No. 15

## ENTHUSIASM INTENSE IN STROLLER TRYOUTS

### Former Stars Working To Hold Their Own With Newcomers

Try-outs for parts in "Beau Brummel" in the Stroller play, are being held every night in the Recreation Hall at Patterson Hall, and enthusiasm and competition are intense. All aspirants are coming with the determination to "do or die," and each novice shows talent such as has never been displayed in the history of the organization. Herndon Evans, who had an important role in the 1917 production, "The Lion and the Mouse," is supervising the work, as stage manager.

Emery Frasier, who played the stellar roles in "The Lion and the Mouse," in 1917, and "Under Cover" in 1918, is a contestant for the male lead in "Beau Brummel." Milton Revill, a star of "Mice and Men," the Stroller production in 1918, is also under consideration for the part.

Martha Buckman, Carlisle Chenault, Mary Elizabeth James and Margaret Smith, Strollers of dramatic reputation, acquired from successful appearances in other Stroller performances, and Mary Elizabeth Downing, Clara Bell Kaye, Martha Pruitt, Bernice Young and Louise Connell are aspirants for the leading feminine roles.

Others who are trying for parts are Nancy Smock, Mary E. Lyons, Katherine Reed, Henrietta Bedford, Elizabeth Marshall, Myrtle Clar, Margaret Smith, Margaret Harbison, Grover Creech, Preston Cherry, Aurnye Bell, Harrison Braylesford, Terrill Corn, Frank Weldecamp, William Flynn, Norma Rachel, Virginia Quisenberry.

## LIBRARIANS TO OPEN INSTRUCTIVE COURSE

Children's Literature To Have Comprehensive Study.

"The best way to make a child love good books is to set his father and mother to reading them and loving them when they, too, are boys and girls." So say the authors of a book on children's literature. It seems to the English Department and the library staff that the second best way is to set his father, mother, and teachers to reading them and loving them during their college days. To continue the quotation: "Librarians are doing what they can with carefully-selected books, assistants trained in library work with children, story hours, and co-operation with school libraries. Teachers may do more . . . It is of no value to say that a boy of a certain age should read and enjoy a certain book, and the comparison must not be made between one boy and others of his age, but between a boy as he is and as he was at earlier stages in his life."

(Continued on Page Three)

## EXCITEMENT CAUSED BY CALL OF "FIRE"

Class Responds and No Loss Results.

A fire which might have caused serious damage to valuable buildings on the Experiment Station Farm was discovered in the gas engine laboratory Monday afternoon by a member of the class and was put out only thru the presence of mind and heroic efforts of Professor Kelley and Grover Creech, a member of the laboratory class.

The class in Farm Engineering was working with stationary engines in the gas engine laboratory and the several engines had been started and stopped by each member until he had the operations down letter perfect when some one noticed flames coming up thru the hole in the floor thru which the exhaust pipe of the engine was thrust and the cry of "Fire" was sent thru the building. The class responded nobly to the call for "firemen" and buckets and even paper sacks and drinking cups were pressed into service to subdue the fire, which finally gave up the ghost.

No damage was done to the laboratory building but the excitement furnished a welcome diversion for the class and was thoroughly enjoyed by all.

## ANNUAL STAFF OFFERS ATTRACTIVE PRIZES

### Contest To Obtain Subscriptions Open To All Students

Could you use \$15? How would a \$10 prize look to you? Perhaps you would like to be presented with a 1920 Kentuckian? Well, it's easy. J. Ed. Parker who is attending to the financial end of the 1920 year-book, announces that a prize of \$15 will be given to the student who obtains the highest number of subscriptions to the 1920 Kentuckian. Ten dollars will be awarded to the next contestant in line. Other prizes will also be awarded, the exact amount of which has not yet been announced by the business staff.

This contest is open to all the students of the University excepting those who are members of the Kentuckian staff. Start now and win a prize. See Parker, get the subscription blanks he has ready and start to "cash in" on your friends, thus helping a good cause along.

The contest will be formally opened Monday, January 19.

Notice! All organizations and groups of any kind expecting to have pictures in the Kentuckian are hereby notified to pay Ed. Parker, business manager, for the space required on or before February 1. Parker announces that no cuts for which the space has not been paid will be sent in.

## GET BUSY AND HAND IN THOSE SNAP SHOTS

### Kentuckian Offers Annual To Student Submitting Best Set

The contests this year will be short and snappy, for an annual. If you have any prints of campus activities of any kind turn them in. If you have only a few go in with a friend and turn them in. The winner of this contest will be announced in the Kernel two weeks from today, and the fraternity and sorority turning in the best set will also be announced, so put the name of the organization to which you belong when you hand in your personal sets. This does not mean that they will be given an annual also, but will merely show which organizations take an active interest in campus activities. Get busy.

Rules Governing Contest.

1. The annual will be awarded to the person or persons turning in the best twelve (12) snapshots.
2. All prints must be in not later than January 20th.
3. Newspaper clippings are not accepted.
4. Flashlight pictures will be considered.
5. Snapshots that have pictures of the faculty in them will not be ruled out.
6. Faculty members are urged to compete.
7. No snapshots taken during rainy weather will be accepted, as Lexington is a dry town.
8. No annual will be awarded unless at least eight (8) sets are turned in.
9. Hand your pictures in early to avoid the rush, in fact DO IT NOW. Pictures must be turned in to the Kentuckian office or T. H. Green.

## COACH GILL CALLS OUT BASEBALL MEN

Preparation Begun For Opening of  
Baseball Season.

"Fir-r-st call for Ba-a-sebal-l-ll!" Thus will ring the welcome sound from Coach Gill's throat next Tuesday afternoon, January 20, when he will open wide the door to the Athletic Office and will welcome every University student who expects to try for the baseball squad when the season opens this spring.

The Coach's idea in having the "first call" so early is to get a line on the material that will be at his disposal when the season opens. The invitation is extended to every one who expects to be a candidate for the squad in the spring, and the Coach is especially desirous of becoming better acquainted with the new baseball men in the University. It is understood that there is some excellent material among the Freshmen, and all ex-high school men are expected to be present Tuesday.

## Ky. Students Endorse League In Referendum

### LEAGUE OF NATIONS DISCUSSED MONDAY

Ags. and Home Ecs. Hear Professors' Opposite Views.

A spirited debate on the League of Nations, with Professor Farquhar favoring the League, and Dr. Tutthill opposing it, was the feature of the program given at the meeting of the Agricultural Society Monday night.

This was one of a series of programs given during the last week by various organizations, on the League, with a purpose of educating the student body on the subject which was voted on Tuesday morning by students and faculty members.

Professor Farquhar's talk was a brilliant presentation of his reasons for favoring a treaty and a league. The chief objections, and the reservations suggested were also discussed by the affirmative speaker. Doctor Tutthill responded with a spirited answer to the first speech.

## STIFF SENTENCE FOR PATT HALL BURGLAR

Hapless Recrunt Gets Five Years To  
Repent of Boldness.

The Patt. Hall burglar, as George Warren, a negro, is known on the campus, that hapless individual who on the night before Christmas holidays, sneaked into the basement of Patterson Hall, and from there invaded the realms of no-man's land, commonly known as the upper floors of the dormitory, was brought to trial Monday in Circuit Court and sentenced to five years in the penitentiary.

Warren was brought up on two charges of burglary. On the night of his appearance in Patterson Hall, he succeeded in thoroughly frightening a number of residents who caught sight of him, once headed for a fire escape, and later, trying to hide under a bed on the second floor. He was able to escape, however, making away with twelve dollars.

The next night he entered the home of Mrs. Fannie Whaley, 341 Harrison Avenue, and was there captured by Mrs. A. J. Allen, who held her captive in ally with a shoe horn until help came.

Discharged Soldiers Seeking Education Given Allowance.

Wisconsin recently enacted a law giving \$30 per month to any honorably discharged soldier, sailor, marine or nurse who desires to attend either an elementary school, high school, vocational school, or school of college grade. The total period during which such allowance may be drawn cannot exceed 144 months.

### Vote Shows Majority Favor Adoption Without Reservations Numbers

League of Nations Referendum.					
Proposition	1	2	3	4	Tot.
Faculty	133	1	20	9	163
Students	595	47	111	78	831
Totals	728	48	131	87	994

In regard to the League of Nations the foregoing figures speak eloquently the sentiment of the faculty and students of the University of Kentucky. The vote was taken Tuesday, each professor passing out printed ballots to students. The voter placed an X in the box opposite the proposition for which he stands and signed his name to the ballot.

The votes were counted in Dean P. P. Boyd's office and the results posted on a bulletin board in the main hall of the Administration Building at 5 o'clock Tuesday afternoon.

This voluntary vote which represents the sentiment of over eighty-five per cent of the student body and a hundred per cent of the faculty, is ample evidence that, if the University of Kentucky had anything to do with it, the League of Nations, as it stands, without reservations, would go over the top.

Dr. R. A. Elwood, pastor of the Board Walk Presbyterian Church of Atlantic City, was the speaker in chapel Tuesday. "Intelligence," said he, "is the unwritten synonym for why you are here. Intelligence based on knowledge, and knowledge with a foundation of truth are the great needs of America today. A university diploma is evidence of neither intellectuality nor ability to perform. It is the way in which that diploma was won that really counts.

"Next to intelligence," the speaker continued, "patriotism ranks as a great essential to American citizenship. We want a patriotism that is based on the law of the land. There is no room in this country for those who wish to change that law by means of the bomb or any unlawful proceeding.

"The third and greatest essential of true Americanism, upright, constructive citizenship is character. Character is the greatest asset that a man can have."

A WORD PAINTER.

"How far from here do you live?" asked the man who had listened attentively to the real estate agent.

"Oh, several miles."

"I'm sorry for that. I'm sure my family could be happy forever in this suburb if we could only drop in on you occasionally and hear you talk about it."—Washington Star.

**KEYS ENTERTAIN WITH BOX PARTY**

The Keys fraternity, an inter-fraternity organization composed of ten Sophomores, entertained Monday evening with a box party at the Opera House where the celebrated Dolly Sisters played in "O Look!" After the performance a supper was served at the Phoenix. The eight young ladies who enjoyed the hospitality of the Keys were Misses Margaret Smith, Margaret Harbison, Ella Brown, Frances Shouse, Lillian Collins, Mona Saunders, Lucile Blatz, and Martha Sinclair. The Keys are Baron Faulkner, Herman Becker, Donald Dinning, Tom Young, Owen Carroll, Joe Dodge, Sam Royster, Lawrence Burnham and George Oldham.

**Southern Universities Exchange Lecturers.**

(Tar Heel.)

Doctor John C. Metcalf, professor of English Literature at the University of Virginia has been designated as the Exchange Professor to the University of North Carolina. The University of North Carolina will also send Doctor Howe, Professor Latin Language and Literature to the University of South Carolina. Other exchanges will be made with the University of South Carolina and Vanderbilt. It has been the custom of these universities to exchange lecturers with one another each year. The lecturer usually spends a week

at the university where the lectures are being delivered. One lecture is made by them before the University student body and the public. The rest of the time is spent in delivering lectures to special groups which are interested in the particular subject under discussion. These exchange lectures, it is said by University authorities, have proved themselves to be most interesting and beneficial. They have given a close relationship and have caused a greater spirit of co-operation to grow up among these Universities.

**Educational Research Station Established at North Carolina.**

(Tar Heel.)

The president of the University of South Carolina announced that the United States bureau of Education has established a research station at the University, and that the University and the bureau of education would cooperate on research studies in educational problems, some of which will be published by the bureau and used widely in its educational work.

The establishment of the research stations follows the adoption of a new policy by the bureau which will work jointly with several universities in investigating educational problems. The universities besides the University of North Carolina at which research stations have been placed are: Pennsylvania, Virginia, Iowa, Texas and Minnesota.

**ROMANCE LANGUAGE CLUB ENTERTAINED**

The Romance Language Club was delightfully entertained Monday night at the home of Professor and Mrs. A. C. Zembrod, 456 West Fourth Street.

There was a short program, presided over by Alberta Wilson, president of the club. The love scene from Polyeucte was charmingly acted by Eugenia Young and Claribelle Kay. Professor Zembrod also entertained the guests by singing a number of French and Italian songs. A social hour completed the program of the evening, during which delicious refreshments of ice cream, cake, and stuffed dates were served.

**STUDENTS**

We welcome you back and want you to know that we are ready to serve you to the best of our ability.

There will be many little incidents that you will want to record. That is where you will need one of our ANSCO CAMERAS and SPEEDEX FILMS, we will do your developing and finishing for you in real professional style.

You know where to find us.

**OWENS IS SPEAKER AT JOINT MEETING**

Secretary Talks on "Dreams Come True."

"Dreams Come True" was the interesting subject discussed by Ralph W. Owens at the first joint meeting of the "Y" Associations held after the holidays. "The world has always had its dreamers, for without them much of the world's progress would not have been made," said the speaker. Many of our greatest inventions and discoveries are the result of dreams. We should all have our dreams for it is not only a right, but a duty to dream and to aspire to do our best for the Master.

The devotional services were conducted in an impressive manner by Burton Prewitt, assisted by Jesse Tapp. After the service a short social hour was enjoyed.

(Continued From Page 1)

**LIBRARIANS TO OPEN INSTRUCTIVE COURSE.**

Next semester a class in children's literature, English 28, will discuss about one hundred of the best books ranging from the simplest fairy tales to standard English fiction. This list was compiled with the assistance of the supervisor of children's work in the St. Louis Public Library, and attempts to meet the needs of the high school teacher and kindergartner. Interested students may see the list and many of the books at the university library.

"Many a parent, who would promptly take John out to the woodshed if he learned that John was collecting dime novels, himself frequently adds to John's library a book quite as bad." Learn to avoid some of these mistakes by taking English 28 next semester.

**THE CURSE OF EXAMS.**

(Selected from "Echoes from Cheerless Corners).

The prating of the optimist  
Falls now on deadened ears,  
We call it empty babble,  
This "smiling thru your tears;"  
Where is the joy of living,  
Where are the smiles and cheer?  
Show us the slightest symbol  
Of peace and comfort here—  
AND WE'LL EAT YOUR OLD FELT  
HAT!

There is no royal highway  
To knowledge, so they say—  
If ever truth was written,  
Why that is one, we'll say;  
The yoke of weary striving  
Forever galls the neck,  
And makes of youthful longings  
A tangled, hopeless wreck—  
IT'S A LOW-DOWN POPE-EYED  
SHAME!

The Profs are hard as marbles,  
Their hearts have turned to stone,  
They look on suave, indifferent,  
The while we writhe and groan;  
Sesquipedalla verba  
Spring from their practiced lips,  
While ignorance fairly oozes  
From students' finger tips—  
AND WHEN IT'S SUCH BLISS, WHY  
BOTHER 'EM?

The charms of co-eds linger  
No longer on the mind,  
To loveliness and beauty  
We're deaf and dumb and blind;  
Our lips pour forth but walling,  
And a million divers damns,  
For "Boney" met his Waterloo,  
And we must face exams—  
WHAT A GLORIOUS PROSPECT!  
HOME JAMES!

## VOTE ON LEAGUE OF NATIONS.

The Kernel with great gratification learns the result of the referendum vote taken Tuesday on the questions presented by the League of Nations, and the interest shown among the students and faculty. It is estimated that eighty-five per cent of the student body cast ballots on this momentous issue. An alertness of mind, a grasp of the forces working in the world at present, and an eagerness to express an opinion on a question to which no intelligent person can be indifferent, is revealed that is highly complimentary to the voters. It is indeed deplorable that the small percentage not voting did not do so.

The educational campaign carried on the week preceding the taking of the vote was highly valuable, giving, as it did, an insight into the problems of today which only men or women trained in a university classroom as teacher or student could understand.

The response to the efforts of the faculty as evidenced by the size and representativeness of the vote cast by the students demonstrate Kentuckians are as fully capable of forming worthwhile and unprejudiced opinions as are citizens of any other section of our country.

We regret to hear, however, a few scattered complaints that the campaign to inform everybody on the campus, faculty as well as students, of the issues involved, has been stigmatized as league propaganda, and with difficulty the Kentucky Kernel suppresses its amusement. In no case has any member of the faculty endeavored to influence the student vote, except in guiding from the errors of ignorance, and leading toward the light of an intelligent comprehension of the subject. The fact that a majority of both faculty and students favor an unrestricted ratification proves merely a common feeling after a common understanding of the issues. Explanation is all that has been attempted.

Final results of the vote, which was taken in every institution of higher education in the United States, is not yet known, but the Kernel feels sure that Kentucky and the University of Kentucky will have no reason to feel ashamed of the stand taken, no matter what the result in other states, because our vote is honest and our understanding clear, and the result truly expressive of the opinion which we intelligently and firmly hold.

## NEW HOPE FOR UNIVERSITY.

Never in the annals of the political history of Kentucky has there appeared an announcement which so strikingly belongs to the realm of the remarkable as did the recent appointing of Republican senators to chairmanships of important committees in the Senate. This was a positive surprise, not only to the Republican party, which indeed in pre-election days actually predicted that the Morrow administration would encounter a policy of obstruction in the Democratic Senate, but to the rest of Kentucky, as well.

This action of the Democratic leaders may be regarded in several ways. It may be that these leaders, interpreting the above-mentioned prediction as a taunt, are accepting the challenge, in the same spirit, and with the supposed probability that the other party, given a clear field, will show inability to carry the responsibility imposed upon its leaders, and by unwise act, will give its opponents opportunity to say, "I told you so." To those who are inclined to look pessimistically upon the history of political intrigue, this explanation may appear plausible.

The Kernel, which is a non-political paper, welcomes such evidences of good faith on the part of those in power. It prefers to take an optimistic view in this instance, and to see in this, another exhibition of progressive thought in statecraft and citizenship.

It cannot be denied that there is a positive and increasing interest in an educated and elevated public opinion which is manifesting itself in all departments of civil life. The Kernel is firm in its belief that the day is rapidly disappearing, if it has not indeed already vanished, when intrigue or any form of unprincipled motive can hope for ultimate success in the administration of public affairs. With this in mind the writer looks forward with confidence to wise, constructive statesmanship, unblinded by partisan motive in the handling of the University program of reconstruction and improvements soon to be presented to the General Assembly for action.

## TO EDITOR OF KENTUCKY KERNEL.

We, the undersigned, charter members of "The Royal Order of Fish," having read an article that appeared in the January 9th issue of the Ken-

tucky Kernel, under the heading of "Hopeless Nuts Form Poor Fish Club," feel that we are due an apology.

We have been placed in a rather embarrassing position by some unknown Kernel reporter, by being publicly referred to as hopeless nuts, fools, and drunkards. Had the names of the members, and the purposes of the organization been mentioned in a conservative way, we would have considered the article as a joke. It is evident from the language used by the author that he relied altogether upon hear-say information. It seems that he also failed to complete the roster of members, probably for the purpose of saving space, that he might have sufficient room in which to elaborate upon his imagined entrance requirements, which he certainly did in a most slanderous, disgraceful way, leaving nothing unsaid that would prove derogatory to one's character.

The article has, or will be brought to the attention of our friends, relatives, and some of our parents. Imagine their displeasure on seeing our names printed as representatives of an organization that publicly approves of certain degrading vices. The writer has wantonly, and without cause, stamped our club as a band of low-minded, senseless boys, and has not only reflected discredit upon our character as students, but as moral, law-abiding Kentucky gentlemen. We realize the newspaper is an instrument by which people may express their thoughts and voice their sentiments as their minds direct, but we believe that articles of this nature injures the spirit of comradeship among students, and reflects upon the high standards and ideals of our beloved University, and therefore should not have been written.

We know that the purposes of our organization are much better than the name seems to signify, and it cuts deep in our self-respect to have our organization slandered in such a manner. We can enjoy a joke, and can even laugh when we are made the subject of mirth, but this seems to us to go beyond bounds of reasonableness. We feel that the author of the above-mentioned article has realized his mistake, and we trust he will repudiate it with an explanation, and apology. If the writer will condescend to do this we will consider the matter closed. If not, then with our characters as gentlemen at stake, we will be forced to seek reparation in some other form.

(Signed)	Tom L. Gorman,	Raymond Connell,
	Arthur O. Shanklin,	Larry Thomson,
	William R. Campbell,	Grover H. Creech,
	John W. McKenzie,	W. O. Thompson,
	E. D. Wallace,	J. W. Howard,
	Charles R. Bourland,	Dick Hagin,
	Raymond Glenn,	Emory Frazier.

## APOLOGY OFFERED.

It is with much regret and positive surprise that the Kernel acknowledges receipt of the foregoing communication from the worthy membership of the so-called "Royal Order of Fish"—regret that they should suspect any fellow student capable of slandering them as they feel they have been, and surprise that their sense of humor did not suggest that the publication was made in a spirit of fun which the writer, in his opaque density, considered manifest.

However, if these gentlemen feel that their dignity has been assailed and their ornate reputations damaged, it is with great pleasure that the Kernel takes this opportunity to offer profound apology, and assure its comrades that when the Kernel reporter referred to them as "hopeless nuts," it was in a spirit of levity, and not intended to reflect upon them.

Concerning the other "entrance requirements" mentioned in the foregoing communication, the Kernel reporter takes the stand that their reputation heretofore for high standing in classes, conquests among hearts of the fair sex and total abstinence from liquor in any form, make it all the more evident that it was a spirit of levity which moved him to mention ability to "drink a quart of whiskey," or "willingness to let women make a fool of them."

The Kernel wishes to express the sincere hope that this apology will be sufficient balm for injured reputations, and that they will feel that they have been restored to former pinnacles of respect occupied before publication of the derogatory article.

If, however, this humble explanation is not all-inclusive and the assigned are "forced to seek reparation in some other form," we will take pleasure in giving the sufferers the name of the charming young woman who wrote the "astardly scandal."—Ed.

"Will you," began Mademoiselle On Dit boldly.

"I will not," shouted the Knight of the Lexington Drug.

"Well, you needn't get so excited about it, I was only going to ask for the time," she snapped.

"My mistake," he faltered, wiping his fevered brow, "but please forgive me this time. My nerves have been shaky since the first of the year."

.....

Professor Grehan: "Don't spell 'forward' 'backward,' and the 'ward' terminations with a final 's'."

Martha McClure and Mary Heron (in unison): "But who would spell 'forward' backward?"

.....

Clara Blocher: "I'm afraid to tell you, Miss Margy, it would shock you."  
Miss McLaughlin: "Well, that won't hurt me."

## Heard at the Movies.

First Boy: "I bet they marry."  
Second Boy: "I bet they better marry in fifteen minutes, I have to beat it to my eatin' house at six-thirty."

.....

The Kentucky Colonel says: "Well, boys, the ladies have the vote they were after fo' so long. Now let's sit back and watch them romp on it."

.....

According to the latest reports, "Beau Brummel" is quite "up to snuff."

.....

If you are not inclined to believe this don't take our word for it, look it up for yourself. The dictionary says:

Senior—Comparative of senex—old. (Comparatively).

Junior—Comparative of juvenis—young.

Sophomore—Sophos, wise and moros, foolish— (?)

Freshman—No derivation. (What else could you expect?)

.....

Lykkelle Pome.  
(Free Verse Style).

It was bitter winter,

The day was grey;

It shivered and quivered,

And the horizon

Slid around vaguely

And joined the near-at-hand.

Gradually a rosy blur

Suffused the atmosphere.

Near it came,

And nearer, 'till it seemed

A gold-red sun arising.

A wave of horror swept me,

Swept my very soul, and left me

Gazing at the bleak, red blur—

My own COLD NOSE.

.....

Professor Rees (discussing Mr. Asher's problem): "Isn't that right, Miss Smith?"

Miss Smith: "It ought to be."

.....

Professor: "The signs should be changed."

Ringo: "How do you get that way?"

.....

## HEARKEN YE—

(Showing how one condition involveth many another.)

If thou seest a man who receiveth many notes from his Dean, thou mayst say with truth that the hearts of many co-eds are fluttering wildly. For verily I say unto thee, when a man neglecteth his Professor, he giveth undue attention to Patt. Hall and the dentens thereof. And such a man is in danger of being weighed in the balance and found wanting.

When the Dean favoreth a man daffly with epistles, and showereth him with flattering attentions, thou mayst with truth assume some one of the following: The man hath a cranium, the hardness of which resembleth a brick-bat; or, he hath been born under an Unlucky Star; or, he hath been unduly subjected to the tender mercies of a hard-bolled Professor; or, he is skilled in the wiles of woman, and in her law doth he meditate day and night; or, he walketh the way of the Epicure, and sitteth in the seat of the Ben Ali; or, he spendeth much time at the pool-table, and shunneth not the path of the time-waster and squanderer.

All these thou mayst assume, and more, and verily, Nemesis lieth in wait for all men who obey not the laws of Wisdom, and hearken not unto the words of the well-wisher.

—Solomon, the Topaz-haired.

**RULES ANNOUNCED  
OF LEAP YEAR CLUB**

Draconic Regulations Laid Down For Members.

"Order! Order!" hammered the president, Ir-ne M' Na-ma-ra, at the weekly meeting of the Leap-year Club. The babble of voice was lulled to a murmur broken by the lone insistent voice of one sister, "You can say what you want to, but I did not trick that man; he refused to go with me to the hop and after all that money, I've wasted on him, buying cigarettes—"

"Order!" repeated the president irritably. "All charges will be heard after the business session. First, the report of the Rules Committee."

E-l-nor C-m-k rose and with a business-like voice read the following rules rapidly.

1. Members shall find out type of movie being shown, whether suitable, before making date for same.

2. It shall be considered dishonorable: (a), to reserve parlor at Patt Hall more than one week in advance; (b), to attempt to cut in on case of sister member. Girls inaffiliated not included (F-n R-t-t, A-and-a F-lk-n-r, K-t-h-n O-g-s-y); (c), to change course to Law, Ag or Engineering Dept.

3. Members are advised to read J. Barleycorn's latest book on "The Timely Warning to Bachelors," first edition, 1920.

4. It is to be noted that in the best usage, return postage should be furnished in letters to young men.

5. All members of club are to report one week after successful courting; testimonials are desired of methods used and symptoms of victim. Such members shall then be considered as automatically dropped.

6. List of the respective victims of each member must be handed in at next meeting. Not more than two girls can enter same race.

The president rose with dignity. "I must object to this last measure. In my particular knowledge more than five members are now working on the case of J. W-i-h-m and the club can not interfere."

All rules passed but the sixth. Great relief was manifest at the announcement that the officers had arranged with Mr. Casey Jones of the Lexington Drug for special rates for members with dates.

In ending the talk, Miss M-n-m-ra urged all members to be very careful when entering a confectionery to have sufficient money with them to pay checks.

Gossip concerning the probable resignation from the circle of its valued member, J-l-a W-l-s because of the enforcement of Rule Five, ended the meeting.

**BOXERS AND WRESTLERS,  
ATTENTION!**

All men who are interested in receiving instruction in wrestling or boxing must report to wrestling or boxing room on the first floor of the Gym Saturday at the fifth hour. Bud Slomer will be in charge of the wrestling, and these assistant instructors will place the candidates in classes according to weight. It is very important that all those interested in "the manly art" be present.

**FOOTBALL**      **SPORTS**      **BASKETBALL**

**WILDCATS TO PLAY  
CINCINNATI SATURDAY**

**Coach Buchheit's Squad in  
Good Shape For  
Game**

Coach Buchheit and eight members of the basketball squad will leave Lexington Saturday morning for Cincinnati where the University of Kentucky Wildcats will meet the University of Cincinnati quintet in the opening game of the Kentucky schedule Saturday night.

Varsity practice during the last two weeks has been very satisfactory, and Coach Buchheit feels that he has a basketball squad which will prove successful. There has been a decided improvement in the teamwork of the squad during the last week, and the men are fast overcoming the handicap of not having played together in the past. Only two members of the Varsity were on the team last year.

The game with Cincinnati will probably be started with the following line-up: Blakey, forward; Haydon, forward; Everett, center; Burnham, guard, and Smith, guard. The three men who will be taken on the trip as substitutes will be chosen from Evans, Lavin, Wilhelm, Ridgeway, Clark and Zerfoss.

It is reported that Cincinnati has a fast team this year. The team has already played two games of its schedule, and has lost both of them—one to Kenyon and one to Ohio State. This gives Cincinnati the advantage over Kentucky because of the practice derived from the two games. But the Wildcats are going to be "hot" Saturday night and have promised to bring home the bacon. Dave Reese, of Cincinnati, will referee the Cincinnati-Kentucky game. A number of Kentucky students are contemplating accompanying the team to Cincinnati to witness the opening game.

**NON-LETTER MEN WIN  
AT LAWRENCEBURG**

**Lavin and Ridgeway Play Best Game  
For Kentucky.**

A quintet of non-letter men was picked from the Kentucky basketball squad and was taken by Coach Buchheit to Lawrenceburg Tuesday night where a basketball game was played with an independent team from the town. The game was unusually fast, and resulted in a decided victory for the Blue and White collegians, the score being 38 to 8. Lavin, forward, and Ridgeway, guard, were the stars of the game.

The team that motored to Lawrenceburg and defeated that team Tuesday night was composed of Lavin, forward; Evans, forward; Wilhelm, center; Ridgeway, guard; Clark, guard, and Zerfoss, guard.

Monday, February 9—Engineers vs. Sophomores; Agriculture vs. Lawyers.

Tuesday, February 10—Seniors vs. Arts and Science; Freshmen vs. Juniors.

**SIX TRACK STEATERS  
AWARDED BY BOLES**

**Long-Delayed Sweaters For  
Track Athletes  
Arrive**

Track sweaters have arrived at last and "Daddy" Boles has had the pleasure of presenting to six proud Kentucky athletes a "K" sweater each.

Men who have recently received a sweater in recognition of their track work last spring are Clare, Snider, Graham, Wilhelm, Grabfelder and Downing. Gray is also entitled to receive one of the sweaters, but because of his absence from school when the sweaters were received by the Athletic Department, he will be several days later in receiving his sweater.

Other track men who were awarded letters last spring, but who had received letters and a sweater for previous seasons with the Kentucky squads were Knight and Kohn.

Of the nine recipients of letters in recognition of the honors they have heaped upon their university six are still at Kentucky and all are expected to add further laurels in the track meets that will be held within a few weeks. Of the three-letter men who are no longer eligible for the squad, Kohn, Grabfelder and Gray—one has graduated from the institution after a number of years of faithful service, one has entered an Eastern school, and one is commercializing his track experience on a Texas ranch.

The grades are sent home, I will then get a letter

From Dad, who will ask if I can explain.

"My son, are you trying to get an education,

Or is all my money invested in vain?"

Chorus, slowly and dimly.

Kinematics and calculus, whoever composed you,

Ought to be in the bucket that hung in the well.

J. G. W.

**CAMPUS LEAGUE HAS  
AUSPICIOUS BEGINNING**

**Keen Rivalry Shown By  
Students in First  
Games**

**PRIZES TO BE GIVEN**

The Campus League, organized for intra-scholastic basketball at the University, is "going" better than even its promoters had ever hoped. Rivalry is keen, and business is sure picking up. Five games have been played to date, and at all of them there have been large numbers of spectators, which is an indication that all students are behind their respective teams and want to see them win the class or college honors and the basketball watch fobs that are to be given the members of the winning squad.

The schedule on which the Campus League is being run is that there will be two games each afternoon on Mondays, Wednesdays and Fridays. The weekly schedule, which will indicate which team is to play the other, will be posted the first of each week. Each team is responsible for the schedule as posted, and failure to be present when the game is called will cause the tardy team to forfeit the game.

The season is expected to be closed during the first few days of the second semester. The bronze basketballs, to be worn as watch fobs by members of the winning team of the Campus League, have been ordered, and will be presented after the final game of the Campus League. After a winner of the Campus League has been determined a game will be arranged with the winner of the Fraternity League.

Five games have been played since the Campus League series began, with results as follows: Freshmen, 32; Engineers, 0; Sophomores, 15; Arts and Science, 24; Seniors, 38; Agriculture, 0; Sophomores, 27; Juniors, 16; Lawyers, Arts and Science.

First Game, January 9.—Engineers, 0; Freshmen, 32.

**In Selecting a University**

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

**S. S. CLASS LEAGUE TO OPEN SCHEDULE**

First Game Played Next Tuesday  
Night.

University students have ample opportunity at present to participate in indoor contests. Many students will be interested in the fact that Bible Study Classes of various Lexington churches have revived the Church Basketball League and will begin a series of basketball games soon.

During the next few weeks, teams representing the Bible Study Classes of the First Methodist, Christ Church Cathedral, Calvary Baptist, Maxwell Street Presbyterian, Central Christian and Second Presbyterian churches will each meet the other to decide the championship of the league.

The first games will be played Tuesday, January 20, at 7:45 p. m. At this time the following schedule will be followed:

First Methodist vs. Christ Church.  
Calvary Baptist vs. Maxwell Street Presbyterian.  
Central Christian vs. Second Presbyterian.

**KITTENS PLAY FIRST GAME WEDNESDAY**

The celebrated Kittens, co-ed basketball stars of the University, have scheduled a basketball game with the quintet from Maryville College for Wednesday evening, January 21. The game will be played on the local floor. The probable lineup of the Kittens in the Maryville game is Cromwell, center; Young, forward; Harbison, forward; Deane, guard; Henry, guard; substitutes, Heller, Thorpe, Sullivan and Porter. A large crowd is expected out to witness the first game for the co-eds of the season.

**Why Not Trade Here? —BECAUSE—**

The selection of suitable drug store goods is better here than usual for the very simple reason that not only do we stock practically anything and everything that any drug store anywhere could offer you. but we arrange and display them in such a way as to make selection easy, rapid and satisfactory. The quality of everything we sell is high-grade. True, there are medium priced and low-priced goods, but value for value, price for price, there are better offerings here than elsewhere. When the question of drugs is considered there is but one quality and that is the highest that science can produce.

♦♦♦♦♦  
**ABOUT THE CAMPUS**  
 ♦♦♦♦♦

Doctor Best, Red Cross, will go to Maysville this week, where he will speak on "Charity and Relief Work."

J. W. Robertson, Industrial Chemist, Class of '10, was a visitor on the campus during the holidays. He is a chemical engineer with the Miller Rubber Company, Akron, Ohio.

Professor Farquhar appeared on the program of the History Club, Mt. Sterling, this week and lectured on Macbeth.

The executive committee will meet next Wednesday in the office of President McVey. Only routine business will come before that body.

E. F. Ellzey, M. S., Class '17, paid a visit to the University. He is a research chemist, working on dyes, with the DuPont people, and has for the last year and a half been developing the Rhodamine B dye and has been successful. This dye is one about which Germany had thrown a great deal of secrecy and the development of that particular dyestuff, to say nothing of obtaining the formula, was considered an impossibility, until Mr. Ellzey's results were known.

Dr. McVey left Wednesday for Columbia, S. C., in order to deliver the principal address on the Founder's Day program of the University of South Carolina Thursday. The address was given in the hall of the South Carolina Hall of Representatives. Mrs. McVey accompanied him.

Results of poultry standardization in Kentucky will be the subject of the address which A. S. Chapin, assistant in poultry at the Agricultural Experiment Station, will deliver at the national poultry show to be held in Madison Square Garden, New York, this month. Mr. Chapin will leave this week for Gotham, and will visit Washington, Beltsville, Md., and Philadelphia en route.

In Washington he will confer with poultry experts of the Department of Agriculture and at Beltsville will inspect the poultry extension plant of the Maryland State Experiment Station. During his stay in Philadelphia he will attend several meetings of Eastern poultry breeders.

Mr. Chapin expects to return to Lexington January 23.

Prof. J. J. Hooper, head of the department of dairy husbandry at the University, returned Sunday from Madison, Wis., after a week's visit to the center of one of the greatest dairying sections in the country. He was accompanied by M. H. Loy, county agent of Breckinridge county, with whom he co-operated in buying twenty-one pure bred Holstein heifers for Breckinridge county farmers.

Professor Hooper reports that more than 63,000 Holstein cattle are owned by dairymen in Green county, Wisconsin, of which Monroe is the county seat. Four milk condensaries, three creameries and six cheese factories are among the contributions of the dairymen to the industries of the country. The estimated value of the dairy products of the county is more than \$6,000,000 annually.

Professors Butt, Cleland and Miller attended conventions recently; the

Political Science Association, in Cleveland; the American Economics Association in Chicago, and the American Geological Association in Boston, respectively.

Professors Weist, Mable, Shull and Dr. Tuttle attended the meetings of the American Economics Association, in Chicago; National Association of Teachers of Speech, Chicago; Botanical Society of America, St. Louis, and the annual meeting of American University Professors, Cleveland, respectively.

When Professor Morris E. McCarty, Zoology, returned from his vacation his friends were introduced to Mrs. McCarty. The wedding took place on December 23. Mrs. McCarty was Miss Leota Jordan, of Montmorenci, Indiana, is a graduate in Science, Purdue, Class of '19, and is a member of the Kappa Kappa Gamma fraternity. Professor McCarty is also a graduate in Science, Purdue, Class of '18, a member of the Lambda Chi Alpha and Scabbard and Blade fraternities.

During the meeting of the American Society of Agricultural Engineers which was held in Chicago December 29-31 inclusive, all the professors engaged in Agricultural Engineering work in the southern universities and colleges met and formed a southern section of the American Society. The object was to try to solve problems of southern agriculture which differ very materially from those of the other sections of the United States. Officers were elected and Professor Jas. B. Kelley, Agricultural Engineering, was chosen Secretary-Treasurer. Professor Kelly says the work in this particular branch of agricultural activities has grown much in the short time since it was inaugurated.

Professor Noe will go to Mt. Sterling Saturday, where he will appear before the Woman's History Club and speak. His subject will be, "Southern Literature." He was in Bethel, Bath county, last Friday night and addressed an audience in the school building in behalf of establishment of graded schools.

Last Saturday Professor Geo. Baker went to Alexandria, Campbell county, and spoke in the courthouse on "Community Education."

We would like to suggest to Mr. Evans, in his official capacity of stage manager of the Strollers, that try-outs might be accelerated if all the "Kathleens" were allowed to speak in chorus.
