Lawn, Will you be kind enough to take
it for me until such time as I can be
to Reno Nevada without entailing too much expense
I had intended to take from Mr Borden
"Mail" the dam of "Raymond" but she had
been before receiving my telegram, I have therefore
in the hands of Mr Wallaw of New York the
sum of \$200, which I have instructed him to
send to you, I wish you to keep it for me for a
time, I have sold out here at Klamath, and have
purchased 260 acres of wild land situated 40 miles

some cattle on the 1st of November next, My horses
