University Alumni Hold K. E. A. Banquet

Dr. F. L. McVey, Dr. P. P. Boyd and Dr. J. J. Tigert, of the University of Kentucky, were speakers at the annual University alumni banquet given during the meeting of the Kentucky Educational Association in Louisville.

The banquet was given under the auspices of the Louisville alumni, Leo J. Sandman, '14, president, and Miss Emma Woerner, '05, secretary, the officers in charge. Mr. Sandman and Miss Woerner were re-elected president and secretary, respectively, of the Louisville branch of the alumni association.

Little Sister Movement Established by U. of Ky.

Miss Margaret Ford, Shelbyville, Ky., was elected president of the Student Self-Government Association at the last house meeting held at Patterson Hall. Miss Ford was also elected as the University's delegate to attend the Middle West Self-Government Association Convention held at Ann Arbor, Michigan, April 29.

At the same meeting the Little Sister Movement was introduced by Miss Adele Slade and was accepted by the House. The "Little Sister Movement," which is organized for the purpose of helping Freshmen co-eds to become accustomed readily to their new surroundings, is in operation in almost all large colleges and universities.

25 U. K. Men Get Help From National Funds

Of the sixty-five ex-service men who have been granted scholarships from the Y. M. C. A. educational fund more than twenty-five are students of the University of Kentucky. Other applications are being made daily.

This fund has been appropriated by the national Y. M. C. A. out of its surplus of \$48,000,000 left in its treasury at the end of the war to the various states, apportioned according to population for the purpose of helping ex-service men who need such assistance in getting their education. Kentucky's quota is forty-eight thousand dollars.

The scholarships are to be given to uninjured men, the Government having adequately provided for those who have been injured. It is divided into a general and a collegiate fund; the general fund to be placed at the disposal of men who may desire special vocational training; the collegiate fund is for men who need additional funds in pursuing their courses.

The awarding of the scholarships is entrusted to the Y. M. C. A. State Board of Control, of whom Doctor F. L. McVey, President of the University of Kentucky, is chairman, and the county boards, who have charge of selecting the candidates from their respective counties. The sum allotted to each man will be graduated according to his needs, the amounts ranging from fifty to one hundred dollars.

Kentucky Victorious In Track Meet Events

In the first track meet of the season the University of Kentucky with almost no training met the strong Commodores of Vanderbilt and overcame them by the score of 62½ to 46½. Kentucky took eight firsts to the Commodores' five.

The following week on a heavy field and with a cold wind blowing, Kentucky met the red and white Mercuries from Miami and went down in defeat before them by the very close score of 52½ to 56 2/3. Miami won most of her points in the field and dash events while Kentucky was especially strong in hurdles and distance events. During the meet, Clara, of Kentucky, lowered his own State record for the low hurdles, running them in 24 4/5, which is lower than the S. I. A. A. record for the event.

Scholarships and Fellowships Awarded

The following scholarships and fellowships have been awarded at the University of Kentucky:

Fellowships: Chemistry, Leroy Werking, Transylvania College; Zoology, Alberta Wilson, University of Kentucky.

Assistantships: Mathematics, W. E. Armentrout, Virginia; G. Joel, S. Georges, Maryville, Tenn; Zoology, Miss Leona King, Rice Institute, Texas.

These fellowships and scholarships are awarded each year by the University for the purpose of encouraging research and scholarship. The qualifications are the holding of a bachelor's degree or its equivalent at some college of good standing and aptitude for the work that is to be pursued. The holders of fellowships are expected to devote their entire time to graduate work, the holders of assistantships being expected to devote a certain amount of their time to non-teaching assistance in the department from which they hold their assistantships.

University Head Reports on Tobacco Situation

A report upon conditions of tobacco markets of the United States and of such foreign countries as was possible to obtain information, which has just been made by Dr. John R. Humphrey, head of the Department of Marketing, Experiment Station, University of Kentucky, sets forth information of interest to tobacco growers and buyers throughout the State and the South.

Although the acreage to be devoted to tobacco raising in the United States will increase by about 10 per cent. over that of 1919, the report shows that there will be very slight change in Kentucky's acreage. Some of the great southern markets will show a marked increase, especially Georgia, which will have an increase of 500 per cent. Virginia and the Carolinas will have an increased acreage of from 10 to 14 per cent. Doctor Humphrey goes on to say that the acreage of foreign countries will remain about the same with a slight increase in some sections.

The report points out that, owing to increased acreage and the fact that England and other European countries will not demand so great quantities of tobacco as before, there will be a marked falling off in the price of burley tobacco during the 1920 season.

Doctor Humphrey's survey shows further that the situation as to dark tobacco is even more deplorable than that affecting Burley, in that dark tobacco finds a market chiefly in European countries, especially France and Italy, while Burley is used mostly for domestic consumption. This situation, the report states, results largely from the present condition of foreign exchange and the fact that growers marketed their tobacco late in the season.

Arbor Day Exercises Held at University

Annual Arbor Day exercises of the senior class were held April 30 on the campus of the University of Kentucky. The tree planted by the class was dedicated with impressive services to the late Dr. Joseph H. Kastle, dean of the College of Agriculture, director of the Experiment Station and for many years a noted chemist and authority on enzymes.

The exercises opened with an address by Clyde Bland, Cynthiana, class president, after which Goebel Porter, of Dixon, delivered the principal address of the day, and Miss Louise Will, of Louisville, prophetess, read the class prophesy.

During arbor day exercises, in accordance with custom, the Lamp and Cross, senior men's honorary society and Staff and Crown, senior women's organization, pledged the members for the session of 1920-21.

Adele Slade, Author of "Up From the Beginning"

Miss Adele Slade, Ludlow, Ky., has written "Up From the Beginning," a pageant presenting in allegorical form the rise of social progress, showing the contributions and movements of Rome, Greece and various nations. This pageant is considered by the faculty to be one of the most skillful pieces of work submitted by a student. It contains many theories of the present day as to what factor contributed most to civilization and growth of social progress. The work will be published next month in the quarterly, issued by the Education Department, also in pamphlet form.

Students and University Publicity Heads Named

Announcement has just been made at the University of Kentucky of appointments and elections for various publications put out by the students of the University. These offices are filled at this time so that the new officials may work with former ones for the rest of the term and thus be prepared to proceed with the work next fall without interruption.

At present it is possible to obtain only a partial list of each staff since the other appointments will not be made until next September.

Robert J. Raible, Louisville, was elected editor-in-chief of the Kentucky Kernel at a recent meeting of the staff members and Miss Martha Buckman, Henderson, was elected managing editor. J. P. Barnes, Bardonia, was re-elected to the position of business manager with H. B. Lloyd, re-elected circulation manager.

At a meeting of the junior class, Miss Adele Slade, Ludlow, was elected editor-in-chief of the 1921 Kentuckian, the annual class publication, and Fred Houston Shaw, Lexington, was elected business manager.

Mary Archer Bell, Rockbridge County, Virginia, and Frances Bethel, Morganfield, Ky., are to have charge of the State Press Bulletin.

The University Local Bulletin of weekly announcements will be prepared by Anna Louise Connor, Lexington, and Giltner Segenfelder, Paducah.

Emmett Swissheim, Louisville, has been appointed president of the State Student Press Association.

The National Student Press Association will be in charge of Miss Margaret Smith, Maysville. Miss Smith's assistants will be: Lillie Cromwell, Cynthiana; Anna Louise Connor, Lexington; Giltner Segenfelder, Paducah; Katherine Weakley, Louisville; Claribel Kay, Springfield, Ohio; Thompson Van Deren, Cynthiana; and Mary Archer Bell, Raphine, Virginia.

Juneau New Coach of University Football

The services of William J. Juneau, former football coach of the University of Texas, have been procured by the University of Kentucky to coach football. Coach Juneau has an athletic record excelled by few men in the United States and the University considers itself lucky in procuring his leadership. He will probably visit the University during commencement week of the present session to look over the situation and to take preliminary steps toward beginning work in the fall.

Mr. Juneau's contract covers a period of three years and for the present is confined to the coaching of the football team, which has a schedule next fall, considered generally the most difficult yet presented to the defenders of the Blue and White.

Cornell Leaves to Enter Red Cross Work

The resignation of Doctor C. B. Cornell, assistant professor of psychology of the University of Kentucky, was accepted by the executive committee of the Board of Trustees at their regular monthly meeting April 26.

Doctor Cornell has been appointed head of the Educational Division of the Lake Division Red Cross. He will assume his new duties at the end of the current school year.

R. O. T. C. Training Offers Rare Opportunity

University of Kentucky students who are enrolled in the Reserve Officers' Training Corps are offered opportunity to attend the summer training camp at Camp Custer, Michigan, from June 17 to July 24, if they so desire.

The camp is four miles west of Battle Creek, Michigan, in an exceptionally favorable location for summer training; there is an ample supply of good water; an electric lighting system and a laundry have been installed. Amusements include "movies" every night, dances, club rooms, hostess houses of the Red Cross and Y. W. C. A. and Knights of Columbus for recreation. Baseball, tennis, and basketball are provided for. There is a library of 17,000 books; religious services and Bible classes are held and lectures and talks are given by prominent educators.

The purpose of the camp is to enable students to balance their winter indoor life by vigorous outdoor life offered by the camp, where everything is planned with full experience to attain first balanced development.

There will be at Camp Custer about four thousand students from colleges in the Middle West. The entire expense of the camp will be borne by the United States Government. Transportation will be furnished the student from the University to the camp and return. Subsistence during the trip will also be supplied and food at camp will be the same as that in the military academy at West Point.

Mable Goes to the University of Iowa

Prof. Edward C. Mable, former assistant professor of Public Speaking at the University of Kentucky, who resigned his position last February, has received an appointment as head of the Department of Public Speaking at the State University of Iowa, Iowa City, to take effect next fall.

Professor Mable has done excellent work at the University having had charge of the debating team which recently proved so successful in both the inter-collegiate and inter-state debates. He was also instrumental in establishing the Little Theatre at the University.

University Procures An Eminent Coach

The noted football coach, William J. Juneau, will lead the University of Kentucky Wildcats to victory next fall. Juneau, who is a graduate of Wisconsin, an all-Western end, coached Wisconsin to a Western Conference victory, Marquette College and South Dakota State each to State championships, and last year led University of Texas to second place in the Southwestern Conference. Juneau will be head coach and will have charge of all football activities at Kentucky.

Commencement Dates

The final examinations for the school year begin May 29 extending through June 4. The commencement program as submitted by the committee contains these events:

- June 6—Baccalaureate Address.
- June 7—Meeting of the Board of Trustees; Senior Ball.
- June 8—Class Day; Alumni Banquet.
- June 9—Commencement Day.
