

Told him what he said about how
B treated Van Pelt - "would take
it from his pocket, if get it as he did".
Said he had heard Suptons take since
then - other side, seemed to think I
could not attack B's character.

Spoke of how much it would cost me.
I told him how glad we were to
get a chance at Bowman in a Court-
house, He said he had talked every
plainly to B, since this late controversy
began. Shackelford has power to hold
the Doctor more than B, and then Sam-
might be thrown out of Guagers place
by Hile B, at any time, I never have
counted on any thing, nor shall I complain
of it, from that source except what
the law and their truth will give me.
Let me know any time what to do.
Yours truly S. W. Cutcher.

Duette Sta. 28th

Dear Bro Withers; Yours of Yesterday
to hand. Inclosed find \$5.00 for
Daily Cour Journal to that amount - to
be sent to S. W. Cutcher Duette Sta. Wood-
ford City.

Glad to hear that you and Gov P. are
to appear before Legislature.
I can furnish you for reprint in
Cour Jour - the severe letter of Dr Camp-
bell of Hasseton College against the
Campbellites leaving University - pending
the action of Legislature Jan '65. I was
preaching in Frankfurt then.

Dr Pinkerton was down in Capital
at that time and said, "The thing
is not right, I would not let any
other denomination have it, but as
I am a Professor, shall say nothing,
but let Bowman have his way".
