While we do not feel that we did wrong
in going out from the Main Street Church
and taking part in the organization of the Second
Christian Church and can make no apologies
for so doing, and which we may and do sincerely
regret the strife and bitterness which may have
grown out of said action, yet, in deference
to the judgement and feelings of many brethren
and with a desire to meet their views on
technical points of church government, we hereby
express our willingness and do ask the Main
Street Church to rescind their action and to give
us letters in full fellowship, on such terms as may
be agreed upon by W. J. Moore, W. J. Tibbs & G. J. Smith
