Dr. Fred W. Rankin,
1561 Lakewood dr
Lexington, Ky.

Dear Doctor Rankin:

We are all proud of you in the honor which has come to you and the city. I want to express my appreciation especially however for what you had to say to the medical men of the country and indirectly to all of us.

It is high time all of us awaken to the need of re-examining our moral foundation if we are to cope with the atheism and therefore the unprincipled relations between men of the world. Men of your calibre will have an influence which is sorely needed now if America is to face up^{to} it's world responsibilities.

Sincerely,

J. Ralph Wood

J. Ralph Wood,
Minister
