Dr. Fred Rankin
Lexington, Kentucky

Dear Fred:

I wish to take this humble means of sending you our heartiest congratulations and warmest regards at the great honor that has come to you in your election to the presidency of our A. M. A.. Nothing has made me so happy for I know of no one who more deserves this honor. If I can in any way be of service to you, Fred, please know that I would be both gratified and honored.

I enjoyed Dr. Lahey's remarks that the younger men should be given the opportunity to be of service.

I won't bore you with flattery but want you to know how sincerely happy Bessie and I are at your great honor.

With our love and best wishes to Edith and yourself from Bessie and me,

As ever,
