miss Luten was an active member of the Alumni Association and was a teacher in Shawnee High School, Louisville, Ky., until the fall of 1944. She is survived by her sister, Miss Inez Luten who is also a graduate of the University.

Robert Taylor Embry

Robert Taylor Embry, Secretary-Treasurer of the Southeastern Greyhound Lines and Manager of the Jacksonville, Florida, Office, died November 10, 1945, in Jacksonville. Mr. Embry was a native of Lexington and attended the University of Kentucky. Before joining the bus company in 1929 he was employed by the old Lexington Utilities Company. He served as office manager at the Nashville, Tennessee, Greyhound Branch

Flying Cross. He was graduated from the Army Air Force School of Navigation in September, 1944, and served as lead navigator with a B-24 group of the Eighth Air Force. Lieutenant Sturgill plans to enter the University of Kentucky.

Maj. Walter Hillenmeyer, husband of Mrs. Frances W. Hillenmeyer, and son of Mrs. Walter W. Hillenmeyer, Georgetown pike, was honorably discharged Sept. 13 at Washington, D. C. Major Hillenmeyer, who is on terminal leave now will be out of the service on Nov. 28. In service since May, 1942, he served 26 months in the European theater and was in seven major campaigns.

Lt. Comdr. Dan E. Fowler, United States Naval Aviation, discharged after three years' active service, including 22 months overseas. He is entitled to wear the Pacific-Asiatic service ribbon with two campaign stars and the American theatre ribbon. Commander Fowler served on the Commander Naval Air Southern Pacific staff and was commander of naval air bases at Okinawa. He and his wife, the former Louisa Bickel, reside in Deepwood. He is a graduate of the University of Kentucky and has returned to his law practice as a junior member of the Lexington law firm of Fowler and Fowler in the Citizens' Bank building. Commander Fowler left Okinawa just two days before that island was struck by the devastating typhoon.

First Lt. Johnnie Carrico, who was graduated from the University in 1942, has been released from the service and is now on the sports staff of the Courier-Journal. Lieutenant Carrico's home is in Louisville.

before being transferred to Jacksonville in 1933. Besides his mother, Mrs. Fannie G. Embry, of Lexington, he is survived by his wife, Mrs. Donie Spain Embry, a daughter, Linda Sue Embry, and a son, Robert Taylor Embry, Jr. Funeral services were held in Jacksonville.

A. F. Crider

Dr. A. F. Crider of Shreveport, Louisiana, geologist and teacher, died at his home September 9. He is survived by a son, F. K. Crider.

Dr. Crider was graduated from the University of Kentucky in 1902 and received his M. S. degree in 1903. He was assistant geologist, U. S. Geological Survey for two years and then became professor of geology in the University of Mississippi. He returned to Kentucky to take part in the Kentucky Geological Survey. In 1916 he accepted his first oil job with the Atlas Oil Co., later the Palmer interests of Chicago, at Tulsa, Okla., and remained with them until 1920. After nine years with the Dixie Oil Company he became independent consulting engineer working in fields in Kentucky, Tennessee, Mississippi, Alabama, West Virginia, Arkansas, Texas, Wyoming, Illinois, Missouri, Oklahoma, Kansas, Louisiana and Mexico. In the 29 years engaged in the oil business he survived the drilling of more than 60 wells of more than 200,000 feet of hole, resulting in extensive reproduction.

Mr. D. R. Kelly

D. R. Kelly, 60, of the Tates Creek pike, Fayette county dairy operator and landowner, died November 5 at the Good Samaritan

hospital, where he had been under treatment since Nov. 2.

Operator of a large dairy serving Lexington and surrounding suburban areas and milking 900 cows, Mr. Kelly was one of the most extensive dairy operators in the Blue Grass.

His holdings included 16 farms in Fayette and surrounding counties, totaling 2,700 acres.

He was a member of the Immanuel Baptist church and a former student of the University.

Survivors include his wife, Mrs. Mary Petro Kelly; four sons, D. R. Kelly Jr., Fayette county; Army Lt. Charles Wilson Kelly, now in the Aleutians, graduate of 1939; Army Pvt. Paul Tilford Kelly, Sheppard Field, Texas, and John Morgan Kelly, Lexington; two daughters, Mrs. Farmer Manley, Jessamine county, and Miss Anne Kelly, Fayette county.

Dr. Henry Bert Holmes

Dr. Henry Bert Holmes, assistant professor of Romance Languages at the University of Kentucky, died October 31, at Good Samaritan hospital, where he had been admitted earlier in the day.

A native of Indiana, where he resided until coming to the University faculty in 1925, Dr. Holmes received his master of arts degree from the University of Indiana and his doctor of philosophy degree at the University of Wisconsin. Shortly after the end of the Spanish-American War he taught Spanish for a period in the Philippine islands.

Dr. Holmes returned to the University last May following a one-year leave of absence at Lakeworth, Fla. He taught at the first term of the summer quar-

ter and was teaching at the time he was stricken. He was to have been retired at the close of the current quarter.

Dr. Holmes was a member of Centenary Methodist church.

Survivors include his wife, Mrs. Bertha Holmes; a daughter, Miss Rebecca Holmes, now in Washington, D. C., and a sister who resides at Lakeworth.

Funeral services were held at the Milward Funeral Home on November 3 and burial took place the following day at Robinson, Ill.

Miss Margaret Patterson McCubbing

Miss Margaret Patterson McCubbing of Deanside on the Harrodsburg Pike, retired principal of the Picadome high school, died October 5 at Good Samaritan Hospital of a heart attack after she had suffered a broken hip. She was buried in the Lexington Cemetery.

Miss McCubbing was a native of Dumfriesshire, Scotland, but had been a resident of Fayette County since she was a year old. She attended public schools, was a graduate of Sayre College and attended the University. She was an active worker for community welfare and for education. None of her immediate family survived her.

Lewis T. Marks

Lewis T. Marks, 66, of Westfield, N. J., died unexpectedly November 3.

A native of Woodford county, Mr. Marks was a graduate of the University of Kentucky in 1909. He had been connected with the Western Electric Company since his graduation and at the time of

his death was supervisor of a department at its Kearney, N. J., plant.

He is survived by his wife, Mrs. Betty Dryenforth Marks; two daughters, Mrs. Gordon Graham and Miss Sally Marks, both of Westfield; a son, Lewis T. Marks Jr., stationed with the Ninth Air Force in Germany; a sister, Mrs. Elizabeth M. Smith, Louisville, and three brothers, Dr. Samuel B. Marks, class of 1899, and Dr. Thomas M. Marks, Lexington, and William M. Marks, New York.

Oliver Rae Williamson

Oliver Rae Williamson died at the Good Samaritan hospital, in Lexington, October 6. He had been ill about three weeks. Burial was held in the Lexington Cemetery. Mr. Williamson, a former student of the University, was a wholesale lumber dealer and a native of Lexington. He is survived by his wife, Mrs. Elizabeth Dudley Williamson; two sons, Dudley F. Williamson of Lexington, and Oliver R. Williamson, storekeeper first class, U. S. N. His two brothers, William and Hugh, both reside in Los Angeles.

Peter T. Gentry

Peter Tribble Gentry, 46, of 173½ East High Street, a director of the Gentry-Thompson stockyard, died September 30 at Good Samaritan hospital after a long illness. He was admitted to the hospital Friday.

Mr. Gentry, a native of Lexington, was a son of the late Benjamin Smith and Mattie Lee Smith Gentry. He was graduated

from the University of Kentucky in 1923 and did post-graduate work at the University of Chicago. He was a member of Christ Episcopal church.

Joe Underwood

Joe Underwood, 88, retired farmer and for thirty-three years an employee at the Experiment Station farm, died October 22 at his home in Lexington after a five weeks illness. He was buried in the Lexington Cemetery.

Mr. Underwood was a native of Madison County and has been a resident of Lexington thirty-four years. He is survived by five daughters, Mrs. G. C. Corman, Mrs. Cora Roberts and Mrs. Zac Carter, all of Lexington, and Mrs. R. L. Lowery and Mrs. W. H. Barkley, both of Fayette County.

Mrs. Nancy Elam Shy

Mrs. Nancy Elam Shy, wife of Lieutenant Frank Shy, died September 7 at a hospital in Louisville. Mrs. Shy was a student in the University in 1941 and 1942 and while her residence was in Fort Thomas, Ky., she had been making her home in Louisville while her husband was stationed at Fort Knox. She was a daughter of Mr. and Mrs. John Elam of Fort Thomas.

Walker Robinson

Walker Robinson of Paintsville, former student of the University, died at West Baden Springs, Indiana, of a heart attack Monday, August 27, and was buried in Lancaster, Ky.

Mr. Robinson was the owner and publisher of the Paintsville Herald and had interests in coal mines at Johnson County, Pike-

ville, Ky., and Kermit, West Virginia. He is survived by his wife, the former Bennie Edwards, a graduate of the University in 1929, and two daughters and his father, George D. Robinson of Lancaster.

John J. Galvin

John J. Galvin of Lexington died August 16 at St. Joseph's hospital after an illness of several months. A native of Lexington he attended the University of Kentucky and had many business interests in Lexington. He is survived by his wife, Anna Dowd Galvin, and three sons, Raymond, John J., Dennis, pre-med students in the University, and a daughter, Miss Kathleen, a psychology major student in the University.

Mrs. Carolyn

Bosworth Brown

Mrs. Carolyn Bosworth Brown died, December 2, at her home, 117 S. Ashland Avenue, Lexington, Ky. Death was unexpected. Funeral services were held at the W. R. Milward mortuary and burial followed in the Lexington Cemetery.

Mrs. Brown was a native of Lexington and was the daughter of Mrs. Mary Neale Bosworth and the late Dr. N. Lewis Bosworth. She attended Sayre College, was graduated from Science Hill Academy, Shelbyville, and is a former student of the University. She was a member of Kappa Kappa Gamma, social sorority, and a former member of the Lexington Junior League.

Besides her mother she is survived by a brother, Dr. N. Lewis Bosworth.

Commands Police Unit

Lt. Col. Elwood N. Chambers of Hagerhill, Ky., former Herald-Leader Golden Gloves champion and assistant manager of a Golden Gloves tournament in Lexington, has been appointed commander of the military police battalion in the Belgian cities of Liege, Brussels and Ghent. The 28-year-old colonel, former University of Kentucky student, began his military service with the Kentucky National Guard at Lexington. Called to active duty he went overseas in April, 1942, first serving in Ireland and later in North Africa.

He was promoted to major while with the 115th A.A.A. Group in France and to his present rank on June 11. Colonel Chambers has served in eight different countries during his three years overseas and holds the Bronze Star Medal for meritorious service and is entitled to wear six bronze battle stars for campaigns in Sicily, Normandy, northern France, the Ardennes, the Rhineland and central Germany.

James Lee Cavana—A son was born March 20, in Cincinnati, to Mr. and Mrs. M. J. Cavana. Mrs. Cavana before her marriage was Jane Lee Brunson, Bellevue, Kentucky. Mr. Cavana was graduated from the University in 1932.

* * *

John Lyons Hayes—A son was born June 3, at Hartford, Connecticut, to Mr. and Mrs. Joseph Hayes. Mrs. Hayes before her marriage was Dorothea M. Lyons of Fairfield, Connecticut, and was graduated from the University in 1934. Mr. and Mrs. Hayes have one other son, Joseph F. Hayes III, two years old.

* * *

Patricia Lynn Harmon—A daughter was born May 3, at Patuxent, Maryland, to Lt. (jg) and Mrs. W. T. Harmon. Mrs. Harmon was Edith Heath before her marriage. Lt. Harmon was graduated from the University in 1932.

* * *

Wickliffe Scott Rogers, III—A son was born September 20, at Lexington to Mr. and Mrs. Wickliffe Scott Rogers, Jr. Mrs. Rogers was Ruby Jo Gevedon before her marriage and was graduated from the University in 1942.

* * *

Darry Drake Parke—A son was born September 20, in Cincinnati, Ohio, to Mr. and Mrs. Frank R. Parks, Jr., of Lexington. Mrs. Parks was the former Miss Margaret Drake. Mr. Parks was graduated from the University in 1943.

* * *

Judith Carolyn Price—A daughter was born October 11, at Shelbyville to Mr. and Mrs. James R.

Price. Mrs. Price was formerly Miss Margaret Carolyn Doyle. Mr. Price was graduated from the University in 1938.

* * *

Leonard Niel Plummer, Jr.—A son was born on August 6 to Dr. and Mrs. L. N. Plummer. Mrs. Plummer, a graduate in 1935, was the former Miss Marjorie Wiese. Dr. Plummer was graduated from the University in 1928 and received a Master's degree in 1932.

* * *

Paul David Gierlach—A son was born August 31 in New York City to Mr. and Mrs. Chester Gierlach. Mrs. Gierlach, a graduate of the University in 1943, was the former Miss Barbara Rehm, Lexington, Kentucky.

* * *

Margaret Ann McCune—A daughter was born September 17 at Dayton, Ohio, to Mr. and Mrs. J. B. McCune. Mrs. McCune, the former Miss Mary Margaret Reibald, was graduated from the University in 1945.

* * *

Gladys Hughes Irish—A daughter was born October 14 to Ensign and Mrs. Sumner B. Irish. Mrs. Irish, the former Miss Betty Dimmack, was graduated from the University in 1935.

* * *

Susan Laye Davis—A daughter born November 12, 1944 to Lt. J. R. Davis and Mrs. Davis who before her marriage was Miss Susan N. Ward and was graduated from the University in 1942.

* * *

Sally Ruth Steedly—A daughter was born October 2 to Mr. and Mrs. Fred Steedly of New Ken-

sington, Pennsylvania. Both Mr. and Mrs. Steedly were graduated from the University. Mr. Steedly in 1942 and Mrs. Steedly, who was the former Ruth Clay Palmer, in 1940.

* * *

Cathleen Rodes Coffman — A daughter was born August 31 in Cincinnati, Ohio to Major and Mrs. Cameron Coffman. Major Coffman was graduated from the University in 1936.

* * *

William Fletcher Campbell III —A son was born October 19 at Miami, Florida, to Lt. and Mrs. W. F. Campbell. Mrs. Campbell, who was Miss Mildred Murray of Lexington, Kentucky, is a former student of the University. Lt. Campbell was graduated from the University in 1942.

* * *

Richard Conant Wade—A son was born October 4 at Manchester, Connecticut, to Mr. and Mrs. Charles J. Wade. Mr. Wade was graduated from the University in 1942.

* * *

Robert Michael Riddell—A son was born August 31 to Mr. and Mrs. Robert T. Riddell of Lexington. Mrs. Riddell, the former Miss Patricia Thornton, was graduated from the University in 1944.

* * *

William Thomas Earl, Jr.—A son was born July 28, at Baltimore, Maryland, to Lt. (s.g.) and Mrs. William T. Earl of Annapolis, Maryland. Mrs. Earl, who was Miss Anna Bain Hillenmeyer before her marriage, was graduated from the University in 1936.

* * *

Ralph Edwards Wesley—A son born August 17 to Mr. and Mrs. Raymond Wesley of Somerset, Kentucky. Both Mr. and Mrs. Wesley were graduated from the

University in 1937. Mrs. Wesley was Miss Faye Wile before her marriage.

* * *

Catherine Mattingley Simms—A daughter was born August 1, at Daytona Beach, Florida, to Capt. and Mrs. Bernard G. Simms. Both Capt. and Mrs. Simms were graduated from the University in 1939. Mrs. Simms was Miss Martha Ammerman of Lexington before her marriage.

* * *

Bruce Keenan Ledridge—A son was born August 6 to Mr. and Mrs. Paul Ledridge. Mrs. Ledridge was the former Christine Smith and was a graduate from the University in 1938.

* * *

Nora Blithe Runsdorf — A daughter born March 28, 1945, in Lexington to Capt. and Mrs. H. Norman Runsdorf. Mrs. Runsdorf was the former Miss Elizabeth Benge and was graduated from the University in 1940.

* * *

Vernon Mowre Mullis—A son born September 16 at Coral Gables, Florida to Major and Mrs. Ray W. Mullis. Mrs. Mullis was formerly Miss Eunice Mowre and was graduated from the University in 1934.

* * *

William Watson Harris III—A son born October 15, in Lexington to Lt. and Mrs. William Watson Harris, Jr. Mrs. Harris was formerly Miss Nancy Ann Jackson and was graduated from the University in 1939.

* * *

Peyton Loving Mitchell—A son was born, September 26, at Hazard hospital to Mr. and Mrs. Peyton Mitchell of Hazard. Before her marriage Mrs. Mitchell was Miss Rhema Ewing of Milton, Ky. Mr. Mitchell was graduated from the University in 1942.

Beverly Bruce Spears—A daughter born August 4 in Lexington to Lt. and Mrs. Esten Warfield Spears, Jr. Lt. Spears was graduated from the University in 1942.

* * *

Lucy Mason Wood—A daughter born September 3 in Lexington to Lt. (j.g.) and Mrs. Edward Boyne Wood. Lt. Wood, who is serving with the army in the Pacific, was graduated from the University in 1941.

* * *

David Lowry Rouse—A son born October 13 in Lexington to Mr. and Mrs. David Arthur Rouse. Mrs. Rouse was formerly Miss Elizabeth Lowry and was graduated from the University in 1927.

* * *

Ann Bennett Broadbent—A daughter born October 10 in Lexington to Mr. and Mrs. Smith Broadbent of Corbin. Mr. Broadbent was graduated from the University in 1934 and Mrs. Broadbent, the former Miss Mildred Holmes, in 1935.

* * *

John Lebus Waller—A son, born September 7 in Lexington to Lt. and Mrs. Richard Herndon Waller. He is their second child and second son. Lt. Waller was graduated from the University in 1942 and is now serving with the Army in the Pacific area.

* * *

Elizabeth Newell Keyes—A daughter born November 2 in Lexington to Dr. and Mrs. John L. Keyes of Lexington. Dr. Keyes was graduated from the University in 1927.

* * *

William Wallace Johnston—A son was born, September 29 at the Good Samaritan hospital in Lexington, to Lt. James W. Johnston and Mrs. Johnston of Versailles, Ky. Mrs. Johnston, the

former Miss Frances Dunlap, was graduated from the University in 1936.

* * *

Judith Ann Carroll—A daughter was born, October 2 at the Good Samaritan hospital in Lexington, to Lt. James S. Carroll and Mrs. Carroll of Lexington. Mrs. Carroll was before her marriage Miss Edith Rebecca May and was graduated from the University in 1938. Lieutenant Carroll received his baccalaureate in 1937 and his Master's degree in 1938.

* * *

James Martin Stoll—A son was born to Mr. George J. Stoll and Mrs. Stoll of Wakefield, Ky., November 10. Mrs. Stoll was, before her marriage, Miss Kathryn Pirkley of Lexington. She was graduated from the University in 1943. Her grandfather, Dr. M. L. Pence, was also graduated from the University.

* * *

Joseph William Hernandez—A son was born, June 20, at West Point, N. Y., to Dr. J. E. Hernandez and Mrs. Hernandez.

* * *

Nisje Lee Holster—A daughter was born to Mr. William Holster and Mrs. Holster of Clifton, N. J., on November 1. Mrs. Holster was graduated from the University in 1935 and Mr. Holster was graduated in 1938. Before her marriage Mrs. Holster was Miss Mable Jones.

* * *

Elizabeth Jean Skinner — A daughter was born to Major George Trimble Skinner and Mrs. Skinner, December 1, at the Good Samaritan hospital in Lexington. Mrs. Skinner, formerly Miss Mary Hawkins Dantzer, was graduated from the University in 1936 and Major Skinner who is now on duty in Manila, was graduated in 1933, and his law degree was awarded in 1936.

Schools and Statistics

Dr. Maurice F. Seay, director of the Bureau of School Service and head of the Department of Educational Administration of the University of Kentucky, has just compiled a mimeographed book in which he gives 42 facts about education on 42 pages. With one fact to a page this is easier to read and simpler to digest than many of the more comprehensive surveys and studies that have been made of Kentucky educational problems. Why Dr. Seay selected 42 facts as the number to present is not known, unless he just had the figure 42 in mind because Kentucky ranks 42nd in the amount spent for current expenses for education for each pupil in average daily attendance in the schools of the state.

A similar study of the educational situation has just been made in Virginia by Richard A. Meade, assistant professor of secondary education at the University of Virginia. It has been published in the University of Virginia News Letter, issued semi-monthly by the School of Rural Social Economics. Professor Meade gives the usual national statistics. In this list the District of Columbia is figured as a state, making 49 states. In current expenses per pupil in average daily attendance at school Virginia ranks 41st and, as stated, Kentucky ranks 42nd. In the average salary of members of the instructional staffs Virginia ranks 32nd and Kentucky ranks 41st. In the percentage of income spent on education Virginia ranks 44th and Kentucky ranks 33rd, which is clearly a factor to be carried in mind in considering the educational problem. However, while expenditures per child do not necessarily reflect the educational

standing, Kentucky ranks 45th and Virginia 39th in the percentage of enrollment in secondary schools, and Kentucky ranks 43rd and Virginia 26th in average daily attendance. Kentucky is 48th in average number of days for the school session and, unquestionably, it is true that rural roads and other factors such as work of children on farms are factors.

The comparison of Kentucky and Virginia has no particular relevancy except that Professor Meade in his analysis of the situation in Virginia draws conclusions which apply also in Kentucky. He says that "While Virginia is increasing her appropriations for education so are other states" and the rank remains the same though the expenditures are increased. Also, relatively, Virginia has a greater potential school population in relation to adults and income. The same thing is true of Kentucky in comparison with the average of the states.

Now Dr. Seay points out that in Kentucky only two and one-half per cent of the children graduate from high school and in Leslie county only two fifths of one per cent do. In 1932 there were 114,123 Kentucky children enrolled in the first grades of the state and 12 years later only 14,884 of them were enrolled in high schools. Yet these 100,000 are going to decide issues of taxation and will probably remain in the state and if more advanced educationally would be larger assets economically. However, those more advanced will constitute the greater number who will leave. Children enrolled in schools are missing more than a fifth of the school term in Kentucky, Profes-

ELIZABETH M. JONES

Elizabeth M. Jones, daughter of Charles Robert Jones, Millersburg, Bourbon County, Ky., has arrived in the Philippines to serve the armed forces as an American Red Cross assistant field director. Until her Red Cross overseas assignment, Miss Jones served with the Red Cross as a general field representative in Eastern Area and previously was executive secretary of the Hancock County Chapter, Findlay, Ohio, and of the Millersburg Chapter. Prior to this, she was a social worker for the WPA Area Office, Corbin, Ky. She is a graduate of Bourbon County High School, and attended the University of Kentucky.

sor Seay says. And in some counties almost half the adult population has completed less than five years of school.

Unquestionably there are presented in these educational statistics as analyzed by Dr. Seay problems which Kentucky must face affecting not only educational advancement but the whole pattern of Kentucky life for the future and integrally linked with the industrial, agricultural and economical progress of the state.
