Dr. Fred Rankin,
271 West Short Street,
Lexington, Kentucky.

Dear Fred:

I see by the papers that you have been elected President-elect of the American Medical Association. While congratulations from a "bush-leaguer" may not be so profuse and declamatory as some "big-leaguer", however they are none the less sincere. I know you will perform the duties of the job well, and I hope that in your tenure of office you will have a chance to visit us locally.

Hoping that Edith and all the family are well and happy, and with love and kisses, I am

Sincerely yours,

OCM
