Dear Fred:

You have never failed me and on this occasion of G.W.'s memorial service, I thought you reached the real heights. Everybody spoke most kindly of your address and I want you to know how much I appreciate your coming on here to take part in the memorial. I am sure if we could get a message to G.W., he would be really pleased about it - it was just the sort of talk he would like anyone to make.

Wishing you the best kind of luck in your job which I understand you are doing so splendidly, with my love to Edith and very special greetings, I am,

Always sincerely,

Brig. General Fred W. Rankin,
Chief Surgical Consultant, U.S. Army,
