

STANFORD UNIVERSITY
OFFICE OF THE PRESIDENT

STANFORD UNIVERSITY, CALIFORNIA

June 6, 1941

My dear Dr. Rankin:

It certainly is most pleasing to know that you are President elect of the American Medical Association. It is a tough job at a tough time, but problems that are tough have never discouraged you very much. We will miss you sorely from the Council, but are glad to have you promoted on your merits and in this way.

Kindest personal wishes,

Faithfully yours,

Dr. Fred W. Rankin
