

W. T. TIBBS,
PASTOR OF
Christian Church,

Mt. Sterling, Ky., Oct 1st 1874

Dear bro. Withers:

Please consider the accompanying paper and let me know at your earliest convenience if you are willing to sign it, & if you think a number of the brethren could give their consent to such a monument.

I call your attention specially to the 4th article which I inserted for the purpose of relieving the brethren & the Church from any technical difficulty, ~~and~~ any obstacle that might arise from any view of the dignity, consistency, and honor of the Church.

Barman, Shackelford & co. will cheerfully enter into such a compact.

I did not see any of them during my last two visits to Lexington, but know this proposition will be cordially accepted.

I presume you can have no doubt as to the necessary verdict of the proposed Committee.

I am sure the Lord will give us wisdom according to His promise, to ^{do} what is best for His people & the glory of His name, if we ask Him. Fraturnally yours
W. T. Tibbs
