

News Flashes

BRITAIN TO BUILD DEFENSES
Bristol, Eng., Oct. 4. (INS)—Virtually abandoning hope for world disarmament under present conditions, Great Britain has decided to build up her national defenses and has formulated detailed plans toward that end.

LABOR HAILS VICTORY
San Francisco, Oct. 4. (INS)—Organized labor, rejoicing and jubilant, today announced that it had won victory in its fight for a 39-hour week and a 100 per cent closed shop. The announcement which cheered the labor chiefs and delegates attending the annual convention of the American Federation of Labor came from Frank Fenney, Philadelphia, international president of the Elevator Constructors Union.

RED LITERATURE IN HAVANA
Havana, Oct. 4. (INS)—Charges that Soviet Russia is maintaining a propaganda office in Havana, which Cuba and other Latin-American countries are being flooded with red literature were made here today by Jose Grau of the Department of the Interior.

FOOD PRICES MAY SOAR
Washington, Oct. 4. (INS)—Retail food prices are likely to soar 10 or 15 per cent above those that prevailed during the first half of 1934, according to Agriculture Wallace warned in his book, "New Frontiers." Plentiful though the processing facilities on bread and meat, now in effect, are "the farmers' tariff" Wallace frankly admitted that "food taxes are hated worse than others."

PLANNED UPRISING FOILED
Vienna, Oct. 4. (INS)—Thwarting what they believed to be a plot for a new socialist revolution in Austria, police today seized papers bearing coded instructions for an uprising and followed the seizure with the arrest of many Socialist leaders. The instructions for the coup d'etat were found on a cyclist courier in the Forstodorf section of Vienna. The papers, which were not dated, were decoded, and revealed plans for the placing of machine guns in strategic points about the city and at the outset of the planned uprising.

MILL TOWN TENSE
Bridgetown, Pa., Oct. 4. (INS)—Extreme tension gripped this strike-ravaged mill town today in the wake of a bloody wave of violence culminated by the killing of a youthful bystander. Scores of textile strikers and strike sympathizers nursed painful injuries inflicted in the rioting that broke out with intense fury late yesterday.

MARTIAL LAW FOR SANTIAGO
Havana, Oct. 4. (INS)—Martial law was declared in Santiago today following a night of rioting in which scores of bombs were exploded. Fourteen small grenades were set off here during the night. There were no casualties.

SEARCH FOR EXPLOSIVES
Bridgetown, Conn., Oct. 4. (INS)—Persistent search for 10 cans of poison, a high explosive stolen from the Remington Arms Co. factory, was carried on today by police and by scores of unemployed men and workers from the plant. The deadly powder, which was used in the powerful yet developed, and the fact it is readily set off if not carefully handled, has added to the anxiety to both the thieves and the searchers. Company officials authorized large newspaper circulation in order to all against touching the cans if found and are offering \$100 reward for their return.

JUST ANOTHER STILL
New York, Oct. 4. (INS)—The largest still found in New York since the repeal of prohibition was in the possession of police and federal agents today following a spectacular raid on a West 51st street garage. The still had a capacity of 1,500 gallons. Nine men were arrested.

STRONG ARMS FOR U.S. VIEW
Washington, Oct. 4. (INS)—Definite indication to the rest of the world that the United States intends to maintain its "strong navy" policy if the other naval powers refuse to disarm, was seen today in President Roosevelt's selection of Admiral William H. Standley, chief of naval operations, as the leading naval member of the American delegation to the preliminary navy discussions in London.

NO MUD FOR VANDERBILT
Southampton, Eng., Oct. 4. (INS)—Slipping quietly into the water and aboard the liner Bremen today, Harold C. Vanderbilt, successful American defender of the America's cup, resolutely declined to engage in the mud-slinging contest with his erstwhile opponent, T. O. M. Sopwith, British yachtman.

INDIANS THREATEN WARPATH
Washington, Oct. 4. (INS)—Unless a revised image of San Francisco Xavier, patron saint of Spaniards and miracle healer, is restored to the Cathedral here at once, Yaqui Indians will "go on the warpath," tribe chieftains declared today in an ultimatum to federal and city authorities.

ME'S COUNCIL APPOINTMENTS ARE ANNOUNCED

Each College Represented by a Delegate Appointed by its Dean

BODY COMPOSED OF THIRTEEN MEMBERS
First Meeting of Year to Be Held at 3 p. m. Today

Dr. Frank L. McVey in a letter this week to Dean T. T. Jones, announced the appointments of seven men, one from each of the colleges on the campus, as representatives to the Men's Student council, highest student governing body.

Charles C. Graham, graduate school; John Evans, College of Law; Phil Ardey, College of Arts and Sciences; Harry S. Traynor, College of Engineering; Fred Carter, College of Commerce; Robert Martin, College of Education, and Harold Miller, College of Agriculture, were named in this list.

The Student council is composed of 13 men in all, the other five being members ex-officio, namely: the president of Omicron Delta Kappa, Henry McCown; the president of the Interfraternity council, Walker B. Dean; the editor of The Kentucky Kernel, John Day; the editor of the Kentucky, Cameron Coffman, and the president of the student body, J. H. Stahr.

The first meeting of the new group will be held at 3 p. m. today in the office of the Dean of Men, at which time plans for holding the election of senior class officers will be drawn up. The question of freshman caps expected to be decided, as well as other matters which fall under student self-governing jurisdiction. The papers, which were not dated, were decoded, and revealed plans for the placing of machine guns in strategic points about the city and at the outset of the planned uprising.

WOMEN'S GROUP HOLDS 1ST MEET

WAA Announces Plans for Dance at Gym on Night of Thanksgiving

The Women's Athletic association held its first meeting at 4 p. m. Wednesday in Miss Averill's office in the Women's gym. The meeting was called to order by Margaret Warren and the business reports of the officers and committee heads were submitted.

The effect that W.A.A. and Intramural are sponsoring a dance to be given the night of November 17, at the home of the Tulan game, in the Alumni gym.

A horseback riding class was announced by Miss Murray Benton, a member of the Cavalry troop, will instruct the class. The Lexington Club company will show a ride of five cents for five persons to the riding class. A meeting of all those interested in riding will be held in Miss Averill's office at 2 p. m. today. Those who are unable to attend at this time may see Miss Averill during the day till 4 p. m.

Other announcements were as follows: Hockey play will begin at 4 p. m. next Monday on the field behind Patterson hall and in the event of rain, the meeting will be held in the Boyd hall reading room. The tennis matches in the first round must be played off by tomorrow at the latest.

The next W.A. council meeting will be held at Miss Averill's home Thursday, October 11.

George Farris Is Given Check Room

George Farris was re-elected to operate the check room at all dances held in the gym during the year, at a meeting of Sukey Tuesday in the Alumni gym. Farris was elected as check room operator last year.

At the meeting, it was voted to finance the expenses of the dance leaders to the Cincinnati game, and Sam Warren, Dick Boyd, and Virginia Robinson were named as the members of the committee to arrange all pep rallies.

Major B. E. Brewer attended the meeting and appealed to the Sukey members to sponsor a free-will offering at the homecoming game, for the House of Hound using the uniforms for the band.

Goslin's Hit in 12th Wins Game For Detroiters

Cards Score Only One Hit off "Schoolboy" in Last Nine Innings

Navin Field, Detroit, Oct. 4. (INS)—While the great crowd of 40,000 rabidly partisan fans went wild, the Detroit Tigers declared themselves back in the fight for the World Series championship this afternoon, by defeating the St. Louis Cardinals 3 to 2 in the second game in 12 innings.

Goose Goslin produced the climactic single to center to Walker to drive in Gehring with the winning run in the 12th. The Cards opened scoring in the second inning after having tried futilely in the first inning to score on the "Schoolboy." With one away, DeLancey reached first on a drive off Gehring's shins. Oratelli hit Rowe's first pitch to left for a triple, scoring Delaney. Durocher and Hallahan ended the Cardinal threat by popping out.

Oratelli hit Rowe's first pitch to left for a triple, scoring Delaney. Durocher and Hallahan ended the Cardinal threat by popping out.

Recommendations of promising freshmen will be turned in to the military instructors about October 15, and those recommended will receive bids from the company. Eligibility for Pershing Rifles, which is a major campus activity, is based on excellence in military drill and on general attitude and aptitude. Any member of the basic course in the University has a chance to be among those recommended.

WSGA Passes New Rules of Privilege

Women Students in Hall to Have 11 o'Clock Sunday Permission

Two new rulings regarding student privileges were passed by the Women's Self-Government association at a meeting last Monday night in the home of Carolyn Terrell, president of the group.

The first new ruling gives women students in the hall the privilege of staying overnight on Sunday nights and will go into effect immediately. As a result of several complaints from the dormitory, it prohibits men students from dormitories and sorority houses after 11 o'clock on Sunday.

The report of the treasurer also was heard, and Dean Branding explained the financial propositions made by the organization. Plans were made to continue the Sunday afternoon open house being held in the Women's building, and suggestions were made for entertainment at Sunday afternoon open houses held by the dormitories.

The Kappa Delta representative told of a moving picture show she recently had seen at campus snatches taken by one of the girls. The meeting was closed with a brief discussion on campus politics.

YM Frosh Chapter Holds First Meet

The freshman cabinet of the Y. M. C. A. under the sponsorship of the Y. M. C. A. first business meeting of the year at 7 p. m. Tuesday. Installation of officers for the forthcoming year was held.

The following officers were elected: Arthur Plummer, president; William Lee, vice-president, and M. C. Forbes, secretary.

The year work was discussed and the following committees were appointed: Program, William Lee; Robert Olney; and William Stone; Membership, Frank Ellis, and M. Blevins; Social, Ralph Butler, L. Cleveland, Lloyd Mahan, Willard Linber, William Lee, and Thomas Coons; William C. Cropper, Willard Linber, William Rodman, William McCabe, and C. L. Davis; Publicity, Thomas Coons, and Clayton Conleston.

The cabinet wishes to extend an invitation to all men students to attend the first meeting which will be held at 7 o'clock Tuesday, October 9, in Alumni hall.

DEAN JONES MAKES FERA JOB PAYMENTS

Payment of \$1,285 to 186 men for F.E.R.A. work completed during the month of September began at 1:30 p. m. Thursday at the Business office. The men who received their regular student's wage paid off yesterday, while superintendents are to receive their money today at the same office.

Due to the fact that the Federal government supposed that the United States would open the middle of September, money to pay for only half a month's work or 25 hours per man was paid. The men who really began September 10, the workers have put in 36 hours, and the money for the extra ten hours is to be included in the November payroll.

HAD YOUR PICTURE MADE?

The photographer for the 1935 Kentuckians will be in White hall, first floor, during the remainder of this week to make pictures for the year-book. The photographer is interested in members of fraternities, societies, clubs, and various other organizations. He is interested to have their pictures taken as soon as possible. The price is one dollar for the first picture and 50 cents for each additional print.

PERSHING RIFLES WILL GIVE BIDS

Honorary Military Fraternity Issue Bids October 15; Capt. Scudder Is Drillmaster

DRILLING BEGINS

Bids for freshman students in the basic military course to Pershing Rifles, honorary military fraternity, will be issued during the week of October 15, when recommendations from instructors will be turned in to the company. Eligibility for Pershing Rifles, which is a major campus activity, is based on excellence in military drill and on general attitude and aptitude. Any member of the basic course in the University has a chance to be among those recommended.

Eligibility for Pershing Rifles, which is a major campus activity, is based on excellence in military drill and on general attitude and aptitude. Any member of the basic course in the University has a chance to be among those recommended.

The officers of the Kentucky cadet corps are: Captain O. P. Reuter, Second Lieutenant Milton M. Magruder, and Second Lieutenants David F. Difford and John L. Carter. An election will be held next Tuesday night, October 2, at the regular company meeting to choose from the nominees a success to Lewis J. Stahr, outgoing First Sergeant.

Company C, under the instruction of Captain George A. Knight, has won the Fifth Corps Area drill championship the last three years. The chapter here was installed in 1931. These victories have given the Kentuckians permanent membership in the American and Blade trophy for this corps area.

The unit's victories have been won over crack drill companies from Ohio State University, the University of Illinois, Indiana University and Dayton university.

This year, because of the transfer of Mr. Knight to Fort Hayes, much of the work of carrying on falls upon the shoulders of the faculty advisor, Lieutenant P. E. Leaton, and Officer George A. Knight, who is in charge of the company. The unit's victories have been won over crack drill companies from Ohio State University, the University of Illinois, Indiana University and Dayton university.

Grudge Fight Expected As Wildcats Stalk 7 to Home Grounds of Cincy Bearcats

WYNN'S CHARGES CHUCK FULL OF FIGHTING SPIRIT

Bearcat Machine, Dominated by Sophomores, Boasts Powerful Line.

REVENGE FOR 1933 DEFEAT IS SOUGHT

Wildcat Game Looked Upon by Cincinnati As Stepping Stone

By GIL KINGSBURY Sports Editor Kentucky Post

Cincinnati, Ohio, Oct. 5.—Special to Kernel—Cincinnati's Bearcats tomorrow will make their second year in the big name division of football.

At 2:30 p. m. on Nippert field, the University of Cincinnati Wildcats will meet the University of Cincinnati Bearcats, Kentucky, after two weeks of practice. The Wildcats are expected to be in better shape, ready to turn on Cincinnati, after years of mediocre football, is ready to make her bid hotter than an asphalt pavement in July.

There's no secret about it in these parts that U. C. is being used as a stepping stone to greater heights. Last year when a poor Kentucky team faced out a win over the best U. C. has produced in years, Bearcat alumni got out the rubbers to beat the Wildcats, and they probably want to amend the state.

LAST YEAR'S HERO

Remember Ralph Kercheval, the lad who beat Cincinnati last year by the margin of a field goal in the last quarter? He is now playing professional football with the Brooklyn Dodgers, which is owned by another famous Kentucky player, John Simms "Shipwreck" Kelly.

Fittingly enough last week Kercheval kicked a 43-yard goal from placement against the Boston Braves that drew considerable plaudits from the New York scribbles and fans. Kelly also starred in the game, running a punt back 83 yards which placed the ball in a position to score the winning field goal via a pass by Chris Cagle, former Army All-American. The final score was 10 to 6 in favor of the Kentuckian's side.

Y MEMBERSHIP DRIVE STILL ON

Final Results Will Be Announced Later; Invitation Extended to Freshmen

Frances Kerr, chairman of the finance committee of the Y.W.C.A. reports excellent progress in the annual drive for YW members which began on Tuesday and will continue for several days.

Special invitation has been extended to girls who have not formerly been members of the Y.W.C.A. and to those who have not yet joined this year. The drive will be held at 7:30 p. m. Tuesday in Memorial hall. Sarah Whitling, president of the 1934-35 Y.W.C.A., will conduct the service. Members of the senior cabinet and the sophomore commission will also take part. Music for the event will be under the supervision of Virginia Murrell.

Members of the finance committee are: Alpha Gamma Delta, Alice Daugherty, Marion Pinney, Alpha Delta, Gladys M. Harris, Fern Osborn; Alpha Xi Delta, Hazel Brown; Chi Omega, Katherine Alloway, Phoebe Turner; Delta Delta Delta, Martha Bittner; Delta Delta, Louise Pancy; Kappa Delta, Betty Beyer; Nancy Becker; and Psi Chi, Mary E. Starnes.

CATS PRAY FOR FAIR WEATHER IN CINCY CONTEST

Big Blue Team, 34 Strong, To Leave Today for Queen City

JOHNSON'S PASSING SHOWS IMPROVEMENT

Game to Mark First Chance for Wynne's Men to Show Offense

By MAX LANCASTER Kentucky's Wildcats—34 strong—will leave noon today for Cincinnati, where tomorrow, they will meet the strong University of Cincinnati Bearcats, in what promises to be one of the hardest games to be played by the Big Blue this year. Accompanying the team will be Coach Wynne Grant and Tweakey Student Manager "Hank" McCown, Trainer Mann, Equipment Manager "Buddy" Bolen, and the "Daddy" Bolen.

The Wildcats have yet to show their real strength and with a little favor from the weather man will unleash a passing attack that should result in some touchdowns. The scrimmages during the last week show that the Cats have strength in running plays as well as passing.

Langdon Hay playing from the full-back position, over the fresh line to bits during Tuesday's and Wednesday's practice sessions, and with his ability to pass and sling passes, will prove a valuable man to tomorrow's melee.

A pleasing sight to the few spectators who were present at the scrimmage during the last week was the passing game of the Wildcats. Langdon Hay playing from the full-back position, over the fresh line to bits during Tuesday's and Wednesday's practice sessions, and with his ability to pass and sling passes, will prove a valuable man to tomorrow's melee.

WEBB IS HEARD BY WYANIS CLUB

TVA is Subject of Address Delivered at Luncheon Meet at Lafayette Hotel Tuesday, October 2

Prof. W. S. Webb, head of the departments of archaeology, anthropology, and physics at the University, was the guest speaker at the weekly luncheon meeting of the Lexington Kiwanis club, held Tuesday at the Lafayette Hotel. The theme of Professor Webb's address was an interpretation of the Tennessee Valley Authority project, from which undertaking he recently returned after an eight months' leave absence from the University.

Professor Webb, in his address, spoke of the undertaking as a whole and described the work which has been done in the last year.

The speaker asserted, however, that the project was the most important in archaeological circles of the last few years, due to the fact that evidences of the earliest civilization of the country would be lost if the valleys were flooded without proper research and exploitation. The National Research Council and the Smithsonian Institute obtained permission, and funds from the government for purposes of excavation and preservation in the affected area.

The area to be flooded is one of the richest fields in this subject in America and excavations were accomplished in approximately 818 square miles. The Universities of Kentucky, Michigan, and Kentucky were the recipients of a good deal of materials unearthed in the excavation process.

All FERA workers are to report to Dean Jones' office today between 1:30 and 4 p. m. to receive their pay checks.

The University 4-H club will meet Friday night at 7:30 o'clock in the Judson room in the Experiment Station farm. All former 4-H club members are cordially invited to the meeting.

An important meeting of Sigma Pi Sigma will be held at 4 p. m. today in the chapter room of the Physics building.

Kyian Photographer Is Located in Gym

Annual Dance Planned in Gym Following Clean-up Game

Junior, seniors, and members of all campus organizations are urged to have their photographs taken for the 1935 Kentuckian, in the basement of the Alumni gym at the earliest convenient time. The page of a print will be \$1.00, and 25 cents for each additional print.

The Lexington student photographer for The Kentuckian, began taking student photographs Wednesday. All photographs taken by the photographer within the coming week, as there will be no return engagement of the studio.

According to an announcement released from the office of the dean of the University of Kentucky, featuring a popular local orchestra, will be held October 13 in the Alumni gym at the University of Kentucky following the Clean-up Kentucky football game. Cameron Coffman and Jimmy Miller will be in charge of the dance arrangements.

4-H CLUB HOUSE NAMED

The group of 4-H club girls who have rented the house at 609 Maxwell street for the school year, have adopted the name of Shelby hall for their new home.

Of Course Janie Would

By CAPEL NEMASH

Jack Trannor bounded up the front steps and swung himself up on the porch railing, meanwhile smiling at the girl seated in the wicker chair.

"Hiya, Janie, old thing," he said.

Janie, as was her cheerful and unthinking habit, responded with a laugh and a "Hi there, Jackie."

Janie was that way. You laughed carelessly, harmlessly, with her, and then you took someone like Evelyn Talbot to the club dance, smiled soberly into her eyes for long moments, whispered into her small provocative ear while you danced, and later watched the moon from the shady club balcony, and got lipstick on your face. In Evelyn's dark eyes were many promises, but in Janie's clear ones there was just friendliness and honesty. Janie was a great little sport, but Evelyn was a great one.

It appeared that Jack had a reason for coming. Evelyn was to have a birthday soon, and Jack wanted to get her something really nice. He wondered if Janie would be a pal and help him out? Suggest something.

Of course Janie would. She always had. So she named another one of her own desires. Evelyn's little handkerchief box she had seen in the art store window. Jack thought that would be just the thing, and was surely much obliged. He'd do something for her sometime. Meanwhile would she get the money for him at the party tonight? And naturally she would. She always did.

But when Jack drove away, still shouting his thanks, she sat very still in the wicker chair and thought. For it wasn't clear to her just how she stood; would always stand, as long as she was suitable, helpful, honest, and true.

That evening she slipped down from her room and hid her parents good-bye from the dimly lit hallway, so that they wouldn't notice the extra make-up she had used. She had never used lipstick before, and found the effect surprising, but was afraid her mother might find it still more surprising.

The party was the start of many new things for Janie. Something like this:

10:25—her first cigarette. Smoked rather successfully while Jack and Evelyn were sitting at a corner table, and she felt somewhat spoiled by a fit of coughing which Janie was sure everyone including her noticed.

10:15—her first drink. Taken just after Jack and Evelyn had returned from a long stay on the porch. No coughing this time, but the vision of Jack's horrified face was somewhat softened by the tears the awful stuff brought to her eyes. Well, let him be shocked, see if she cared. She served him, making her forehead to wipe the lipstick off his face.

12:10—her first dance. She sat down beside Alex Morton, notorious Alex, called Alexander, the Conservator and not without reason. He was getting quite plastered in his smooth, polite manner. When Alex got tight, Janie had noticed, he never talked funny, or anything as crude as that. His mind merely became very bright, and his eyes very bright. Janie sat beside him and tried all the familiar technique she had ever observed. The loved one, the long gaze, the subtle flattery. The veteran of many campaigns looked at her through new eyes, and suggested they go out on the porch for a drink.

On the porch he forgot all about the drink and took her in his arms and kissed her. Very thrilling, and yet somehow unsatisfactory. Janie decided thinking of Jack. Alex evidently found it satisfactory, for he tried it again and again, until Janie pushed him away.

"The drink," she reminded him, as Alex was fumbling for his flask, the door opened behind her, and she turned and saw Jack walking toward them. He looked a little grim, and quite determined.

"Alex," he said, "I think they want you inside."

Alex's world was filled with women, and he saw no reason to quarrel over one when there were hundreds more. "O. K. with me, Jack," he said, putting away the flask.

When he had left Jack took her by the shoulders as if to shake her.

"What's got into you tonight," he said angrily. "You've been acting cheap all evening. I don't want you smoking, and drinking, and kissing all the boys like the other girls do." He sounded awfully paternal, and staid, and virtuous.

and Janie thought she was going to cry. In fact, she was certain to cry. She threw down her cheeks, and there was no doubt whatsoever, Jack angry at her. "What had become of their laughing-friendship?"

"I'm s—orry, Jack," she sobbed, "I don't really want to smoke, and drink, and kiss the boys. N—not all of them anyway." Jack was realizing that he was really seeing Janie for the first time. How soft her arms were, and how red her lips! He wanted to kiss her more than he had ever wanted to kiss a girl and wondered if she would let him. He felt it was well worth risking, at any rate.

And of course Janie would. In fact that was just what she was waiting for.

LOOKING BACK

October 4, 1929

The dormitory men have established a club, which will be called the Dormitory association.

Alpha Delta Sigma, national honorary professional advertising fraternity, will hear President McVey at its formal opening today at the Phoenix hotel.

October 5, 1931

The old warehouse on Limestone street has been remodeled for the physical education department of the University.

Members of the University staff and heads of organizations are urged to issue news announcements early.

The Kernel will include a picture section. A rotogravure section giving collegiate news happenings on various campuses will be presented weekly.

Personnel Bureau Activities Named

Bureau, Founded in 1930, Gives Valuable Aid in Placing Grads

The present activities of the Personnel Bureau of the psychology department are practically dormant. However, it is an organization that is always ready to be of service to students of the University.

The bureau was founded in 1930 and functions in a variety of ways, namely, giving vocational advice, aiding in the placement of students after graduation, and helping in adjustment to school work and personal difficulties.

Members of the personnel staff are Doctor Miner, director, and Doctor Beaumont, executive secretary. All members of the psychology department devote some time to the bureau. In so far as their schedules will permit, the staff is trying to make research their chief objective. An example of their efforts is seen in "The Financial Situation on the Campus." The facts were compiled and published by Doctor Beaumont in 1932, and dealt, among other things, with the part-time employment percentage among the students.

Eastern Schools To Get Pointers at UK

Representatives of Harvard University and Dartmouth college are coming to the University of Kentucky art department to get illustrative material for class rooms, as was indicated by two letters received by Joseph Barron, who has lectured during the last week in the department of art at the University.

Professor Barron, who specializes in preparing original photographs for illustrative purposes in teaching, received a request from Ruth V. Cook, who is librarian of the school of architecture at Harvard university, for 20 of his original prints.

The art department of Dartmouth college asked for 40 slides prepared from Barron's negatives.

Professor Barron has made many illustrative photographs since he became a member of the University staff, including pictures of Kentucky landscapes and buildings.

CONTEST OPEN TO AG STUDENTS

Southern Steel Company Is to Sponsor Essay Contest for Members of Southern Agricultural Colleges

Announcement was made Monday that the Gulf States Steel Company, Birmingham, Alabama, is to sponsor an essay contest for southern agricultural colleges. The subject of the essay is, "The Advantages of Diversification to the Southern Farmer."

Any regularly enrolled agricultural student is eligible to compete. The following prizes are to be awarded:

For each college: First \$20; second \$10; Third \$5. Winning papers will be selected by a committee of three members of the agricultural college staff. The first prize winning paper, with names of winners of second and third prize is to be forwarded by the college committee to the Gulf States Steel Company not later than November 15, 1934.

First prize winners at the several colleges participating will compete for the grand prizes which will be \$50 for first; \$30 for second, and \$20 for third. These papers will be chosen by three members of the staff of the "Progressive Farmer-Southern Ruralist," Birmingham, Alabama.

All awards are to be final. Checks for grand prizes will be mailed after selections have been made by the judges, each college participating to be advised of grand prize.

Papers will be judged on: (1) Substance—ideas and facts; (2) Substance—ideas and facts; (2) Clarity and logic of presentation.

The essay is not to exceed 2,500 words. It must be typewritten double spaced, on letter size paper. It is to be submitted to the office of the dean, Agricultural building, not later than October 15.

The three grand prize winning essays will be printed in the Progressive Farmer and Southern Ruralist as soon as possible after close of contest, together with names of all prize winners. A booklet also will be published by the sponsors to include all grand and first prize winning papers. Copies of this booklet will be available to each college for distribution to students participating and others interested.

WHAS to Broadcast Rest of Home Games

Beginning with the Washington and Lee football game last Saturday, all of the home games of the Wildcats will be broadcast over the University studio of WHAS, Louisville.

Neal Arnston, of Louisville, and Adolph Rupp, head basketball coach, were the announcers of the Washington and Lee-Kentucky game.

The remainder of the games to be broadcast are Clemson, Auburn, Alabama and Tulane. WHAS operates on a frequency of 230 kilocycles.

KERNEL PRESS ROOM WORKER IN HOSPITAL

John Sugg, Morganfield an employee of The Kernel press room, submitted to an emergency operation for appendicitis Wednesday afternoon at the Good Samaritan hospital.

Mr. Sugg became ill at his room early in the afternoon and was taken to the hospital later. He is a freshman in the College of Arts and Sciences. Hospital attaches yesterday reported his condition as good.

STORM TOLL IS 26

West Hartlepool, Eng., Oct. 4 (INS)—Tuesday night's Atlantic gale cost the lives of 26 hands and two ships, the Roper Shipping Company indicated today. Lacking word from the freighter Millport for nearly two days, while ships had abandoned their search for her, the Roper Company, her owner, gave her up as lost, with 26 seamen.

HOBBY GROUP WILL HOLD SWIM PARTY

The swimming hobby group of the W.A.A. and the Y.W.C.A. will have its first swim of the year in the Margaret Hall swimming pool at Versailles on Monday afternoon.

Girls wishing to swim with the group are asked to bring a certificate from the dispensary stating that they are permitted to swim. The group will meet at 3:30 Monday afternoon at the Women's building. Girls who wish to take cars are urged to notify the Y.W.C.A. at once.

The first 20 girls to sign up for participation in the group shall be permitted to go.

Phi Alpha Delta Lists New Pledges

The Henry Clay local chapter of Phi Alpha Delta, international honorary legal fraternity, recently pledged Gordon Lisenby, J. D. O'Bryant, Oscar Salmons, and Robert Henaley.

Phi Alpha Delta is the oldest legal fraternity on the University campus having been founded in 1914.

Officers for the coming year are: Robert E. Hatton, Justice; William Wigginton, vice-justice; Charles Wylie, clerk; James Moore, marshal, and W. S. Jeff Jr., historian.

Gatley Speaks To Engineering Group

H. K. Gatley, consulting engineer for the Lexington storm sewer project now under construction, described the problems involved to a group of 40 members of the Student

Branch of the American Society of Civil Engineers Wednesday morning in the Civil Engineering and Physics building.

Mr. Gatley outlined the difficulties encountered in laying the concrete pipes, varying in diameter from 36 to 96 inches, in the rocky soil upon which Lexington is built. The sewers are designed, according to Mr. Gatley, to accommodate the average rainfall with ease, and only one storm in 15 years might be expected to tax the system to its capacity.

Started in April, the \$1,500,000 project will be completed, for the most part, this fall, according to Mr. Gatley.

PROFESSOR NEWBERRY IS APPOINTED COLONEL
A commission as colonel on the staff of Governor Ruby Ladd Newbury of the department of foon was presented to Prof. Edward Newberry at the University. The presentation took place at a dinner given in Professor Newberry's honor at the home of Prof. and Mrs. Perry Karakas.

Robert Nixon, former assistant secretary of state, made the presentation. Professor Newberry, whose home is in Dallas, Texas, has been a member of the University faculty for five years.

LITERARY
Conducted by DOROTHY WALKER

Friends! Students! Fellow-sufferers!
In behalf of this esteemed literary column, I wish to extend to you the invitation to submit your literary contributions in a short duration of time... In plain college language, we want literary copy and we want it now! If you have read a good book, written a poem, read an interesting article about Literary, I am appealing to you with utmost sincerity, send it in!

Do you want your literary column to be good? Then let's go. Let's make it good, some of you "young things," who are full of this so-called "Wim, Wigor, and Witality." Of course, you must get tired of one person's viewpoint all the time. I'm willing to concede even that (which is a great sacrifice for me) if you will show me that you have some excess energy that you want to expound with full force on this needy column...

FLIGHT FROM THE CITY
Sometimes if we want to run away from the din and clatter. The cares of busy city life We think so much matter And go unto a quiet place A valley or a dale And sit alone and dream and try To see beyond the veil...

Does Crime Ever Pay? Student Says Yes, Sometimes
Evidence that crime paid at least one criminal has been discovered by Thelma Roberts, Columbia University Journalism student, who ferreted out the story of Wicked John Goode, a notorious criminal who got his start in the Old West. "He worked through Kentucky" in the 1880's.

After 50 years of collecting the waters of crime in the form of prison terms in a half dozen states and constant hunting by police, Goode reformed in a Bowery Mission and made the most comfortable living he had ever enjoyed by lecturing on his criminal career, thus making his crimes pay.

Miss Roberts wrote the story of the notorious character who accepted the challenge of her instructor to a journalism class to "quit dabbling in tea table talk about realism and go out and get a realistic story."

UK WILL SPONSOR EDUCATIONAL MEET
The eleventh annual educational meeting will be sponsored at the University, Friday and Saturday, Oct. 26 and 27, according to an announcement by President Frank L. McVey.

The program will include addresses by such prominent speakers as Dr. Richard D. Allen, assistant-superintendent of schools at Providence, Rhode Island, and Dr. George F. Arps, Columbus, Ohio, dean of the College of Education at Ohio State University.

Other features will be sectional conferences, a banquet, and the annual meeting of the Kentucky Association of deans of women, under the presidency of Miss Hilda Threlkeld, Louisville.

Other features will be sectional conferences, a banquet, and the annual meeting of the Kentucky Association of deans of women, under the presidency of Miss Hilda Threlkeld, Louisville.

Rivalry between planets will be the next great force to mould a world consciousness. Dr. Jerome Davis.

HERE'S THE ANSWER TO "What's New for Fall?"
This is the time when well-dressed men are asking "What's new in the way of style this Fall?"

When it comes to shirts, our answer is "THE NEW ARROW FANCIES." Arrow has even surpassed their former high marks in these new colors, new patterns, and new collar styles. And, of course, every shirt is Sanforized-Shrunk—which guarantees permanent fit!

We'd like to show you these magnificent new styles—like to see if you don't agree with us that they're the best-looking shirts that we've ever shown. Drop in. The prices—\$2 and up

James Bishop Is Winner of Tennis Singles Crown

James Bishop, last year's No. 2 player on the University tennis team, recently won the city singles title of Paintsville, Ohio.

Bishop took his finals match in three straight sets with a variety of shots that kept his opponent constantly baffled.

While at the University Bishop was Cadet-Colonel of the R.O.T.C. battalion and a member of O.D.K., Lamp and Cross, Scabbard and Blade, the rifle team, and Pershing Rifles. He was graduated last June from the College of Engineering.

Manning Completes Study of Counties

Dr. John W. Manning, instructor in political science at the University, has just completed a report for the American Legislator's association on the subject, "The Statistical Study of Counties in the United States."

The purpose of this report is to determine whether there are too many existing counties and what can be done to remedy the situation. Doctor Manning includes in his work the area, the population, and the financial standing of the various counties, and concludes that the quantities of a typical, average county would be as follows:

"The area, 600 to 885 square miles; population, 17,000 to 35,000; average annual cost per capita, \$11.00, or \$10.00 per \$1,000 valuation; taxable valuation, not less than \$4,000,000 nor more than \$20,000,000."

According to the report, several states have already passed legislation.

WELL SPOKEN, MARQUIS, ETC.!
Paris, France. (INS)—To let the world see for itself that they are happily married, Constance Bennett and her Marquis Henri de la Falaise de la Coudraye are sailing together for New York.

"I don't know whether there really is anything in the world that can quash all these silly divorce rumors," the Marquis told International News Service, "but we are hoping that our return together will kill them."

"People apparently do not like to read about others who are happily married—but we are, and we are going to stay that way."

A PROFIT FROM TRADITION

A monument, beautiful in its simplicity, located in one of the more beautiful spots on campus and dedicated to a past president of the University, James Kennedy Patterson, is an abundantly living asset to its surroundings.

One alumnus who had not visited the campus in 20 years, and after a half hour's persuading finally consented to visit the University to "look at the new monument of President Patterson," went away—an individual to whom the administrative or student bodies may turn for help any time in the future.

He is a man prominent in professional and social circles in the state's largest city. As he stood admiring the likeness of the man who guided the University through trying years—years which were witnessed by him as a student, other changes caught his eye. The new library, Stoll Field, and the beauty of the grounds—all these brought mild surprise and a small movie camera from his pocket.

The pictures were snapped of the campus will be shown to many of his friends, all of whom are respected by a large number of people. Is there any need to enumerate the great benefits which our institution might reap from such a situation? Instead of staying on the ground ten minutes, the extra expense car remained parked for one hour while its owner walked among the shrubs and buildings enjoyably reminiscing over the scenes of his student days.

A monument of iron and stone, immovable and tranquil with the exception of its form, brought about enjoyment possibly as no other medium could to a heretofore "dead" connection.

Once again, it is fitting and proper to give thanks to the donors of such a gift and it is our belief that even they, could not have conceived the value and potential influence the monument possesses for the University of Kentucky.

THE ACE IN THE HOLE

Just a month ago some 30 editors of college newspapers in New York City and formed the Association of College Editors. Within the month, the group has attracted national interest and its membership now is comprised of the editors of the biggest campus newspapers from coast to coast.

The preamble to the covenant of the A. C. E. stated as its aim: "To stimulate the interest of students throughout the world in

promoting international understanding and cooperation in the work of ultimately achieving and insuring international peace and security; to arouse the students in the several countries to seek to understand and obtain an honest, intelligent, and efficient government; to enlist the aid of all students in securing a higher and sounder standard of living in the spirit of the greatest good for the greatest number; to provide media for public expression and direction of the thoughts and energies of both undergraduates and graduate students interested in realizing these aims; to promote progressive education."

The possibilities of such an organization are tremendous, for student thought in this country has had no notable leaders and little organization.

The last three years have seen youth movements throughout the world play an important part in political developments but such a movement in the United States has been lacking for want of expression.

No one is more impressed with the need of international peace than the graduates of universities of the last four years. The heavy burden of carrying a debt of \$15,000,000 from the World War unquestionably has played a considerable part in the economic destruction of the country. Had the federal government this money to expend now on its many research projects the barren future this state's graduates will face might not be.

The A. C. E. may be the "ace in the hole" for college students if the ideals the organization has set are not disregarded.

JOURNALISTIC ETHICS AND PATENT MEDICINES

Americans are prone to regard themselves as the most enlightened of peoples. With this in mind, newspapers in the United States have avowed again and again that it is a direct affront to journalistic ethics to print false advertising.

As a group, the New York press takes the lead. Three papers, the New York Times, the New York Post, and the New York World did not print a single advertisement of any kind whatsoever during the investigation period. The Chicago Daily Tribune, which states that "it will not accept advertisements of discredited remedies, or internal remedies which present claims which are couched in a way that diminishes in the minds of readers the need for proper medical attention," ran 24 columns each day of this type of advertising with 82 and 89 inches per 1,000 space during this same period. The worst offenders, excluding news papers, are the Chicago Herald-Examiner and the Louisville Courier Journal, with 82 and 89 inches per 1,000 respectively.

Examples of this type of advertising are amusing in their astounding claims. Kingsbury and Hart found that the "happy experiences" of Lydia Pinkham are still going strong, a statement of his troubles and he will be forwarded herbs that will surely benefit him. It continues to say that "if you have dyspepsia, indigestion, catarrh of the stomach, stomachic, heart fluttering, constipation, headache, foul breath, biliousness, pains in your back, yellow eyes, coated tongue, chills and fever, malaria or rheumatism, do not lose a minute. Write for Dr. Lytle's Liver Medicine—gets you right or your money back."

A St. Louis paper ran an advertisement publishing the merits of "Nurto," a "boon to humanity that acts like magic, making bed-ridden sufferers get up and dance!"

CHALLENGE CHATS

Some Tendencies of Cynicism

Contrary to one of the most well-founded delusions in student thought today, cynicism is not the mark of intellectual broadness and appreciation. He who dwells within the husks of doubt finds himself deprived of the joy of participation in life's great drama, and moreover, unable to solace himself with his own industry.

Life is growing, active, expanding—what other characteristics can account for nature's tenacious clutch upon functional activity, and for mankind's progress of march from barbarism to civilization? The professed object of the cynic is development, as he believes that he would have others believe him to have appropriated the intellectual equipment of his predecessors. He is not afraid to enter into the fight. They love to stand on the sidelines, secure in their imagination of the doctrine of universal imperfection and grossness, and sneer at all who will be diverted from constructive activities by their personality pessimism.

Life is growing, active, expanding—what other characteristics can account for nature's tenacious clutch upon functional activity, and for mankind's progress of march from barbarism to civilization? Life is growing, active, expanding—what other characteristics can account for nature's tenacious clutch upon functional activity, and for mankind's progress of march from barbarism to civilization? The professed object of the cynic is development, as he believes that he would have others believe him to have appropriated the intellectual equipment of his predecessors. He is not afraid to enter into the fight. They love to stand on the sidelines, secure in their imagination of the doctrine of universal imperfection and grossness, and sneer at all who will be diverted from constructive activities by their personality pessimism.

wonderful concoction that cured fits was advertised in the New York Daily Mirror. The kinds of advertising varied all the way from "Chinese Herbs" to "Trazine Yeast," which claimed that the "Trazans" depicted in its advertisements owned their magnificent physiques to none other than this latest discovery of science.

To those of you who have read "Twenty-Million Guinea Pigs," such propaganda is highly humorous, but there are millions of Americans whose ignorance allows them to waste their money, and in many cases poison themselves with harmful drugs. That a number of large metropolitan dailies are allowing propaganda for the sale of drugs that delude the reader, encourage the postponement of medical treatment, and promote drug addiction is against the obligations newspapers owe to their readers.

The most effective weapon in combating this evil is wide-spread publicity, and for this reason educators and government officials who are attempting to check the use of pernicious advertising are to be commended.—The Purdue Exponent.

JEST AMONG US

Some of us more conscientious students are working just which of the clocks in the Memorial hall tower we are to believe.

Various states lay claim to the honor of raising the finest cattle, sheep and horses, but none seems to want to boast of its "road-hogs."

It is rumored that the University athletic clinic is serious considering the installation of boat racing as a major sport, with Stoll field as the sailing course.

Any person who has occasion to traverse the lower floor of Kaestle hall is quick to appreciate the truly delightful odor of limburger cheese.

It used to be that a man was required to pay a sum of money to the parents of his bride, nowadays some of the fellows would do the same—to get rid of their.

SCANDAL SNICKERINGS

By CAMERON V. COFFMAN

The Gal with the Rose

Blanche Griffin, a charming person from Paris, is this week's recipient of the mythical rose. . . . Yes, she a freshman. . . . Her sorority? Little. . . . Her favorite fraternity? None. . . . She likes 'em all. . . . and they all like her. . . . An interesting little girl who will make a go on the campus.

In Little Old New York

A short letter from Tridelt Virginia Brown, who is pastiming in New York this winter, brings her eye to the college crowd in New York with that of Marjorie Duncan, popular Lexington elite, who is Virginia's junkie in the metropolitan center. Virginia says negotiations are under way for Girdler and the writer to become apprentices of the arch snoot and keynote speaker, Walter Winchell. . . . Brownie also sends word that Glenn Gray's Casanova orchestra is drawing its share of attention.

We have been informed that we neglected to publish the names of Alphasam Elizabeth Crain, Tridelt Virginia Thorgomston and Kappa Elizabeth Lloyd as members of KA Whit Goodwin's harem. . . . Sorry girls, we apologize.

Shades of Old Michigan

Reminiscence of the University of Michigan—Minnesota "Little Brown Jug" incident. . . . History has repeated itself. . . . Right here on our own campus. . . . Like the traditional Michigan—Minnesota Jug the Phidelt-KA has also disappeared. . . . The annual football trophy which goes to the winner of their gridiron tussle, is missing from the KA lodge. . . . The KA lads are tearing their hair. . . . An accusing finger is pointed suspiciously at the Phidelt chapter. . . . This acquisition will be hard to deny to prove. . . . So the most "colossal" mystery of the year remains unsolved for the present. . . . (We wonder if the holder of the keg will demand ransom. . . . But just how much is the keg worth to the KA boys?) More later we hope.

How's Your Indigestion, Scotty?

Our own Kernel carried the announcement in Tuesday's society column that the delightful person of the Tridelt stables, Scotty Chambers, had Sunday dinner at the Triangle house and also at the SAE house. . . . It is our conception that Sunday dinners are usually served about 1 o'clock at the fraternity houses. . . . You had to do some fast eating and fast traveling to make both of 'em didn't ya Scotty?

An old timer of the Kappa lodge is back in school this year after an absence of several semesters. . . . Her name, oh, yes, it's Betty Beard. . . . Better look her up, boys.

Is Blondie Stealin' Your Stuff, Katy?

Alphasam Katy Grove breaks forth with the statement that she will have to brush up on her piano personality.

Delph, Oscar "Eddie Cantor" Miller is searching for his pledge pin. . . . He "remembers" of being in Louisville, Lexington, and Valley Station.

Of greatest significance, perhaps, is the retroactive nature of this practice. The fact that such persons no recognized service, dismises it from social thought; the fact that it converts its adherents into callous introverts is not so easily overlooked. All of its evident results are destructive. Most of all is this approval in the lives of devotees. The important thing for students is to avoid this debasing tendency so prevalent in intellectual atmospheres and to cast it aside and plunge forward with the belief that there is order behind seeming chaos and that life bears a divine relationship with a Universal Creator.

SEEN FROM THE PRESS BOX

By JAY LUCIAN

Are you going to Cincinnati? Who is going to pitch for the Cards tomorrow? These are the big topics on the U. K. campus today.

Considerable interest is thereby aroused and for many it will be the most important game of the year. I know a boy last year who came to school on a shoestring.

In Cincinnati confidence runs high. Townspeople are backing a great sophomore team to win by three touchdowns. They have many things in their favor, spirit, confidence, and a crack group of reserves that make up several teams equal in ability.

The two lines will be about even in weight, while the backfield advantage will lean toward the Cats. There is no man on the Cincinnati team who can parallel the shiftiness and Pritchard's stride.

Those who have viewed the two teams place the better running play with Kentucky. This should prove a considerable surprise to those grandstand quarterbacks who pick Cincinnati to win because of their impression of Kentucky's team of yesterday which gained the deserved cognomen "the scorchers."

DID YOU KNOW THAT: Jim Thorpe won four first places in the 1912 Olympics at Stockholm, but was forced to relinquish the titles because he had played semi-pro baseball in North Carolina while he was in college.

The University of Oxford is said to have been founded by King Alfred in 872 A.D. Johnny Goodman, erstwhile United States amateur champion, had no money to pay his fare to his first tournament and went via freight.

Free Booklet Is Given by University. A new pamphlet, "Going to College," has been issued by the president's office through the publicity department.

Spanish Club Meets. The first meeting of El Ateneo Castellano, University Spanish club, was held Thursday afternoon at the Women's building.

Washington, D. C. (INS)—Confronted with mounting costs in railroad operating expenses, estimated at \$290,000,000 annually, the railroads has appeared before the Interstate Commerce Commission and urged they be given a substantial increase in freight rates on certain commodities.

From Enemy Camps

By JOE QUINN

Casting around for more fields to conquer, which, if we recall correctly, was Alexander's main difficulty, we decided to increase the scope of our prognostications.

Below are the predictions for the day and now a word or two about the selections. Alabama, Georgia, Tulane, Florida, Mississippi and Mississippi State should have little difficulty disposing of tomorrow's opposition.

Outside the conference, several important games are scheduled, principal among them being the Nebraska-Minnesota tussle. We like the Gophers because of a veteran team is built around the spectacular "Pug" Lind who will give Nebraska's Cornhuskers plenty to ponder upon during the afternoon.

Notre Dame, Ohio State, Michigan, and Pittsburgh should triumph but not without some difficulty. Stanford's tie last week with Santa Clara makes its game with Washington State a little harder to forecast.

Winner Loser Kentucky Cincinnati Vanderbilt Georgia Tech Alabama Sewanee Tulane Auburn Georgia Furman Mississippi U. Southwestern Tennessee N. Carolina L. S. U. S. Methodist Florida V. P. I. Mississippi Millsaps

Notre Dame Ohio State Minnesota Washington St. Pittsburgh West Virginia Michigan Michigan St. Yale Columbia

Vandy Powerful Nashville, Tenn. — Vanderbilt's valiant Commodores, with the strongest team they have had in years, have been hard at work throughout the week, perfecting their defensive play in preparation for the Georgia Tech clash tomorrow.

L. S. U. vs. Methodists Baton Rouge, La.—Coach "Burr" Jones' Louisiana State Tigers disappointed with their showing against Rice, in which they were forced to come from behind to gain a 9-9 tie, went about their practice work with determination, this week, looking forward to the meeting with another Southwestern conference foe in Southern Methodist, tomorrow.

Particular attention was paid to the printing and running of Abe Mickal and the ball carrying of Reed and Seago.

Georgia Speed's Offense Atlanta, Ga.—The University of Georgia's powerful combine, fresh from its 42-0 victory over Stetson, increased its offensive practice and worked on the low defensive weaknesses that were apparent last week.

DUTCH LUNCH CLUB TO HOLD 1ST MEET

The largest of the YWCA groups, the Dutch Lunch club, will hold its first meeting of the school year at 12 noon today at Patterson hall.

The program for today will be headed by Nancy Becker, chairman of the club, who will welcome all members. The program chairman, Patricia Park will announce the club plans for the coming weeks.

A special feature of the hour will be vocal selections by Phyllis Caskey, accompanied at the piano by Margaret McGinn. Sarah Whittinghill is to announce the Recognition Service of the YWCA which is to be held on Tuesday night in Memorial hall, and Frances Kerr will extend an invitation to all girls to become members of the YWCA.

HOTEL RATES ARE GIVEN SuKy has been contacting the various hotels in Cincinnati regarding special rates for Kentucky university students.

Universities in Japan have only 35 women students.

(Continued from Page One) make some sizable gains by the aerial route Saturday.

"Double O" McMillan, the tiny quarterback from Tennessee, probably will get the starting berth with the Wildcat signal carrier.

Frank McCoel, the Mississippi halfback, has shown improvement this week and probably will get the starting call at right halfback.

The University band, or the "Best Band in Dixie," and approximately 1,000 Lexington fans will follow the team to the Queen City tomorrow to cheer the Wildcats and Coach Wynne on to victory.

Dispensary Makes Tubercular Survey

Doctor Chambers, With Aid of F. E. R. A., is Conducting Project

Among other projects Dr. J. S. Chambers is attempting to put through by means of the F.E.R.A., is one covering the tubercular problem on the University campus.

Sigma Delta Chi Selects Delegate

Kentucky chapter of Sigma Delta Chi, national men's professional journalism fraternity, named Walter Girdler as its official delegate to the national convention at the first meeting held Wednesday.

DOCTOR MANNING SPEAKS

Dr. J. W. Manning of the political science department spoke last Monday to the Woman's Twentieth Century club at Augusta, on "County, the Dark Continent of American Politics."

Guignol's Comedy, "The Watched Pot," Is Now Under Way

The enthusiasm of the workers on both stage and properties gives promise of a finished production in the presentation of the sparkling three-act comedy, "The Watched Pot," by Saki, which will be given throughout the week of October 15 at the Guignol theater.

Goslin's Hit in 12th Wins for Detroit

(Continued from Page One) attempt to further boost the runner along by hitting a short fly to center field.

Going into the last of the fourth inning trailing by two runs, the Tigers suddenly burst forth with a ringing barrage of hits that netted their first run.

The Tigers tied it up in the last of the ninth as Fox first up singled to center; Rowe then sacrificed him to second and then Gerald Walker, batting for Jo Jo White, hit a clean bouncer to right center, scoring Fox with the tying run.

Score table showing totals for Detroit and St. Louis.

First Weekly Dorm Meeting Is Held

The first of a series of weekly dormitory meetings, under the auspices of the Y. M. C. A., was held in Bradley hall last night.

Cincinnati Out To Avenge 1933 Defeat

(Continued from Page One) 'Cats, in Schwarburg, Trame, and Gulick, King has three dependable passers.
