

FACT BOOKLET

1996 - 1997

University of Kentucky

January 1997

Copy 1

I am pleased to provide you with this fact booklet which contains a brief summary of the University of Kentucky's 1996-97 Operating and Capital Budget and a profile of pertinent facts about the University. Although the 1996-98 Commonwealth Budget for Kentucky didn't provide the level of support requested for higher education, the Governor recommended and the Legislature approved a 4% increase for higher education. This increase was distributed to the higher education institutions based on the funding model supported by the University presidents and adopted by the Council on Higher Education. Therefore, within this overall 4% increase and after funding for current services, 60% of the new funds were distributed to deal with equity concerns. A significant amount of the equity funds was allocated to the Community College System, which has been historically underfunded within the system of higher education in Kentucky. The first priority for the allocation of those equity funds was improvement of the salaries of the Community College System faculty, and I am pleased that this budget contains an average salary increase of slightly over 9% for those faculty members.

Overall, the 1996-97 appropriation, which included the equity distribution and special program and capital appropriations, constituted a favorable state commitment to both the University of Kentucky University System and the

Community College System. In addition, tuition increases for this year are near to or below inflationary levels, continuing the reversal of the shift of the cost of education from state support to the students.

Also included in this fact booklet is information on the many excellent initiatives underway at the University as well as current facts about enrollment, tuition and fees, degrees conferred, faculty salaries, external support, the staffing complement, library collections, land and space, equipment, and the status of new facilities.

I am honored to continue to work with the faculty, staff and students at the University, the Governor and the members of the General Assembly and all the supporters of the University of Kentucky in making the University of Kentucky an even better university on behalf of the people of Kentucky.

Sincerely,

Charles T. Wethington, Jr.
President

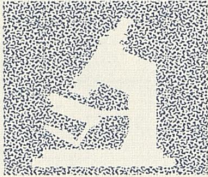

TEACHING

The Academic Quality of the University of Kentucky is widely recognized.

- ◆ Nearly 80 percent of the 1996 University System freshmen have ACT scores of 22 or higher, with 60 percent scoring between 22 and 27. (The national average is 20.9.)
- ◆ UK has enrolled 73 National Merit Scholars in the current freshman class. The high school grade point average for this freshman class is 3.43 -- a new record at UK!
- ◆ A national study has demonstrated that the Community College System has one of the highest rates of transfer in the nation -- 36 percent compared to a national average of 22 percent.
- ◆ The UK faculty is highly qualified with approximately 97 percent on the Lexington Campus having the highest degree available in their fields.
- ◆ The Speech Communication Association ranks the doctoral program in communication eleventh best in the nation in a survey of experts in the communication field.
- ◆ UK receives high marks from a number of publications for the quality of its academic programs:
 - ✓ *U.S. News and World Report* ranks UK 26th in the Top 50 "national universities" for offering a quality education at a relatively reasonable cost.
 - ✓ *U.S. News and World Report* ranks the College of Pharmacy third best in its comprehensive 1995 guidebook of the nation's "Best Graduate Schools."
 - ✓ *U.S. News and World Report* ranks the College of Medicine as one of the top 10 primary care medical schools in the U.S. for the sixth consecutive year.

Maximizing Access to Higher Education is a High Priority of the University of Kentucky

- ◆ UK is educating nearly 70,000 students. In 1995-96, the University -- including the University System in Lexington and the Community College System -- educated 45 percent of students attending public colleges and universities in Kentucky.
- ◆ Enrollment in UK's statewide network of 14 community colleges exceeds 43,000 and has nearly doubled over the past decade.
- ◆ An \$800,000 Advanced Technological Education grant from the National Science Foundation is providing state-of-the-art networked computer teaching laboratories on each of the 14 community college campuses.
- ◆ In 1996, the University of Kentucky agreed to operate a campus of Hazard Community College on the Lees College campus in Jackson, Kentucky.
- ◆ The Outreach Center for Science and Health Career Opportunities has received \$1 million from the National Institute of General Medical Sciences to attract and retain underrepresented minorities to biomedical research careers.

RESEARCH

UK is One of the Major Research Institutions in the United States.

- ◆ The Carnegie Foundation has designated UK as a Research University of the First Class, one of only 59 public universities so ranked.
- ◆ The Kentucky Injury Prevention and Research Center received a \$497,000 federal grant from the National Institute for Occupational Health and Safety to fund research and training programs aimed at reducing construction-related injuries in Kentucky.
- ◆ The Sanders-Brown Center on Aging, one of the premier aging centers in the U.S., is one of ten original Alzheimer's Disease Research Centers funded by the National Institutes of Health.
- ◆ The University of Kentucky faculty and staff last year attracted over \$114 million in outside grants, contracts and gifts -- a solid testimonial to their talent and expertise and a positive contribution to the state's economy!
- ◆ In 1995-96, the UK/UofL Joint Center for the Study of Educational Policy completed its fourth annual *Review of Research Related to KERA* and implemented a five-year study of the effects of KERA on elementary students, teachers, and schools.

PUBLIC SERVICE

The University of Kentucky's Public Service Programs Reach Out into Every County in the Commonwealth.

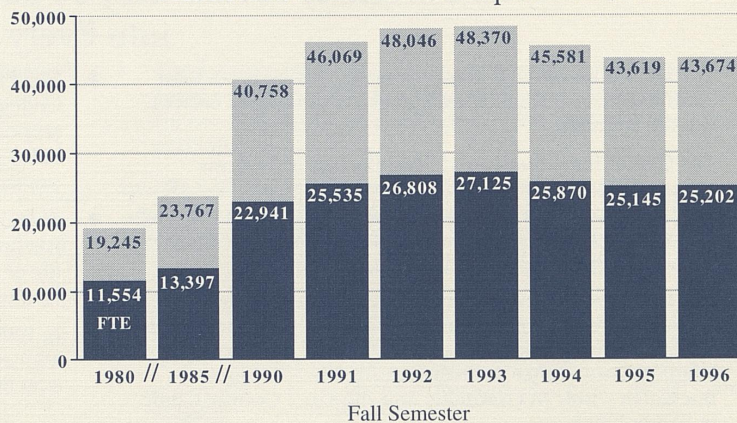

- ◆ The UK Cooperative Extension Service makes more than 5 million service contacts every year, extending to each of the 120 counties.
- ◆ The Center for Robotics and Manufacturing Systems manages a Manufacturing Information Network that allows Kentucky companies and individuals to request documents, patent searches, and other necessary technical information. Requests are typically filled within 48 hours.
- ◆ The UK telemedicine network provides immediate consultations to primary care providers at rural sites such as the St. Claire Medical Center in Morehead; the Big Sandy Primary Care Center in Prestonsburg; the ARH June Buchanan Clinic in Hindman; and the Elliot County Clinic in Sandy Hook.
- ◆ The Primary At-Risk Children Program was designed by the College of Social Work to promote academic success and school attendance for at-risk children, to attenuate existing behavioral problems, and to provide long-term primary prevention for delinquent behavior.
- ◆ The College of Fine Arts, in cooperation with PNC Bank, has opened the Downtown Gallery to enhance the cultural life of the community by exhibiting the works of UK art faculty, alumni, students, and visiting artists.
- ◆ In 1995-96, the community colleges provided continuing education courses and community service activities to over 500,000 citizens.

In addition to the above, the Library's collections include over 237,000 maps; over 5,000 Oral History program interviews; 274 current state, national, and international newspapers; the University Archives; Audio-Visual Archives; the Modern Political Archives; the Bert T. Combs Appalachian Collection, including the Appalachian Regional Commission Archives; and the W. Hugh Peal Collection of 19th century English and related literature. The library is a regional depository for U.S. government publications and is also a depository for European Economic Community and Canadian publications, British Parliamentary Papers, Kentucky government publications, and technical reports from federal agencies, all selectively collected. Numerous CD ROM and on-line databases are accessible in the main and branch libraries.

Library sites include the Margaret I. King Library, 13 branch libraries, and 18 libraries within the Community College System. The NOTIS library system provides an on-line catalog for the holdings of all University libraries.
