

W. L. Withers;

Sir,

I hope you will not fail to bring my claim before the Execution Board, on Friday next for I am in great need of the money, & will not be able to remain till the term closes unless I can get what is due me for teaching.

I made my contract with Mr. Bowman to teach two classes from the last of Oct. to the close of the session for seventy five dollars. It was worth more than that, but as my means was short I accepted the offer. I was owing him forty dollars that he had lent me, that we agreed should be turned toward my teaching which leaves 35 dollars to be paid by order of Ex. Board if I teach to the end of the session. Please let me know if the Board does not desire me to teach as usual. Yours &c. W. L. Withers.
