UNITED WAY TARGET EXCEEDED

Congratulations! Thanks to your generosity the library has exceeded its United Way goal this year. Our target was \$7,587.00 and we have pledged \$7,970.00. This is a significant increase which will be much appreciated by all of the United Way agencies your money helps. Many thanks also to all of the library's United Way solicitors. Your efforts in asking for and collecting the pledges in your departments are what makes the system work. Thank you! (Submitted by Maggie Johnson.)

COMMUNICATIONS RECEIVED

The following notes of congratulation on the Technical Services Open House were received:

Thanks for inviting us to your

Open House yesterday. It was very interesting and informative to see how library materials are processed. Let me know whenever I can help you and your staff with computing questions and problems. Again thanks!

Chris Corman

We enjoyed the opportunity to visit and to learn more about what your staff does. Thanks for hosting us.

Doug Hurley

I very much enjoyed my visit to the Technical Services area of the library. I find the process quite interesting and want to understand it better. Your staff members were knowledgeable and responsive. I appreciated the information.

Gene Williams

This E-mail message was received by John Bryant from Mike Walters of Henderson Community College:

John, for your information word of LS.2000. Connection to U.K., connection to the FAX document delivery system is spreading like wildfire in Henderson. The Med Center has been faxing my journal requests for doctors and dentists, and business and local industries are calling for requests--P.B. and S. Chemical Research Dept. uses the U.K. library, Jodi Carter's help, at least three times a week. I have three faculty members trying to do dissertations in Henderson, via I.L.L.'s for research. We had one doctor win a lawsuit with documents we provided him for a malpractice suit. All in all this keeps us very busy, and I suppose, U.K. has been feeling the impact too.
