My dear Fred:

The news in the paper this morning that you had been elected President of the American Medical Association was most gratifying to me and I am sure to all the rest of your friends. I am very proud of my doctor friends who have attained such distinction and it is most unusual for Kentucky to have two Presidents of the American Medical Association within four years. It shows how much they think of our men down here.

I am writing this to congratulate you most sincerely on this very great honor and I am sure you will fill this high office with honor to yourself and credit to the Association.

Sincerely yours,

*Charles V.*
