

The Faculty voted approval of the recommendations submitted by the Committee.

President Donovan stated that he had asked Dean Stahr to make a statement to the Faculty on the present status of Social Security for the University Staff. In his report Dean Stahr outlined the events which lead up to the University's making an appeal against the ruling of the Federal Security Administration that the University Staff was not eligible to participate in Social Security. He stated that the Appeals Board had heard witnesses for the University and that a decision probably would be rendered in the near future. The decision will hinge upon whether the University's present change-of-work policy does or does not constitute a retirement plan.

Vice President Chamberlain reviewed the history of the University's change-of-work<sup>plan</sup> and explained its provisions together with amendments that have been made since the first plan was adopted.

President Donovan announced that he had received a letter from Mr. Ivan Jett, Director of the Kentucky Chain Store Council, indicating that he and Mr. W. E. Mortimer, Manager of the Kresge store in Lexington, were arranging a dinner in honor of the teaching and research staff of the University. He stated that invitations were to be issued for the evening of February 17 at the Lafayette Hotel.

The Faculty adjourned.

Dean Terrell presented the following new course for the College of Engineering which was approved by the University Faculty.

Course to be added and become effective February, 1953:

Civil Engineering 115, Engineering Interpretation of Aerial Photographs. (3 sem. hrs.)

Fundamentals of aerial photography as applied to modern engineering surveys. Analysis and reports on soil pattern, geologic formations, and land use studies using photographs. Lecture and recitation, two hours; Laboratory, three hours. Prerequisite: Consent of instructor.

Dean Spivey presented for the Graduate Council the following courses for which request for graduate credit was granted by the Faculty.

Commerce 177a. College Business Management, (2)  
Elements of management, organization, budgetary procedure, financial accounting, procurement techniques and property management as applied in the business administration of colleges.

Commerce 177b. College Business Management. (2)  
Elements of personnel management, public relations, investments and finance as related to college business management.

Economics 285. Government Finance Administration. (3)  
Government budget, accounting, debt, purchasing, treasury, revenue, and auditing administration are examined; illustrations are drawn from federal, state, and local experience. Each student makes a special report on finance-management or experience.

Dr. Chamberlain stated that President Donovan had requested that the following members of the University Faculty prepare resolutions for presentation to the University Faculty at its next meeting and for presentation to the Board of Trustees or the Executive Committee, whichever meets first, on the death of President Emeritus Frank L. McVey:

|                               |                |
|-------------------------------|----------------|
| Dean Elvis J. Stahr, Chairman | Ezra L. Gillis |
| Thomas D. Clark               | D. V. Terrell  |
| J. W. Martin                  | E. S. Good     |

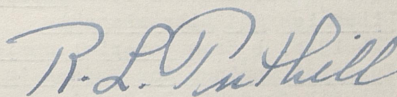

M. E. Ligon

At the suggestion of the Faculty Committee on Planning and Policy, the Committee on Medical Education, recently appointed by President Donovan, attended the meeting for the purpose of reviewing before the Faculty the problem of medical education in Kentucky, and particularly as it affects the University. Dr. Chamberlain, Chairman of the Committee, outlined in some detail the conditions in Kentucky and the sequence of events which led to the adoption by the last General Assembly of a resolution calling for the Legislative Research Commission, in cooperation with the University of Kentucky, to make a study of the desirability of establishing a state supported medical school at the University and of the steps necessary to accomplish this. Following Dr. Chamberlain's statement there was discussion of the subject, participated in by members of the Faculty.

Dr. Chamberlain read a letter which had been received by President Donovan from the Director of the Kentucky Chain Stores Council, Mr. Ivan Jett, in which 285 members of the Faculty were invited to attend a dinner on February 17. Mr. Jett stated that the remainder of the Faculty would be invited to attend a later dinner.

The Vice President stated that while this dinner invitation was not compulsory, it was hoped that there would be a good representation of the faculty in order to express the appreciation of the University for this fine gesture of friendship.

The Faculty adjourned.
