Dear Dr. Rankin:

Am writing at this time to congratulate you upon your recent election as president of the American College of Surgeons.

I am in law school at the University of Louisville now, and some week-end in the not too distant future would like to have a brief conference with you, at your convenience, relative to the eventual inclusion of clinics in the combined program of the ACS and other groups in approving hospitals.

With all good wishes, I remain,

Sincerely,

*Bob*
