

Vergennes Vt. Mch 25 1885.

My Dear Aunt Sylvia.

Can you not let me do so much as make a suggestion without paying me for it?

I would consider myself ungrateful in the extreme if I took pay for what I may have suggested for you.

I am always sorry to have any of you sick but I am only too glad to do any thing in my power to show my appreciation of past favors. So please let me return this to Thanking

you just the same - for
it. & for your ever ready
kindness to me & mine.

I am

Yours Aff. Nephew.

Dear Uncle & Aunties

We thought we should see some one from Weybridge before this, as we have been looking for some one every day, but as we have not, I think perhaps you would like to know that we are getting along nicely.

Ada sat up yesterday for the first time. & Delana is a good child when her stomach is full, but she finds considerable difficulty in keeping full -

Miss Taggart, the nurse is
very careful. & I think
Ada will get up this
week - if she does not
have a full back.

Now when you can, come
& see us. Our daughter
will be at home for the
present, & would like
to see you all.

I hope you can come
to see us before the fair
but if you can not. Please
calculate to come then.

Ada sends love, & says
she wants to see you
all.

Your Nephew
Geo. H. Hillard
