Dr. Fred W. Rankin,  
271 W. Short Street,  
Lexington, Ky.

Dear Doctor Rankin,

Just a few lines to congratulate you upon the distinct honor that has come to you as President-Elect of The American Medical Association.

You are just the kind of man Dr. Lahey spoke of in his address before the House of Delegates, namely, that the A.M.A. needed younger men to run its affairs.

As a recently Past-President, Speaker of House of Delegates of The Mississippi State Medical Association for six years, and now its accredited delegate to The A.M.A. (All of these honors being without any opposition), I feel like I am in a position to be of help in presenting to The Mississippi State Medical Association any matters you think should be brought to their attention, and I therefore offer you my services in anyway you think I can be of use in carrying out the agenda of The A.M.A., so far as Mississippi is concerned.

With highest personal regard and every good wish for the success of the organization you represent,

I remain

Very truly,

  
J.P. Wall.
