VANDERBILT TO PLAY KENTUCKY SATURDAY

More than 4,000 Fans Again Pack Gymnasium To Capacity

By JOHN ST. JOHN

A fighting Wildcat basketball team virtually assured itself of an undefeated season by overcoming the flashing attack of the Volunteers of the University of Tennessee...

The Kentucky team, in spite of the score, failed to play a clean-cut game. The play of Darby, DeMosey and Sale was far below the par that they have shown in previous games...

Between the halves of the Tennessee-Kentucky game last Saturday night, George Skinner, alternate captain-elect of the 1932 football team, was presented the Gamage trophy, the second time in as many years...

The presentation was made by S. A. 'Daddy' Boes, athletic director. Skinner's standing for the past semester was 5, the highest possible. His three-year standing is 2.77, which is one of the highest in the university.

Blue had finally met its nemesis, the forward wall would have been responsible for a defeat. However, during the second half their play was much improved.

Forest 'Aggie' Sale maintained his Southern conference leadership in the annual scoring by adding 15 points to make his season's total 122. This was the first game in which Darby, in the conference scoring, failed to tally.

The 4,000 frenzied fans, who again crowded the gymnasium, cheered their biggest yell late in the game when 'Frenchie' DeMosey scored his first and last 'famous twist shot.' Every time he pivoted and with one hand took the ball, the crowd would rise to its feet, shouting, but he was seriously off form all night and missed many shots.

The Volunteers played the Kentucky team to a stand still during the first period and with only one minute before the end of the first half, a 1-0 lead. A set-up by Sale followed by a beautiful long shot from the middle of the floor by Captain Ellis Johnson gave the Wildcats the lead again. Within the next 30 seconds DeMosey followed the crisp and he was fired another of Johnson's from the middle of the floor into the hoop to give Kentucky a lead of 20 to 10 at the half.

Sal opened the scoring in the second period with a crisp greenback, the 'dead-eye' of the Tennessee team, sank two more to bring the Vols within four points of the Cats. Andy Grady, who was a Wildcat by Reader maintained the lead of four points, their smallest in the contest.

At this point in the game, Stafford, the six-foot, five-inch center of the Vols, was put out of the game on personal fouls. From then on it was just a matter of how big the score would be. Greenback was likewise unable to center but was likewise unable to get the tip-off. This strengthened the belief of sport writers that the game was in the Southern Conference able to get consistently the tip-off from either Sale or DeMosey.

Feathers, the Vol halfback who made a 73 yard run against the Wildcats' football team, entered the field at the end of the game.

Seabard and Blade To Give Student Cup

Seabard and Blade, honorary fraternity, will give a cup to the freshman student who is considered by the department to be the most outstanding in military science, according to an announcement issued by Captain Clyde Grady, liaison officer of the organization.

According to Captain Grady, the most outstanding man in each company will be selected. These cadets will be placed in a separate company, and on Field day, May 28, will drill as a unit and the man in the university unit will be selected on the basis of his performance in the drill.

Modern Youth No Different From Other Generations' Cadman

Convocation Speaker

By MARY CAROLYN TERRELL. "The youth of today is not so different from other generations," was the opinion expressed by Dr. S. Parkes Cadman, pastor of the First Congregational church of Brooklyn, when introduced as his arrival in Lexington Monday night, to deliver the convocation address at 10 o'clock this morning in Memorial Hall. His subjects during the series of nine addresses here will include the "Approach to Religion" and a discussion of "Immortality."

SUZY TO PUBLISH MAY-DAY BOOK

Features, History, Beauties And Traditions Will Feature Organization's Booklet

KINGSBURY IS EDITOR

A May-day souvenir program will be issued by Suzy Circle university pep organization, according to an announcement made Monday by Ted Cassidy, president of the organization. Gilbert Kingsbury will be the editor of the publication, and Niel Plummer will be faculty advisor.

According to the members of the circle, the new book will contain a history of the university, university traditions, pictures of the May queen and her court and university beauties and feature articles.

Fraternities and sororities will be asked to purchase pages in the book. The present constitution of the groups will be recorded. The purchase price of the book has not been decided upon but the organization may subscribe for 25 copies and receive their pages free, members decide.

The circles present constitution will be revised. President Cassidy announced. The committee on revision met last night and began the preliminary work on the remodeling. The present constitution has been used since the organization of the circle, and conditions warrant a change.

The committee, composed of Vernon Chandler, Mary Elizabeth Fisher, Ben LeRoy, and Ted Cassidy. The committee announced candidates for the circle will be allowed to sell candy in fraternity and sorority houses around the campus. The goods may be taken from the stand at the close of business. The committee is also calling Frank Adams, co-chairman of the concession committee. This feature has been innovated in order to secure funds for the spirit activities that are sponsored by the circle.

Club Representatives Meet to Oppose Cut State-Wide Campaign Planned to Petition Legislature Not to Make Cut

A meeting of representatives from a number of clubs interested in education and in preventing the proposed 15 per cent cut in the state educational budget was held at the Phoenix hotel Monday morning. The committee decided to launch a campaign in every county and city in the state this week for the purpose of obtaining signatures of as many voters as possible. The committee will also obtain the signatures. The school forces have asked for a hearing before the legislature February 21. Representatives will present from K. E. A. Kawanis, Eastern State Teacher's college, and other institutions and clubs.

ANNOUNCER IS APPOINTED

Burnham Pearlman has been appointed first assistant announcer at the university extension office. He will fill the place of William Arbery, who resigned last week. Wesley Carter will continue as head announcer. A. R. Stephens will become second assistant, and Ralph E. Johnson was added.

Famous Scotch Baritone Gives Sunday Recital

Cameron McLean Presents Varied Program At Musicale

Exhibiting great powers of musicianship and dramatic interpretation, Cameron McLean, internationally known Scotch baritone, accompanied by Mabelle Howe, Mabelle at the piano, presented the program at the regular musicale Sunday afternoon in Memorial Hall. It was the artist's second appearance at the university in the last two years.

Mr. McLean's repertoire included songs of practically all types, varying in the extremes from opera to ballads, and including melodies and catchy French, old English, and Scotch folk songs. In the presentation of his program of four groups he brought his voice to great effect, exhibiting excellent technique, diction, poise, and broad range of volume.

The program was begun with the aria "Baci Amoretti" written by Mozart at the age of 14, and Mr. McLean's rendering of the selection led the large audience to anticipate much. The second selection given was the aria "Il Lacerato Spirito" from Verdi's opera "Simon Boccanegra."

In the other three groups Mr. McLean presented 12 selections, of which a few outstanding numbers stand out. These were "Dit au Etoules," by E. Paladique; "The Opium Smoker," by the singer's friend Frances Mayne; "Kangaroo and Dingo," from Kipling's "Just So" songs; set to music by his friend Frances Mayne; "A Ballymore Ballad," arranged by Herbert Hughes. Encores were presented after each group.

Registration Closes Final Figures Show Total Of 3,011 Enrolled

A total registration of 3,011 students was announced from the office of the registrar when the final figures were officially terminating the regular period of registration. The figures show a decrease of 219 from the enrollment for the first semester and a decrease of 91 from the second semester enrollment last year.

Besides terminating the period of official registration, yesterday was the last day on which students could register for extension classes. Fees will be charged for further schedule changes and no extensions will be dropped without falling grades.

Band Added to Attractions for Colossal Contest Between J. K. Faculty, Coaches

Organization of Faculty Band Will Be Attraction At Game

By SUNNY DAY. Due to the great interest shown by the world at large in the event to be staged between the faculty and the coaches' basketball teams, Elmer C. Sulzer is organizing a faculty band as an added attraction for the game to be held Tuesday, February 23, in the Alumni gymnasium.

Although the faculty members and coaches are on perfectly friendly terms, there has been a dispute for some time as to their relative athletic ability. A challenge was offered, and it was decided that the point of honor should be settled on the basis of a basketball game. Consideration, plans were made to charge a small admission for the contest, and to have a fund for the benefit of the state. The fund is sadly in need of appropriations. Dr. Paul K. Walsh, political science department, is in charge of the plans and practices.

Prof. Enoch Grehan's Annual Dedicatee

The staff of the 1932 Kentuckian has decided to dedicate its forthcoming annual to Prof. Enoch Grehan, recognized journalist in Kentucky, organizer and present head of the department of journalism at the University of Kentucky, it was announced Monday.

In accordance with the theme of this year's annual, an original dedicatory poem in the style of Tennyson's "Idylls of the King," has been written and will accompany the Professor Grehan's picture in the annual.

Each year the annual is dedicated to some individual who is outstanding in some particular field. Last year the book was dedicated to Dean F. Paul Anderson, of the Engineering College. In 1930, it was vaguely, to the World War dead, and in 1929, to Henry Watterson, statesman and general of the Reconstruction period.

Professor Grehan at present, in addition to being the head of the department of journalism, is chairman of the Athletic Council of the university, and university representative to the Southern Conference Athletic Association meeting to be held Feb. 26 and 27. He is a member of the editorial staff of the Lexington Herald, a member of Alpha Delta Sigma, an alumnus of Kappa Alpha Society, and a member of the National Association of Professional Journalists.

For 25 years Mr. Grehan has been connected with the editorial staff of the Lexington Herald but resigned as managing editor to install the department of journalism at the university in 1914. Mr. Grehan was the promoter of the plan for university students in journalism to be published under the name of the student newspaper and for instructional purposes.

The Kentuckian Kernel was first published under its present name in 1914, the year the journalism department was organized. Although this type of entertainment has suffered through the production of other inferior pieces, the production which has been selected tentatively is generally accepted as the outstanding show in this field.

The success which 'Local Color' had on the campus two years ago, and the success which the Strollers had in their musical comedies were considered. It believed also that an entertainment which had proved successful in New York and which few Lexingtonians had the opportunity to see would be an additional attraction.

Dyer, Grubbs Are Company Sponsors Election of All Other Students of R.O.T.C. to Be Held Feb. 17 and 18

June Dyer, Company A, and Everett Grubbs, Company B, both who opposed were declared elected to the post of sponsors by Capt. Clyde Grady, who is in charge of the election of the regimental, battalion, and company sponsors of the R. O. T. C. unit at the university. Election will be held in the recitation rooms of the various sections. The 19 remaining co-eds eligible for positions will be voted upon by sophomore and advanced military students. Persons who are absent from class will not be allowed to vote. The votes will be counted by Captain Grady in the presence of the cadet colonel, cadet lieutenant colonel, and the cadet majors.

In an envelope that contains more ballots than will appear in any thing they can find. Most of the members of the Wrecking Crew will be thrown out. The mascot and utility man will be Bart 'Bart' Caldwell, mascot of the Wrecking Crew. His associates in the mascot job will be two or three of Doctor Allen's boys.

But ladies and gentlemen, there are not all of the features of this mascot job. The mascot will be Miss 'Miss' Caldwell, mascot of the Wrecking Crew. The mascot will be Miss 'Miss' Caldwell, mascot of the Wrecking Crew. The mascot will be Miss 'Miss' Caldwell, mascot of the Wrecking Crew.

Strollers May Give Good News

Dramatic Organization Negotiates for Rights for Successful New York Show

PLANNED FOR SPRING

Strollers, undergraduate dramatic organization of the university, may offer "Good News," a highly successful New York musical comedy, as its spring production. Negotiations for production rights are being carried on at present by William Ardery, director of the organization, and it is expected that an early decision will be reached.

Members of the university administration have approved tentatively the production of "Good News." Although it was planned originally by Strollers to produce a revue this year, the character of the production, of this kind, and the large cast which would be required were factors operative against a decision to carry out the plan.

"Good News" is a collegiate type of musical comedy which has found its way with many audiences. Although this type of entertainment has suffered through the production of other inferior pieces, the production which has been selected tentatively is generally accepted as the outstanding show in this field.

The success which 'Local Color' had on the campus two years ago, and the success which the Strollers had in their musical comedies were considered. It believed also that an entertainment which had proved successful in New York and which few Lexingtonians had the opportunity to see would be an additional attraction.

The first call for persons for "Good News" will be issued as soon as arrangements are complete. Miss Georgianna Weedon will be in charge of the production. The production will be held tonight in 111 McVey hall.

Elizabeth Jones Is Elected New Band Sponsor

Freshman Co-Ed, Kappa Delta Pledge, Will Succeed Betty Whipp

SELECTION IS MADE MONDAY AFTERNOON

Final Selection Made From Four Candidates By Men of Band

Elizabeth O. Jones, freshman in the College of Education and Kappa Delta pledge, will be the band sponsor for the coming year. She was elected yesterday at the meeting of members of the band to succeed Betty Whipp, who was elected last semester.

Miss Jones is the daughter of Mr. and Mrs. C. Spillman Jones, 1332 Fontaine Road, Lexington, and she is a member of the Wildcat and on place in the Stroiler amateur troupe. She will assume her office at once. She was selected sponsor over three other nominees who had been selected from a group of approximately 60 university co-eds.

The new band sponsor will be required to accompany the band during the football season, when trips are taken with the Wildcat band on various other trips throughout the year. She will receive much publicity. The university musicians have been known for the past several years as the "New Band in Dixie" and newspapers throughout the South give much space to the doings of the band. When they journey with the university football team.

Plans for the popularity contest, sponsored by the circulation department of the Kentuckian, were completed at a meeting of representatives and managers Thursday afternoon. Honors for the most popular man student and the most popular woman student will be given in the hall of fame of College Humor magazine and full-page pictures in the feature section of the magazine.

A silver loving cup will be offered to the student who is elected to the fraternity which has the largest total sales. Also a cup will be given to the individual who has the greatest number of sales. The cups will be on display at the Dunn Drug store, the week of February 15; at the State Confectionery, week of February 22, and at the Tavern, the week of February 29. As a special occasion, a Kentucky election will be offered for each twelve annuals sold.

Any student in good standing in the university is eligible for nomination except members of the Kentuckian staff. For each candidate a petition signed by 15 students, must be submitted to the Kentuckian office before 4 o'clock Thursday, February 18. Election will be based on sales of annuals between now and March 7, the closing day of the contest.

As a special feature of the sales campaign, the price of the 1932 Kentuckian has been reduced for the time of the contest. Each student who makes a down deposit on a Kentuckian will be allowed 10 votes and those who pay in full will obtain 15 votes. Each graduating senior who has paid his senior dues in full will be entitled to (Continued on page 4)

Protests Are Made To Proposed Cut In U. K. Budget

The proposed 15 per cent cut in the state budget as it affects the university has met with numerous protests by organizations in Lexington, especially the Kentucky Education Association.

In Lexington the Rotary club, Lion's club, Optimist club, Kiwanis club, the Kentucky Federation of Women's clubs, and the Kentucky Congress of Parents and Teachers have all taken part in the protest. The fight is being carried on by various hunchon clubs, women's organizations, and civic bodies in Lexington. A resolution is being sent to state, many of which have sent resolutions to members of the general assembly asking them to curb the proposed cut.

President McVey in an interview yesterday afternoon stated that a further 15 per cent in addition to the voluntary 10 per cent reduction which the university had made in response to the request of Governor Laffoon and the members of the budget commission would be disastrous to the university. He pointed out the fact that both cuts would reduce the university budget by almost 25 per cent.

U. K. GRADUATE MADE DEAN. According to announcement received from Bethel Junior College, Russellville, Marvin Baker, university graduate, has been elected dean of the college by the board of trustees.

THE KENTUCKIAN DEDICATION

Decision to dedicate the 1932 Kentuckian to Prof. Enoch Grehan is, although long-delayed, one of the most wise and commendable steps which has come from the annual staff in many years.

During the many years that Professor Grehan has been associated with journalism at the university, he has been always a favorite with his students and with the members of The Kernel staff, who have received untold profit from his kindly advice and friendly interest.

Formal dances at the University of Kentucky seem to be becoming less expensive affairs. So far this year decorations have been either minimized or non-existent, and in some cases, the usual engraved invitations have been dispensed with.

There are some items of dance expense that cannot be eliminated, but elaborate decorations and engraved invitations while not among them, at the same time, add materially to the cost of any formal dance.

The engraved "bid" might easily be done away with. Such an invitation is more in keeping with a formal function, but its purpose is so cursory as to hardly justify the expense.

Simplification of "bids" and decorations at the university has been attempted by individuals in groups of varying instances the measure was proved very satisfactory and more economical.

STUDENT PROSELYTING

It is reassuring that all members of the university faculty and staff signed the affidavit which President McVey requested they sign to absolve the university from any suspicion of proselyting students from other states.

The action does not mean that out-of-state students are unwelcome but that the legislature disapproved of any means employed by those officially connected with the university to persuade students who might attend colleges in their home state to come to this state.

Legitimate means of acquainting prospective students with knowledge of the university is not denied, nor are common publicity methods disapproved. The registrar's office may respond readily to requests for literature, catalogues, and the like, and the publicity bureau is an approved organ for advertising the institution in Kentucky and other states.

What those students who sleep through lectures and cheat through exams think they are going to college for is a mystery. They never seem to realize that by skipping so blithely through the scholastic world they are spending good money and getting practically nothing in return.

Thirty-five hundred seats; more than four thousand people; over half of the crowd standing up. Such was the condition in the university gymnasium Saturday night.

Not only were those spectators standing who had failed to come early enough to get seats, but the entire student section was forced to stand during the game because of the obstructed view of the first two rows of seats.

Such a condition is not entirely the fault of the authorities, nor is it entirely the fault of the students. It seems that the remedy is to be found in one of two ways: the providing of more space, by enlarging the gymnasium, or by the construction of a new one; or more stringent restriction as to the number of spectators admitted.

The latter method would be manifestly unfair, as all students have paid an equal amount for admittance to games. The only alternative seems to be a new building, and it is the fulfillment of that wish for which students might pray.

ATHLETICS VS. SCHOLARSHIP "Athlete: A big husky he-man with plenty of brawn—but very little of the modern college student's personal dictionary. So prevalent is this idea that even instructors, who often speak, are influenced by it and look with jaundiced eye upon the athlete, expecting nothing but that he shall fall or at least get up on a very narrow margin.

It floats now fitfully, now calmly in the air as the wind blows. Its course is not always smooth and methodical, but many times reaches great heights, only to drop nearly to earth again.

With face to the wind and a blowing rain I start my walk, but there is no pain. For the world, like my heart, is dark and drear.

And the biting cold seems to drive me on. It spells new life with another dawn. And the storm claims me as one of its own. My heart thumps loud as the wind does moan.

But the storm subsides and my heart does, too. To life I find there's another clue. With calm aching heart I go my way. And wait for the dawn of a new clear day.

I wish that I could fill this room. This grey, unfeeling room of mine With free, gay laughter. Send into the flame hearth shine A gleam for moments after. I wish that I could glow light and glad.

And smile—smile faintly as I know you've done. When'er you've thought of me. Well, if you do. Laugh—and remember that I'm laughing too.

DOES AND ANTI-DOES

By CRAIG VAN DRUTEN

I mourn the passing of Derek Smythfield. Many eds and etes are hailing the retirement because of his fearless attack on them. I am planning one of the big features for the spring—the annual Lovelorn Directory. I hope that the campettes will cooperate by wearing their pins so that they might be obvious.

Kappalodge Babe Brown was telling her escort to the basketball game that she made a two standing. "The boy friend exclaimed, 'Hon.' The charming Babe retorted with 'Well I did know the profs.'"

A Chi O made the bold statement that she had decided not to take any more pins. The reason she gave was that she was going to give necking privileges to everyone. Besides publishing two cook books and an almanac, he has given to the world such forceful words as "hotmanny," "scram," and "nerve."

I admire the energy of Finch Hilliard in promotion of his contest for the most popular ed and ete. I differ with him in his idea that this is a way of selecting the two individuals. I think that this should be a contest of the hardest working sororities and fraternities.

DELTA THREPPLE Mary Joe Armstrong has been slammed and slandered by past columnists, but the ette does have outstanding qualities. She has the common sense that is generally lacking among ettes. She has a mug that is not what you look like at all your life. I think I would welcome the opportunity to have her sing for me.

Taft Lauds Graduates In Fighting 'Defeatism'

Defeatism is the worst thing in our lives today as college graduates are leading in the fight against it.

Charles P. Taft, II, Cincinnati alumnus, told the Association of American Colleges last month at Cincinnati.

Mr. Taft urged the hundreds of Presidents among his audience not to weep over the financial condition of the great cities. "It is possible the skies are becoming clearer," he explained, "it is the opportunity for the forces of good government and they are not letting the opportunity pass."

Upon the college graduates depends a large part of the leadership which will bring about good government, world peace, improved social conditions and a betterment generally in world problems, and they are meeting the test, he said.

Mr. Taft said that every student should be taught as part of his daily life in proportion—in such a way so that the knowledge he acquires will be utilized to the best advantage in the years after they left college.

Mr. Taft said that every student should be taught as part of his daily life in proportion—in such a way so that the knowledge he acquires will be utilized to the best advantage in the years after they left college. He began his literary career by writing notes in school. For years he followed the profession until he rose to the eminent position as copy-boy on the Skeeterville Hustler. One day, while he was working as chief pencil sharpener on the Saturday Blade, the managing editor called him a dirty name, the meaning of which he did not know. He rushed to a dictionary and began to look for the word. He searched in vain, but in the meantime he learned all the words in the dictionary. By this chance, he became a great etymologist.

Scandinavian State Is Subject of Study

As a part of its Scandinavian studies, Pan Politikon is attempting to make arrangements with one of several eminent authorities on the Scandinavian countries to deliver a lecture on the subject of Denmark for the March convocation. A program of Scandinavian music will be sponsored sometime during that month. Prof. Carl Lampert will have charge of the program.

Officers of the Cincinnati Fire department this week are learning a lot about fires as they are being conducted for them at the University. What they are learning is being conducted for them at the University of Cincinnati by Geoffrey C. Schlesselman, chief of the fire department.

About seventy-five marshals, lieutenants and other officers, as well as members of the Fire Prevention Bureau, met at 9 a. m. in the auditorium of the chemistry building on the campus for another classroom session.

Unless we can succeed in raising the quality of human beings to higher levels, mentally, physically and morally, it seems to me certain that sooner or later and sooner rather than later the fabric of our civilization will collapse," he said.

"All our other problems, political, industrial and economic are centered in this great problem of raising the quality of human material which is the substance of our civilization. But this can be done: our work as teachers is to find out how it can be done—and to do it. Every teacher and educator from the beginner in a grade school to the president of a university has a part to play in setting it down. Teachers should think of ourselves as a great army in active battle on the battle of the issue of which the fate of our civilization depends. We are doing our work in this when we think it is a mission to humanity, the great mission of the age."

Editor Chooses Key for Members of Annual Staff
I. C. Evans, assistant editor of the Kentuckyian, has announced the choice of a key for the members of the 1932 staff. This is a new policy for the annual, and is an attempt to honor those who have served actively in its production.
The key is stamped on both sides in such a manner that it is the reproduction of a small book, and has the words "Kentuckian" and "University of Kentucky" on the front with the individual name and press position on the back. The press list of members of the staff who will receive the key:
Editor-in-chief, Frank Stone; business manager, Finch Hilliard; assistant editor, I. C. Evans; associate business managers, Madelyn Shively and Charles Unger; associate editors, Jack Roby, Horace

Miller, Daniel W. Goodman, Bill Hunter and Virginia Young.
Special editors: Doris Smith, Woodson Knight, Hazel Mattingly, Louise Thompson, Mary F. P. Cozwell, Martha Gunterman, Andrea Skinner, Elizabeth Hardin, Mary Carolyn Terrell, Bath Bod, Vernon Rooks, Lawrence Herron, and Nell Dushman.
General staff: Joe Grimes, Julia Oakes, Ben Taylor, Helen Lacy, Henry McDowen, Mary Chick, Virginia Novis, Ruth White, Percy Coswell, Martha Gunterman, Andrea Skinner, Elizabeth Hardin, Mary Carolyn Terrell, Bath Bod, John St. John, Arthur Martin, Sara Harbel, Marjorie Faulkner, and William Avelery; business staff: Paul McGee, John Ewing, William Hubble, and Raymond Alford.

Chemical Society Hears Aluminum Research Director
Dr. F. Frary, director of research of the Aluminum Company of America, addressed the 15th regular meeting of the Lexington section of the American Chemical Society which was held at 4 o'clock Monday afternoon, February 8, in 201, Kastle hall.
Choosing as his subject "A Bird's-eye View of the Aluminum Industry," Dr. Frary stated that the greatest difficulty encountered during the aluminum industry was in finding a place for aluminum. However, the advantages of lightness in weight, durability, and strength of this metal offset its necessarily higher cost over iron and other metals.
The speaker said that aluminum was derived from the minerals, bauxite and hematite, and refining process was very expensive. Only small amounts can be refined each time and thus the cost of handling was augmented by loss of time. In a comparison with the melting of iron, the speaker continued, the largest amounts in which aluminum can be handled is in 450 pound lots.
Doctor Frary illustrated his lecture with slides, showing the various new uses of aluminum in airplanes, dirigibles, and railroad cars.

"I was afraid Grandfather would be Shocked.."

"HE'S rather a bossy old darling, and I didn't know how he'd like the idea of my smoking."
"The first time I lit a Chesterfield in front of him, he snuffed like an old war-horse...and I braced myself for trouble. But all he said was, 'That's good tobacco, Chickabiddy.' 'You know Grandfather raised tobacco in his younger days, so he knows what's what. I don't, of course—but I do know that Chesterfields are milder. It's wonderful to be able to smoke whenever you want, with no fear you'll smoke too many."

"And it doesn't take a tobacco expert to prove that Chesterfield tobaccos are better. They taste better...that's proof enough. Never too sweet. No matter when I smoke them...or how many I smoke... they always taste exactly right."
"They must be absolutely pure... even to the paper which doesn't taste at all. In fact...as the ads say... 'They Satisfy!'"

DR. S. P. CADMAN TO SPEAK AT U. K.

Dr. S. Parkes Cadman, national keynote speaker and pastor of the Central Congregational Church, Louisville, Ky., will speak at a three-day program at the university which will open at 10 o'clock this morning at a convocation in Memorial hall.

The three-day series of talks will begin with a conclusion of the religious emphasis week program which has been sponsored at the university by the Y. M. C. A. and W. C. A. These two organizations also were instrumental in securing the services of Doctor Cadman for the program here.

Incidentally the bridge tournament that has been in session somewhere on Maxwell street in Lexington since the beginning of the year, today will be held on campus at the Y. M. C. A. building.

At Doonan, Atlanta Athletic Club official and a member of the Southern Conference Championship Basketball committee, announced that the three officials who will work the southern conference tournament, starting February 26, they are Stanley Sutton, Oles, Bowen and Chest and George Wood. These three men will be assisted by our old friend Frank Stone, who is a Mid-western cage official of Cincinnati.

Yearbook Campaign For Sales Begins

(Continued from Page One) 15 votes for the casting of Senior ballots to be announced Friday in the Kernel. In order that an accurate record of votes may be kept, each fraternity, sorority and independent group has been requested to appoint a sales manager who will have charge of sales for that group. Fourteen fraternities and sororities have representatives on the staff of sales managers Thursday. Instructions were given to these managers and three had sales representatives were appointed as leaders. Representatives of each organization should be in attendance on the staff of his respective group. The leader and the organizations of which each has charge are: Phi Kappa Tau, Alpha Gamma Rho, Delta Chi, Kappa Sigma, Lambda Chi Alpha, Phi Sigma Kappa, Sigma Beta Xi, Alpha Gamma Delta, Delta Zeta, Chi Omega. William Hubble, Alpha Sigma Phi, Delta Phi, Phi Delta Theta, Alpha Lambda Tau, Sigma Nu, Triangles, Alpha Xi Delta, Delta Delta Delta, Kappa Kappa Phi, Lambda Chi Alpha, Gamma Club, Phi Kappa Tau, Sigma Chi, Alpha Delta Theta, Kappa Kappa Gamma, Zeta Tau Alpha.

Big Blue Victorious Against Tennessee

(Continued from Page One) game as substitute and was, by far, the fastest man on the floor. He failed to score.

Worthington, playing one of his best games of the year, scored the only Kentucky points in the first five minutes of play. Just as he was about to score, Tennessee, on one of Rupp's pet out-of-bounds plays opened the scoring with a crisp. He was fouled while shooting and made his try good. Stafford, whose entire scoring was done in the first half, opened the Tennessee attack. Worthington was fouled twice more and made two of the shots good to give the Cats a lead of six to two.

For the next ten minutes the Kentucky team failed to score and the Vols rang up a lead of 11 to 6. Two trips by Sale, one by Worthington, and a foul by DeMossy brought the score up to a Tennessee lead of 14 to 13. Within the next minute or so the Kentucky team scored more points than in any other game this season. It reminded one of the belated Maryland rally in the closing minutes of the final game for the Southern Conference championship last year.

The game next Saturday should continue to form for several of the Wildcat netmen and in addition should see the end of the first perfect season of basketball that a Kentucky team has had in a long time. The Vanderbilt team has already been trounced by the Ruppmen.

Governors To Be Guests At Dinner

Gov. O. M. Gardner, of North Carolina, and Harry F. Byrd, former governor of Virginia, who will be given Friday night by the university. Senator W. B. Barkley and Representative Fred Vinson, both from Kentucky, have signified their intention to be present. Governor Ruby Laffoon will preside and will introduce the speakers.

The reception will be held at 6 o'clock in the faculty room in McVey hall and dinner will be served in the University commons at 6:30. The public is invited to be present and arrangements may be made by calling Dr. T. C. Jones of the political science department.
