Brig. General Medical Corps, A. U. S.
Surgeon General's Office

My dear Fred:

I was very pleased to see the announcement of your promotion, as I am sure all your friends were. I have thought for sometime that your job rated such a rank and was surprised that they did not give it to you when you were called into the service. I am writing this to congratulate you and send you my very best wishes.

Sincerely yours,

Charles V.
